Consider a Resolution Granting a Time Extension for Ordinance #O-64-23 for the Previously Approved Car Wash at 2239-2251 N. Rand Road

BACKGROUND:
The Village Council previously approved Ordinance #O-64-23, which granted Special Use approval for the proposed car wash at 2239-2251 N. Rand Road. The Village's Zoning Code indicates that Special Use approval is valid for a period of one year (June 5, 2024) provided a building permit is obtained. The Village Council extended the initial Special Use approval until October 5, 2024. Although the building permit is nearing issuance, it may not be issued prior to the extended deadline date of October 5, 2024. Due to these circumstances, the Petitioner is requesting approval of the following

> **Granting of a time extension of the previously approved Special Use to December 1, 2024, to allow the Petitioner to complete the building permit process for the proposed car wash.**

KEY ISSUES:

- The proposed car wash received approvals from the Village Council on June 5, 2023. The Zoning Code requires that a building permit be issued within one year of obtaining Special Use approval, and then requires that the related construction be completed within two years of the issuance of the building permit. The Village Council extended the initial approval through October 5, 2024.
- The Petitioner has acquired the property and applied for a building permit but has yet to obtain the permit. As outlined in the attached letter, the Petitioner working with the owner of the Palatine Hyundai property to complete the access agreement for the driveway through to Lake Cook Road.
- The proposed extension will require the building permit for the car wash be obtained on or before December 1, 2024, but Staff anticipates its issuance, within the next 30 days.
- All other conditions of the previously approved Special Use will remain in effect.

ALTERNATIVES:

1. Approve the resolution granting the requested time extension.
2. Do not approve the resolution granting the requested time extension.

RECOMMENDATION:
Staff recommends approval of the resolution granting a time extension to December 1, 2024.

ACTION REQUIRED:
Motion to approve the resolution granting a time extension to Ordinance #O-64-23 for the proposed car wash at 2239-2251 N. Rand Road.

WHEREAS, Section 14.05(f)(1) of the Palatine Zoning Ordinance indicates that Special Uses are valid for one year, provided a building permit is issued; and

WHERES, the Petitioner applied for a building permit but has not yet obtained their permit and is in the process of completing both the MWRD permit review and the secondary driveway access easement requirements.

CITY COUNCIL

SUBJECT: SPECIAL USE EXTENSION REQUEST ORDINANCE O-64-23

Dear City Council:

As you are aware, on 5 June 2023, the City Council unanimously approved Ordinance O-64-23 in relation to an express car wash facility located at 2239 N. Rand Road. The owner/applicant previously requested an extension set to terminate in October 2024. The applicant seeks an additional 45 day extension. The applicant/owner has established true intent to commence construction with the following acts:

1. Purchasing the property;
2. Has continued communication with the Village on updates;
3. Has all required permits or permit approvals;
4. Has a loan for construction in underwriting currently;

Additionally, the applicant/owner has completed the construction of an express car wash in Algonquin, Illinois. An outstanding issue here is obtaining an easement from the adjacent property owner (Grossinger) to satisfy the requirements of MWRD (Metropolitan Water Reclamation District). The parties have reached an agreement, substantially. There are some minor changes to the Easement document to be made and once made, the easement document will be signed, recorded and presented to the Village as information.

The applicant/owner looks forward to establishing this business in the Village of Palatine and working with staff to ensure compliance with all Ordinances. Should you have any questions related to this request, please contact us at (847)852-0021.

Sincerely,

Alan M Jacob
General Counsel

Consider an Ordinance Granting a Special Use for a Fence in the Side Yard Abutting a Street at 501 S. Brighton Lane

BACKGROUND:
The Subject Property, zoned R-1A, is located within the Whytecliff at Palatine Subdivision. The property is located on a corner lot and contains a single-family residence. The Petitioner is proposing to construct a 6-foot-tall vinyl fence in their side yard abutting a street, which runs parallel Whytecliff Road. Therefore, the Petitioner is requesting approval of the following:

Special Use to permit a fence to be set back 31 feet from the side property line abutting a street, instead of the minimum required 35 feet.

KEY ISSUES:
- The proposed fence would align with the rear corner of the existing house and maintain the existing 31-foot setback as the fence continues to the rear property line.
- The proposed fence would be directly adjacent to the front yard of the property to the southeast, 1207 W. Whytecliff Road, which has a 30-foot front yard setback. The R-1A District has a minimum required front yard of 30 feet and a minimum required side yard abutting a street of 35 feet. The Village's R-1B zoning district also requires a similar increased side yard abutting a street setback, beyond the minimum required front yard setback. These are the only two residential zoning districts which require a greater minimum side yard abutting a street setback than the minimum required front yard setback.
- The proposed setback of 31 feet would exceed the front yard setback of 30 feet for the adjacent property to the southeast but fall short of the required 35-foot setback. Per their application, the Petitioner indicated that the fence will be utilized to enclose their rear yard and create a safe place for their children to play.

ALTERNATIVES:
1. Approve the Special Use for a fence in the side yard abutting a street.
2. Do not approve the Special Use for a fence in the side yard abutting a street.

RECOMMENDATION:

Public Hearing**:**	PZC meeting on September 10, 2024.
Residents testifying:	None.
Vote:	The PZC voted unanimously to approve the Special Use for a fence in the side yard abutting a street, and Staff concurs.

FROM: Alex Bradshaw

PETITIONER: Jacob Von Holt

PLAN NUMBER: SU-000120-2024

BACKGROUND:

The Subject Property is zoned R-1A and is part of the Whytecliff at Palatine subdivision. The property is a corner lot and contains a single-family residence. The Petitioner is proposing to construct a 6-foot tall vinyl fence in their rear side yard, which runs parallel W. Whytecliff Road. Therefore, the Petitioner is requesting the following:

1. **Special Use to permit a fence to be set back 31 feet from the side property line abutting a street, instead of the minimum required 35 feet.**

Surrounding Zoning/Uses:

North:	R-1A Single-Family Residential
South:	R-1A Single-Family Residential
East:	R-1A Single-Family Residential
West:	R-1A Single-Family Residential

KEY ISSUES:

- The proposed fence would be in-line with the rear corner of the existing house on the subject property, and would maintain the existing 31-foot existing setback as the fence continues to the rear property line.
- The proposed fence would be directly adjacent to the front side yard of the property to the southeast, 1207 W. Whytecliff Road, which has a 30-foot front yard setback.
- Per the submitted application, the Petitioner indicated that the fence will be utilized to enclose their rear yard and to create a safe place for their children to play.

STANDARDS FOR SPECIAL USE: Since this Petition is not for a use publicly operated or traditionally affected with the public interest, those standards under Section

Attachment: PZC Materials - September 10, 2024 (501 S. Brighton Lane - SU Fence SYAS)

14.05 D (2), (3) and (5) are applicable. Specifically, the Petitioners must show that the Special Use, if granted, will be operated in a manner consistent with the public health, safety, and welfare, and that the Special Use will not have a negative impact on the value of surrounding properties. The Petition for a Special Use is attached, and the Petitioners have attempted to address the required standards.

(5) With respect to front yard fencing and fencing in a rear yard/side yard abutting a street, the following additional standards must be met:

a. Will meet the following aesthetic criteria:
   i. Will not destroy existing vistas in the area;
   ii. Will enhance the appearance of the homes and the streets in the area; and
   iii. Will not detract from the overall appearance of the community; or
b. The fencing is found to be necessary to protect private property or the safety of the inhabitants of the property.

STAFF RECOMMENDATION:

The Petitioner is proposing to construct a 6-foot tall vinyl fence off of the rear building line of their existing single-family residence. The proposed fence will maintain the existing distance between the side of the house and the side property line abutting the street. With that in mind, the fence should not destroy the existing vista in the area, nor should the new fence have a negative impact on the surrounding property values. Therefore, Staff recommends approval of the Special Use, subject to the following conditions:

1. The Special Use shall substantially conform to the site plan and fence elevation plans submitted by the Petitioner, Jacob Von Holt, except as such plans may be changed to conform to the Village Codes and Ordinances.

Please provide a description of your proposed request:

See BLDE-018163-2024 for 6-foot tall vinyl fence.

Petitioner Justification

Special Uses shall not be granted except on findings based upon the evidence in each specific case. Please address the following standards as these will be used in considering the specific relief you are seeking.

That use deemed necessary for the public convenience at that location. Explain:

Our home is on the corner, which on one side is on the main road that runs through the neighborhood. Since there is no stop sign at our intersection and we are at the top of the hill, many people speed and very few people stop at the stop sign at the bottom of the hill. With two young children in our home, the fence would provide us with a safe space for our family to spend time. This fence would also give us some privacy to our yard.

The use is designed, located, and proposed to be operated that the public health, safety, welfare will be protected. Explain:

As mentioned above, the main reason for wanting this fence is for safety for our family. With living on a main street in the neighborhood, this fence would allow us to feel comfortable having, not only our children, but also friends and family in our yard. We are simply asking that our fence be allowed to align with the edge of our house to maximize the area in our yard, as well as keep our yard aesthetically pleasing. With having to move the fence in 5ft from the edge of our house, the fence would have to be place in front of one of our windows.

The use will not cause substantial injury to nearby property values. Explain:

Prior to getting information for getting a fence installed, we has landscaping removed that was overgrown, not care for or aesthetically pleasing from the prior owners. Our fence would increase the value of nearby property by enhancing its aesthetic appeal, providing privacy and security, defining boundaries, and offering functional benefits, such as noise reduction to create a more peaceful living environment. These factors collectively make the property more attractive to potential buyers and can contribute to a higher market value.

Attachment: PZC Materials - September 10, 2024 (501 S. Brighton Lane - SU Fence SYAS)

In order to supplement the above standards, the Planning and Zoning Commission may also consider the following:

With respect to front yard fencing and fencing in a rear yard/side yard abutting a street, the following additional standards must be met:

a. Will meet the following aesthetic criteria:

i. Will not destroy existing vistas in the area;

ii. Will enhance the appearance of the homes and the streets in the area; and

iii. Will not detract from the overall appearance of the community; or

b. The fencing is found to be necessary to protect private property or the safety of the inhabitants of the property.

Again, as mentioned above, we really are seeking to have this fence put in place for safety. With our side yard abutting up to Whytecliff Rd, no stop sign at our intersection and being at the top of the hill, many people speed and very few people stop at the stop sign at the bottom of the hill. With two young children in our home, the fence would provide us with a safe space for our family to spend time.This fence would also give us some privacy to our yard.

Additionally, our fence would enhance the aesthetic appeal our property, providing privacy and security, defining boundaries, and offering functional benefits, such as noise reduction to create a more peaceful living environment.

III. PUBLIC HEARING

1. 501 S. Brighton Lane

SU-0000120-2024 - 501 S. Brighton Lane

Notice was published in the Journal & Topics on August 22, 2024 and mailed to the owners of the surrounding properties.

Petitioner's Exhibits:

1. **Special Use Application**
2. **Proof of Ownership**
3. **Plat of Survey - Site Plan**
4. **Fence Elevation**
5. **Public Notice**

Background:
The Subject Property is zoned R-1A and is part of the Whytecliff at Palatine subdivision. The property is a corner lot and contains a single-family residence. The Petitioner is proposing to construct a 6-foot tall vinyl fence in their rear side yard, which runs parallel W. Whytecliff Road. Therefore, the Petitioner is requesting to permit a fence to be set back 31 feet from the side property line abutting a street instead of the minimum required 35 feet.

Sworn in petitioner: Jacob Von Holt - 501 S. Brighton Lane

Mr. Von Holt explains that they have young children and their home is situated on a corner next to Whytecliff Rd at the top of a hill. He notes that there is no stop sign at the intersection, and cars tend to drive through the area at high speeds. For the safety of his children, he would like to install a fence that runs along the house line. Previously, there were overgrown bushes along the back of the property that have since been removed. He believes the fence will enhance both safety and the aesthetics of the property.
Chairman Wood notes that the proposed fence line at 31 feet aligns with the house and inquires how it would align at 35 feet.
Mr. Von Holt explains that if the fence were moved to 35 feet, it would end up in front of the dining room windows and the ComEd electrical box. Additionally, this adjustment would significantly reduce the size of the backyard due to the presence of a tree.
Commissioner Friedman inquires if the neighbors are in support of the request.
Mr. Von Holt confirms that the neighbors have been notified, and there are no concerns or objections.
Commissioner Kolososki asks if the fence will be built over the easement.
Mr. Von Holt clarifies that the fence will be placed in front of the easement, not on it.

Attachment: DRAFT PZC Minutes - Sept 10, 2024 (501 S. Brighton Lane - SU Fence SYAS)

Commissioner Schubert inquires if the fence will follow the curvature of the road.
Mr. Bradshaw adds that based on the dimensions, there is some flexibility, and as long as the 31-foot setback from the side property line is maintained, there should be no issue.

Commissioner Fedota asks if there are any other short set back situations in the area.
Mr. Von Holt states that he is not aware of any.

Commissioner Bettenhausen asks if a 4' or 5' foot fence was considered.
Mr. Von Holt explains that a 6' fence was chosen to provide safety, privacy and to help reduce noise.

Mr. Bradshaw explains that the neighbor at 2107 Whytecliff has a 30-foot yard setback, which is closer to the street than the required 35-foot setback for a side yard abutting the street in the R-1A district. Ultimately, the fence location requested by the Petitioner would not exceed the building line of the adjacent property to the south.

Commissioner Roth-Wurster asks if there are any similar situations in the neighborhood.
Mr. Bradshaw states this is a unique circumstance.

STAFF RECOMMENDATION:

The Petitioner is proposing to construct a 6-foot tall vinyl fence off of the rear building line of their existing single-family residence. The proposed fence will maintain the existing distance between the side of the house and the side property line abutting the street. With that in mind, the fence should not destroy the existing vista in the area, nor should the new fence have a negative impact on the surrounding property values. Therefore, Staff recommends approval of the Special Use, subject to the following conditions:

1. The Special Use shall substantially conform to the site plan and fence elevation plans submitted by the Petitioner, Jacob Von Holt, except as such plans may be changed to conform to the Village Codes and Ordinances.

There were no further questions. The public hearing was closed.

Commissioner Cavanaugh made a motion to approve subject staff's conditions; seconded by Commissioner Noonan.

DISCUSSION:
Commissioner Noonan expresses his support for the proposal.
Commissioner Cavanaugh agrees, stating that the fence provides privacy and

Attachment: DRAFT PZC Minutes - Sept 10, 2024 (501 S. Brighton Lane - SU Fence SYAS)

protection for the family and meets the necessary standards.
Commissioner Fedota comments that, considering the sightline from the neighbor to the southeast, the alignment of the fence with the front of their house, and the setback of the neighbor's house, this serves as a good example of why this special use should be considered.
Chairman Wood agrees, stating that the alignment makes sense and will improve the overall appearance. She adds that it is consistent with public health, safety, and welfare, and will not have a negative impact.
Commissioner Roth-Wurster concurs, stating the request is logical.

Chairman Wood summarized that this request has met the standards and was unanimously approved by a vote of 9-0. This item will tentatively go to Village Council on Monday, September 16th, 2024.

RESULT:	**RECOMMEND TO APPROVE [UNANIMOUS]**

Attachment: Public Notice (501 S. Brighton Lane - SU Fence SYAS)

Consider an Ordinance Granting a Special Use for a Restaurant, with Drive-Through, at 1101 E. Dundee Road

BACKGROUND:
The Petitioner/Property Owner proposes to redevelop the former Famous Dave's site and construct an approximately 2,300 square foot Wendy's restaurant and drive-through. Therefore, the Petitioner is seeking approval of the following:

Special Use for a Restaurant, with a Drive-Through

KEY ISSUES:

- The Subject Property is an out lot within the Park Place Shopping Center Planned Development. In 2022, the Village granted a Planned Development Amendment and Special Use for a 6,000 square foot multi-tenant building, with a drive-through and anchored with a new Wendy's restaurant.
- After its initial approval, the developer both reevaluated the multi-tenant feasibility and submitted the plans for the required MWRD review. The MWRD stormwater management requirements and evaluation led to the current proposal for a standalone Wendy's restaurant, with drive-through. A detention basin is now proposed on the west side of the property.
- The building is approximately 2,300 square feet, with 25 interior seats and 20 exterior seasonal seats on the north side of the building. There are 47 parking spaces proposed, which exceeds the minimum required 22 parking spaces. The drive-through provides both the necessary escape lane and exceeds the required minimum 7 stacking spaces.
- The proposed elevations for the single-story building include both EIFS and pre-finished siding. The front (Dundee Road) elevation includes both a delivery pick-up window and glass window portion of the façade. The west elevation also includes a wider window section.
- After the initial 2022 approval, a cross-access agreement was required with Einstein's Brothers Bagels (directly west at 987 E. Dundee Road). This agreement was subsequently executed and recorded and memorializes western access through to Dundee Road. From the west, two-way access would be allowed through to the drive-through, with traffic then circulating through the drive-through and either exiting to the east to the full-access to Dundee Road or transitioning back to the shared cross-access.
- As an existing condition, there were 10 spaces dedicated for daytime use by Northwest Community Hospital Community Resource Center, at the southwest corner of the parking lot. The continued use of those spaces is again reflected in the proposed site plan.
- The proposed 0.84-acre detention basin would maintain an approximately 5 to 6-foot grade depth and accommodate the required stormwater management proscribed through the MWRD review. The Village Engineer has also conditionally approved the proposed plans. Additionally, the proposed detention would also provide separation and greenspace from the surrounding impervious parking lots.
- The proposed restaurant and drive-through is consistent with the surrounding uses and developments, within both the Park Place out lots and the surrounding Dundee Road corridor developments. The proposed site plan and drive-through

exceed the Village's minimum zoning requirements.

Additional Detention Volume Required = 0.78 ac-ft

New Provided Detention Volume at HWL = 0.84 ac-ft

1-ft Contours from Cook County (2022).

= DETENTION SERVICE AREA
(3.28 ac, Revised)

The detention service area for Permit 87-292 tributary to Basin GHI is 7.02 ac. Basin GHI was not constructed; the existing detention volume is zero. Development was approved and occurred in Subareas G, H, and I after the 1987-292 permit. The detention service area for this permit reconciles the 1987-292 delineation with existing topography and additional detention facilities constructed within the service area.

An exhibit from the 1987-292 permit is shown. The 1987-292 permit delineates Subareas G, H, and I. Subarea G is by-pass flow. Part of Subarea G located in the subject property is added to the detention service area. The northeast portion of Subarea I is removed from the detention service area based on existing topography (see Permit 89-549). Subarea H and the south portion of Subarea I are removed from the detention service area based on on-site detention provided in the area (see Permit 2003-323).

VILLAGE OF PALATINE

VILLAGE OF PALATINE
Planning and Zoning Commission

SCHEDULED 09/10/24 07:00 PM

STAFF REPORT (ID # 9322)

1101 E. Dundee Road

TO: Palatine Planning and Zoning Commission
Jan Wood, Chair

FROM: Ben Vyverberg

PETITIONER: Hamra Gateway, LLC

PLAN NUMBER: SU-000118-2024

BACKGROUND:

The Petitioner proposes to redevelop the former Famous Dave's restaurant and construct an approximately 2,300 square foot Wendy's restaurant and drive-through (east side of the building). Therefore, the Petitioner is seeking approval of the following:

1. **A Special Use for a Restaurant, with a drive-through**

Surrounding Zoning/Uses:

North:	B-2 General Business; Car-X and Hertz Rental
South:	Planned Development/Wal-Mart; Northwest Community Hospital Resource Center and Huntington Bank
East:	Planned Development (Park Place Shopping Center); Chase Bank
West:	B-2; Einstein's Bros. bagels

KEY ISSUES:

- The Subject Property is an outlot, within the Park Place Shopping Center Planned Development. It is the site of the former Famous Dave's restaurant, which was subsequently demolished in preparation for a new development.

- In 2022, the Village granted a Planned Development Amendment and Special Use for a multi-tenant building, with a drive-through and anchored with a new Wendy's restaurant.

- After receiving Village approval, the developer both evaluated the multi-tenant feasibility of the proposed building and also submitted the plans for the required

Attachment: Planning and Zoning Commission materials September 10, 2024 (1101 E. Dundee Road - SU for Wendys)

review by the Metropolitan Water Reclamation District (MWRD).

- The MWRD stormwater requirements and multi-tenant evaluation led to the current proposal for a standalone Wendy's restaurant, with drive-through, and a detention basin on the west side of the property.

- The building is approximately 2,300 square feet, with 25 interior seats and 20 exterior seasonal seats proposed on the north side of the building. There are 46 parking spaces proposed, which exceeds the minimum required 23 parking spaces. The drive-through provides both the necessary escape lane and exceeds the required minimum 7 stacking spaces.

- The proposed elevations for the single-story building include both EIFS and pre-finished siding. The front (Dundee Road) elevation includes both a delivery pick-up window and glass window portion of the façade. The west elevation also includes a wider window section.

- After the initial 2022 approval, a cross-access agreement was required with the Einstein's Bros. bagels (directly west at 987 E. Dundee Road). This agreement was subsequently executed and recorded and memorializes western access through to Dundee Road. From the west, 2-way access would be allowed through to the drive-through, with traffic then circulating through the drive-through and either exiting to the east to the full-access to Dundee Road or transitioning back to the shared cross-access.

- As an existing condition, there were 10 spaces dedicated for daytime use by Northwest Community Hospital Community Resource Center, at the southwest corner of the parking lot. The continued use of those spaces is again reflected in the proposed site plan.

- The proposed .84-acre detention basin would maintain an approximately 5 to 6-foot grade depth and accommodate the required stormwater management proscribed through the MWRD review. The Village Engineer has also conditionally approved the proposed plans.

STANDARDS FOR SPECIAL USE: Since this Petition is not for a use publicly operated or traditionally affected with the public interest, those standards under Section 14.05 D (2) and (3) are applicable. Specifically, the Petitioners must show that the Special Use, if granted, is so designed, located, and proposed to be operated that the public health, safety, and welfare will be protected and will not cause substantial injury to the value of other property in the neighborhood in which it is located. The Petitioners

Attachment: Planning and Zoning Commission materials September 10, 2024 (1101 E. Dundee Road - SU for Wendys)

have attempted to address the required standards.

STAFF RECOMMENDATION:

The proposed restaurant and drive-through is consistent with the surrounding uses and developments, within both the Park Place outlots and the surrounding Dundee Road corridor developments. The proposed site plan and drive-through exceed the Village's minimum zoning requirements. Additionally, the proposed detention basin would address a required MWRD existing circumstance, and would also provide separation and greenspace from the surrounding impervious parking lots. Therefore, Staff recommends approval of the proposed Special Use, subject to the prosed conditions:

1. **The Special Use shall substantially conform to the site plan and elevations prepared by Wertzberger Architects, dated March 2024, and engineering plans prepared bv WMA Ltd., dated July 2024, except as such plans may be changed to conform to Village Codes and Ordinances.**

2. **The signage shall be revised in a manner acceptable to the Director of Planning and Zoning and in compliance with the Park Place Planned Development Ordinance requirements.**

3. **The final landscaping plan shall be submitted in a manner acceptable to the Director of Planning and Zoning, in conjunction with the building permit application.**

4. **IDOT and MWRD permits are required.**

5. **The Special Use shall be granted to Hamra Gateway LLC, in conjunction with the operation of restaurant with drive-through.**

12. WHENEVER A SANITARY/COMBINED SEWER CROSSES UNDER A WATERMAIN, THE MINIMUM VERTICAL DISTANCE FROM THE TOP OF THE SEWER TO THE BOTTOM OF THE WATERMAIN SHALL BE 18 INCHES. FURTHERMORE, A MINIMUM HORIZONTAL DISTANCE OF 10 FEET BETWEEN SANITARY/COMBINED SEWERS AND WATERMAINS SHALL BE MAINTAINED UNLESS: THE SEWER IS LAID IN A SEPARATE TRENCH, KEEPING A MINIMUM 18" VERTICAL SEPARATION; OR THE SEWER IS LAID IN THE SAME TRENCH WITH THE WATERMAIN LOCATED AT THE OPPOSITE SIDE ON A BENCH OF UNDISTURBED EARTH, KEEPING A MINIMUM 18" VERTICAL SEPARATION. IF EITHER THE VERTICAL OR HORIZONTAL DISTANCES DESCRIBED CANNOT BE MAINTAINED, OR THE SEWER CROSSES ABOVE THE WATER MAIN, THE SEWER SHALL BE CONSTRUCTED TO WATER MAIN STANDARDS OR IT SHALL BE ENCASED WITH A WATER MAIN QUALITY CARRIER PIPE WITH THE ENDS SEALED.
13. ALL EXISTING SEPTIC SYSTEMS SHALL BE ABANDONED. ABANDONED TANKS SHALL BE FILLED WITH GRANULAR MATERIAL OR REMOVED.
14. ALL SANITARY MANHOLES, (AND STORM MANHOLES IN COMBINED SEWER AREAS), SHALL HAVE A MINIMUM INSIDE DIAMETER OF 48 INCHES, AND SHALL BE CAST IN PLACE OR PRE-CAST REINFORCED CONCRETE.
15. ALL SANITARY MANHOLES, (AND STORM MANHOLES IN COMBINED SEWER AREAS), SHALL HAVE PRECAST "RUBBER BOOTS" THAT CONFORM TO ASTM C-923 FOR ALL PIPE CONNECTIONS. PRECAST SECTIONS SHALL CONSIST OF MODIFIED GROOVE TONGUE AND RUBBER GASKET TYPE JOINTS.
16. ALL ABANDONED SANITARY SEWERS SHALL BE PLUGGED AT BOTH ENDS WITH AT LEAST 2 FEET LONG NON-SHRINK CONCRETE OR MORTAR PLUG.
17. EXCEPT FOR FOUNDATION/FOOTING DRAINS PROVIDED TO PROTECT BUILDINGS, OR PERFORATED PIPES ASSOCIATED WITH VOLUME CONTROL FACILITIES, DRAIN TILES/FIELD TILES/UNDERDRAINS/PERFORATED PIPES ARE NOT ALLOWED TO BE CONNECTED TO OR TRIBUTARY TO COMBINED SEWERS, SANITARY SEWERS, OR STORM SEWERS TRIBUTARY TO COMBINED SEWERS IN COMBINED SEWER AREAS. CONSTRUCTION OF NEW FACILITIES OF THIS TYPE IS PROHIBITED; AND ALL EXISTING DRAIN TILES AND PERFORATED PIPES ENCOUNTERED WITHIN THE PROJECT AREA SHALL BE PLUGGED OR REMOVED, AND SHALL NOT BE CONNECTED TO COMBINED SEWERS, SANITARY SEWERS, OR STORM SEWERS TRIBUTARY TO COMBINED SEWERS.
18. A BACKFLOW PREVENTER IS REQUIRED FOR ALL DETENTION BASINS TRIBUTARY TO COMBINED SEWERS. REQUIRED BACKFLOW PREVENTERS SHALL BE INSPECTED AND EXERCISED ANNUALLY BY THE PROPERTY OWNER TO ENSURE PROPER OPERATION, AND ANY NECESSARY MAINTENANCES SHALL BE PERFORMED TO ENSURE FUNCTIONALITY. IN THE EVENT OF A SEWER SURCHARGE INTO AN OPEN DETENTION BASIN TRIBUTARY TO COMBINED SEWERS, THE PERMITTEE SHALL ENSURE THAT CLEAN UP AND WASH OUT OF SEWAGE TAKES PLACE WITHIN 48 HOURS OF THE STORM EVENT.

E. EROSION AND SEDIMENT CONTROL

1. THE CONTRACTOR SHALL INSTALL THE EROSION AND SEDIMENT CONTROL DEVICES AS SHOWN ON THE APPROVED EROSION AND SEDIMENT CONTROL PLAN.
2. EROSION AND SEDIMENT CONTROL PRACTICES SHALL BE FUNCTIONAL PRIOR TO HYDROLOGIC DISTURBANCE OF THE SITE.
3. ALL DESIGN CRITERIA, SPECIFICATIONS, AND INSTALLATION OF EROSION AND SEDIMENT CONTROL PRACTICES SHALL BE IN ACCORDANCE WITH THE ILLINOIS URBAN MANUAL.
4. A COPY OF THE APPROVED EROSION AND SEDIMENT CONTROL PLAN SHALL BE MAINTAINED ON THE SITE AT ALL TIMES.
5. INSPECTIONS AND DOCUMENTATION SHALL BE PERFORMED, AT A MINIMUM:
   a) UPON COMPLETION OF INITIAL EROSION AND SEDIMENT CONTROL MEASURES, PRIOR TO ANY SOIL DISTURBANCE.
   b) ONCE EVERY SEVEN (7) CALENDAR DAYS AND WITHIN 24 HOURS OF THE END OF A STORM EVENT WITH GREATER THAN 0.5 INCH OF RAINFALL OR LIQUID EQUIVALENT PRECIPITATION.
6. SOIL DISTURBANCE SHALL BE CONDUCTED IN SUCH A MANNER AS TO MINIMIZE EROSION. IF STRIPPING, CLEARING, GRADING, OR LANDSCAPING ARE TO BE DONE IN PHASES, THE CO-PERMITTEE SHALL PLAN FOR APPROPRIATE SOIL EROSION AND SEDIMENT CONTROL MEASURES.
7. A STABILIZED MAT OF CRUSHED STONE MEETING THE STANDARDS OF THE ILLINOIS URBAN MANUAL SHALL BE INSTALLED AT ANY POINT WHERE TRAFFIC WILL BE ENTERING OR LEAVING A CONSTRUCTION SITE. SEDIMENT OR SOIL REACHING AN IMPROVED PUBLIC RIGHT-OF-WAY, STREET, ALLEY OR PARKING AREA SHALL BE REMOVED BY SCRAPING OR STREET CLEANING AS ACCUMULATIONS WARRANT AND TRANSPORTED TO A CONTROLLED SEDIMENT DISPOSAL AREA.
8. CONCRETE WASHOUT FACILITIES SHALL BE CONSTRUCTED IN ACCORDANCE WITH THE ILLINOIS URBAN MANUAL AND SHALL BE INSTALLED PRIOR TO ANY ON SITE CONSTRUCTION ACTIVITIES INVOLVING CONCRETE.
9. MORTAR WASHOUT FACILITIES SHALL BE CONSTRUCTED IN ADDITION TO CONCRETE WASHOUT FACILITIES FOR ANY BRICK AND MORTAR BUILDING ENVELOPE CONSTRUCTION ACTIVITIES.
10. TEMPORARY DIVERSIONS SHALL BE CONSTRUCTED AS NECESSARY TO DIRECT ALL RUNOFF FROM HYDROLOGICALLY DISTURBED AREAS TO AN APPROPRIATE SEDIMENT TRAP OR BASIN. VOLUME CONTROL FACILITIES SHALL NOT BE USED AS TEMPORARY SEDIMENT BASINS.
12. DISTURBED AREAS OF THE SITE WHERE CONSTRUCTION ACTIVITIES HAVE TEMPORARILY OR PERMANENTLY CEASED SHALL BE STABILIZED WITH TEMPORARY OR PERMANENT MEASURES WITHIN SEVEN (7) DAYS.
13. ALL FLOOD PROTECTION AREAS AND VOLUME CONTROL FACILITIES SHALL, AT A MINIMUM, BE PROTECTED WITH A DOUBLE-ROW OF SILT FENCE (OR EQUIVALENT).
14. VOLUME CONTROL FACILITIES SHALL NOT BE CONSTRUCTED UNTIL ALL OF THE CONTRIBUTING DRAINAGE AREA HAS BEEN STABILIZED.
15. SOIL STOCKPILES SHALL, AT A MINIMUM, BE PROTECTED WITH PERIMETER SEDIMENT CONTROLS. SOIL STOCKPILES SHALL NOT BE PLACED IN FLOOD PROTECTION AREAS OR THEIR BUFFERS.
16. EARTHEN EMBANKMENT SIDE SLOPES SHALL BE STABILIZED WITH APPROPRIATE EROSION CONTROL BLANKET.
17. STORM SEWERS THAT ARE OR WILL BE FUNCTIONING DURING CONSTRUCTION SHALL BE PROTECTED BY APPROPRIATE SEDIMENT CONTROL MEASURES.
18. THE CONTRACTOR SHALL EITHER REMOVE OR REPLACE ANY EXISTING DRAIN TILES AND INCORPORATE THEM INTO THE DRAINAGE PLAN FOR THE DEVELOPMENT. DRAIN TILES CANNOT BE TRIBUTARY TO A SANITARY OR COMBINED SEWER. DRAIN TILES ALLOWED IN COMBINED SEWER AREA FOR GREEN INFRASTRUCTURE PRACTICES.
19. IF DEWATERING SERVICES ARE USED, ADJOINING PROPERTIES AND DISCHARGE LOCATIONS SHALL BE PROTECTED FROM EROSION AND SEDIMENTATION. DEWATERING SYSTEMS SHOULD BE INSPECTED DAILY DURING OPERATIONAL PERIODS. THE SITE INSPECTOR MUST BE PRESENT AT THE COMMENCEMENT OF DEWATERING ACTIVITIES.
20. THE CONTRCTOR SHALL BE RESPONSIBLE FOR TRENCH DEWATERING AND EXCAVATION FOR THE INSTALLATION OF SANITARY SEWERS, STORM SEWERS, WATERMAINS AS WELL AS THEIR SERVICES AND OTHER APPURTENANCES. ANY TRENCH DEWATERING, WHICH CONTAINS SEDIMENT SHALL PASS THROUGH A SEDIMENT SETTLING POND OR EQUALLY EFFECTIVE SEDIMENT CONTROL DEVICE. ALTERNATIVES MAY INCLUDE DEWATERING INTO A SUMP PIT, FILTER BAG OR EXISTING VEGETATED UPSLOPE AREA. SEDIMENT LADEN WATERS SHALL NOT BE DISCHARGE TO WATERWAYS, FLOOD PROTECTION AREAS OR THE COMBINED SEWER SYSTEM.
21. ALL PERMANENT EROSION CONTROL PRACTICES SHALL BE INITIATED WITHIN SEVEN (7) DAYS FOLLOWING THE COMPLETION OF SOIL DISTURBING ACTIVITIES.
22. ALL EROSION AND SEDIMENT CONTROL MEASURES SHALL BE MAINTAINED AND REPAIRED AS NEEDED ON A YEAR-ROUND BASIS DURING CONSTRUCTION AND ANY PERIODS OF CONSTRUCTION SHUTDOWN UNTIL PERMANENT STABILIZATION IS ACHIEVED.
23. ALL TEMPORARY EROSION AND SEDIMENT CONTROL MEASURES SHALL BE REMOVED WITHIN THIRTY (30) DAYS AFTER PERMANENT SITE STABILIZATION.
24. THE EROSION AND SEDIMENT CONTROL MEASURES SHOWN ON THE PLANS ARE THE MINIMUM REQUIREMENTS. ADDITIONAL MEASURES MAY BE REQUIRED, AS DIRECTED BY THE ENGINEER, SITE INSPECTOR, OR MWRD.

The information provided, all dimensions and luminaire locations must be verified in the field by the engineer and/or architect prior to construction. Lithonia Lighting® cannot accept responsibility for any changes to the layout to existing or future field conditions.

This plan represents illumination levels calculated from laboratory data taken in accordance with IESNA approved methods. Actual performance of any manufacturer's luminaires may vary due to variation in electrical voltage, tolerance in lamps/LEDs and other variable factors. It is the responsibility of the engineer and/or architect to determine the applicability of the layout to existing or future field conditions.

Dimensions for luminaires, poles, and other objects should be used as a guide only and verified before construction. Do not scale drawing.

Pole locations should be reviewed with all utility, landscaping, and other applicable site plans prior to construction. Lithonia Lighting® is not responsible for conflicts between pole locations and any other architectural elements unless noted. Fixture nomenclature does not include mounting hardware or poles. This drawing is for photometric purposes only and should not be used as a construction document or as a final drawing product.

Multi-Tenant Building:
Wendy's / Tenant Space(s)
1101 E. Dundee Rd
Palatine, IL 60074

Project Narrative Letter

Hamra Enterprises is proposing to demolish and redevelop the commercial property of that part of Lot 1 in the re-subdivision of Lot 2 located in the Park Place/Wal-Mart subdivision. The address of the subject property is 1101 E. Dundee Road, Palatine, IL. The property is currently zoned P – Planned Urban Development. The site currently has a vacant restaurant building that Hamra Enterprises proposes to demolish and construct a state-of-the-art Wendy's fast-food restaurant with drive thru window. In addition, the building will have additional tenant spaces for a multi-tenant building.

The total building will be an approximate 6,618 sq. ft. Approximately 2,450 sq. ft. will be a Wendy's fast-food restaurant with approximately 40 interior seats. The remainder of the building will be a one / two-tenant commercial building, with the future tenant's TBD. Current standard business operations for this Wendy's restaurants include providing consumers with operational hours from 10am to 1am. The dining room will most likely close at or before 11:00 pm. With more than enough customer service, this location will engaging roughly 40-50 employees in total. Wendy's is all about serving up fresh food, even if it means going the extra mile.

The future tenant spaces will begin to be advertised once the development is underway, so there are currently no proposed tenants for the adjacent spaces.

The site is designed in a manner to provide adequate parking and safe vehicle and pedestrian traffic flow. We are not asking for any parking variances. The site will meet or exceed the Village's requirements for landscaping and appropriate site lighting. The cross access agreements with the neighboring parcels will allow for minimal to no congestion and safe circulation patterns. The development will work without any additional aprons on to Dundee Rd., and the owners have agreed to a cross access option to the West neighboring parcel.

We look forward to accelerating the development process to begin construction as soon as possible.

SU-000118-2024 - 1101 E. Dundee Road

Notice was published in the Journal & Topics on August 22, 2024 and mailed to the owners of the surrounding properties.

Petitioner's Exhibits:

1. **Proof of Ownership**
2. **Site Plan - Wendy's**
3. **Eng Plans**
4. **Palatine Wendy's Preliminary floorplan and elevations**
5. **Wendy's elevation rendering**
6. **Wendy's front elevation**
7. **2022 Planned Development Amendment & Special Use - ordinance**
8. **Public Notice**

Background:
In 2022, the Village granted a Planned Development Amendment and Special Use for a multi-tenant building, with a drive-through. Due to MWRD requirements and further evaluation of the initial multi-tenant development, the Petitioner altered their plans to the current proposal for a standalone restaurant. The Petitioner proposes to redevelop the former Famous Dave's restaurant and construct an approximately 2,300 square foot Wendy's restaurant and drive-through (east side of the building). Therefore, the Petitioner is seeking approval for a Special Use for a restaurant with a drive-thru.

Sworn in petitioner: Bonnie Simon - 107 Oakton Street, McHenry, IL

Ms. Simon states that this would be a new Wendy's location featuring a brand new, state-of-the-art G&G building. It will be a 40-seat establishment and she provides a rendering of the proposed building. The location will include a drive-thru window and a walk-up window for digital orders. Additionally, there will be an outdoor patio, with the entire facility designed to be fully digital and modernized.

Commissioner Cavanaugh asks if this new Wendy's location will replace any existing locations in Palatine.
Ms. Simon confirms that this will be an additional location, not a replacement. She also mentions that there are future plans to update the downtown Wendy's location to the new building standards.
Ms. Simon further states that the new location will serve breakfast starting at 5:30 AM, with the drive-thru open until 2 AM, and the dining room closing at 10 PM.
Commissioner Friedman inquires if the site design is standard for Wendy's new prototype.

Attachment: DRAFT PZC Minutes - September 10, 2024 (1101 E. Dundee Road - SU for Wendys)

Ms. Simon confirms that the design goes through brand approval before proceeding with any other approvals and that it conforms to all village requirements.

Commissioner Friedman asks about the parking lot on the west side of the building, specifically whether the 90-degree parking operates as one-way or two-way.
Ms. Simon clarifies that it is two-way and explains that the drive-thru area was designed with a pass-through to ensure smooth traffic flow. She adds that they considered both delivery and garbage truck access while planning the parking lot flow.

Commissioner Kolososki inquires if the retention basin is new.
Ms. Simon confirms that it is.
Mr. Bradshaw adds that the retention basin is a requirement of the Metropolitan Water Reclamation District (MWRD), covering 0.84 acres, and will maintain a 5-6 foot grade depth. He further notes that engineering has reviewed the plans, and they have been conditionally approved.

Commissioner Fedota asks if there is a requirement for a bypass lane in the drive-thru. Mr. Bradshaw confirms that it is required and provided.
Ms. Simon concurs, noting that drivers can exit the drive-thru lane if needed.

Mr. Bradshaw adds more details, explaining that the site is well over the parking requirements. There are 25 interior seats and 20 seasonal exterior seats on the north side of the building, with a total of 46 parking spaces, though only 23 are required. The drive-thru has escape lanes and 7 stacking spaces. He also explains the cross-access agreement and its conditions, noting that 10 spaces in the lot are designated for Northwest Community Hospital.
Commissioner Kolososki suggests that since the site is so over-parked, some of the extra parking spots could be allocated to landscaping.
Commissioner Ruth-Wurster raises a concern about only having two handicapped parking spots, questioning if that is sufficient.
Mr. Bradshaw responds that this issue would be addressed during the permit review. Ms. Simon adds that it hasn't been an issue at other locations.
Mr. Bradshaw further notes that a final landscaping plan is a condition of approval and will be thoroughly reviewed and addressed accordingly.

STAFF RECOMMENDATION:
The proposed restaurant and drive-through is consistent with the surrounding uses and developments, within both the Park Place outlots and the surrounding Dundee Road corridor developments. The proposed site plan and drive-through exceed the Village's minimum zoning requirements. Additionally, the proposed detention basin would address a required MWRD existing circumstance, and would also provide separation and greenspace from the surrounding impervious parking lots. Therefore, Staff recommends approval of the proposed Special Use,

Attachment: DRAFT PZC Minutes - September 10, 2024 (1101 E. Dundee Road - SU for Wendys)

subject to the prosed conditions:

1. **The Special Use shall substantially conform to the site plan and elevations prepared by Wertzberger Architects, dated March 2024, and engineering plans prepared bv WMA Ltd., dated July 2024, except as such plans may be changed to conform to Village Codes and Ordinances.**

2. **The signage shall be revised in a manner acceptable to the Director of Planning and Zoning and in compliance with the Park Place Planned Development Ordinance requirements.**

3. **The final landscaping plan shall be submitted in a manner acceptable to the Director of Planning and Zoning, in conjunction with the building permit application.**

4. **IDOT and MWRD permits are required.**

5. **The Special Use shall be granted to Hamra Gateway LLC, in conjunction with the operation of restaurant with drive-through.**

There were no further questions. The public hearing was closed.

Commissioner Cavanaugh made a motion to approve subject staff's conditions; seconded by Commissioner Noonan.

DISCUSSION:
Commissioner Kolososki comments that the new Wendy's will be a great improvement for the area and a positive addition to the community.
Commissioner Fedota notes the consistency of operations in the area, stating that the proposed restaurant aligns well with similar land uses, especially given the site's history as a restaurant location.
Commissioner Roth-Wurster expresses that the standards for approval have been met and warmly welcomes Wendy's to Palatine.

Chairman Wood summarized that this request has met the standards and was unanimously approved by a vote of 9-0. This item will tentatively go to Village Council on Monday, September 16th, 2024.

Consider an Ordinance Amending Chapter 3 Alcoholic Beverages of the Palatine Code of Ordinances

BACKGROUND:
From time to time, it is necessary to review different sections and chapters of the Village's Code of Ordinances. Various Village Departments have completed such an analysis of Chapter 3 - Alcoholic Beverages and are recommending several minor revisions.

KEY ISSUES:
Earlier this year the Council adopted an amendment to the Code that defines "alcopop" as this type of product (hard seltzers) has become very popular and was recently defined in the State liquor code. The amendment this evening would allow Class G (Beer and Wine) license holders to add alcopop.

Additionally, since 2020, there has been a new service of delivery of alcohol in the original packaging. The amendment would codify this process for the package liquor store and grocery store subject to an approved plan that identifies the Point of Sale and Point of Delivery age verification process.

ALTERNATIVES:
1. Approve ordinance amending Chapter 3.
2. Do not approve ordinance amending Chapter 3.

RECOMMENDATION:
Staff recommends approval of the ordinance amending Chapter 3 of the Code of Ordinances.

ACTION REQUIRED:
Motion to approve the ordinance amending Chapter 3 of the Code of Ordinances.

Such license shall not descend by the laws of testate or intestate devolution, but it shall cease upon the death of the licensee, provided that executors or administrators of the estate of any deceased licensee, and the trustee of any insolvent or bankrupt licensee, when such estate consists in part of alcoholic liquor, may continue the business of the sale or manufacture of alcoholic liquor under order of the appropriate court, and may exercise the privileges of the deceased or insolvent or bankrupt licensee after the death of such decedent, or such insolvency or bankruptcy until the expiration of such license but not longer than six months after the death, bankruptcy or insolvency of such licensee.

Authorization for any such live entertainment shall be obtained separately pursuant to the provisions of the zoning ordinance of the Village of Palatine, by securing any necessary zoning relief as well as a live entertainment license pursuant to section 11-63 and upon payment of the annual fee as provided in Section 11-63 of Article II, Division 2 of Chapter 11. For those establishments that have a liquor license, only those portions of the premises in which the consumption of alcohol is permitted may seek approval for live entertainment. Consider a Motion to Award a Contract for the 2024 Gateway Center Parking Deck Maintenance Repairs

BACKGROUND:
The Gateway Center Parking Deck, located at 251 W. Colfax Street, has been open and in operation since 2002. In 2017, Walker Consultants conducted a condition assessment of the structure. They found that many of the waterproofing systems were nearing the end of their anticipated life expectancy, causing water leaking that may eventually lead to corrosion and concrete distress. A five-year repair plan was prepared to address the failing waterproofing and other minor concrete repairs. Year one, with work on the top of level 5, was completed in 2020. Levels 4 and 3, initially scheduled to be repaired in 2023 were delayed due to a car fire in the second level in June of 2023.

Repairs and restoration from the fire and the sealant replacement and concrete maintenance on levels 1 through 4 are proposed.

KEY ISSUES:
- The proposed scope of work includes fire damage restoration on level 2, and additive alternates of sealant replacement and concrete repairs levels 1, 2, 3, and 4.
- On Thursday, September 5, 2024, four bids were received with base bids ranging from a high of $173,535 to a low of $127,600. Total bids with all alternates ranged from a high of $749,050 to a low of $593,935.
- The low responsive and responsible bidder was Hammer Construction, LLC of East Dundee, Illinois. Hammer Construction is the low responsive and responsible bidder for the base bid ($127,600) and with all additive alternates in the amount of $593,935.
- The Engineer's estimate for the base bid plus all additive alternates was $651,669.50.
- Due to a reduction in parking demand, favorable prices can be attributed in part to the Village's ability to increase our parking space closures. Levels 1 through 4 will be closed in stages to accommodate the contractor's work.

ALTERNATIVES:
1. Award the contract for the 2024 Gateway Center Parking Deck Maintenance Repairs base bid and all additive alternates to Hammer Construction.
2. Refer back to Staff with comments.

RECOMMENDATION:
Staff recommends awarding the contract for the 2024 Gateway Center Parking Deck Maintenance Repairs base bid and all additive alternates to Hammer Construction.

BUDGET IMPACT:
Our recovery from insurance, after factoring our deductible, will cover the cost of the fire repair ($127,600).

Funds in the remaining amount necessary to support the contract ($466,335) are available in the 2024 Capital Improvement Program from the Downtown TIF District.

ACTION REQUIRED:
Motion to award the contract for the 2024 Gateway Center Parking Deck Maintenance Repairs to Hammer Construction, LLC of East Dundee, Illinois for the base bid and all additive alternates in the amount of $593,935.

Consider a Motion to Approve the Fire Station 82 Addition and Renovations By Owner Items

BACKGROUND:
Appliances, furniture, alerting and IT equipment is needed with the construction of the addition at Fire Station 82 as well as the renovations to the existing station. As typical with building projects, the Village proposes to execute the purchasing of certain items necessary to allow the improved spaces to be utilized.

KEY ISSUES:
- The total cost of the by owner items is $165,363.
- The majority of the by owner items have been priced using cooperatives meeting the competitive bidding requirements for the use of ARPA funding.
- The remaining items that do not have cooperative pricing available either have sole source vendors or fall under the micro-purchase threshold of $10,000 and prices from three sources have been obtained for each item.
- A budget adjustment of $173,800 was part of the construction contract award to replace the existing generator as part of the construction project.
- Digital alerting, which announces calls from within the station, is from a sole source vendor and cannot meet the ARPA procurement requirements. Therefore, it will be funded from a part of the CIP budget adjustment originally targeted for the generator replacement. The generator will now be fully funded from ARPA funds.
- A part of the furniture by owner items did not have cooperative pricing available, thus these items within the furniture by owner contract will be funded locally as well.
- The by owner funding blend is $84,578 by the ARPA Federal Grant and $80,785 from local capital improvement funds.

ALTERNATIVES:
1. Approve the by owner list.
2. Refer back to Staff with comments.

RECOMMENDATION:
Staff recommends authorizing the Village Manager to execute all documents necessary to purchase the by owner list of appliances, furniture, alerting and IT equipment.

BUDGET IMPACT:
American Rescue Plan Act (ARPA) funds in the amount of $2,893,378 are available to accomplish the construction and part of the by owner purchasing. The total of by owner items is $165,363 bringing the total project cost to $2,974,163. The project contingency is now reduced to $93,015. This reduction is attributed the security system which is now part of the by owner list. The contingency is anticipated to be sufficient for the project as the majority of the work is new construction.

ACTION REQUIRED:
Motion to authorize the Village Manager to execute all documents necessary to purchase the by owner list of appliances, furniture, alerting and IT equipment in an amount not to exceed $165,363.

In addition to any Product repricing under Section 8.2, USDD may, from time-to-time and in its sole discretion, issue surcharges on new and existing Orders in order to mitigate and/or recover increased operating costs arising out of or related to, without limitation: (a) foreign currency exchange variation, (b) increased cost of third-party content, labor and materials, (c) impact of government tariffs or other actions, and (d) any conditions that increase USDD's costs, including without limitation increased labor, freight, material or supply costs, or increased costs due to inflation (collectively, "**Surcharges**"). Such Surcharges will not be considered a "price increase" as contemplated hereunder and will be effective upon notice to Customer. 5.2. USDD will invoice Customer, and Buyer agrees to pay for any Surcharges pursuant to the standard payment terms in these Terms and Conditions. If a dispute arises with respect to Surcharges and that dispute remains open for more than fifteen (15) days, USDD may, in its sole discretion, withhold performance or future shipments, or combine any other rights and remedies under this Agreement or permitted by law, until the dispute is resolved. The terms of this Section shall prevail in the event of inconsistency with any other terms in these Terms and Conditions. Any Surcharges, as well as the timing, effectiveness, and method of determination thereof, will be separate from and in addition to any changes to pricing that are affected by any other provisions in these Terms and Conditions.

Customer agrees to pay all such Taxes and further agrees to reimburse USDD for any such payments made by USDD.

SHIPPING/DELIVERY/RISK OF LOSS.

8.2. **Future Delivery and Repricing**. USDD will schedule delivery in accordance with its standard lead times unless the Order states a later delivery date or the parties otherwise agree in writing. USDD will accept Orders with a future ship date of up to eighteen (18) months from the date of the entry of the Order. Customer agrees that in the event an Order is scheduled to be delivered more than six (6) months from the date of the entry of the Order, USDD may, in its sole determination and at each six (6) month anniversary of the date of the entry of the Order, adjust the pricing of the Order to conform to the then-current prices of the USDD Products included in the Order. USDD will include any repricing in its final invoice related to the Order.

8.3. **Storage Fees**. If delivery takes place more than six (6) months from the date of the entry of the Order, Customer agrees to pay USDD a storage fee (the "Storage Fee"), as set forth in the quote, for each month after six (6) months from the date of the entry of the Order Customer has not taken delivery of the Products in the Order. USDD will separately invoice any storage fees owed under this Section at the end of each month for which the storage fees are owed.

SUCH REMEDIES ARE IN LIEU OF ANY OTHER LIABILITY OR OBLIGATION OF USDD, INCLUDING WITHOUT LIMITATION ANY LIABILITY OR OBLIGATION FOR DAMAGE, LOSS, OR INJURY (WHETHER DIRECT, INDIRECT, EXEMPLARY, SPECIAL, CONSEQUENTIAL, PUNITIVE OR INCIDENTAL) ARISING OUT OF OR IN CONNECTION WITH THE DELIVERY, USE, OR PERFORMANCE OF THE PRODUCTS. CREDIT, REPAIR OR REPLACEMENT (AT USDD'S OPTION) IS THE SOLE REMEDY PROVIDED HEREUNDER. NO EXTENSION OF THIS WARRANTY WILL BE BINDING UPON USDD UNLESS SET FORTH IN WRITING AND SIGNED BY A USDD AUTHORIZED REPRESENTATIVE.

This limited warranty does not cover defects caused by normal wear and tear or maintenance.

This Warranty does not apply: (a) to consumable parts, such as batteries, unless damage has occurred due to a defect in materials or workmanship; (b) to cosmetic damage, including but not limited to scratches, dents and broken plastic on ports; (c) to damage caused by use with non-USDD products; (d) to damage caused by accident, abuse, misuse, flood, lightning, fire, earthquake or other external causes; (e) to damage caused by operating the Product outside the permitted or intended uses described by USDD; (f) to damage or failure caused by installation or service (including upgrades and expansions) performed by anyone who is not a representative of USDD or a USDD authorized installer or service provider; (g) to a Product or part that has been modified to alter functionality or capability without the written permission of USDD; (h) to Software (as defined below); (i) to any other damage caused by an event or action outside of USDD's control, including, without limitation, Customer's failure to apply required or recommended updatres or patches to any Software or Product; or (h) if any serial number has been removed or defaced.

LIMITATIONS OF LIABILITY. TO THE EXTENT PERMITTED BY LAW, THE LIMITED WARRANTY IN SECTION 9 OF THESE TERMS AND CONDITIONS AND ANY OTHER REMEDIES SET FORTH ABOVE ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, REMEDIES AND CONDITIONS, WHETHER ORAL OR WRITTEN, STATUTORY, EXPRESS OR IMPLIED. AS PERMITTED BY APPLICABLE LAW, **USDD SPECIFICALLY DISCLAIMS ANY AND ALL STATUTORY OR IMPLIED WARRANTIES, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND WARRANTIES AGAINST HIDDEN OR LATENT DEFECTS**. If USDD cannot lawfully disclaim statutory or implied warranties, then to the extent permitted by law, all such warranties shall be limited in duration to the duration of this express Warranty and to repair or replacement service as determined by USDD in its sole discretion. No reseller, agent, or employee is authorized to make any modification, extension, or addition to this Warranty. If any term is held to be illegal or unenforceable, the legality or enforceability of the remaining terms shall not be affected or impaired.

EXCEPT AS PROVIDED IN THE LIMITED WARRANTY IN SECTION 9 OF THESE TERMS AND CONDITIONS, AND TO THE EXTENT PERMITTED BY LAW, USDD IS NOT RESPONSIBLE FOR DIRECT, SPECIAL, INCIDENTAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES RESULTING FROM ANY BREACH OF WARRANTY OR CONDITION, OR UNDER ANY OTHER LEGAL THEORY, INCLUDING BUT NOT LIMITED TO LOSS OF USE; LOSS OF REVENUE; LOSS OF THE USE OF MONEY; LOSS OF ANTICIPATED SAVINGS; LOSS OF GOODWILL; LOSS OF REPUTATION; AND LOSS OF, DAMAGE TO OR CORRUPTION OF DATA. USDD IS NOT RESPONSIBLE FOR ANY INDIRECT LOSS OR DAMAGE HOWSOEVER CAUSED, INCLUDING THE REPLACEMENT OF EQUIPMENT AND PROPERTY, ANY COSTS OF RECOVERING PROGRAMMING OR REPRODUCING ANY PROGRAM OR DATA STORED OR USED WITH USDD PRODUCTS, AND ANY FAILURE TO MAINTAIN THE CONFIDENTIALITY OF DATA STORED ON THE PRODUCT.

ALL PRODUCT CLAIMS ARE LIMITED TO THOSE EXCLUSIVE REMEDIES SET FORTH IN THE LIMITED WARRANTY IN SECTION 9 OF THESE TERMS AND CONDITIONS. USDD'S AGGREGATE LIABILITY IN CONNECTION WITH THEREWITH SHALL NOT EXCEED THE PURCHASE PRICE OF THE PRODUCTS PAID BY CUSTOMER TO USDD FOR THE PRODUCTS GIVING RISE TO THE CLAIM. CUSTOMER SHALL NOT BRING A LEGAL OR EQUITABLE ACTION AGAINST USDD MORE THAN ONE YEAR AFTER THE FIRST EVENT GIVING RISE TO A CAUSE OF ACTION, UNLESS A SHORTER LIMITATIONS PERIOD IS PROVIDED BY APPLICABLE LAW. USDD disclaims any representation that it will be able to repair any Hardware under this Warranty or make a product exchange without risk to or loss of the programs or data stored thereon.

SERVICE AGREEMENT. The Product being purchased hereunder is not subject to any post-Warranty service agreement or maintenance program unless specifically contracted for between USDD and Customer. USDD offers a comprehensive post-Warranty Service Agreement at additional cost. Customer should contact USDD regarding its Service Agreement and costs associated therewith.

SOFTWARE PRODUCTS. All software Products delivered by USDD to Customer or for which USDD provides access, including, without limitation, USDD's mobile application software and Products with embedded software or firmware (collectively, "**Software**") are not sold and are licensed. At all times that Customer is in compliance with the terms of these Terms and Conditions and any other agreement between the parties, Customer shall have a non-exclusive, non-transferable, fully paid license to use the Software, but only in conjunction with the Products provided by USDD and Customer's fire station alerting system (the "**License**"). The terms of such Software License may be set forth in a separate software license agreement or end user license agreement provided by USDD with such Software. In no event shall Customer have any right to (or authorize or allow any third party to) distribute, sell, lend, rent, transfer, or convey the Software; grant any sublicense, lease, or other rights in the Software; decompile, disassemble, reverse engineer, or otherwise attempt to reconstruct, identify, or discover any source code, underlying user interface architecture or techniques, or algorithms of the Software by any means; or take any action that would cause the Software or any portion of it to be placed in the public domain. In the event of a conflict between the terms of any Software license terms provided upon download or purchase a purchase and these Terms and Conditions, the relevant Software license terms shall control solely with respect to such Software.

Attachment: US Digital Designs - Station Dispatch Alerting (Fire Station 82 Addition and Renovations By Owner Items)

INTELLECTUAL PROPERTY: Customer hereby agrees and acknowledges that USDD owns all rights, title, and interest in and to the Intellectual Property (as defined below). Customer agrees to not remove, obscure, or alter USDD's or any third party's copyright notice, trademarks, or other proprietary rights notices affixed to or contained within or accessed in conjunction with or through USDD's Product (as defined below). Nothing herein shall be deemed to give, transfer, or convey to Customer any rights in the Intellectual Property other than the License, as set forth above. For purposes of this Section,"**Intellectual Property**" means any and all rights of USDD related to USDD's Products existing from time to time under patent law, copyright law, trade secret law, trademark law, unfair competition law, and any and all other proprietary rights, and any and all derivative works, work product, applications, renewals, extensions and restorations thereof, now or hereafter in force and effective worldwide.

REMOTE ACCESS TO THE SYSTEM.

14.1. **Remote Access**. USDD requires remote network access to the Customer's Products through Secure Shell (SSH) to perform implementation and support tasks under this Agreement. To enable remote network access, the Customer will provide USDD support personnel VPN or similar remote network access to the Products for USDD support personnel ("**Customer Support**") to effectively troubleshoot critical or complex problems and to expedite resolution of such issues. Remote network access is also used to install core software upgrades and customized software. USDD will only access Customer's Products with the knowledge and consent of Customer. USDD will not access any other systems or data.

14.2. **Alternative to Network Access**. If the Customer elects not to provide remote network access to the Products, then USDD may not be able to perform some support functions. Customers that elect not to routinely provide network access may temporarily reinstate this access to allow USDD to perform the above services. The following services will not be performed without this access: Product software upgrades; Product software customization; Network troubleshooting assistance including packet capture and network monitoring on USDD devices; Detailed log analysis; Bulk updates to certain Product database tables; Troubleshooting that requires low-level system access or large file transfer.

14.3. **Timely Access**. Customers much ensure that remote access is available prior to notifying USDD of a support request. In the event that the Customer is unable to provide remote access, USDD will not be required to provide support outside those tasks that do not require remote access, and any corresponding resolution response times will not apply.

14.4. **Physical Security Tokens**. USDD has multiple software engineers that provide after-hours support and these engineers do not typically take security tokens from the USDD office. If the customer requires the use of physical security tokens, this may delay after hours service.

GOVERNING LAW. This proposal and any contract or agreement resulting therefrom will be governed by and construed according to the laws of the State of Arizona without regard to its conflicts of law principles.

DISPUTE RESOLUTION/ARBITRATION. Before either USDD or Customer initiate any dispute resolution process related to the Agreement, they must schedule a mandatory executive resolution conference to be held within thirty (30) days of receipt of the other party's written request. The conference must be attended by at least one executive from each party. At the conference, each party will present its view of the dispute in detail and the executives will enter into good faith negotiations in an attempt to resolve the dispute. If the dispute is not resolved within fifteen (15) days of the end of the conference or if one party refuses to attend the executive resolution conference, then USDD and Customer further agree that any remaining dispute between them arising out of or relating to this Agreement will be settled by arbitration administered by the American Arbitration Association under its Commercial Arbitration Rules, to the extent such rules are not inconsistent with this Section, in the AAA's Phoenix regional office by a single, neutral arbitrator. Discovery may be conducted either upon mutual consent of the parties or by order of the arbitrator upon good cause being shown. In ruling on motions pertaining to discovery, the arbitrator shall consider that the purpose of arbitration is to provide for the efficient and inexpensive resolution of disputes, and the arbitrator shall limit discovery whenever appropriate to ensure that this purpose is preserved. The arbitrator shall permit dispositive motions and issue a written decision sufficient to explain the essential findings and conclusions and may award damages. Any award rendered by the arbitrator will be final and binding upon USDD and Customer, and judgment may be entered upon it in accordance with applicable law in any court having jurisdiction thereof. USDD and Customer expressly and irrevocably consent to the jurisdiction of the Maricopa County Superior Court of Arizona for such purpose. In the event a dispute is submitted to arbitration pursuant to this Section, the prevailing party shall be entitled to the payment of its reasonable attorneys' fees and costs, as determined by the arbitrator. Each of the parties shall keep all disputes and arbitration proceedings strictly confidential, except for disclosures of information required by applicable law or regulation.

FORCE MAJEURE. Except for Customer's duty to pay sums due hereunder, neither party will be liable to the other for any failure to meet its obligations due to any Force Majeure Event. As used herein, a "Force Majeure Event" is one that is beyond the reasonable control of the non-performing party and may include, but is not limited to: (a) delays or refusals to grant an export license or the suspension or revocation thereof, (b) embargoes, blockages, seizure or freeze of assets, or any other acts of any government that would limit a party's ability to perform the Contract, (c) fires, earthquakes, floods, tropical storms, hurricanes, tornadoes, severe weather conditions, or any other acts of God, (d) quarantines, pandemics, or regional medical crises, (e) labor strikes, lockouts, or pandemic worker shortages, (f) riots, strife, insurrection, civil disobedience, landowner disturbances, armed conflict, terrorism or war, declared or not (or impending threat of any of the foregoing, if such threat might reasonably be expected to cause injury to people or property), and (g) shortages or inability to obtain materials or components. The party unable to fulfill its obligations due to Force Majeure will promptly (i) Notify the other in writing of the reasons for its failure to fulfill its obligations and the effect of such failure; and (ii) Use all reasonable efforts to avoid or remove the cause and perform its obligations.

If a Force Majeure Event results in a delay, then the date of performance will be extended by the period of time that the non-performing party is actually delayed or for any other period as the parties may agree in writing. In the event that a Force Majeure Event is ongoing for a period of time which is sixty (60) days or longer, USDD may provide notice to Customer that it is cancelling its Order.

ACCEPTANCE OF TERMS. This proposal shall become a binding contract between the Customer and USDD when accepted in writing by the Customer. Without limiting the foregoing, issuance by Customer of a purchase order to USDD for any of the goods or services herein described shall constitute acceptance. Any such acceptance shall be with the mutual understanding that these Terms and Conditions of this proposal are a part thereof with the same effect as though signed by both parties named herein and shall prevail over any inconsistent provision of said order. No waiver, alteration, or modification of these terms and conditions shall be binding unless in writing and signed by an authorized representative of USDD.

SEVERABILITY. In the event any provision or portion of a provision herein is determined to be illegal, invalid, or unenforceable, the validity and enforceability of the remaining provisions shall not be affected and, in lieu of such provision, a provision as similar in terms as may be legal, valid, and enforceable shall be added hereto.

WAIVER. The failure of either party to insist upon strict performance of any provision of these Terms and Conditions, or to exercise any right provided for herein, shall not be deemed to be a waiver for the future of such provision or right, and no waiver of any provision or right shall affect the right of the waiving party to enforce any provision or right herein.

NO JOINT VENTURE. The parties acknowledge that they are independent entities and nothing contained in these Terms and Conditions shall be construed to constitute either party hereto as the partner, joint venturer, employee, agent, servant, franchisee, or other representative of the other party hereto, and neither party has the right to bind or obligate the other, except as otherwise provided herein. Furthermore, nothing contained in these Terms and Conditions shall be construed to constitute Customer as an exclusive purchaser of the Products in any respect.

Throughout this Proposal, including these Terms and Conditions and any attachments, (together, "Agreement") the term "Convergint" refers to the Convergint Technologies affiliate operating in the state/province in which the Work is being performed and "Convergint Related Parties" means Convergint and its contractors, subcontractors, third party product manufacturers or providers.

SECTION 1. THE WORK

This Agreement takes precedence over and supersedes any and all prior proposals, correspondence, and oral or written agreements or representations relating to the work set forth in the attached scope of work ("Work"). This Work commences on the start date and will be performed pursuant to the schedule specified in the attached scope of work and, subject to any change orders or addendums, represents the entire agreement between Convergint and Customer.

This Agreement is made without regard to compliance with any special sourcing and/or manufacturing requirements, minority or disadvantaged supplier requirements, or similar government procurement laws. Should such requirements be applicable to this Agreement, Convergint reserves the right to modify and/or withdraw its Agreement.

Customer understands that Convergint is an authorized distributor or reseller and not the manufacturer or developer ("OEM") of software, hardware and equipment (collectively, "Third Party Products") purchased by Customer and certain services are delivered to Customer by such OEM.

No monitoring services, including UL listed monitoring, are included in the Work. Any such services shall be governed and provided by a separate agreement.

Convergint agrees in accordance with the mutually agreed project schedule:

a. To submit shop drawings, product data, samples and similar submittals if required in performing the Work;
b. To pay for all labor, materials, equipment, tools, supervision, programming, testing, startup and documentation required to perform the Work in accordance with the Agreement;
c. Secure and pay for permits and governmental fees, licenses, and inspections necessary for proper execution and completion of the Work, unless local regulations provide otherwise; and
d. Hire subcontractors and order material to perform part of the Work, if necessary, while remaining responsible for the completion of the Work.

Customer agrees in accordance with the mutually agreed project schedule, and at no cost to Convergint:

a. To promptly approve submittals provided by Convergint;
b. To provide access to all areas of the site which are necessary to complete the Work;
c. To supply suitable electrical service as required by Convergint;
d. To remove site obstacles and job safety hazards;
e. To promptly participate and approve acceptance testing, if applicable;
f. Upon completion of commissioning or agreed to acceptance criteria, to promptly provide sign-off establishing job closeout; and
g. That in the event of any emergency or systems failure, reasonable safety precautions will be taken by Customer to protect life and property during the period from when Convergint is first notified of the emergency or failure and until such time that Convergint notifies the Customer that the systems are operational or that the emergency has cleared.

THE WORK AND/OR THIRD PARTY PRODUCTS ARE DESIGNED TO HELP REDUCE, BUT NOT ELIMINATE RISKS OF LOSS RELATING TO CUSTOMER'S PREMISES OR THIRD PARTIES. THE AMOUNTS BEING CHARGED BY CONVERGINT ARE NOT SUFFICIENT TO GUARANTEE THAT LOSS OR DAMAGE WILL DECREASE OR BE ELIMINATED. Customer acknowledges that proper safety and security requires a layered approach of people, processes, safety, and technologies. The Work, including Third Party Products, provided by Convergint is not sufficient to ensure overall safety and security. Customer acknowledges and agrees that it is responsible for its overall safety and security, including testing and maintenance of the Third Party Products (except to the extent contracted to Convergint by written agreement). Customer acknowledges and agrees that it has a duty of care and is solely responsible for its compliance with applicable laws, rules, and regulations, including but not limited to export and re-export restrictions and regulations, privacy and data protection regulations, applicable OEM instructions, terms and conditions, EULAs, and proper product usage.

Risk of loss, including any Third Party Product comprising the Work, shall pass to Customer as the Work is completed and the materials are incorporated into the Work at Customer's site subject to any end user license agreements. If or Third Party Products are earlier stored on Customer's site pursuant to agreement between Customer and Convergint, risk of loss with respect to such or Third Party Product shall pass to Customer upon delivery to Customer's site.

If the Work is completed in less than one month, Customer agrees to pay Convergint in full after the Work has been completed within thirty (30) days of the date of invoice. Invoices shall not be subject to a project retention percentage and payment to Convergint shall not be conditioned on payment by an upstream party. If Customer is overdue in any payment, Convergint shall be entitled to suspend the Work without liability until paid, charge Customer an interest rate 1 and 1/2% percent per month (or the maximum rate permitted by law, whichever is less), and may avail itself of any other legal or equitable remedy. Consider a Resolution Granting a Time Extension for Ordinance #O-64-23 for the Previously Approved Car Wash at 2239-2251 N. Rand Road

BACKGROUND:
The Village Council previously approved Ordinance #O-64-23, which granted Special Use approval for the proposed car wash at 2239-2251 N. Rand Road. The Village's Zoning Code indicates that Special Use approval is valid for a period of one year (June 5, 2024) provided a building permit is obtained. The Village Council extended the initial Special Use approval until October 5, 2024. Although the building permit is nearing issuance, it may not be issued prior to the extended deadline date of October 5, 2024. Due to these circumstances, the Petitioner is requesting approval of the following

> **Granting of a time extension of the previously approved Special Use to December 1, 2024, to allow the Petitioner to complete the building permit process for the proposed car wash.**

KEY ISSUES:

- The proposed car wash received approvals from the Village Council on June 5, 2023. The Zoning Code requires that a building permit be issued within one year of obtaining Special Use approval, and then requires that the related construction be completed within two years of the issuance of the building permit. The Village Council extended the initial approval through October 5, 2024.
- The Petitioner has acquired the property and applied for a building permit but has yet to obtain the permit. As outlined in the attached letter, the Petitioner working with the owner of the Palatine Hyundai property to complete the access agreement for the driveway through to Lake Cook Road.
- The proposed extension will require the building permit for the car wash be obtained on or before December 1, 2024, but Staff anticipates its issuance, within the next 30 days.
- All other conditions of the previously approved Special Use will remain in effect.

ALTERNATIVES:

1. Approve the resolution granting the requested time extension.
2. Do not approve the resolution granting the requested time extension.

RECOMMENDATION:
Staff recommends approval of the resolution granting a time extension to December 1, 2024.

ACTION REQUIRED:
Motion to approve the resolution granting a time extension to Ordinance #O-64-23 for the proposed car wash at 2239-2251 N. Rand Road.

Consider an Ordinance Granting a Special Use for a Fence in the Side Yard Abutting a Street at 501 S. Brighton Lane

BACKGROUND:
The Subject Property, zoned R-1A, is located within the Whytecliff at Palatine Subdivision. The property is located on a corner lot and contains a single-family residence. The Petitioner is proposing to construct a 6-foot-tall vinyl fence in their side yard abutting a street, which runs parallel Whytecliff Road. Therefore, the Petitioner is requesting approval of the following:

Special Use to permit a fence to be set back 31 feet from the side property line abutting a street, instead of the minimum required 35 feet.

KEY ISSUES:
- The proposed fence would align with the rear corner of the existing house and maintain the existing 31-foot setback as the fence continues to the rear property line.
- The proposed fence would be directly adjacent to the front yard of the property to the southeast, 1207 W. Whytecliff Road, which has a 30-foot front yard setback. The R-1A District has a minimum required front yard of 30 feet and a minimum required side yard abutting a street of 35 feet. The Village's R-1B zoning district also requires a similar increased side yard abutting a street setback, beyond the minimum required front yard setback. These are the only two residential zoning districts which require a greater minimum side yard abutting a street setback than the minimum required front yard setback.
- The proposed setback of 31 feet would exceed the front yard setback of 30 feet for the adjacent property to the southeast but fall short of the required 35-foot setback. Per their application, the Petitioner indicated that the fence will be utilized to enclose their rear yard and create a safe place for their children to play.

ALTERNATIVES:
1. Approve the Special Use for a fence in the side yard abutting a street.

Consider an Ordinance Granting a Special Use for a Restaurant, with Drive-Through, at 1101 E. Dundee Road

BACKGROUND:
The Petitioner/Property Owner proposes to redevelop the former Famous Dave's site and construct an approximately 2,300 square foot Wendy's restaurant and drive-through. Therefore, the Petitioner is seeking approval of the following:

Special Use for a Restaurant, with a Drive-Through

KEY ISSUES:

- The Subject Property is an out lot within the Park Place Shopping Center Planned Development. In 2022, the Village granted a Planned Development Amendment and Special Use for a 6,000 square foot multi-tenant building, with a drive-through and anchored with a new Wendy's restaurant.
- After its initial approval, the developer both reevaluated the multi-tenant feasibility and submitted the plans for the required MWRD review. The MWRD stormwater management requirements and evaluation led to the current proposal for a standalone Wendy's restaurant, with drive-through. A detention basin is now proposed on the west side of the property.
- The building is approximately 2,300 square feet, with 25 interior seats and 20 exterior seasonal seats on the north side of the building. There are 47 parking spaces proposed, which exceeds the minimum required 22 parking spaces. The drive-through provides both the necessary escape lane and exceeds the required minimum 7 stacking spaces.
- The proposed elevations for the single-story building include both EIFS and pre-finished siding. The front (Dundee Road) elevation includes both a delivery pick-up window and glass window portion of the façade. The west elevation also includes a wider window section.
- After the initial 2022 approval, a cross-access agreement was required with Einstein's Brothers Bagels (directly west at 987 E. Dundee Road). This agreement was subsequently executed and recorded and memorializes western access through to Dundee Road. From the west, two-way access would be allowed through to the drive-through, with traffic then circulating through the drive-through and either exiting to the east to the full-access to Dundee Road or transitioning back to the shared cross-access.
- As an existing condition, there were 10 spaces dedicated for daytime use by Northwest Community Hospital Community Resource Center, at the southwest corner of the parking lot. The continued use of those spaces is again reflected in the proposed site plan.
- The proposed 0.84-acre detention basin would maintain an approximately 5 to 6-foot grade depth and accommodate the required stormwater management proscribed through the MWRD review. The Village Engineer has also conditionally approved the proposed plans. Additionally, the proposed detention would also provide separation and greenspace from the surrounding impervious parking lots.
- The proposed restaurant and drive-through is consistent with the surrounding uses and developments, within both the Park Place out lots and the surrounding Dundee Road corridor developments. The proposed site plan and drive-through

exceed the Village's minimum zoning requirements.

ALTERNATIVES:

1. Approve the Special Use for a Wendy's restaurant, with drive-through.
2. Do not approve the Special Use for a Wendy's restaurant, with drive-through.

RECOMMENDATION:

Consider an Ordinance Amending Chapter 3 Alcoholic Beverages of the Palatine Code of Ordinances

BACKGROUND:
From time to time, it is necessary to review different sections and chapters of the Village's Code of Ordinances. Various Village Departments have completed such an analysis of Chapter 3 - Alcoholic Beverages and are recommending several minor revisions.

KEY ISSUES:
Earlier this year the Council adopted an amendment to the Code that defines "alcopop" as this type of product (hard seltzers) has become very popular and was recently defined in the State liquor code. The amendment this evening would allow Class G (Beer and Wine) license holders to add alcopop.

Additionally, since 2020, there has been a new service of delivery of alcohol in the original packaging. The amendment would codify this process for the package liquor store and grocery store subject to an approved plan that identifies the Point of Sale and Point of Delivery age verification process.

ALTERNATIVES:
1. Approve ordinance amending Chapter 3.
2. Do not approve ordinance amending Chapter 3.

RECOMMENDATION:
Staff recommends approval of the ordinance amending Chapter 3 of the Code of Ordinances.

ACTION REQUIRED:
Motion to approve the ordinance amending Chapter 3 of the Code of Ordinances.

Consider a Motion to Award a Contract for the 2024 Drainage Improvements Project

BACKGROUND:
As part of the annual budget, funding is identified for spot drainage improvements at various locations throughout the Village. The program is designed to address smaller, localized areas that experience flooding or drainage issues. As in years past, this project has been combined with the small diameter drainage program to solicit additional bidders and encompass economies of scale.

KEY ISSUES:
- On Tuesday, September 10, 2024, fourteen bids were received, ranging from a high of $616,000 to a low of $259,871.
- The low responsive and responsible bidder was DeVinci Construction, Incorporated of Oak Brook, Illinois in the amount of $259,871.
- The drainage projects include improvements on Leonard Road north of Glencoe Street, in front of 755 to 767 South Harvard Court and 970 West Illinois Avenue, on Sandpiper Court west of Quentin Road, on Hampton Court in the cul-de-sac island, in front of 506 and 512 West Kenilworth Avenue, between 315 and 319 South Benton Street, behind 1332 to 1348 East Gloria Drive, in front of 1497 North Pepper Tree Drive, in front of 202 South Elmwood Avenue, and between 215 and 221 South Ashland Avenue.
- The Engineer's estimate was $327,635.

ALTERNATIVES:
1. Award the contract for the 2024 Drainage Improvements Project to DeVinci Construction.
2. Refer back to Staff with comments.

RECOMMENDATION:
Staff recommends the contract for the 2024 Drainage Improvements Project be awarded to DeVinci Construction.

BUDGET IMPACT:
Funds in the amount of $375,000 are available in the Sewer Fund of the 2024 Capital Improvement Program to accommodate this work, resulting in a savings of $115,129.

ACTION REQUIRED:
Motion to award a contract for the 2024 Drainage Improvements Project to DeVinci Construction, Incorporated of Oak Brook, Illinois in the amount of $259,871.

Consider a Motion to Award a Contract for the 2024 Gateway Center Parking Deck Maintenance Repairs

BACKGROUND:
The Gateway Center Parking Deck, located at 251 W. Colfax Street, has been open and in operation since 2002. In 2017, Walker Consultants conducted a condition assessment of the structure. They found that many of the waterproofing systems were nearing the end of their anticipated life expectancy, causing water leaking that may eventually lead to corrosion and concrete distress. A five-year repair plan was prepared to address the failing waterproofing and other minor concrete repairs. Year one, with work on the top of level 5, was completed in 2020. Levels 4 and 3, initially scheduled to be repaired in 2023 were delayed due to a car fire in the second level in June of 2023.

Repairs and restoration from the fire and the sealant replacement and concrete maintenance on levels 1 through 4 are proposed.

KEY ISSUES:
- The proposed scope of work includes fire damage restoration on level 2, and additive alternates of sealant replacement and concrete repairs levels 1, 2, 3, and 4.
- On Thursday, September 5, 2024, four bids were received with base bids ranging from a high of $173,535 to a low of $127,600. Total bids with all alternates ranged from a high of $749,050 to a low of $593,935.
- The low responsive and responsible bidder was Hammer Construction, LLC of East Dundee, Illinois. Hammer Construction is the low responsive and responsible bidder for the base bid ($127,600) and with all additive alternates in the amount of $593,935.
- The Engineer's estimate for the base bid plus all additive alternates was $651,669.50.
- Due to a reduction in parking demand, favorable prices can be attributed in part to the Village's ability to increase our parking space closures. Levels 1 through 4 will be closed in stages to accommodate the contractor's work.

ALTERNATIVES:
1. Award the contract for the 2024 Gateway Center Parking Deck Maintenance Repairs base bid and all additive alternates to Hammer Construction.
2. Refer back to Staff with comments.

RECOMMENDATION:
Staff recommends awarding the contract for the 2024 Gateway Center Parking Deck Maintenance Repairs base bid and all additive alternates to Hammer Construction.

BUDGET IMPACT:
Our recovery from insurance, after factoring our deductible, will cover the cost of the fire repair ($127,600).

Funds in the remaining amount necessary to support the contract ($466,335) are available in the 2024 Capital Improvement Program from the Downtown TIF District.

ACTION REQUIRED:
Motion to award the contract for the 2024 Gateway Center Parking Deck Maintenance Repairs to Hammer Construction, LLC of East Dundee, Illinois for the base bid and all additive alternates in the amount of $593,935.

Approve an Ordinance Granting the Village Manager Authority to Sign a Cook County Court Portal Agreement

BACKGROUND:
The Office of the Clerk of the Circuit Court of Cook County has created a new user agreement to access their online "CCC Portal System." The Clerk of the Circuit Court of Cook County's CCC Portal System is an online platform that allows access to information about court cases filed in Cook County, including case status, details, and documents. It allows police records personnel, investigators and other authorized users to view and manage court records through the Clerk's office without physically going to the courthouse.

KEY ISSUES:
- This "Master Subscriber Agreement" between the Village of Palatine and the Clerk of the Circuit Court of Cook County will allow the Village's Police Department continued access to court records and court documents needed by authorized members of the Palatine Police Department.
- An updated document was needed due to the recent change of Police Chief.

ALTERNATIVES:
1. Approve the Ordinance.
2. Do not approve the Ordinance.

RECOMMENDATION:
Approve the Ordinance granting authority to the Village Manager to execute this agreement.

ACTION REQUIRED:
A motion to approve the Ordinance granting authority to the Village Manager to execute this agreement.

Consider a Motion to Approve the Fire Station 82 Addition and Renovations By Owner Items

BACKGROUND:
Appliances, furniture, alerting and IT equipment is needed with the construction of the addition at Fire Station 82 as well as the renovations to the existing station. As typical with building projects, the Village proposes to execute the purchasing of certain items necessary to allow the improved spaces to be utilized.

KEY ISSUES:
- The total cost of the by owner items is $165,363.
- The majority of the by owner items have been priced using cooperatives meeting the competitive bidding requirements for the use of ARPA funding.
- The remaining items that do not have cooperative pricing available either have sole source vendors or fall under the micro-purchase threshold of $10,000 and prices from three sources have been obtained for each item.
- A budget adjustment of $173,800 was part of the construction contract award to replace the existing generator as part of the construction project.
- Digital alerting, which announces calls from within the station, is from a sole source vendor and cannot meet the ARPA procurement requirements. Therefore, it will be funded from a part of the CIP budget adjustment originally targeted for the generator replacement. The generator will now be fully funded from ARPA funds.
- A part of the furniture by owner items did not have cooperative pricing available, thus these items within the furniture by owner contract will be funded locally as well.
- The by owner funding blend is $84,578 by the ARPA Federal Grant and $80,785 from local capital improvement funds.

ALTERNATIVES:
1. Approve the by owner list.
2. Refer back to Staff with comments.

RECOMMENDATION:
Staff recommends authorizing the Village Manager to execute all documents necessary to purchase the by owner list of appliances, furniture, alerting and IT equipment.

BUDGET IMPACT:
American Rescue Plan Act (ARPA) funds in the amount of $2,893,378 are available to accomplish the construction and part of the by owner purchasing. The total of by owner items is $165,363 bringing the total project cost to $2,974,163. The project contingency is now reduced to $93,015. This reduction is attributed the security system which is now part of the by owner list. The contingency is anticipated to be sufficient for the project as the majority of the work is new construction.

ACTION REQUIRED:
Motion to authorize the Village Manager to execute all documents necessary to purchase the by owner list of appliances, furniture, alerting and IT equipment in an amount not to exceed $165,363.
