VI. COMMITTEE OF THE WHOLE

A. POLICE POLICY & CODE SERVICES COMMITTEE – Time: 7:05 PM

1. Consider an Ordinance Granting Special Uses and Variations to Permit a Drive-Through Restaurant and Electronic Message Board Sign at 1158 E. Dundee Road **- Motion Carried by Voice Vote** (Council District: Four)

   Planning & Zoning Director Ben Vyverberg presented Tore & Luke's request for:

- Special Use to permit a drive-through only restaurant; (no interior seating)
- Special Use to permit an electronic message board (EMB); and
- Variation to permit a freestanding sign of 110 square feet (maximum 100 square feet) on a lot with less than 300 feet of frontage and within 500 feet of another electronic message board.

   Vyverberg explained the Petitioner's proposal to relocate/reuse their existing sign from their current location. Neighboring businesses with conforming and non-conforming EMB signs approve of the proposed sign. The existing Tore and Luke's location is zoned Planned Development where EMB signs up to 120 square feet are allowed. The proposed location on Dundee Road is an approved EMB corridor and is zoned Planned Development, but follows the B-2 zoning district standards. Although exceeding the allowable square footage of 100 square feet, the ZBA voted unanimously to approve the Special Uses and Variations to Permit a Drive-thru Restaurant and EMB Sign. Staff concurs with the Special Use for the restaurant and recommends action at the Village Council's discretion for the Special Use and Variations for the EMB sign.

RESULT:	**MOTION CARRIED BY VOICE VOTE [UNANIMOUS]**
MOVER:	Greg Solberg, District 4 Councilman
SECONDER:	Doug Myslinski, District 3 Councilman
AYES:	Schwantz, Millar, Lamerand, Myslinski, Solberg, Kozlowski, Helms

2. Consider an Ordinance Increasing the Number of Class D (Restaurant) Liquor Licenses by One and Decreasing the Number of Class D-1 Liquor Licenses by One for J L's Pizza and Sports Bar at 19 N. Bothwell Street **- Motion Carried by Voice Vote** (Council District: Six)

   Village Manager Reid Ottesen presented Dave Gagner's request for a Class D (Restaurant) liquor license with earlier close times (12:00 AM on weekdays and 1:00 AM on weekends), replacing the Class D-1 License JL's Pizza and Sports Bar currently holds, effective July 1, 2021. Payment of $3,742 for a Class D license was received for the 2021/2022 year. Action is at the discretion of the Committee.

RESULT:	**MOTION CARRIED BY VOICE VOTE [UNANIMOUS]**
MOVER:	Brad Helms, District 6 Councilman
SECONDER:	Scott Lamerand, District 2 Councilman
AYES:	Schwantz, Millar, Lamerand, Myslinski, Solberg, Kozlowski, Helms

3. 365 W. Northwest Highway (Council District: Six):

The Motion was to approve items A. and B.

Planning & Zoning Director Ben Vyverberg presented the Petitioner's request for a Special Use to permit a new sports restaurant/bar and a Variation for an additional 43 parking spaces to allow 158 parking spaces instead of the minimum required 220 parking spaces, identifying the non-conflicting hours of operation with other tenants in the center. The ZBA voted 6-1 to approve a Special Use and Variation to permit the restaurant/bar and staff concurs. The Petitioner is requesting a Class D (Restaurant) Liquor License. Action is at the discretion of the Committee.

RESULT:	**ADOPTED BY VOICE VOTE [UNANIMOUS]**
MOVER:	Greg Solberg, District 4 Councilman
SECONDER:	Doug Myslinski, District 3 Councilman
AYES:	Schwantz, Millar, Lamerand, Myslinski, Solberg, Kozlowski, Helms

A. Consider an Ordinance Granting a Special Use and Variation to Permit a Restaurant/Bar at 365 W. Northwest Highway **- Approved** (Council District: Six)

B. Consider an Ordinance Increasing the Number of Class D (Restaurant) Liquor Licenses by One for Hot Pockets Sports Bar at 365 W. Northwest Highway **- Approved** (Council District: Six)

4. Consider an Ordinance Granting a Special Use to Permit a Fence at 1070 S. Brockway Street **- Motion Carried by Voice Vote** (Council District: Two)

Planning & Zoning Director Ben Vyverberg presented the Petitioner's request for a Special Use to permit a 5' fence in the rear yard abutting the side lot line of the front yard of an adjacent lot. The Petitioner received a Special Use for a setback reduction to complete a second story addition in 2020. The fence was a component of that request, but was not included in the Council's review as the Petitioner planned to revise the plan to address the concerns raised by their neighbors. With the neighbors' support for the revised landscaping in front of the fence along Bryant Avenue, the ZBA voted 5-3 to approve a Special Use for a fence. Staff recommends action at the Village Council's discretion.

Councilman Millar noted the policy issue of using a solid vinyl fence affecting sight lines and its appropriateness in the neighborhood; therefore, he voted no.

Councilman Myslinski asked about maintenance of fence and landscaping by current and future owners. Vyverberg confirmed.

In response to Mayor Schwantz, Councilman Millar stated his vote against this item should not remove this item from the Consent Agenda.

RESULT:	**MOTION CARRIED BY VOICE VOTE [6 TO 1]**
MOVER:	Scott Lamerand, District 2 Councilman
SECONDER:	Doug Myslinski, District 3 Councilman
AYES:	Schwantz, Lamerand, Myslinski, Solberg, Kozlowski, Helms
NAYS:	Millar

5. Consider an Ordinance Amending the Village of Palatine's Traffic Code Section 18-81 Prohibited Places to Remove Parking Restrictions Along a Portion of Carpenter Drive **- Motion Carried by Voice Vote** (Council District: Four)

   Village Manager Reid Ottesen reported on the last Traffic Engineering Committee meeting, where the Village of Palatine and the Park District agreed parking restrictions on the 1000 Block of E. Carpenter Drive, in front of Sycamore Park are unnecessary. The Traffic Engineering Committee voted unanimously to remove the current parking restriction and to allow parking in front of and across the street from Sycamore Park. Staff recommends removing the parking restriction.

   In response to Councilman Solberg, Ottesen stated the Village looked at it as traffic engineering, did not talk with residents in the area. Currently no parking is available for sports in the park and the additional parking will be monitored.

   Councilman Kozlowski asked about liability for car damage.

   Councilman Solberg asked why, historically parking was restricted.

   Public Works Director Matt Barry stated there was no history regarding the prohibition. Solberg added that parking is available at Jane Adams School and that parking will remain prohibited on the north side of the street.

RESULT:	**MOTION CARRIED BY VOICE VOTE [UNANIMOUS]**
MOVER:	Brad Helms, District 6 Councilman
SECONDER:	Doug Myslinski, District 3 Councilman
AYES:	Schwantz, Millar, Lamerand, Myslinski, Solberg, Kozlowski, Helms

6. As Submitted **-**

   Nothing was submitted.

B. COMMUNITY & ECONOMIC DEVELOPMENT COMMITTEE – Time: 7:20 PM

1. Consider a Resolution Approving a Preliminary & Final Plat of Subdivision and an Ordinance Approving a Planned Development Amendment for a 3-Lot Commercial Subdivision at 700-790 W. Euclid Avenue (Regency Plaza) **- Motion Carried by Voice Vote** (Council District: Two)

   Planning & Zoning Director Ben Vyverberg presented the petitioner's request for a Planned Development Amendment and a Preliminary and Final Plat of Subdivision to subdivide the existing Regency Plaza shopping center, currently one lot, into three separate lots: Lot 1 to include the existing multi-tenant shopping center, Lot 2 to include the vacant, former restaurant building and its associated parking lot, and Lot 3 to include the existing Fifth Third Bank and its associated parking lot. A cross access/parking easement between the three lots is required as a condition of approval. The Plan Commission voted unanimously to approve the requested Subdivision and Planned Development Amendment, and staff concurs.

   Councilman Solberg confirmed that all cross easements remain in place.

   In response to Councilman Millar, Village Manager Reid Ottesen explained the angles in the parking lot for the bank and restaurant are to meet parking requirements.

   Councilman Lamerand was assured that there is no pending plan at this time.

RESULT:	**MOTION CARRIED BY VOICE VOTE [UNANIMOUS]**
MOVER:	Scott Lamerand, District 2 Councilman
SECONDER:	Tim Millar, District 1 Councilman
AYES:	Schwantz, Millar, Lamerand, Myslinski, Solberg, Kozlowski, Helms

2. Consider a Resolution Granting Final Resubdivision Approval for the Property at 761 E. Dundee Road **- Adopted by Voice Vote** (Council District: Three)

   Planning & Zoning Director Ben Vyverberg presented the Petitioner's request for approval of a Plat of Resubdivision at 761 E. Dundee Road which does not change or impact the underlying Planned Development for the property. Petitioner plans to subdivide the Aldi supermarket building pad, access and parking easement agreement remains in place. All of the existing conditions and requirements remain active and in place. Staff recommends approval of the resolution granting a final resubdivision at Deer Grove Centre at 761 E. Dundee Road.

RESULT:	**ADOPTED BY VOICE VOTE [UNANIMOUS]**
MOVER:	Doug Myslinski, District 3 Councilman
SECONDER:	Scott Lamerand, District 2 Councilman
AYES:	Schwantz, Millar, Lamerand, Myslinski, Solberg, Kozlowski, Helms

3. Consider an Ordinance Approving a Minor Planned Development Amendment Recognizing a New Montessori School Operator at 12 S. Linden Avenue **- Motion Carried by Voice Vote** (Council District: Six)

   Planning & Zoning Director Ben Vyverberg presented the Montessori Academy of Illinois, Ltd.'s request to operate a new Montessori School at 12 S. Linden Avenue with the required Minor Planned Development Amendment recognizing a new operator. Staff recommends approval of the Minor Planned Development Ordinance for the new operator of the Montessori School at 12 S. Linden Avenue. Vyverberg noted parking condition and traffic pattern.

   Charlene Alderete, Director, addressed the Council.

   Councilman Helms encouraged the director to personally contact neighbors regarding her plans.

RESULT:	**MOTION CARRIED BY VOICE VOTE [UNANIMOUS]**
MOVER:	Brad Helms, District 6 Councilman
SECONDER:	Scott Lamerand, District 2 Councilman
AYES:	Schwantz, Millar, Lamerand, Myslinski, Solberg, Kozlowski, Helms

4. As Submitted **-**

   Nothing was submitted.

C. INFRASTRUCTURE & ENVIRONMENT COMMITTEE – Time: 7:28 PM

1. 2021 Water System Interconnect (Council District: Two):

The motion was to approve Items A., B., and C.

Public Works Director Matt Barry reported The Villages of Palatine and Hoffman Estates conducted a Phase I engineering study to evaluate the water distribution systems of both Villages for installation of an emergency water interconnection. This study identified a mutually beneficial connection alternative.

Easements were obtained from the Little City property to accommodate this improvement. The interconnection when constructed could provide emergency water flows between the two Villages ranging from 1.4 to 2.2 million gallons per day. The construction was divided into two projects: Staff recommends to award the contract for the 2021 Water System Interconnect-Booster Station and Water Main Project to Mauro Sewer Construction, Incorporated of Des Plaines, Illinois in the amount of $1,149,779. Funds in the amount of $1,200,000 have been

appropriated in the 2021 Capital Improvement Budget to accommodate this project. Per the terms of the intergovernmental agreement dated June 23, 2020, the Village of Hoffman Estates will reimburse the Village of Palatine 50% of all construction and construction engineering costs (approximately $600,000). The Northwest Water Commission will reimburse the Village 50% of our portion of the construction costs (approximately $300,000). Staff recommends awarding the contract for the 2021 Water System Interconnect-Booster Station Procurement Project to EFI-Solutions, Incorporated of Centralia, Illinois in the amount of $249,380.

Staff recommends authorizing the Village Manager to execute the proposal from Baxter & Woodman, Incorporated for Construction Engineering Services for the 2021 Water System Interconnect Project in the not-to-exceed amount of $88,150.

RESULT:	**ADOPTED BY VOICE VOTE [UNANIMOUS]**
MOVER:	Scott Lamerand, District 2 Councilman
SECONDER:	Jim Schwantz, Mayor
AYES:	Schwantz, Millar, Lamerand, Myslinski, Solberg, Kozlowski, Helms

A. Consider a Motion to Award a Contract for the 2021 Water System Interconnect-Booster Station and Water Main Project **- Approved by Voice Vote** (Council District: Two)

B. Consider a Motion to Award a Contract for the 2021 Water System Interconnect-Booster Station Procurement Project **- Approved by Voice Vote** (Council District: Two)

C. Consider a Motion Authorizing the Village Manager to Execute a Proposal for Construction Engineering Services for the 2021 Water System Interconnect Project **- Approved by Voice Vote** (Council District: Two)

2. Consider a Motion to Approve Change Order #1 for the 2021 Sidewalk Replacement Program **- Approved by Voice Vote** (Council District: Two)

   Village Manager Reid Ottesen recommended a change order #1 for the Sidewalk Replacement Program to complete the multi-use bicycle trail connection at Algonquin and Roselle Roads, and since a lower bid was received today, Ottesen requested a substitute motion to complete the bike path project with the lowest compliant bidder in an amount not to exceed $35,592.

RESULT:	**APPROVED BY VOICE VOTE [UNANIMOUS]**
MOVER:	Kollin Kozlowski, District 5 Councilman
SECONDER:	Doug Myslinski, District 3 Councilman
AYES:	Schwantz, Millar, Lamerand, Myslinski, Solberg, Kozlowski, Helms

D. ADMINISTRATION, TECHNOLOGY & COMMUNITY HEALTH COMMITTEE – Time: 7:31 PM

1. Consider a Motion to Establish a Lead Water Service Line Replacement Cost Sharing Program **- Approved by Voice Vote**

   Village Manager Reid Ottesen reported that the Village of Palatine received a grant from the Northwest Water Commission in the amount of $582,000. $282,000 of the grant funds were allocated for water system improvements and technology upgrades. The remaining $300,000 was identified for a lead service line replacement program. With 310 homes identified with lead service, Staff proposes the Village will cover 100% of the cost to replace the lead service line from the water main to the water shut off valve, and 2/3 of the cost from the b-box to the house. The homeowner would be reimbursed after the work is completed.

   Should a resident wish to increase the size of their water service for a reason other than a code requirement, the incremental cost of the larger water service pipe would be ineligible for reimbursement. The Village intends on soliciting prices from area contractors and pre-qualifying them to assist in contractor selection and initial pricing for residents. The estimated total cost to replace a lead water service is $10,000.

   This program is recommended to start as a first come, first serve program. Staff will report to the Village Council the extent of participation and any potential revisions for 2022 as part of the 2022 budget process. Staff recommends establishing a Lead Service Line Replacement Program.

   In response to Councilman Helms, Ottesen clarified that the Village would cover 2/3 of the cost from b-box to the house; that the Village could replace taps from main to b-box all at once. The Village could encourage neighbors to work together and pre-qualify contractors. The Village will monitor and encourage participation. Additional funds may need to be appropriated.

   Public Works Director Matt Barry confirmed that testing shows no danger of lead content in water service to the 310 homes.

RESULT:	**APPROVED BY VOICE VOTE [UNANIMOUS]**
MOVER:	Brad Helms, District 6 Councilman
SECONDER:	Greg Solberg, District 4 Councilman
AYES:	Schwantz, Millar, Lamerand, Myslinski, Solberg, Kozlowski, Helms

   Director of Planning and Zoning Ben Vyverberg reported that the 2020 Special Use approval included a condition that landscaping/screening be added around the outdoor patio area for Chicago Culinary Kitchen located at 2391 N. Hicks. Given the final design orientation of the patio and the exiting mature landscaping abutting the property, staff is recommending the elimination of the landscape condition and recommends approval of the minor amendment.

2. Consider an Ordinance Granting a Special Use and Variation for a Non-Conforming 2-Unit Dwelling 3 E. Slade Street **- Motion Carried by Voice Vote** (Council District: Six)

Director of Planning and Zoning Ben Vyverberg reported the petitioner's request for a Special Use to permit a non-conforming 2-unit dwelling in a residential area and a Variation to permit a non-conforming multi-family dwelling that has not been in continuous use as a multi-family unit since 1987. The property is currently zoned R-2, and other multi-family units in the area show characteristics of multi-family uses and are zoned single family residential. The subject property has a studio apartment upstairs with separate private entrances and includes an existing full kitchen, laundry area, bedroom and bathroom. The character of surrounding properties are similar with a history in the area for this type of home. A similar Special Use and Variation was approved on Palatine Road for a duplex. The Plan Commission voted unanimously to approve the requested Special Use and Variation and staff concurs.

Councilman Millar questioned the garage being over the lot line and fire suppression requirements. Vyverberg explained existing fencing was built on Union Pacific ROW property. The petitioner would be required to complete the permit process and comply with occupancy requirements per Village code.

In response to Councilman Helms regarding the period of time required to elapse not being multi-family and reverting back to single family. Vyverberg mentioned a 6- month period of nonuse or vacancy with a condition of completing the special use process.

Owner Pat Driscoll, 3 E. Slade, Palatine addressed the Council and provided a brief history of the home.

3. Consider an Ordinance Granting a Variation for the Total Ground Floor Area of All Accessory Structures at 728 S. Warren Avenue **- Motion Carried by Voice Vote** (Council District: Five)

   Director of Planning and Zoning Ben Vyverberg reported the petitioner is requesting a Variation to allow a 160 square foot shed to permit the total ground floor area of all accessory square footage to be 1,460 square feet instead of the maximum permitted 700 square feet. There is an existing above ground pool, deck and detached garage. The ZBA voted unanimously to approve the Variation and staff concurs.

   In response to Councilman Kozlowski regarding percentage of lot coverage, Vyverberg confirmed, 700 square feet is the maximum limitation regardless of lot size.

   Village Manager Reid Ottesen mentioned this could be reviewed by staff.

4. 16 S. Bothwell Street (Council District: Two):

Director of Planning and Zoning Ben Vyverberg reported the Special Use Transfer with a new owner and new name of the restaurant. Vyverberg noted staff received complaints of a food truck at the location. A condition of the Special Use relates to the food truck associated with the restaurant and shall not be permitted to be parked in a municipal lot. The Petitioner is requesting a Class D liquor license for Bendita Cocina. Staff recommends approval.

In response to Councilman Myslinski, Village Manager Reid Ottesen explained the food truck at Hicks and Lake Cook was part of their Special Use and met Village Code. The problem with this location, it's a municipal lot and complaints were received. There is a zoning process to follow to allow for this parking arrangement if needed.

Village Manager Reid Ottesen presented the Planned Development Amendment at 1979 N. Rand Road. As part of the Napleton Planned Development it was the intention to add a third dealership to the site. Steve Napleton, the original developer has a long standing relationship with Chuck Weck, the petitioner for a new Volkswagen dealership within the Napleton Planned Development. Ottesen mentioned with the intention of acquiring another auto dealership much of the zoning discussion was complete. An Ordinance executing of a Redevelopment Agreement with Northwestern Motors Holding, Inc. and 1977 Rand LLC is proposed. The Plan Commission voted unanimously to approve the Planned Development Amendment and staff concurs.

Chuck Weck addressed the Council expressing his excitement in moving the Volkswagon dealership from Mt. Prospect to Palatine.

3. Consider a Motion Accepting the Northwest Highway Sub Area Phase 2 Analysis and Recommendations **- Approved by Voice Vote** (Council District: Multiple)

Planning & Zoning Director Ben Vyverberg outlined the Northwest Highway Sub Area Phase 2 analysis encompassing approximately a 3.2 mile stretch of Northwest Highway from Palatine Plaza heading west. Staff identified several development challenges including:

- small vacant and/or underdeveloped parcels
- large shopping centers and office buildings with vacancies
- lack of investment on some areas of Northwest Highway
- location of Union Pacific Railroad
- existing residential properties likely to remain

Recommendations include:

- promote uniform and enhanced landscaping
- identify types of zoning relief for redevelopment
- Implement fencing
- improve infrastructure with urban design improvements

The Plan Commission voted unanimously to approve the Northwest Highway Sub Area Phase 2 Analysis and staff concurs.

Councilman Millar asked if there was any outreach to businesses for consolidating properties. Vyverberg explained there is greater success when consolidation conditions are recommended after interested parties approach the Village with a proposal.

Certificates of Recognition for Palatine Park District Lifeguards

BACKGROUND:
This presentation is in recognition of the Palatine Park District lifeguards who saved a young girl from drowning at Birchwood Pool in June, 2021.

Here tonight to accept Certificates of Recognition are lifeguards Sanjna Batra, Eli Sherman, Avery Monacella, and Delaney Morse. Also in attendance is Aquatics Manager, Patrick Griffin.

Consider an Ordinance Granting Special Uses and Variations to Permit a Drive-Through Restaurant and Electronic Message Board Sign at 1158 E. Dundee Road

BACKGROUND:
The Petitioner is proposing to relocate an existing restaurant, Tore & Luke's, and associated freestanding electronic message board (EMB) sign to a new location on Dundee Road. Therefore, the Petitioner is requesting approval of the following:

1) Special Use to permit a drive-through restaurant;

2) Special Use to permit an electronic message board (EMB); and

3) Variations to permit a freestanding sign to be 110 square feet instead of the maximum 100 square feet and on a lot with less than 300 feet of lot frontage and within 500 feet of another electronic message board.

KEY ISSUES:

- The Petitioner proposes to relocate their existing restaurant on Rand Road to the Subject Property and it will be drive-through only, with no interior seating.
- The Petitoner is proposing to relocate/reuse their existing sign from their current location. The EMB sign requires both a Special Use and Variations for size, EMB separation, and minimum required lot width. Both the Delta Sonic Car Wash (1245 E. Dundee Road) and the Sonic restaurant (1151 E. Dundee Road) have approved EMBs with less than 300 feet of frontage and Sonic's EMB sign is within the minimum required 500 feet between EMB signs.
- The previous Tore and Luke's Rand Road location is zoned Planned Development. As part of the Planned Development approval for the restaurant and site, the EMB sign (at 110 square feet) was approved, as the Rand Road corridor and B-5 zoning district allow freestanding signs to be up to 120 square feet. The Rand Road site contained less than 300 feet of lot frontage and was located within 500 feet of another EMB (Knupper).
- The proposed location on Dundee Road is an approved EMB corridor and is zoned Planned Development, but follows the B-2 zoning district standards. At 110 square feet, the proposed sign exceeds the maximum allowable square footage of 100 square feet and, as the Planned Development contained no underlying applicable EMB provisions, the proposed sign followed the Zoning Ordinance proscribed EMB process for review.
- While relief is needed for the proposed relocation/reuse of the EMB, the proposed location is farther from the Sonic sign (275') than the distance from the previous sign location to the nearby Knupper Nursery sign (165'). In addition, the limited amount of sign area dedicated to the EMB reduces the sign's potential impacts.

ALTERNATIVES:

1. Approve the Special Uses and Variations to permit a drive-through restaurant

and EMB Sign.

2. Do not approve the Special Uses and Variations to permit a drive-through restaurant and EMB Sign.

RECOMMENDATION:

Public Hearing**:**	ZBA meeting on June 22, 2021
Residents testifying:	None.
Vote:	The ZBA voted unanimously approve the Special Uses and Variations to Permit a Drive-thru Restaurant and EMB Sign. Staff concurs with the Special Use for the restaurant and recommends action at the Village Council's discretion for the Special Use and Variations for the EMB sign.

ACTION REQUIRED:
A motion to approve the ordinance granting Special Uses and Variations to Permit a Drive-thru Restaurant and EMB Sign at 1158 E. Dundee Road

PETITIONER: Frank Caputo, Tore & Lukes

CASE NUMBER: 21-02

ADDRESS: 1158 E. Dundee Road

PROPOSAL:
Special Use to permit a restaurant with a drive-thru pursuant to Section 11.03 (d) (28) of the Palatine Zoning Ordinance.

Special Use to permit an electronic message board pursuant to Section 8.01 (i)(1) of the Palatine Zoning Ordinance.

Variation to permit a freestanding sign to be 110 square feet instead of the maximum 100 square feet pursuant to Section 8.03 (b)(1)(c) of the Palatine Zoning Ordinance.

Variation to permit an electronic message board on a lot with less than 300 feet of lot frontage pursuant to Section 8.03 (i)(2)(b) of the Palatine Zoning Ordinance.

Variation to permit an electronic message board within 500 feet of another electronic message board pursuant to Section 8.01 (i)(2)(e) of the Palatine Zoning Ordinance.

associated freestanding electronic message board (EMB) sign. Therefore, the Petitioner is requesting:

Special Use to permit a restaurant with a drive-thru.

Special Use to permit an electronic message board.

Variation to permit a freestanding sign to be 110 square feet instead of the maximum 100 square feet.

Variation to permit an electronic message board on a lot with less than 300 feet of lot frontage.

Variation to permit an electronic message board within 500 feet of another electronic message board.

SITE ANALYSIS:

- The Subject Property is zoned Planned Development. The previous user was White Castle, which has been closed for over 10 years.
- The Subject Tenant Space is 2,055 square feet and has an existing dumpster enclosure to the north of the building.
- The Petitioner proposes to relocate their existing restaurant to the subject property; however, this location will be drive-thru only, without interior seating. Note: If seating were to be added in the future, a Special Use Amendment may be required.
- The proposed hours of operation are 7 days a week from 10:30 AM - 10:30 PM. There will be 8 employees and an estimated 100-105 customers per day.
- The required number of parking spaces is 7 spaces, per 1 to 300 square feet calculation as there is no seating. There are 24 parking spaces provided including 2 handicap spaces. Per code if seating is added in the future up to 60 seats could be added without requiring a Variation.
- The proposed sign plan includes a freestanding EMB sign, which requires a Special Use.
- The total square footage of the freestanding sign is approximately 109 square feet (100 square feet is permitted for freestanding signs); therefore, a Variation is required.
- The message board of the existing EMB sign would consist of approximately 25% of the overall sign area. The Zoning Ordinance allows up to 40%.

Attachment: 1158 E Dundee Road - Tore & Luke's Relocation June 22 2021 ZBA Agenda Packet (2021-70 : 1158 E Dundee Road - SU VAR

- The Subject Property has a lot width of 220 feet, which does not meet the minimum required 300 feet of frontage for an EMB. Therefore, a Variation is required. There is also a 30-foot two-way drive aisle to the east, to which the Subject Property adjoins an access and entrance easement.
- There are two existing EMB signs nearby at Delta Sonic Car Wash (1245 E. Dundee Road) and the Sonic restaurant (1151 E. Dundee Road). Sonic's EMB sign is within the minimum required 500 feet between EMB signs; therefore, a Variation is required. Both of those signs are also located on properties with less than 300 feet of frontage.

STANDARDS FOR SPECIAL USE: Since this Petition is not for a use publicly operated or traditionally affected with the public interest, those standards under Section 14.05 D (2) and (3) are applicable. Specifically, the Petitioners must show that the Special Use, if granted, is so designed, located, and proposed to be operated that the public health, safety, and welfare will be protected and will not cause substantial injury to the value of other property in the neighborhood in which it is located. The Petitioners have attempted to address the required standards.

STANDARDS FOR A VARIATION: Standards for a Variation are found in Section 14.03 D (1) and (2) of the Zoning Code. Specifically, the Petitioners must show that the property in question cannot yield a reasonable return if permitted to be used only under the conditions allowed by the regulations governing the district in which it is located; that the plight of the owner is due to unique circumstances; and that the variation, if granted, will not alter the essential character of the locality. The Petition for Variation is attached, and the Petitioners have attempted to address the required standards.

STAFF RECOMMENDATION:

The Petitioner is proposing to relocate an existing restaurant, Tore and Lukes, to a vacant building with associated drive-through previously occupied by White Castle. The proposal also includes the relocation of an existing freestanding EMB sign, which has an overall sign area of 109 square feet.

Attachment: 1158 E Dundee Road - Tore & Luke's Relocation June 22 2021 ZBA Agenda Packet (2021-70 : 1158 E Dundee Road - SU VAR

While the proposed EMB sign would be located approximately 250 square feet from Sonic's existing EMB sign, it would be placed on the opposite side of Dundee Road, a 5-lane roadway, and further west. Furthermore, Dundee Road is an approved corridor for EMB signs, per the Zoning Ordinance. Therefore, the proposed EMB sign should not have a negative impact and with regard to the square footage, Staff believes that the Petitioner has presented a unique circumstance, with the sign being permitted at another location and zoning district within the Village and requiring a variation at this location.

Additionally, the proposed business will be take-out only via the drive-thru or pickup. The Subject Property has adequate parking to accommodate the proposed restaurant and its business operations. Therefore, Staff recommends approval of the Special Use for the restaurant and while Staff does not object to the Variation for the sign square footage, Staff recommends action at the discretion of the Zoning Board of Appeals for the EMB relief, subject to the following conditions:

1. The Special Uses and Variations shall substantially conform to the business plan, floor plan and site plan submitted by the Petitioner on 1/8/21, except as such plans may be changed to conform to Village Codes and Ordinances.

2. The EMB sign shall follow the operation standards in the zoning ordinance, including the following:

   8.03 Operation.
   a. All illumination shall be consistent in color.
   b. The message shall not flash, scroll or scintillate. Illumination representing movement shall be prohibited. Background illumination shall be prohibited.
   c. Any message on an electronic message board shall be displayed for a minimum of fifteen (15) seconds. (Ord. No. 0-123-15, §1, 10/19/15)

Petitioner Justification

The Petitioner is required to present specific evidence related to each of the following standards to justify the request (paraphrased from Section 14.03 of the Palatine Zoning Ordinance). Answer the items below and attach a separate sheet if necessary. ***If you are applying for a Special Use only, you do not need to answer these items.***

1. That the property cannot yield a reasonable return if used only under the conditions allowed by the regulations governing the zoning district in which it is located

Petitioner is requesting the variance to use an existing electronic messaging center that has been in place for the last 10 years at the an existing site in Palatine.

Petitioner is only requesting to relocate the sign in its entirety to the new location, both locations are currently in commercial zones.

2. That the plight of the owner is due to unique circumstances

Petitioner is only requesting to relocate an existing sign within the Village.

3. That the variation, if granted, will not alter the essential character of the locality

The variation will not alter the essential character of the locality.

4. In order to supplement the above standards, the Zoning Board of Appeals may also consider the following:
   a. The particular surroundings, shape, or topographical conditions of the property
   b. A unique hardship for the property not generally applicable to other properties in the same zoning district
   c. The request is not based on a desire to make more money out of the property
   d. The petitioner has not created the alleged hardship for the property
   e. The request will not be detrimental to the public welfare or other properties in the neighborhood
   f. The request will not impair the supply of light and air to adjacent properties, substantially increase the danger of fire, endanger the public safety, or substantially diminish or impair neighboring property values

The request will not be detrimental to the public welfare or other properties in the neighborhood as it has existed in the Village of Palatine for 10 years.

The request will not impair the supply of light and air to adjacent properties, substantially increase the danger of fire, endanger the public safety, or substantially diminish or impair neighboring property values,

as it had not in the last 10 years in its current location.

III. PUBLIC HEARING

1. 1158 E. Dundee Road

Notice was published in the Daily Herald on June 7, 2021 and mailed to the owners of the surrounding properties.

Petitioner's Exhibits:

1. Application for Special Use and Variation
2. Proof of Ownership
3. Business Plan
4. Menu
5. Floor Plan
6. Sign Elevation
7. Site Plan
8. Public Notice

Sworn in staff: Ms. Lyn Bremanis

Sworn in the petitioner: Mr. Frank Caputo 1158 E Dundee Road Representing Torre and Luke's
Mr. Caputo explained they want to move their current restaurant business from 960 N. Rand Road to 1158 E. Dundee Road.

Ms. Wood asked about their business plan and sign request.
Mr. Caputo explained since Covid they have not had dine in and it is working for them so they want to continue. He stated it is a smaller facility and easier to manage and less overhead. Mr. Caputo explained the sign is in existence and would like to move it. He stated the cost to replace is high so would like to reuse if possible.

Ms. Wood clarified it is the same sign being used.
Mr. Caputo answered yes.

Ms. Wood asked if they need the EMB.
Mr. Caputo stated they posts specials and notify customer of the drive thru and carryout only.

Ms. Wood asked if they have been following the village requirements for the EMB.
Mr. Caputo answered yes.

Mr. Pirog clarified the sign was at the current location.
Mr. Caputo answered yes.

Mr. Pirog asked about surrounding residential properties.
Mr. Caputo stated there is an apartment building behind.

Attachment: Draft ZBA Minutes 6-22-21 (2021-70 : 1158 E Dundee Road - SU VAR Restaurant)

Ms. Bremanis referred to aerial showing closest residential.

Mr. Pirog asked about other EMB locations.
Ms. Bremanis referred to slide to show aerial of other sign distance.

Ms. Wood asked about the size of the Sonic EMB.
Ms. Bremanis stated she is unsure but like this one, it met the 40% of the sign.

Ms. Roth-Wurster asked if it is a monument sign.
Mr. Caputo answered yes.

Mr. Pirog clarified they are taking sign down at current location and moving.
Mr. Caputo answered yes stating they have already taken it down.

Mr. Dittrich asked if the sign would be turned off when they close.
Mr. Caputo answered yes.

Ms. Wood asked if they plan on changing back to dine in.
Mr. Caputo answered no explaining they save on overhead not staffing to clean inside and business is still good enough to sustain so they plan to keep that model.

Ms. Bremanis gave a brief overview of the request stating the property is zoned Planned Development following the B-2. She stated the previous tenant was White Castle referring to the Plat of survey slide showing what was approved with White Castle. She pointed out the building next door is no longer there. Ms. Bremanis spoke to their business plan being drive thru only and open 7 days a week 10:30am-10:30pm with 100-105 customer a day. She spoke to the parking requirement and how they are well over parked. She referred to the floor plan slide showing the entrances.

Mr. Pirog asked if they go inside for pickup.
Mr. Caputo answered no explaining there is no walk-ins. He explained they will bring the food out to the customers.

Ms. Bremanis spoke to the sign and how they are relocating an existing sign so it is understandable why they would not want to get a completely new sign. She spoke to the sign variation request because their property is 220 ft. across and 300 is required for EMB signs as well as being under 500ft away from the surrounding EMB signs. She stated the EMB is approx. 25% of the overall sign with zoning code allowing 40%.

Mr. Pirog asked is the sign not in the front of the property. He asked if they own both properties.
Mr. Caputo answered yes. He explained they chose the location for convenience and not to block the actual building.

Ms. Wood asked how long they have been in business.

Attachment: Draft ZBA Minutes 6-22-21 (2021-70 : 1158 E Dundee Road - SU VAR Restaurant)

Mr. Caputo stated they started in 1960 and moved to Palatine in 1978. He further explained they were at Hicks and Route 12 until 2006 when they moved half mile down the road.

Ms. Wood asked about the existing freestanding sign.
Ms. Bremanis explained they went through a planned development, which included the EMB sign.

Ms. Bremanis stated Community Services, Engineering, Environmental Health and Fire Prevention have reviewed and had no issues. She referred to the slides to show existing conditions and how the drive thru would operate.

Ms. Roth-Wurster asked about White Castle sign location.
Ms. Bremanis referred to plat of survey to show location.

Ms. Wood stated the request is unique with only drive thru and pick up. She asked if staff has any concern about increased drive thru traffic.
Ms. Bremanis pointed out they have an escape lane.

Ms. Wood asked Mr. Caputo is they have had any problems during lunch with the drive thru only.
Mr. Caputo answered no pointing out this space is longer than current location so should be in good shape.

Mr. Dittrich asked what their average wait time is in the drive thru.
Mr. Caputo stated approx. 2-4 minutes.

Mr. Dittrich clarified no customers will be allowed inside.
Mr. Caputo stated the doors are locked. He explained the options to order being driver thru, or through various apps.

Ms. Wood asked how many ordering stations.
Mr. Caputo answered 2.

Ms. Roth-Wurster asked about catering setup.
Mr. Caputo explained they have designated customer pickup spots.

Mr. Dittrich asked about signage allowance and how they exceed.
Ms. Bremanis explained a free standing sign in the B2 can only go up to 100 sq.ft. and this sign is 109. She further explained the EMB percentage allowance pointing opt they are within the allowed percentage.

STAFF RECOMMENDATION:

The Petitioner is proposing to relocate an existing restaurant, Tore and Lukes, to a vacant building with associated drive-through previously occupied by White Castle. The proposal also includes the relocation of an existing freestanding EMB sign, which has an overall sign area of 109 square feet.

Attachment: Draft ZBA Minutes 6-22-21 (2021-70 : 1158 E Dundee Road - SU VAR Restaurant)

While the proposed EMB sign would be located approximately 250 feet from Sonic's existing EMB sign, it would be placed on the opposite side of Dundee Road, a 5-lane roadway, and further west. Furthermore, Dundee Road is an approved corridor for EMB signs, per the Zoning Ordinance. Therefore, the proposed EMB sign should not have a negative impact and with regard to the square footage, Staff believes that the Petitioner has presented a unique circumstance, with the sign being permitted at another location and zoning district within the Village and requiring a variation at this location.

Additionally, the proposed business will be take-out only via the drive-thru or pickup. The Subject Property has adequate parking to accommodate the proposed restaurant
and its business operations. Therefore, Staff recommends approval of the Special Use for the restaurant and while Staff does not object to the Variation for the sign square footage, Staff recommends action at the discretion of the Zoning Board of Appeals for the EMB relief, subject to the following conditions:

1. The Special Uses and Variations shall substantially conform to the business plan, floor plan and site plan submitted by the Petitioner on 1/8/21, except as such plans may be changed to conform to Village Codes and Ordinances.

2. The EMB sign shall follow the operation standards in the zoning ordinance, including the following:

8.03 Operation.

a. All illumination shall be consistent in color.
b. The message shall not flash, scroll or scintillate. Illumination representing movement shall be prohibited. Background illumination shall be prohibited.
c. Any message on an electronic message board shall be displayed for a minimum of fifteen (15) seconds. (Ord. No. 0-123-15, §1, 10/19/15)
(Ord. No. 0-8-12, §1, 1/9/12)

There were no further questions. The public hearing was closed.

Mr. Pirog made a motion to approve subject staff's conditions; seconded by Mr. Dittrich

DELIBERATIONS:

Mr. Pirog spoke to the standards looking at unique circumstance. He pointed out it is an existing sign and is almost like when property owners are grandfathered in. He spoke to the other signs and how it is an approved EMB corridor. Mr. Pirog stated it meets the standards and votes to approve.

Ms. Wood spoke to the EMB request pointing out this is reasonable. She stated this business had been in Palatine for years and should not have a substantial injury to the property and will be nice to have the vacant property occupied. Ms. Wood pointed out it is not a large EMB so will not be overwhelming. She spoke to

Attachment: Draft ZBA Minutes 6-22-21 (2021-70 : 1158 E Dundee Road - SU VAR Restaurant)

the uniqueness being that they are moving an already approved sign. She stated it won't alter the character of locality.

Ms. Roth-Wurster agreed the standards have been met. She stated it is an established sign and is moving to a restaurant-focused area. She spoke to the traffic flow of the drive thru and how the property is custom made for their business plan.

Ms. Wood summarized that this request has met the standards and was unanimously approved by a vote of 5-0. This item will tentatively go to Village Council on July 12, 2021.

Consider an Ordinance Increasing the Number of Class D (Restaurant) Liquor Licenses by One and Decreasing the Number of Class D-1 Liquor Licenses by One for J L's Pizza and Sports Bar at 19 N. Bothwell Street

BACKGROUND:
J L's Pizza and Sports Bar currently holds a Class D-1 (Restaurant with Extended Hours) Liquor License. After a review of their restaurant operations, the owner, Dave Gagner, is requesting a Class D (Restaurant) liquor license with earlier closing times (12:00 AM on weekdays and 1:00 AM on weekends) to replace the Class D-1 license effective July 1, 2021.

KEY ISSUES:

- J L's Pizza and Sports Bar is currently operating under the Class D hours awaiting Village Council decision.
- Payment of $3,742 for a Class D license was received for the 2021/2022 year.

ALTERNATIVES:

1. Approve the Ordinance increasing the number of Class D liquor licenses by one and decreasing the number of Class D-1 liquor licenses by one.
2. Do not approve the Ordinance increasing the number of Class D liquor licenses by one and decreasing the number of Class D-1 liquor licenses by one.

Dear Reid Ottesen,

JL's is currently the holder of a Class D-1 Liquor License. Following a review of our operations, I would like to switch t a Class D License with the earlier closing times (12:00am weekdays/1:00am weekends). I would like for this to take place with the new license year on July 1, 2021.

Understanding that this will require action by the Liquor Commission and Council which cannot happen until July 12th, agree to operate under the Class D hours as I await Village action. Additionally, per our conversation, I will remit the payment of $3,742 which reflects the Class D license fee for the upcoming 2021-22 year.

Consider an Ordinance Granting a Special Use and Variation to Permit a Restaurant/Bar at 365 W. Northwest Highway

BACKGROUND:

The Petitioner is requesting to open a new sports restaurant/bar at the Subject Property. Therefore, the Petitioner is requesting approval of the following:

1) Special Use to permit a restaurant/bar; and

2) Variation for an additional 43 parking spaces to allow 158 parking spaces instead of the minimum required 220 parking spaces.

KEY ISSUES:

- The Subject Tenant Space, zoned B-2 General Business District, is located in the Century Plaza shopping center.
- The Subject Tenant Space is 6,400 square feet and the shopping center contains a total of 37,223 square feet total.
- 158 parking spaces are provided, including existing parking variations of 19 parking spaces (O-53-17 & O-60-19) for a total of 177 parking spaces. An additional 43 parking spaces would be required, per Code. As justification for the parking variation, the Petitioner identified the non-conflicting hours of operation between the proposed use and the other tenants within the center.

ALTERNATIVES:

1. Approve the Special Use and Variation to Permit a Restaurant/Bar.

2. Do not approve the Special Use and Variation to Permit a Restaurant/Bar.

RECOMMENDATION:

Attachment: SU ORD - 365 W Northwest Hwy (2021-72 : 365 W Northwest Highway - SU & VAR Restaurant Parking)

Proposed Location at 365 W. Northwest Hwy.

Business Plan

This business operation will help the Ownership of the Shopping Center occupy 6,400 square feet of vacant space, which will entertain a middle aged community. Patrons will enjoy watching sport games and playing on the pool tables and the variety of arcade games in a nice atmosphere.

This location would have (4) employees. The hours of operation would be Monday through Thursday 3:00 pm – 11:00 pm and Friday through Sunday 11:00 am – 11:00 pm.

It has been extremely difficult and impossible to find retail tenants due to the Pandemic and the online retail business. We ask the Mayor and the Board of Trustees to grant this use to help keep the occupancy of the Shopping Center in a financially stable condition. Attached for your review is a proposed plan for this project.

CASE STAFF STATEMENT (ID # 6846)

365 W. Northwest Highway

TO: Palatine Zoning Board of Appeals
Jan Wood, Chair

FROM: Lyn Bremanis

PETITIONER: Manny Rafidia

CASE NUMBER: 21-41

ADDRESS: 365 W. Northwest Highway

PROPOSAL:
Special Use to permit a restaurant pursuant to Section 11.03 (d)(27)(28) of the Palatine Zoning Ordinance.

Variation for an additional 43 parking spaces to allow 158 parking spaces instead of the minimum required 220 parking spaces pursuant to Section 7.03 (b)(1) of the Palatine Zoning Ordinance (this parking Variation is based upon the existing parking variation for the shopping center).

LOCATION:	365 W. Northwest Highway District 6 (Helms)	**CURRENT ZONING:**	B-2 General Business District

SURROUNDING CONDITIONS:

North:	Planned Development (Lexington Oaks / Hamilton Creek)
South	M Manufacturing (Wetlands)
East:	B-2 General Business
West:	Planned Development (Hidden Prairie)

BACKGROUND:

The Petitioner is requesting to open a new sports bar/restaurant business at the Subject Property. Therefore, the Petitioner is requesting:

Special Use to permit a restaurant/bar

Variation for an additional 43 parking spaces to allow 158 parking spaces instead of the minimum required 220 parking spaces

SITE ANALYSIS:

- The Subject Property is zoned B-2 General Business District and it is located in

the Century Plaza.

- The Subject Tenant Space is 6,400 square feet and the shopping center is 37,223 square feet total.
- The business plan outlines a new sports bar and restaurant that will serve food and liquor along with an open area that will have pool tables, air hockey, arcade games, etc.
- The proposed hours of operation are Monday through Thursday from 3:00 PM to 11:00 PM and Friday through Sunday from 11:00 AM to11:00 PM.
- There would be 4 employees per shift.
- The floor plan indicates a total of 52 seats.
- The previous tenant was Physician's Management Solutions office, which was a permitted use and followed the 1/300 per square foot parking calculation.
- The restaurant requires 64 parking spaces, per the 1/100 square foot requirement.
- Other tenants in this shopping center are listed below in the parking calculations table.
- 158 parking spaces are provided including existing parking Variations of 19 parking spaces (O-53-17 & O-60-19) for a total of 177 parking spaces. An additional 43 parking spaces would be required, per Code.

STANDARDS FOR SPECIAL USE: Since this Petition is not for a use publicly operated or traditionally affected with the public interest, those standards under Section 14.05 D (2) and (3) are applicable. Specifically, the Petitioners must show that the Special Use, if granted, is so designed, located, and proposed to be operated that the public health, safety, and welfare will be protected and will not cause substantial injury to the value of other property in the neighborhood in which it is located. The Petitioners have attempted to address the required standards.

STANDARDS FOR A VARIATION: Standards for a Variation are found in Section 14.03 D (1) and (2) of the Zoning Code. Specifically, the Petitioners must show that the property in question cannot yield a reasonable return if permitted to be used only under the conditions allowed by the regulations governing the district in which it is located; that the plight of the owner is due to unique circumstances; and that the variation, if granted, will not alter the essential character of the locality. The Petition for Variation is attached, and the Petitioners have attempted to address the required standards.

STAFF RECOMMENDATION:
The Petitioner is proposing to open a new sports bar and restaurant in a vacant tenant space previously occupied by a billing office. Per the current tenant mix, four of the medical offices are closed by 6 PM weekdays and three of them are closed on Saturday and Sundays, which are typically peak restaurant hours. The current tenant configuration and uses should allow the proposed Special Use and parking Variation to function. In addition, the Petitioner provided parking counts showing the capacity on the evenings and weekends. Nevertheless, the parking Variation requested is significant and the Subject shopping center has multiple tenants; therefore, Staff recommends action at the discretion of the Zoning Board of Appeals for of the Special Use and Variation, subject to the following conditions:

1. The Special Use and Variation shall substantially conform to the floor plan and the business plan submitted by the Petitioner on 05/05/2019, except as such plans may be changed to conform to Village Codes and Ordinances.
2. The parking lot shall be re-striped in a manner acceptable to the Director of Planning and Zoning to reflect the submitted site plan.

Sworn in petitioner: Mr. Manny Rafidia 365 W Northwest Hwy
Mr. Rafidia stated he has owned the center since 1996 which has gone through a lot of changes. He stated he is losing tenants of a 6400 sq.ft. physician group and the Women's Care because they are moving to Deer Park. He spoke to the difficulty of filing with retail tenants. Mr. Rafidia stated he owns multiple centers and have issues finding retail tenants in all of them. He spoke to his other businesses similar to this request including Pop's in Roselle.

Ms. Wood asked if they are modeling this request to Pop's.
Mr. Rafidia answered yes. He explained he is not anxious to open another restaurant but running out of uses. He stated to the property taxes have gone up and can't pass expenses to the tenants because they would leave. Mr. Rafidia stated he is asking for relief for use to help traffic coming into the center.

Ms. Wood asked when taco restaurant is opening.
Mr. Rafidia stated they are having a hard time finding staff. He stated the state sent him a letter to open by the end of July or he will be fined.

Mr. Pirog asked what tenants are leaving.
Mr. Rafidia explained this use will replace the Physicians Associates which removes 50 employees which will help with parking. He further explained the Women's Care is the big hit because it will be difficult to replace.

Ms. Wood asked if Garsillos is operating.
Mr. Rafidia answered yes. He stated he works hard and will come back strong

Ms. Wood asked how long they have been open.
Mr. Rafidia answered about a year. He spoke to the previous restaurants in that tenant space.

Ms. Wood asked about the wine cellar.
Mr. Rafidia stated the owner has health issues so has done more online. He

Attachment: ZBA Minutes 6-8-21 (2021-72 : 365 W Northwest Highway - SU & VAR Restaurant Parking)

stated they are world renown wine tasting people and are anxious to come back.

Ms. Wood asked what kind of parking demand the Wine Cellar has.
Mr. Rafidia explained their events are usually 2 hours on Saturday afternoons 4 times a year.

Mr. Rafidia pointed out he maintains the parking lot making sure it is paved and striped even under the hard times.
Ms. Wood asked about taco location.
Mr. Rafidia referred to slide to show location next to salon. He spoke to other location in Bartlett that is doing great pointing out they will open with the same management in Bartlett.

Ms. Wood asked if the Bartlett location is also his business.
Mr. Rafidia answered yes and they modeled the Palatine location as a replica from Bartlett.

Ms. Wood asked if the proposed bar will be Mr. Rafidia's business.
Mr. Rafidia answered yes with his son and nephew.

Mr. Pirog questioned amount of staff.
Mr. Rafidia explained the bar would cook their own food and there will a receptionist in front overlooking place. He explained it will be geared more for entertainment and self-service with a very limited menu.

Mr. Pirog asked about parking count and tenant spaces.
Ms. Bremanis explained the bar will take the place of the Physicians billing office.

Mr. Pirog asked if the Physicians billing office had a lower parking requirement.
Ms. Bremanis explained office space is calculated 1 per 300.

Mr. Rafidia stated at once point there were 50 people working in that office and they park for a whole 8 hour shift which will not be the case for this request.

Ms. Wood asked when the expected peak hours will be.
Mr. Rafidia stated between 7pm-12am

Mr. Pirog clarified they will only open till 11pm.
Mr. Rafidia answered expected 4pm-12am.

Ms. Wood asked about the discrepancy of hours in the packet.
Ms. Bremanis explained the liquor license will determine the hours of operation.

Ms. Wood asked about games offered.
Mr. Rafidia spoke to the offerings including 12 high-end pool tables.

Sworn in Henry Rafidia 365 W Northwest Hwy
Mr. Rafidia pointed out the center has low visibility and this will help drive traffic to it. He stated they would like to build a community for people to have fun. He stated this will give the patients at the new medical center somewhere to wait for their appointments.

Ms. Bremanis gave a brief overview of the request referring to the existing conditions slide pointing out the layout of the center. She spoke of the other tenant spaces that are closed in the evenings and weekends which are the busiest times for the proposed use which could balance the parking. Ms. Bremanis explained the restaurant is calculated by 1 per 100. She further explained if they calculated per seat for the restaurants it would be less.

Ms. Wood asked if there is a cross parking agreement.
Ms. Bremanis answered no.

STAFF RECOMMENDATION:
The Petitioner is proposing to open a new sports bar and restaurant in a vacant tenant space previously occupied by a billing office. Per the current tenant mix, four of the medical offices are closed by 6 PM weekdays and three of them are closed on Saturday and Sundays, which are typically peak restaurant hours. The current tenant configuration and uses should allow the proposed Special Use and parking Variation to function. In addition, the Petitioner provided parking counts showing the capacity on the evenings and weekends. Nevertheless, the parking Variation requested is significant and the Subject shopping center has multiple tenants; therefore, Staff recommends action at the discretion of the Zoning Board of Appeals for of the Special Use and Variation, subject to the following conditions:

1. The Special Use and Variation shall substantially conform to the floor plan and the business plan submitted by the Petitioner on 05/05/2019, except as such plans may be changed to conform to Village Codes and Ordinances.
2. The parking lot shall be re-striped in a manner acceptable to the Director of Planning and Zoning to reflect the submitted site plan.
Ms. Bremanis referred to the site plan slide to explain the restriping condition.

Mr. Cavanaugh asked if the reason staff is not recommending approval is due to large parking variation.
Ms. Bremanis answered yes.

Ms. Wood asked if the spaces in back are include in count.
Ms. Bremanis answered yes.

There were no further questions. The public hearing was closed.

Mr. Cavanaugh made a motion to approve subject staff's conditions; seconded by Mr. Larson

Attachment: ZBA Minutes 6-8-21 (2021-72 : 365 W Northwest Highway - SU & VAR Restaurant Parking)

DELIBERATIONS:

Mr. Cavanaugh stated the proposal is a good idea. He stated it is a unique concept place for younger people to go for entertainment. He stated he understands parking requirement but agree the issues with parking are more in daytime. Mr. Cavanaugh stated it meets the standards and is a good use for space

Mr. Larson stated he is surprised how many spaces the center is under parked because it has never been full. He stated it seems like the lot can support this use with the other businesses hours. He stated it meets standards for special use and variation

Ms. Wood stated it is great to have an entertainment use that is a little different concept that is missing in Palatine. She stated the board needs to be cognoscente on parking to not have a negative effect on other businesses. She pointed out with less retail filling spaces the parking issue will arise more and more. Ms. Wood pointed out with this space taking the place of a highly staffed office it will have less impact.

Ms. Roth-Wurster stated the petitioner has proved than he can run a business and should be commended that he is able to adapt a space to see the space succeed. She steed the use sounds great and thinks it meets the standards. She spoke to the parking with the current use using 50 spaces and stated she doesn't see the bar requiring the same. She stated she thinks the center has a good mixed use of business ties that should work.

Ms. Wood summarized that this request has met the standards and was approved by a vote of 6-1. This item will tentatively go to Village Council on June 21, 2021.

Consider an Ordinance Granting a Special Use to Permit a Fence at 1070 S. Brockway Street

The Petitioner is requesting to install a fence 5 feet from the side yard abutting a street property line and abutting the side lot line of a front yard of an adjacent lot. Therefore, the Petitioner is requesting:

Special Use to permit a fence in the rear yard abutting the side lot line of the front yard of an adjacent lot.

KEY ISSUES:

- The Subject Property, zoned R-1 Single-Family Residential, was annexed into the Village in 1990. The Petitioner received a Special Use for a setback reduction to complete a second story addition in 2020. The fence was a component of that request, but was not included in the Council's review as the Petitioner was going to look at revising the plan to address the concerns raised by their neighbors.
- The proposal also included the installation of a 5 foot solid fence to be located 5 feet from the side yard abutting a street lot line, which also encroaches on the side lot line of the front yard of an adjacent lot. Therefore, a Special Use is required.
- Subsequent to the Public Hearing, the Petitioner met with the two neighbors that initially objected to the proposed fencing plan and obtained their support with a revised landscaping plan. The revised landscaping includes installed evergreen bushes and hydrangeas, which are placed in front of the fence along Bryant Avenue. Both neighbors submitted email supporting the request, which are included in the packet.

ALTERNATIVES:

1. Approve the Special Use to permit a fence.
2. Do not approve the Special Use to permit a fence.

RECOMMENDATION:

See attached for the fence layout and the landscaping I added along the fence section across from your home. I just need your response to this email stating that you approve of this layout and plan.
I also need the same response from the other neighbor that attended the meeting with you. Do you have his email address or are you able to forward this on to him for his approval? Please call or email me with any questions.

VILLAGE OF PALATINE
Zoning Board of Appeals

SCHEDULED 10/13/20 07:00 PM

CASE STAFF STATEMENT (ID # 6231)

1070 S. Brockway Street

TO: Palatine Zoning Board of Appeals
Jan Wood, Chair

FROM: Lyn Bremanis

PETITIONER: Chris Gibala

CASE NUMBER: 20-44

ADDRESS: 1070 S. Brockway Street

PROPOSAL:

Special Use to permit an addition to be set back 25 feet from the side lot line abutting a street instead of the required 40 feet and a setback of 7 feet from the interior side lot line, instead of the required 15 feet, pursuant to Section 10.02 (c)(12) of the Palatine Zoning Ordinance.

Special Use to permit a fence on the rear property line abutting the side lot line of a front yard of an adjacent lot pursuant to Section 6.03 (b) (6) of the Palatine Zoning Ordinance.

LOCATION:	1070 S. Brockway St District 2 (Lamerand)	**CURRENT ZONING:**	R-1 Single Family Residential

SURROUNDING CONDITIONS:

North:	R-1 Single Family Residential
South	R-1 Single Family Residential
East:	R-1 Single Family Residential
West:	R-1 Single Family Residential

BACKGROUND:

The Petitioner is requesting to build an addition, which encroaches into the side yard setbacks (interior and side yard abutting a street) and to install a fence 5 feet from the side yard abutting a street property line and abutting the side lot line of a front yard of an adjacent lot. Therefore, the Petitioner is requesting:

Special Use to permit an addition to be set back 25 feet from the side lot line abutting a street, instead of the minimum required 40 feet and a setback of 7 feet, instead of the minimum required 15 feet from the interior side lot line.

Attachment: 1070 S Brockway Street - October 13 2020 ZBA Agenda Packet (2021-74 : 1070 S Brockway Street - VAR Fence)

Attachment: 1070 S Brockway Street - October 13 2020 ZBA Agenda Packet (2021-74 : 1070 S Brockway Street - VAR Fence)

Special Use to permit a fence on the rear property line, abutting the side lot line of a front yard of an adjacent lot.

SITE ANALYSIS:

- The Subject Property is zoned R-1 Single Family. The property previously received relief for a single story addition, which maintained the 25-foot setback in the required side yard abutting a street setback and was approved through Ordinance #O-160-06.
- The Subject Property was annexed into the Village in 1990, with a legally non-conforming setback of 25 feet (minimum R-1 side yard abutting a street setback is 40 feet).
- The Petitioner is proposing to build a second story addition, over the existing first story, with an approximately 25 foot side yard abutting a street setback on the southern side (40 feet is the minimum) of the home and a two-story addition to the north, with an approximately 7 foot side lot line setback (15 feet is the minimum).
- Also, the Village Council previously approved a Special Use for 2nd story and garage addition, with an interior side yard setback of 5 feet. The property was under a different ownership and those plans were not implemented.
- The proposal also included the installation of a 5 foot solid fence; 5 feet from the side yard abutting a street lot line, which also encroaches on the side lot line of the front yard of an adjacent lot. Therefore, a Special Use is required.
- The peak height of the addition meets code.
- Both building and lot coverage meet code at approximately 19% building and 24% lot coverage (maximum 25% building and 35% lot coverage are permitted).

STANDARDS FOR SPECIAL USE: Since this Petition is not for a use publicly operated or traditionally affected with the public interest, those standards under Section 14.05 D (2) and (3) are applicable. Specifically, the Petitioners must show that the Special Use, if granted, will be operated in a manner consistent with the public health, safety, and welfare, and that the Special Use will not have a negative impact on the value of surrounding properties. The Petition for a Special Use is attached, and the Petitioners have attempted to address the required standards.

(5) With respect to front yard fencing and fencing in a rear yard/side yard abutting a street, he following additional standards must be met:

a. Will meet the following aesthetic criteria:
   i. Will not destroy existing vistas in the area;
   ii. Will enhance the appearance of the homes and the streets in the area; and
   iii. Will not detract from the overall appearance of the community; or

b. The fencing is found to be necessary to protect private property or the safety of the inhabitants of the property.

STAFF RECOMMENDATION:

The Petitioner is requesting to construct an addition, which encroaches into the required side yards. The Petitioner received relief for the side yard abutting a street setback, for an addition to the west and is requesting the same setback for a second story addition. On the interior side yard (north), the setback is legally non-conforming, from annexation, at approximately 14 feet. The Petitioner would like to expand the single 1-car garage to a 2-car garage. Any addition would require setback relief. The neighborhood was annexed into the Village in 1990, with an R-1 designation, and many of the properties in area are legally non-conforming for the interior side yard setbacks (ranging from 5 feet to 9 feet). The Petitioner is requesting an interior side yard setback (north) of 7 feet. Therefore, the proposed addition should not impact the surrounding property owners or alter the essential character of the neighborhood. Therefore, Staff recommends approval of the Special Use request for side yard setbacks with the following condition:

1. The Special Use for the side yard setbacks shall substantially conform to the addition site plan and elevation plans prepared by the architect, Archimax Inc dated 7/02/20, except as such plans may be changed to conform to Village Codes and Ordinances.

Attachment: 1070 S Brockway Street - October 13 2020 ZBA Agenda Packet (2021-74 : 1070 S Brockway Street - VAR Fence)

The Petitioner is also requesting to build a 5-foot tall fence, 5 feet from the side lot line abutting a street and the side lot line of the front yard of an adjacent lot. Per code, the proposed fence requires a 25-foot side yard abutting a street setback to be set back 25 feet (previously approved Special Use). Fences in corner side yards are not prevalent in this neighborhood. However, there are existing bushes, which provide screening. The bushes are in the right away and would be removed, with new landscaping required in the 5 feet between the proposed fence and lot line. This may alter the characteristic of fencing in side yards abutting a street, but should not have a negative impact on sight lines. Therefore, Staff recommends action at the discretion of the Zoning Board of Appeals. If the ZBA decides to recommend approval Staff recommends the following conditions:

1. The Special Use for the fence shall substantially conform to the fence site plan and elevation plan submitted by the Petitioner on 9/3/20, except as such plans may be changed to conform to Village Codes and Ordinances.

SPECIAL USE

Required Materials

- ☐ Filing Fee of $ _____
- ☐ Application Form
- ☐ Plat of Survey (must show all current improvements and be sealed by an Illinois certified surveyor)
- ☐ Site Plan & Floor plan (dimension, location, and setbacks of all existing and proposed buildings) – **one 11x17 copy each, electronic version preferred**
- ☐ Real Estate Interest Disclosure Form (see attached)
- ☐ Proof of Ownership or Lease (e.g. Title Insurance Policy, Deed, or Purchase Contract)
- ☐ Business Plan (if applicable; including, but not limited to nature of business, hours of operation, number of employees, and menu)

Additional Materials (as required by the Village)

- ☐ Elevation Plan (front, side, and rear elevations of a proposed building), and/or Floor Plan (proposed interior layout) – **one 11x17 copy of each plan, electronic versions preferred**
- ☐ Engineering Plans (must indicate existing conditions, topography, storm water management, tree preservation, utility connections, detention calculations, and a cost estimate)
- ☐ Photographs (e.g. ground-level or aerials)
- ☐ Other materials as deemed necessary by the Village

Petitioner Justification

The Petitioner is required to present specific evidence related to each of the following standards to justify the request (paraphrased from Section 14.05 of the Palatine Zoning Ordinance). Answer the items below and attach a separate sheet if necessary. ***If you are applying for a Variation only, you do not need to answer these items.***

1. The use is deemed necessary for the public convenience at that location

The use for the new fenced in yard will allow our children to play safely and will keep coyotes out of our yard.

The use for our 2nd floor addition will provide our growning family with more space while staying in our neighborhood that we enjoy

2. The use is designed, located, and proposed to be operated that the public health, safety and welfare will be protected

The use will not create any safety hazards.

3. The use will not cause substantial injury to nearby property values

The use should help increase the property values of nearby homes as the condition of our property and home improve

4. With respect to live entertainment uses, the use shall not:
   a. Produce noise levels so great as to constitute an unreasonable interference for persons outside the confines of the establishment
   b. Impose undue health, sanitation or safety burdens on the village
   c. Create excessive demands on the Village of Palatine Police Department
   d. Be of a nature otherwise prohibited by law or village ordinance
5. For fence standards, see Section 14.05 of the Palatine Zoning Ordinance

The use does not involve live entertainment

ORDINANCE NO. O-160-06

AN ORDINANCE
GRANTING A SPECIAL USE FOR
A CORNER YARD SETBACK REDUCTION
1070 S. BROCKWAY STREET (CASE NO. 06-125)

WHEREAS, pursuant to a petition and public hearing held September 12, 2006 of which public notice was given as required by law, the Zoning Board of Appeals of the Village of Palatine, in accordance with the Zoning Ordinance of the Village of Palatine, in such case made and provided, has held such public hearing and reported its findings regarding a Special Use for a corner side yard setback reduction of 15' to permit a single-story house addition to be setback 25' from the corner side lot line pursuant to Section 10.02 (c) (13) of the Palatine Zoning Ordinance, on the following legally described property:

> Lot 6 (except the West 97 feet) in Block 21 in Arthur T. McIntosh and Company's Palatine Estates Unit No. 3, being a subdivision of parts of Section 26 and 27, Township 42 North, Range 10, East of the Third Principal Meridian, in Cook County, Illinois

commonly known as 1070 S. Brockway Street (PIN #02-27-202-016).

NOW, THEREFORE, BE IT ORDAINED, by the Mayor and Village Council of the Village of Palatine, Cook County, Illinois, acting in the exercise of their home rule power, that:

SECTION 1: A Special Use for a corner side yard setback reduction of 15' to

permit a single-story house addition to be setback 25' from the corner side lot line pursuant to Section 10.02 (c) (13) of the Palatine Zoning Ordinance, is hereby granted, subject to the following conditions:

1. The Special Use shall substantially conform to the site plan attached hereto as Exhibit 'A', and the architectural plans attached hereto as Exhibit 'B', except as such plans may be changed to conform to Village Codes and Ordinances.

SECTION 2: That the Petition for special use, the minutes and findings of the Zoning Board of Appeals, and the public notice, be attached hereto as part of this ordinance.

SECTION 3: That this ordinance shall be in full force and effect from and after its passage and approval as provided by law.

PUBLIC NOTICE
A public hearing will be held before the Palatine Zoning Board of Appeals on Tuesday, October 13, 2020 at 7:00 PM, in the Village Council Chambers in the Palatine Village Hall, 200 E. Wood Street, relative to a request for the following:
Special Use to permit a second story addition to be set back 25 feet from the side yard abutting a street lot line, instead of the minimum required 40 feet and a setback of 7 feet, instead of the minimum required 15 feet from the interior side lot line, pursuant to Section 10.02 (c)(12) of the Palatine Zoning Ordinance.
Special Use to permit a fence in the rear yard abutting the side lot line of the front yard of an adjacent lot pursuant to Section 6.03 (b)(6)(b) of the Palatine Zoning Ordinance.
The property is commonly known as 1070 S. Brockway Street (02-27-202-016).
The Petitioner is proposing to build a second story addition on the south side of the existing home and a two-story addition to the north that encroaches into the required side yard setbacks. The Petitioner is also proposing to build a 5-foot solid vinyl fence 5 feet from the side lot line along Bryant Avenue, with landscaping.
The above petition has been filed by Chris Gibala and is available for examination in the office of the Village Clerk, 200 E. Wood Street.

2. 1070 S. Brockway Street

Notice was published in the Daily Herald on September 28, 2020 and mailed to the owners of the surrounding properties.

Petitioner's Exhibits:

1. Application for Special Use & Variation
2. Proof of Ownership
3. Plat of Survey
4. Site Plan
5. Addition Elevations
6. Fence Site Plan
7. Fence Elevation
8. Public Notice

Sworn in petitioner: Mr. Chris Gibala owner 1070 S Brockway
Mr. Gibala explained they are looking for special uses for an addition that will encroach into the setbacks and the other for a fence. He explained the reason for the requests is they have 2 kids and are looking to expand family so need more space. Mr. Gibala stated they are requesting the fence for protection explaining they find half eaten animals and think it's from coyotes.

Ms. Wood asked about location of fence.
Mr. Gibala referred to existing conditions slide to show location of addition and fence
Ms. Bremanis referred to elevations slide.

Mr. Pirog asked if this was approved a few years ago.
Ms. Bremanis explained they were approved for the setback but are now adding a second floor addition.

Discussion on the previous approval.
Discussion on where the fence will be.

Mr. Gibala explained the fence will be 5ft in from the lot line which is the inside of the bushes.

Ms. Bremanis explained the bushes are in the right of way and if fence were constructed public works would want to have the bushes removed as they are not appropriate to be in the right of way.

Ms. Wood clarified there will be landscaping.
Ms. Bremanis referred to fence plan slide showing where the landscaping would be. She explained the red line on the site plan shows permitted location of a fence per their previous setback relief.

Mr. Pirog asked if any neighbors have similar fences.

Attachment: ZBA Minutes (2021-74 : 1070 S Brockway Street - VAR Fence)

Ms. Bremanis answered no not that she could find.
Mr. Gibala stated there are no other situations like theirs. He stated there is one down street that has an iron fence but they are looking for more privacy. He explained they are also looking to get a smaller dog, which would be able to get through that style fence.

Mr. Pirog clarified the fence will be full enclosed but the relief is just for the one side.
Ms. Bremanis referred to site plan slide to show location highlighted in green. She further explained the area below red line is the area that requires relief.

Ms. Wood asked if the slide shows the style fence.
Mr. Gibala answered explaining he adjusted his original plan from a 6ft cedar to 5ft vinyl to accommodate neighbors' concerns.

Mr. McGinn asked why they are seeking relief to bring fence to the 5ft.
Mr. Gibala explained they would lose a lot of his yard if installed where allowed.

Ms. Wood asked if he spoke to the neighbors.
Mr. Gibala explained he spoke to the neighbor that previously emailed their concern concerning a 6' solid cedar fence as well as the neighbor that is in attendance tonight. He stated he spoke to others who didn't have any concerns. Mr. Gibala stated the view is not issue pointing out the bushes are taller than the proposed fence.

Ms. Bremanis gave a brief overview explaining the property is Zoned R1 and has relief due to the previous addition at 25ft from the lot line. She referred to the site plan to show the proposed encroachment. She stated the building meets height, building and lot coverage code. She stated Community Services and Engineering have review and did not identify any issues. Ms. Bremanis explained the special use requirements for fences.

Ms. Wood asked about the rationale behind the ordinance in respect of front yard fencing, fencing in a rear yard side yard abutting a street
Ms. Bremanis explained the fence at 90 E Benton was a variation because it was along their rear lot line not visible from the street. She explained this request is more open to the public and has more of an effect on the neighborhood so the standards are in place.

Ms. Wood asked which street the house to the back faces.
Ms. Bremanis referred to aerial explaining the home faces Bryant. She noted the property was annexed in 1990 as existing nonconforming. She further pointed out on the aerial a lot of the homes do not meet the required setbacks.

Discussion on verbiage of fence abutting.

Mr. Pirog asked if approved who is responsible for mowing and landscaping.
Ms. Bremanis answered the petitioner.

Attachment: ZBA Minutes (2021-74 : 1070 S Brockway Street - VAR Fence)

Mr. Pirog stated the request seems to make them lose a lot of yard.
Mr. Gibala pointed out without the relief he loses a lot more yard.

Sworn in Mr. Frank Skorski 145 W Bryant
Mr. Skorski spoke to the conditions of the annexations that allowed existing conditions until properties were sold and would be forced to meet code. He spoke to new built homes in the area that have met code. He explained he spoke to Mr. Gibala and gave his approval for the addition but explained he didn't want a fence put up. Mr. Skorski explained the neighborhood doesn't have many fences and the ones that are there are 3-4ft chain link. Mr. Skorski pointed out one neighbor has a 5ft fence to protect her dog from the coyotes. He stated he thinks the 5ft solid fence is too high being more a wall than a fence. Mr. Skorski stated the advantage of a chain link fence is you can see through it. He spoke to the standards pointing out the request does not meet them.

Mr. Cavanaugh asked Mr. Skorski if he is opposed to a fence or a vinyl fence.
Mr. Skorski explained he is opposed to a solid white vinyl fence, which will deteriorate.

Mr. Cavanaugh asked if the cedar fence would be ok.
Mr. Skorski answered no because it is still solid. He stated his concern is when people see a wall they are unsure if it is a good neighborhood.

Ms. Wood asked about wrought iron.
Mr. Skorski stated that would be ok but that would not work with his dog.

Sworn in Mr. Jim Reichert 58 W Bryant
Mr. Reichert stated he has no concerns with the addition. He stated he chose the neighborhood because it is a natural neighborhood. He expressed concern with the solid fence along a road will change the community. Mr. Reichert stated he thinks it should be an open fence with tall enough landscaping to cover.

Mr. Skorski stated he didn't oppose the addition and thinks if a fence goes in it should be setback to the 25ft so it is not visible from the street as much.

Mr. Cavanaugh asked Mr. Skorski if he would oppose the location if the fence was an open style.
Mr. Skorski answered no.

Mr. Gibala pointed out there is no view currently because of the tall messy bushes. He stated he thought he was conceding with going down from 6ft to 5ft.

Ms. Wood spoke to the aesthetic criteria being a rear yard side yard abutting a street request.
Mr. Gibala stated he has never seen a wrought iron for privacy and that is what they are looking for. He pointed out they are also more expensive. He stated he was willing to pay more for the vinyl to concede with the neighbors' request.

Attachment: ZBA Minutes (2021-74 : 1070 S Brockway Street - VAR Fence)

Mr. Luszczak asked Mr. Gibala if he would be willing to set the fence back to 25ft. Mr. Gibala stated he didn't need relief at 25ft and could go 6ft. He pointed out that would be ridiculous because he would have a large area of unusable yard.

STAFF RECOMMENDATION:

Ms. Bremanis explained the requests have been separated to include a recommendation for the addition and a separate for the fence.

The Petitioner is requesting to construct an addition, which encroaches into the required side yards. The Petitioner received relief for the side yard abutting a street setback, for an addition to the west and is requesting the same setback for a second story addition. On the interior side yard (north), the setback is legally non-conforming, from annexation, at approximately 14 feet. The Petitioner would like to expand the single 1-car garage to a 2-car garage. Any addition would require setback relief. The neighborhood was annexed into the Village in 1990, with an R-1 designation, and many of the properties in area are legally non-conforming for the interior side yard setbacks (ranging from 5 feet to 9 feet). The Petitioner is requesting an interior side yard setback (north) of 7 feet. Therefore, the proposed addition should not impact the surrounding property owners or alter the essential character of the neighborhood. Therefore, Staff recommends approval of the Special Use request for side yard setbacks with the following condition:

1. The Special Use for the side yard setbacks shall substantially conform to the addition site plan and elevation plans prepared by the architect, Archimax Inc dated 7/02/20, except as such plans may be changed to conform to Village Codes and Ordinances.

The Petitioner is also requesting to build a 5-foot tall fence, 5 feet from the side lot line abutting a street and the side lot line of the front yard of an adjacent lot. Per code, the proposed fence requires a 25-foot side yard abutting a street setback to be set back 25 feet (previously approved Special Use). Fences in corner side yards are not prevalent in this neighborhood. However, there are existing bushes, which provide screening. The bushes are in the right away and would be removed, with new landscaping required in the 5 feet between the proposed fence and lot line. This may alter the characteristic of fencing in side yards abutting a street, but should not have a negative impact on sight lines. Therefore, Staff recommends action at the discretion of the Zoning Board of Appeals. If the ZBA decides to recommend approval Staff recommends the following conditions:

1. The Special Use for the fence shall substantially conform to the fence site plan and elevation plan submitted by the Petitioner on 9/3/20, except as such plans may be changed to conform to Village Codes and Ordinances.

Mr. Skorski clarified staff's recommendation.

Attachment: ZBA Minutes (2021-74 : 1070 S Brockway Street - VAR Fence)

Ms. Bremanis explained approval of setback and action at discretion on fence.

There were no further questions. The public hearing was closed.

Mr. Dittrich made a motion to approve the addition request subject staff's conditions; seconded by Mr. Cavanaugh.

DELIBERATIONS:
Mr. Dittrich stated the property goes past the bushes on the interior side lot line and thinks adding the second garage may be the only thing up for debate. He pointed out they already have approval for the setback on the addition and are only going up not encroaching any further. He stated he does not see any issues.

Ms. Wood stated she does not see it having a negative impact or a reason to present a problem with the public health safety and welfare.

Ms. Roth-Wurster stated the architectural plans look nice. She pointed out there are larger homes in the neighborhood so this would fit in.

Motion passed unanimously 8-0
This item will tentatively go to Village Council on October 19, 2020.

Mr. Cavanaugh asked if motion to approve is only for vinyl or any material.
Ms. Bremanis explained the way it is written it is for vinyl.

Mr. Cavanaugh recommended approve the fence as a general fence with the petitioner to decide material.
Discussion on wording and neighbors' concerns.

Mr. Cavanaugh made a motion to approve the fence request subject staff's conditions; seconded by Dittrich.

DELIBERATIONS:
Mr. Cavanaugh stated if they put taller landscaping it would cover the fence which would give the homeowner what he wants and being applicable to the neighbors to make it look more appealing. He stated he is not in favor of white vinyl but in favor of a fence. He stated maybe staff could dictate landscaping.

Ms. Roth-Wurster spoke to other corner fences. She pointed out this area is more open vistas. She stated if going forward would prefer to add specific conditions. She stated she thinks it will change the character of the neighborhood and doesn't think the petitioner gave a valid reason to need a privacy fence. She pointed out corner lots typically have issues.

Mr. Dittrich stated he is familiar with the neighborhood and respects the openness. He stated the property owner feels he needs protection from coyotes and for his family he doesn't think the board should deny it. He stated he

Attachment: ZBA Minutes (2021-74 : 1070 S Brockway Street - VAR Fence)

sympathizes with the owner as he is making changes to his original plans at his own expense to compromise with neighbors and even the compromises are insufficient.
Discussion on the responsibility of the board to vote on such requests.

Mr. Dittrich pointed out the owner tried to appease the neighbors and now the changes are not good enough. He stressed the board is here to address the request with the petitioner and hear the neighbors' concerns. He stated the request should be to address the fence not the type or material.

Ms. Wood stated everyone has different opinion on fences. She stated the owner has the right to put any fence 25ft back but once he wants to come out further he needs board approval. She stated the request needs to be looked at not from personal opinion but rather to address the standards. Ms. Wood spoke to the standards and stated given the type of fence she does not feel it has met them.

Mr. Dittrich pointed out the vistas will be changing with either a fence going up and the bushes coming down or the bushes because of the unruliness of them.
Discussion on the vistas.

Mr. Pirog stated he does not think it meets the standards. He stated it is protecting his lot at the expense of others.

Motion passed 5-3

Consider an Ordinance Amending the Village of Palatine's Traffic Code Section 18-81 Prohibited Places to Remove Parking Restrictions Along a Portion of Carpenter Drive

BACKGROUND:

On the 1000 block of E. Carpenter Drive the Village has no parking restrictions (both sides) in place from Clark Drive east to the lot line of 1054 E. Carpenter Drive. Nearby residents have expressed concerns about the parking in front of their homes during sporting events, and why there is a parking restriction by Sycamore Park.

KEY ISSUES:

- At the last Traffic Engineering Committee meeting, the Village of Palatine along with the Park District discussed the issue.
- It was determined that there is no real need for the parking restriction in front of the park.
- The Traffic Engineering Committee voted unanimously to remove the parking restriction that currently exists to allow parking in front of and across the street at the location of the park.

ALTERNATIVES:

1. Keep the parking restrictions as they currently exist
2. Refer back to Staff with comments.

RECOMMENDATION:
Staff recommends removing the parking restriction.

ACTION REQUIRED:
Motion to approve an ordinance amending the Village of Palatine's Traffic Code Section 18-81 Prohibited Places to remove parking restriction line item (22) from Ordinance O-27-19, Carpenter Drive (both sides): Clark Drive to 1054 E. Carpenter Drive.

Consider a Resolution Approving a Preliminary & Final Plat of Subdivision and an Ordinance Approving a Planned Development Amendment for a 3-Lot Commercial Subdivision at 700-790 W. Euclid Avenue (Regency Plaza)

BACKGROUND:
The Petitioner is requesting to subdivide the existing Regency Plaza shopping center, which is currently one lot, into three separate commercial lots. No other changes to the center are being requested. With the proposed subdivision, Lot 1 will include the existing multi-tenant shopping center (710-790 W. Euclid Avenue), Lot 2 will include the vacant, former restaurant building (702-704 W. Euclid Avenue) and its associated parking lot, and Lot 3 will include the existing Fifth Third Bank (700 W. Euclid Avenue) and its associated parking lot. Therefore, the Petitioner is requesting approval of the following:

- **Preliminary and Final Plat of Subdivision to permit a 3-lot commercial subdivision; and**
- **Planned Development Amendment to the Regency Plaza Planned Development allow a 3-lot commercial subdivision.**

KEY ISSUES:

- The Subject Property, Regency Plaza shopping center, is located at the northeast corner of Quentin Road and Euclid Avenue and is zoned Planned Development.
- The Regency Plaza site totals 15.2 acres and contains a 122,823 square feet shopping center and two outlots (Fifth Third Bank and a vacant building formerly used as a restaurant). Regency Plaza was approved a Planned Development in 1986.
- Currently, the Subject Property consists of one parcel. The Petitioner is requesting to subdivide the property into three separate parcels. Lot 1 (existing shopping center) would be 12.87 acres; Lot 2 (vacant restaurant building) would be 1.78 acres; and, Lot 3 (bank) would be 0.57 acres.
- The bank is approximately 5,000 sq. ft. Per the site plan, 17 parking spaces would be allocated to the bank (17 parking spaces are required per Code).
- The vacant restaurant building is approximately 10,494 square feet. Per the site plan, 106 parking spaces would be allocated for the future use of this building. The former restaurant had 365 seats, which required 146 parking spaces. The maximum number of seats for 106 parking spaces is 265 seats using 1 space per 2.5 seats. 105 parking spaces would be required for the restaurant using the 1 space per 100 sq. ft. of gross floor area. A retail use would require 35 parking spaces.
- The overall shopping center has 578 parking spaces, with 637 spaces being required. There is an existing parking variation in place to accommodate the current tenant mix for the center. The existing variation is unaffected by the proposed subdivision.

- A cross access and parking easement between the three lots would be required as a condition of approval. Thus, the cross access and parking agreement provides parking resources beyond the limits of the proposed lots within the 3 lot subdivision.

ALTERNATIVES:

1. Approve the Preliminary & Final Plat of Subdivision and Planned Development Amendment for a 3-lot commercial Subdivision at 700-790 W. Euclid Avenue.

2. Do not approve the Preliminary & Final Plat of Subdivision and Planned Development Amendment for a 3-lot commercial Subdivision at 700-790 W. Euclid Avenue.

RECOMMENDATION:

Public Hearing:	Plan Commission - June 15, 2021
Residents testifying:	None.
Vote:	The Plan Commission voted unanimously to approve the requested Subdivision and Planned Development Amendment, and Staff concurs.

ACTION REQUIRED:

CASE STAFF STATEMENT (ID # 6852)

CASE NUMBER: 21-49

PETITIONER: Regency Retail, LLC C/O Heitman LLC (Kristofer Ames)

LOCATION: 700-790 W. Euclid Road (Regency Plaza Shopping Center)

PROPOSAL: Preliminary & Final Plat of Subdivision for a 3-lot commercial subdivision

Planned Development Amendment to the Regency Plaza Planned Development allow a 3-lot commercial subdivision

ZONING AND LAND USE: Planned Development - commercial shopping center

SURROUNDING CONDITIONS:

North:	R-2 Single-Family Residential (Plum Grove Hills Unit 1)
South:	P Planned Development (Wexford Unit 1)
East:	P Planned Development (The Parkhomes of Parkside on the Green)
West:	P Planned Development (East Peregrine Lake Estates) and R-1B Single-Family Residential (Hunting Ridge Unit No. 3)

COMPREHENSIVE PLAN: Retail (current and future)

BACKGROUND:

- The Subject Property, Regency Plaza shopping center, is located at the northeast corner of Quentin Road and Euclid Avenue and is zoned Planned Development.

Attachment: 700 - 790 W Euclid - Regency Plaza 3 Lot Subdivison June 15 2021 PC Agenda Packet (2021-76 : 700-790 W. Euclid Avenue - PFS &

Attachment: 700 - 790 W Euclid - Regency Plaza 3 Lot Subdivison June 15 2021 PC Agenda Packet (2021-76 : 700-790 W. Euclid Avenue - PFS &

- Regency Plaza is 15.2 acres (663,121 sq. ft.) and currently contains a 122,823 sq. ft. shopping center, and two outlots with a Fifth Third Bank and a vacant building formerly used as a restaurant. Regency Plaza was approved a SU for a PD in 1986 (#O-24-86).
- Currently, the Subject Property is one parcel. The Petitioner is requesting to subdivide the property into three separate parcels. Lot 1 (existing shopping center) would be 12.87 acres; Lot 2 (vacant restaurant building) would be 1.78 acres; and, Lot 3 (bank) would be 0.57 acres.
- The total number of parking spaces available is 578.
- The bank is approximately 5,000 sq. ft. Per the site plan, 17 parking spaces would be allocated to the bank. 17 parking spaces are required per Code.
- The vacant restaurant building is approximately 10,494 sq. ft. Per the site plan, 106 parking spaces would be allocated for the future use of this building. The former restaurant had 365 seats, which required 146 parking spaces. The maximum number of seats for 106 parking spaces is 265 seats using 1 space per 2.5 seats. 105 parking spaces would be required for the restaurant using the 1 space per 100 sq. ft. of gross floor area. A retail use would require 35 parking spaces.
- The overall shopping center has 578 parking spaces, with 637 spaces being required. There is an existing parking variation in place to accommodate the current tenant mix for the center. The existing variation is unaffected by the proposed subdivision.
- If the remainder of the property were ever approved for redevelopment, access for both of these lots would require additional review, concurrent with any proposed redevelopment. Also, the existing bank's use and drive through orientation will require entrance access from the north or east to remain.
- The remaining lot is approximately 560,923 square feet, with 122,823 sq. ft. of gross floor area. Per the site plan, 455 parking spaces would be allocated for this lot.
- A cross access and parking easement between the three lots would be required as a condition of approval.

RECOMMENDATIONS:

The Petitioner has indicated the request to subdivide the shopping center and outlots from one parcel to three separate parcels is to have the ability to sell individual lots in the future. While the shopping center has had previous parking Variations, a cross access and parking easement would keep the shopping center in compliance for the current required number of parking spaces. Additionally, the existing shopping center

and outlots will remain as is with no proposed changes to building footprints or existing number of parking spaces. Therefore, Staff recommends approval of the proposed Preliminary and Final Plat of Subdivision and Planned Development Amendment, subject to the following conditions:

1. The Subdivision and Planned Development Amendment shall substantially conform to the Plat of Subdivision prepared by Manhard Consulting, Ltd. dated 05/13/2021 and the Site Plan prepared by Manhard Consulting, Ltd., dated 05/10/2021, except as such plans may be revised to conform to Village Codes and Ordinances.
2. The Final Plat of Subdivision shall be submitted on Mylar and significantly conform to the Plat of Subdivision prepared by Manhard Consulting, Ltd.
3. If required by the Village Attorney, a Subdivision Improvement Agreement shall be submitted.
4. A cross access and parking easement shall be submitted in a manner acceptable to the Village Attorney.

SURVEYOR'S NOTES

1. DISTANCES ARE MARKED IN FEET AND DECIMAL PLACES THEREOF. NO DIMENSION SHALL BE ASSUMED BY SCALE MEASUREMENT HEREON. DISTANCES AND/OR BEARINGS SHOWN IN PARENTHESIS (456.67') ARE RECORD OR DEED VALUES, NOT FIELD MEASURED.

2. COMPARE THIS PLAT, LEGAL DESCRIPTION AND ALL SURVEY MONUMENTS BEFORE BUILDING, AND IMMEDIATELY REPORT ANY DISCREPANCIES TO THE SURVEYOR.

3. THE LOCATION OF THE PROPERTY LINES SHOWN ON THE FACE OF THIS PLAT ARE BASED ON THE LEGAL DESCRIPTION CONTAINED IN THE TITLE COMMITMENT AND SHOWN HEREON. THIS INFORMATION HAS BEEN FURNISHED BY THE CLIENT AND COMPARED TO RECORD DEEDS TO CHECK FOR GAPS AND/OR OVERLAPS. HOWEVER, THIS SURVEY MAY NOT REFLECT HISTORICAL MATTERS OF TITLE AND OWNERSHIP THAT HAVE NOT BEEN DISCLOSED BY THE TITLE COMMITMENT.

4. UNLESS OTHERWISE NOTED, ONLY THE IMPROVEMENTS WHICH WERE VISIBLE FROM ABOVE GROUND AT TIME OF SURVEY AND THROUGH A NORMAL SEARCH AND WALK THROUGH OF THE SITE ARE SHOWN ON THE FACE OF THIS PLAT. LAWN SPRINKLER SYSTEMS, IF ANY, ARE NOT SHOWN ON THIS SURVEY.

5. MANHOLES, INLETS AND OTHER UTILITY RIMS OR GRATES SHOWN HEREON ARE FROM FIELD LOCATION OF SUCH, AND ONLY REPRESENT SUCH UTILITY IMPROVEMENTS WHICH ARE VISIBLE FROM ABOVE GROUND AT TIME OF SURVEY, THROUGH A NORMAL SEARCH AND WALK THROUGH OF THE SITE. THE LABELING OF THESE MANHOLES (SANITARY, WATER, ETC.) IS BASED SOLELY ON THE "STAMPED" MARKINGS ON THE RIM. NO UNDERGROUND OBSERVATIONS HAVE BEEN MADE TO VERIFY THE ACTUAL USE OR EXISTENCE OF UNDERGROUND UTILITIES.

6. SURFACE INDICATIONS OF UTILITIES ON THE SURVEYED PARCEL HAVE BEEN SHOWN. UNDERGROUND AND OFFSITE OBSERVATIONS HAVE NOT BEEN MADE TO DETERMINE THE EXTENT OF UTILITIES SERVING OR EXISTING ON THE PROPERTY. PUBLIC AND/OR PRIVATE RECORDS HAVE NOT BEEN SEARCHED TO PROVIDE ADDITIONAL INFORMATION. OVERHEAD WIRES AND POLES (IF ANY) HAVE BEEN SHOWN, HOWEVER THEIR FUNCTION AND DIMENSIONS HAVE NOT BEEN SHOWN.

7. THIS SURVEY MAY NOT REFLECT ALL UTILITIES, OR IMPROVEMENTS, IF SUCH ITEMS ARE HIDDEN BY LANDSCAPING, OR ARE COVERED BY SUCH ITEMS AS DUMPSTERS OR TRAILERS, OR WHEN THE SITE WAS COVERED WITH SNOW. AT THE TIME OF THE SURVEY THE SITE WAS COVERED BY APPROXIMATELY 12" OF SNOW AND HAD SEVERAL LARGE SNOW PILES THROUGHOUT THE SITE. ADDITIONALLY A PORTION OF THE PARKING LOT HAS NOT BEEN PLOWED AND WAS NOT ACCESSIBLE AT THE TIME OF THE FIELD WORK. THE PARKING STRIPING WITHIN THIS AREA COULD NOT BE VERIFIED AND HAS BEEN SHOWN HEREON BASED ON AERIAL IMAGERY. FURTHER THERE MAY BE ADDITIONAL UTILITIES OR IMPROVEMENTS THAT HAVE NOT BEEN SHOWN. (PERTAINS TO TABLE A ITEM 15)

8. OTHER THAN VISIBLE OBSERVATIONS NOTED HEREON, THIS SURVEY MAKES NO STATEMENT REGARDING THE ACTUAL PRESENCE OR ABSENCE OF ANY SERVICE OR UTILITY LINE. CONTROLLED UNDERGROUND EXPLORATORY EFFORT TOGETHER WITH "JULIE" MARKINGS IS RECOMMENDED TO DETERMINE THE FULL EXTENT OF UNDERGROUND SERVICE AND UTILITY LINES. CONTACT J.U.L.I.E. AT 1-800-892-0123.

10. RESTRICTIONS THAT MAY BE FOUND IN LOCAL BUILDING AND/OR ZONING CODES HAVE NOT BEEN SHOWN. HEIGHT AND BULK RESTRICTIONS (IF ANY) HAVE NOT BEEN SHOWN. ONLY THOSE SETBACK RESTRICTIONS SHOWN ON THE RECORDED SUBDIVISION PLAT OR IN THE TITLE COMMITMENT HAVE BEEN SHOWN.

FLOOD HAZARD NOTE

THE FEDERAL EMERGENCY MANAGEMENT AGENCY FIRM COMMUNITY PANEL NUMBER 17031C0179J AND PANEL NUMBER 17031C0183J WITH AN EFFECTIVE DATE OF AUGUST 19, 2008 INDICATES THAT THE ABOVE DESCRIBED PROPERTY LIES WITHIN AREAS DESIGNATED AS ZONE X(UNSHADED). ZONE X(UNSHADED) IS DEFINED AS AREAS DETERMINED TO BE OUTSIDE THE 0.2% ANNUAL CHANCE FLOODPLAIN PER THE FLOOD INSURANCE RATE MAPS. THIS MAP DOES NOT NECESSARILY SHOW ALL AREAS SUBJECT TO FLOODING IN THE COMMUNITY OR ALL PLANIMETRIC FEATURES OUTSIDE SPECIAL FLOOD HAZARD AREAS. THIS DOES NOT GUARANTEE THAT THE SURVEYED PROPERTY WILL OR WILL NOT FLOOD.

BENCHMARKS

REFERENCE BENCHMARK: (NGS PID: AJ2838)
STAINLESS STEEL ROD IN SLEEVE LOCATED APPROXIMATELY 36 FEET NORTH OF THE CENTERLINE OF WESTBOUND CENTRAL ROAD AND APPROXIMATELY 1850 FEET WEST OF ROSELLE ROAD.

ELEVATION=771.08 DATUM=NAVD88–GEOID 18

SITE BENCHMARK #1:
EAST NORTHEAST FLANGE BOLT ON HYDRANT LOCATED APPROXIMATELY 62 FEET WESTERLY OF THE CENTERLINE OF QUENTIN ROAD AND APPROXIMATELY 46 FEET NORTHERLY OF THE CENTERLINE OF LUKAS AVENUE.

ELEVATION=773.23 DATUM=NAVD88–GEOID 18

SITE BENCHMARK #2:
WEST FLANGE BOLT ON HYDRANT LOCATED APPROXIMATELY 757 FEET EASTERLY OF THE CENTERLINE OF QUENTIN ROAD AND APPROXIMATELY 386 FEET NORTHERLY OF THE CENTERLINE OF EUCLID AVENUE.

ELEVATION=760.07 DATUM=NAVD88–GEOID 18

SITE BENCHMARK #3:
SOUTHEAST FLANGE BOLT ON HYDRANT LOCATED APPROXIMATELY 785 FEET EASTERLY OF THE CENTERLINE OF QUENTIN ROAD AND APPROXIMATELY 192 FEET SOUTHERLY OF THE CENTERLINE OF PEREGRINE DRIVE.

ELEVATION=762.58 DATUM=NAVD88–GEOID 18

SITE BENCHMARK #4:
NORTHWEST FLANGE BOLT ON HYDRANT LOCATED APPROXIMATELY 17 FEET EASTERLY OF THE CENTERLINE OF PARKSIDE DRIVE AND APPROXIMATELY 161 FEET NORTHERLY OF THE CENTERLINE OF EUCLID AVENUE.

ELEVATION=737.75 DATUM=NAVD88–GEOID 18

TOPOGRAPHIC FIELD WORK COMPLETED ON 02/02/2021

SURVEYOR'S NOTES

1. DISTANCES ARE MARKED IN FEET AND DECIMAL PLACES THEREOF. NO DIMENSION SHALL BE ASSUMED BY SCALE MEASUREMENT HEREON.

2. COMPARE THIS PLAT, BENCHMARKS AND ALL SURVEY MONUMENTS BEFORE BUILDING, AND IMMEDIATELY REPORT ANY DISCREPANCIES TO THE SURVEYOR.

3. THIS SURVEY IS SUBJECT TO MATTERS OF TITLE, WHICH MAY BE REVEALED BY A CURRENT TITLE REPORT. EASEMENTS, SETBACKS AND OTHER RESTRICTIONS WHICH MAY BE FOUND IN A CURRENT TITLE REPORT, LOCAL ORDINANCES, DEEDS OR OTHER INSTRUMENTS OF RECORD MAY NOT BE SHOWN.

4. ONLY THE IMPROVEMENTS WHICH WERE VISIBLE FROM ABOVE GROUND AT THE TIME OF SURVEY AND THROUGH A NORMAL SEARCH AND WALK THROUGH OF THE SITE ARE SHOWN ON THE FACE OF THIS PLAT. LAWN SPRINKLER SYSTEMS, IF ANY, ARE NOT SHOWN ON THIS SURVEY.

5. THIS SURVEY MAY NOT REFLECT ALL UTILITIES, OR IMPROVEMENTS, IF SUCH ITEMS ARE HIDDEN BY LANDSCAPING, OR ARE COVERED BY SUCH ITEMS AS DUMPSTERS OR TRAILERS, OR WHEN THE SITE WAS COVERED WITH SNOW. AT THE TIME OF THE SURVEY THE SITE WAS COVERED BY APPROXIMATELY 12" OF SNOW AND HAD SEVERAL LARGE SNOW PILES THROUGHOUT THE SITE. ADDITIONALLY A PORTION OF THE PARKING LOT HAS NOT BEEN PLOWED AND WAS NOT ACCESSIBLE AT THE TIME OF THE FIELD WORK. THE PARKING STRIPING WITHIN THIS AREA COULD NOT BE VERIFIED AND HAS BEEN SHOWN HEREON BASED ON AERIAL IMAGERY. FURTHER THERE MAY BE ADDITIONAL UTILITIES OR IMPROVEMENTS THAT HAVE NOT BEEN SHOWN.

6. UNDERGROUND UTILITIES INCLUDING, BUT NOT LIMITED TO, STORM AND SANITARY SEWERS, WATER MAINS, TELEPHONE AND ELECTRIC CABLES OR CONDUITS, GAS MAINS AND ALL SERVICE LINES HAVE BEEN SHOWN HEREON BASED ON ACTUAL OBSERVED LOCATION AT AN OPEN MANHOLE, UTILITY ATLASES FROM PRIVATE UTILITY COMPANIES AND/OR LOCAL MUNICIPALITIES AND A PRIVATE UTILITY LOCATE COMPLETED BY THE UNDERGROUND DETECTIVE ON OCTOBER 26, 2017. THE EXACT LOCATION MAY BE DIFFERENT FROM THE LOCATION SHOWN HEREON.

7. UNDERGROUND DRY UTILITIES WERE MARKED IN THE FIELD BY THE UNDERGROUND DETECTIVE. THE UTILITIES WERE MARKED WITH FLAGS AND PAINT MARKS UTILIZING ELECTROMAGNETIC EQUIPMENT AND METHODS. SOME OF THE UTILITIES WERE MARKED UTILIZING GROUND PENETRATING RADAR EQUIPMENT AND METHODS. HOWEVER, HIGH GRADE GROUND PENETRATING RADAR EQUIPMENT WITH THE CAPABILITY OF DATA STORAGE AND GEO PHYSICAL POST PROCESSING WAS NOT UTILIZED TO LOCATE THE UTILITIES.

8. OTHER THAN VISIBLE OBSERVATIONS NOTED HEREON, THIS SURVEY MAKES NO STATEMENT REGARDING THE ACTUAL PRESENCE OR ABSENCE OF ANY SERVICE OR UTILITY LINE. CONTROLLED UNDERGROUND EXPLORATORY EFFORT TOGETHER WITH "J.U.L.I.E." MARKINGS IS RECOMMENDED TO DETERMINE THE FULL EXTENT OF UNDERGROUND SERVICE AND UTILITY LINES. CONTACT J.U.L.I.E. AT 1–800–892–0123.

9. THIS SURVEY WAS PREPARED FOR HEITMAN BASED ON A FIELD SURVEY COMPLETED ON FEBRUARY 2, 2021. BOUNDARY LINES SHOWN HEREON ARE BASED ON AN ALTA SURVEY PREPARED BY MANHARD CONSULTING LTD. DATED FEBRUARY 12, 2021.

10. THIS PROFESSIONAL SERVICE CONFORMS TO THE CURRENT ILLINOIS MINIMUM STANDARDS FOR A TOPOGRAPHIC SURVEY. MANHARD CONSULTING, LTD. IS A PROFESSIONAL DESIGN FIRM, REGISTRATION NUMBER 184003350, EXPIRES APRIL 30, 2021.

PUBLIC NOTICE
A Public Hearing will be held before the Village of Palatine Plan Commission on Tuesday, June 15, 2021 at 7 PM, in the Village Council Chambers in the Palatine Village Hall, 200 E. Wood Street, relative to a request for the following:

1. **Preliminary and Final Plat of Subdivision to permit a 3-lot commercial subdivision; and,**
2. **Planned Development Amendment to the Regency Plaza Planned Development allow a 3-lot commercial subdivision**

The property is commonly known as Regency Plaza - 700-790 W. Euclid Avenue (PIN #: 02-27-301-006-0000)
The Petitioner is requesting to subdivide the existing Regency Plaza shopping center, which is currently one lot, into three separate commercial lots. All buildings will remain as is. Proposed Lot 1 will include the existing multi-tenant shopping center (710-790 W. Euclid Avenue). Proposed Lot 2 will include the vacant, former restaurant (702-704 W. Euclid Avenue) and its associated parking lot. Proposed Lot 3 will include the existing Fifth Third Bank (700 W. Euclid Avenue) and its associated parking lot. The proposed lots all meet the minimum required commercial lot sizes and bulk standards and the minimum required parking standards.
The above petition has been filed by Regency Retail c/o Heitman, LLC is available for examination in the office of the Village Clerk, 200 E. Wood Street.

III. PUBLIC HEARING

1. 700-790 W. Euclid Avenue (Regency Plaza) **- Recommended to Approve**

Chairman Dwyer read the notice of public hearing that was published in the Daily Herald on May 31st, 2021

The following petitioner's exhibits were introduced:

1. Application
2. ALTA Survey
3. Topographic Survey
4. Final Plat of Subdivision
5. Site Plan
6. Public Notice

Sworn in Petitioner: Mr. Chris Ames representing Heitman LLC
Mr. Ames explains that he is seeking approval for final subdivision to create three parcels from one lot. He explains that there is a greater market for smaller lot sizes. By creating the smaller lot sizes, it would relieve the heavy tax burden, offset some of the costs and create cash flow. Mr. Ames refers to the diagram of the proposed 3 parcels and explains that the 3 parcels will self-park themselves as per code. The lot that houses the restaurant currently does not meet the code of 1 parking space per 100 sq. ft. If sold, the tenant would be made aware of the requirements and they would advise that a variance may be required, if the seating exceeded the code.

Mr. Hansen asks if the solution would be to add more parking spaces instead of a variance.
Mr. Ames explains that a new restaurant would probably not have as many seats.

Mr Friedman asks if there is a restaurant currently operating in the space.
Mr. Ames confirms that there is not - it is vacant.

Mr. Friedman asks if additional parking spaces could be added along Euclid Avenue.
Mr. Ames explains that there is a change in the grade and topography does not allow it.

STAFF RECOMMENDATION:
The Petitioner has indicated the request to subdivide the shopping center and outlots from one parcel to three separate parcels is to have the ability to sell individual lots in the future. While the shopping center has had previous parking Variations, a cross access and parking easement would keep the shopping center in compliance for the current required number of parking spaces.

Additionally, the existing shopping center and outlots will remain as is with no proposed changes to building footprints or existing number of parking spaces. Therefore, Staff recommends approval of the proposed Preliminary and Final Plat of Subdivision and Planned Development Amendment, subject to the following conditions:

1. The Subdivision and Planned Development Amendment shall substantially conform to the Plat of Subdivision prepared by Manhard Consulting, Ltd. dated 05/13/2021 and the Site Plan prepared by Manhard Consulting, Ltd., dated 05/10/2021, except as such plans may be revised to conform to Village Codes and Ordinances.
2. The Final Plat of Subdivision shall be submitted on Mylar and significantly conform to the Plat of Subdivision prepared by Manhard Consulting, Ltd.
3. If required by the Village Attorney, a Subdivision Improvement Agreement shall be submitted.
4. A cross access and parking easement shall be submitted in a manner acceptable to the Village Attorney.

Mr. Noonan made a motion to close the public hearing; seconded by Mr.Bettenhausen. The motion was unanimously approved

DISCUSSION:
Chairman Dwyer asked Ms. Rivard to clarify the cross access parking.
Ms. Rivard explains that this would provide access to all 3 lots, as well as, parking.
Chairman Dwyer inquires if a variance would be required if there was a change to approved tenants.
Ms. Rivard confirms that a variation would likely be required for certain uses.

Mr. Friedman asks if the language of the typical cross access easement prohibits any restricted or dedicated parking.
Mr. Vyverberg states that the final form has not been finally constructed.

Mr. Noonan made a motion to accept Case #21-49 with the four conditions--, seconded by Mr. Bettenhausen.
The motion was unanimously approved.

Chairman Dwyer summarized that this request has met the standards and was unanimously approved by a vote of 8-0. The tentative Village Council date is Monday, July 12.

2. 1979 N. Rand Road - Planned Development Amendment to allow a new car dealership on Lot 1 of the Napleton Planned Development **- Recommended to Approve**

Chairman Dwyer read the notice of public hearing that was published in the Daily Herald on May 31st, 2021.

The following petitioner's exhibits were introduced:

1. Application
2. Public Notice
3. SpaceCo Engineering Plan

Petitioner - Charles Weck - Northwestern Motors Holding, Inc.

Proposal - Planned Development to allow for new Volkswagen dealership on Lot 1 of Napleton Subdivision.

Sworn in Mr. Weck - Owner of Northwestern Motors Holding, Inc.

Mr. Weck stated that the goal is to move the existing dealership from the current Mt. Prospect location to Palatine. He states that Palatine is a much more viable location and build a conforming and state of the art Volkswagen dealership. The dealership would be located at the Knuppers Nursery at 1979 N. Rand Rd - Lot 1 of the Napleton Subdivision. He is looking forward to doing business in Palatine.

Mr. Vyverberg provided background on the proposed location. The property is on 3.5 acres. It is presently improved with a paved parking lot, pergolas, fencing and an approximately 9,000 square foot building. The proposed development includes an approximate 16,000 square foot Volkswagen dealership and an associated customer, employee and inventory parking lot. Access for the site continues to utilize the full access within the existing subdivision. There are cross access points recorded from the original Subdivision. The building complies with all of the required setbacks. All engineering utilities are approximate to the site. The poposed engineering plans would take advantage of the existing detention basin and there is an underground detention that is proposed as part of the overall development. The petitioner has proposed to install an 8' board-on-board fence on the northern property line.

Mr. Hansen asks what kind of signs are being proposed.
Mr. Vyverberg states the final signs have not been identified. They would need to comply with the B-5 codes and the Petitioner would have one freestanding sign.

Mr. Freidman asks if the original development would all rights and opportunities carry over to a new applicant in that boundary.
Mr. Vyverberg explains that all common areas are specific to the property. The underlying Plan Development would provide the same access to the utilities and carry over to any other owners.

Consider a Resolution Granting Final Resubdivision Approval for the Property at 761 E. Dundee Road

BACKGROUND:
Deer Grove Centre received Planned Development approval in 1995 and has operated as a regional shopping center since that time. It is located along the Dundee Road corridor and directly adjacent to the Rand Road corridor.

The shopping center owner is planning to subdivide the Aldi supermarket building pad, in order to sell the lot. All of the existing requirements of both the Planned Development and the owner's easement agreement regarding shared parking and access will remain in place. Therefore, the Petitioner is requesting approval of the following:

Plat of Resubdivision to subdivide lot 8 A, an approximately 20,394 square feet (.468 acres) lot at 761 E. Dundee Road (Deer Grove Centre)

KEY ISSUES:

- The shopping center owner (Ramco-Gershenson Properties, L.P.) is proposing to subdivide the Aldi's Food Market into a 0.468 acre (20,394 square feet) parcel within Deer Grove Centre. The proposed Lot 8A will continue its operation as a grocery store and the existing cross access and parking easement agreement for the entire shopping center remain in place and would include the Subject Lot.

- The proposed Plat of Resubdivision does not change or impact the underlying Planned Development for the property and all of the existing conditions and requirements remain active and in place.

ALTERNATIVES:

1. Approve the Subdivision resolution for Deer Grove Centre.

2. Do not approve the Subdivision resolution for Deer Grove Centre.

ACTION REQUIRED:
A motion to approve the resolution granting approval of the final Plat of Resubdivision at 761 E. Dundee Road, within Deer Grove Centre.

RECOMMENDATION:
Staff recommends approval of the resolution granting a final resubdivision at Deer Grove Centre at 761 E. Dundee Road.

Consider an Ordinance Approving a Minor Planned Development Amendment Recognizing a New Montessori School Operator at 12 S. Linden Avenue

BACKGROUND:
The Petitioner is proposing to operate a new Montessori School at 12 S. Linden Avenue. In 2007, a Planned Development (#O-71-07) was approved to allow a Montessori School to operate on the property, excepting that any change in operator or owner required the review and approval by the Village Council. Therefore, the Petitioner is requesting:

> **A Minor Planned Development Amendment recognizing a new Montessori School operator (Montessori Academy of Illinois, Ltd.), pursuant to Planned Development Ordinance # O-71-07**

KEY ISSUES:

- The Subject Property is zoned Planned Development and was approved for a Montessori School in 2007; however, it has been vacant since late 2013.

- The proposed new operator has previous experience and is currently working with DCFS for approval at this location. In addition to beginning their operations in 1993, the school was most recently located in Niles.

- Per the table below, the school will operate in a very similar manner, the one operational difference is students will only be up to age 6, versus the previous school was to age 8:

	Approved	**Proposed**
Use	Montessori School	Montessori School
Staff Members	Approximately 8	4 increasing to max of 10
Age of Children	6 weeks - 9 Years	6 weeks - 6 Years
Number of Children	Approximately 75	9 increasing to max of 75
Hours of Operation	7 AM - 6 PM	7 AM - 6 PM

- The proposed hours of operation are Monday - Friday from 7 AM - 6 PM. There will be 4 employees initially, with the number increasing to 8 in the future. There are initially 9 children, increasing to a maximum capacity of 75 children.

- The property owner has provided a letter verifying the easement agreement for traffic flow and providing overflow parking for the school on the associated Palatine Road property. There is also a condition of the Minor Planned Development Amendment Ordinance, which requires a parking agreement be submitted in a manner acceptable to the Village Attorney for use of the available parking at 421 E. Palatine Road prior to the issuance of a Certificate of Occupancy for the school.

ALTERNATIVES:

1. Approve the Minor Planned Development Ordinance to recognize a new operator of the Montessori School, pursuant to Planned Development Ordinance #O-71-07.
2. Do not approve the Minor Planned Development Ordinance to recognize a new operator of the Montessori School, pursuant to Planned Development Ordinance #O-71-07.

RECOMMENDATION:
Staff recommends approval of the Minor Planned Development Ordinance for the new operator of the Montessori School at 12 S. Linden Avenue.

ACTION REQUIRED:

BUSINESS PLAN

School Officers:	President	Charlene Alderete
	Secretary/Treasurer:	Michael D. Rubino
	Director:	Rose de la Rosa

School History: School began its operations on 06-13-93 and was incorporated as a C-Corporation in the State of Illinois on 08-14-97. In business for over 25 years, the School had 100 students at its first location at 8800 W. Ballard Road in Des Plaines, IL (18 years occupancy).

It expanded to a second location in downtown Park Ridge, IL and when the first location was sold, it consolidated all its operations into the Park Ridge location and had 42 students. In 2018, the owner of the Park Ridge location was unable to provide the necessary renovations required by DCFS and the lease was terminated on 10-31-18 after 17+ years occupancy.

The School sought to occupy an alternative location in Niles by 10-31-18, but the renovation of a 1950s vintage building could not get completed in time. Considerable cost overruns and delays followed wherein it was agreed by both Landlord and School to terminate the project. The School then decided to move to 10 S. Linden Avenue in Palatine, as the space is already built out as a Montessori School and DCFS provided an earlier approval and on 06-10-21, inspected the premises again and said it can be approved again, subject to the Village of Palatine approving the School's occupancy.

NWRD NOTES

1. The NWRD Local Sewer Field Office must be notified at least two (2) working days prior to commencement of work. Call 708-588- 4095.
2. All elevations refer to USGS datum.
3. All floor drains shall discharge to sanitary sewer.
4. All downspouts and footing drains shall discharge to the storm sewer system.
5. All sanitary sewers Shall be PVC conforming to ASTM D-2241, SDR26 with ASTM D-3139 Joints
6. All DIP Pipe Shall conform to ANSI A-21.51 Joint ANSI 21.11
7. All CISP Shall conform to ASTM A-74 Joint ASTM C-564
8. All sanitary sewer construction and storm sewer construction in combined sewer areas, require stone bedding material ¼ inch to 1 inch in size, with a thickness equal to ¼ the outside diaeter of the sewer pipe but not less than 4" nor greater than 8". Material shall be CA-11 or CA-13 and shall extend at least 12" above the top when using PVC.
9. "Band-Seal" or similar couplings shall be used in the connection of sewer pipe of dissimilar materials.
10. When connecting to an existing sewer main by means other than an existing eye, tee, or an existing manhole, one of the following methods shall be used:
a. Circular saw- cut of the sewer main by proper tools ("Sewer-Tap" machine or similar) and proper installation of hub- eye saddle or hub-tee saddle.
b. Remove an entire section of pipe (breaking only the top of one bell) and replace with a eye or tee branch section.
c. With pipe cutter, neatly and accurately cut desired length of pipe for insertion of proper fitting, using "Band-Seal" or similar couplings to hold it firmly in place.
11. All sanitary and storm manholes, (AND STORM MANHOLE IN COMBINED SEWER AREAS) shall have a minimum diameter OF 48-INCHES, AND SHALL BE CAST IN PLACE OR PRE-CAST REINFORCED CONCRETE. RESILIENT CONNECTORS, CONFORMING TO ASTM C-923, SHALL BE USED BETWEEN MANHOLE AND SEWER.
12. Wherever a sanitary/combined sewer crosses under a water main, the sewer shall be laid to provide vertical distance of 18" between the outside of the water main and the outside of the sewer. Furthermore, a minimum horizontal distance of 10 feet between sanitary/combined sewers and watermains shall be maintained unless the sewer is laid in a separate trench, keeping a minimum 18" vertical separation; or the sewer is laid in the same trench with the watermain located on a bench of undisturbed earth, keeping a minimum 18" vertical seperation. If either the vertical or horizontal distances described above cannot be maintained, or the sewer crosses above the watermain, the sewer shall be constructed to watermain standards.
13. All sanitary and /or combined sewers shall be tested in keeping with all NWRD requirements.
14. All construction shall confirm to the Illinois Recommended Standards for Sewage Works, latest edition, published by the ICPA except for the conflicts with the NWRD Sewer Permit and Manual Of Procedures, where the NWRD ordinances shall take precedence.
15. All storm sewers crossing watermain shall be PVC confirming to ASTM D-2241, SDR26 with D-3139 Joints

PROJECT LOCATION

GENERAL NOTES

1. ELEVATIONS ARE USGS DATUM.

2. DO NOT SCALE DIMENSIONS FOR BUILDINGS FROM THESE DRAWINGS.

3. THE CONTRACTOR SHALL VERIFY ALL ELEVATIONS PRIOR TO THE START OF WORK. ANY DISCREPANCIES FOUND SHALL BE IMMEDIATELY REPORTED TO THE ENGINEER AND NO FURTHER WORK SHALL BE PERFORMED UNTIL THE DISCREPANCY IS CHECKED AND CORRECTED BY THE ENGINEER.

4. THE ACCURACY AND COMPLETE INCLUSION OF THE LOCATIONS OF EXISTING UTILITIES IS NOT GUARANTEED. THE CONTRACTOR SHALL BE RESPONSIBLE FOR THE PROTECTION OF ALL PRIVATE AND PUBLIC UTILITIES EVEN THOUGH THEY MAY NOT BE SHOWN ON THE PLANS. CONTRACTOR TO CONTACT BUILDING MANAGER FOR ANY EXISTING UTILITIES THAT MAY NOT BE ON DRAWINGS OR MARKED IN FIELD. ANY SHOWN OR MARKED UTILITIES DAMAGED DURING CONSTRUCTION SHALL BE REPAIRED OR REPLACED TO THE SATISFACTION OF THE ENGINEER, PROJECT OWNER, AND UTILITY OWNER BY THE CONTRACTOR AT THEIR OWN EXPENSE.

5. THE CONTRACTOR SHALL CONTACT "JULIE" AT (800) 892-0123 TO HAVE CERTAIN UTILITY COMPANIES FIELD LOCATE THEIR INSTALLATIONS. A MINIMUM OF TWO FULL WORKING DAYS NOTICE ARE REQUIRED FOR A FIELD LOCATION.

6. THE CONTRACTOR SHALL EXAMINE THE PLANS AND SPECIFICATIONS, VISIT THE SITE OF THE WORK AND INFORM HIMSELF FULLY WITH THE WORK INVOLVED, GENERAL AND LOCAL CONDITIONS, ALL FEDERAL, STATE AND LOCAL LAWS, ORDINANCES, RULES AND REGULATIONS AND ALL OTHER PERTINENT ITEMS WHICH MAY AFFECT THE COST AND TIME OF COMPLETION AND PROSECUTION OF THE WORK ON THIS PROJECT BEFORE SUBMITTING A PROPOSAL.

7. THE CONTRACTOR SHALL BE REQUIRED TO MAKE ARRANGEMENTS FOR THE PROPER BRACING, SHORING AND OTHER REQUIRED PROTECTION OF ALL ADJACENT STRUCTURES, POLES, SIGNS AND PIPE LINES, BEFORE CONSTRUCTION BEGINS. HE SHALL BE RESPONSIBLE FOR ANY DAMAGE TO THE STREETS OR ROADWAYS AND ASSOCIATED STRUCTURES AND SHALL MAKE REPAIRS AS NECESSARY TO THE SATISFACTION OF THE ENGINEER AND OWNER AT HIS OWN EXPENSE.

8. NO HOLES ARE TO BE LEFT OPEN IN THE PAVEMENT OR PARKWAY OVER A HOLIDAY, WEEKEND, OR AFTER 3 P.M. ON THE DAY PRECEDING A HOLIDAY OR WEEKEND, OR ANY TIME THE EXCAVATION CANNOT BE SUPERVISED, SECURED WITH SNOW FENCE AND LIGHTS.

9. THE CONTRACTOR SHALL RESTORE ANY AREA DISTURBED TO A CONDITION EQUAL TO OR BETTER THAN ITS ORIGINAL USE. THIS SHALL INCLUDE FINISH GRADING, ESTABLISHMENT OF A VEGETATIVE COVER

10. EXCESSIVE OR SOIL AND GENERAL CLEANUP. THE CONTRACTOR SHALL NOT EXCAVATE OR DISTURB BEYOND PROPERTY LINE BOUNDARIES, UNLESS OTHERWISE NOTED.

11. THE FOLLOWING MUST BE NOTIFIED TWO WORKING DAYS PRIOR TO STARTING CONSTRUCTION: THE VILLAGE OF NORTON GROVE PUBLIC IMPROVEMENTS INSPECTOR PH 847-272-3650 (EXTENSIONS) THE NWRD. ALL OTHER AGENCIES SHALL ALSO BE NOTIFIED.

12. ALL LOT IRONS DAMAGED OR REMOVED DURING CONSTRUCTION OF THIS PROJECT SHALL BE REPLACED BY THE SURVEYOR AND SAID COST OF REPLACEMENT SHALL BE PAID BY THE CONTRACTOR.

13. ALL WORK DESCRIBED SHALL BE DONE BY QUALIFIED CONTRACTORS AND SUBCONTRACTORS FAMILIAR WITH THE TYPE OF WORK TO BE ACCOMPLISHED.

14. ALL CONTRACTORS SHALL FAMILIARIZE THEMSELVES AND THEIR EMPLOYEES WITH THE MOST CURRENT RULES, REGULATIONS, POLICIES & PROCEDURES REGARDING SAFETY OF PERSONNEL WHILE PERFORMING ANY WORK OR BEING PHYSICALLY PRESENT ON THE CONSTRUCTION SITE. WHETHER OR NOT THEY WORK IN BEING, POSITIONED OR EQUIPMENT IS OSHA) AND ANY ADDITIONAL STATE OF LOCAL REGULATIONS SHALL BE FOLLOWED THROUGHOUT THE DURATION OF THE CONTRACT WORK.

15. ALL SITE IMPROVEMENTS, INCLUDING STORM WATER DRAINAGE (BUT NOT WATER MAIN AND SANITARY SEWER) SHALL BE CONSTRUCTED IN ACCORDANCE WITH ALL APPLICABLE SECTION OF THE "STANDARD SPECIFICATIONS FOR ROAD AND BRIDGE CONSTRUCTION OF THE STATE OF ILLINOIS, DEPARTMENT OF TRANSPORTATION, ADOPTED JAN 1, 1997 WITH ALL SUBSEQUENT SUPPLEMENTS, AND THE VILLAGE OF NORTON GROVE. IN CASE OF CONFLICT, THE LATTER SHALL TAKE PRECEDENCE. REQUIREMENTS OF THE IMMEDIATE PERMITTING JURISDICTION SHALL APPLY.

16. ALL SANITARY SEWER AND WATER MAIN CONSTRUCTION SHALL CONFORM TO THE "STANDARD SPECIFICATION FOR WATER AND SEWER MAIN CONSTRUCTION IN ILLINOIS" FIFTH EDITION, MAY 1996, UNLESS OTHERWISE NOTED.

17. ALL MANHOLES AND VALVE VAULTS SHALL HAVE "SANITARY" "STORM" OR "WATER" CAST INTO THE CAST IRON LIDS, AS APPROPRIATE. ALL OPEN GRATES WILL BE STAMPED "DUMP NO WASTE / DRAINS TO WATERWAY"

18. ALL SEWERS AND WATER MAINS WHICH FALL WITHIN THREE FEET OF EXISTING OR PROPOSED PAVED AREA SHALL BE BACKFILLED AND COMPACTED WITH AGGREGATE CA-6 OR OTHER APPROVED GRANULAR MATERIAL. THE GRAVEL SHALL EXTEND A DISTANCE OF 2'0" BEYOND THE PAVEMENT AND EXTEND DOWN FROM THAT POINT AT A MAX 1H SLOPE AWAY FROM THE PAVEMENT.

19. "BAND-SEAL" CONNECTORS, OR EQUAL, SHALL BE USED TO JOIN PIPES OF DISSIMILAR MATERIALS.

20. ALL MCV AND EXISTING STRUCTURES OR SITE AND IN AREA TO BE DISTURBED BY CONSTRUCTION SHALL BE ADJUSTED TO FINISH GRADE PRIOR TO FINAL INSPECTION OF THE WORK. ADJUSTMENTS UPWARD SHALL BE MADE USING PRECAST CONCRETE ADJUSTMENT RINGS, BUT NO MORE THAN 8" OF RINGS SHALL BE USED. IF THE TOTAL HEIGHT OF ALL ADJUSTMENTS EXCEEDS 8", SUCH ADJUSTMENTS SHALL BE MADE BY INTERCHANGING AND/OR ADDING/REMOVING COMPLETE BARREL SECTIONS TO ACHIEVE DESIRED ELEVATIONS.

21. WHENEVER A SEWER CROSSES UNDER A WATER MAIN, THE MINIMUM VERTICAL DISTANCE FROM THE TOP OF THE SEWER TO THE BOTTOM OF THE WATER MAIN SHALL BE 18 INCHES. FURTHERMORE, A MINIMUM HORIZONTAL DISTANCE OF 10 FEET, BETWEEN ALL SEWER AND SERVICES AND WATER MAINS, SHALL BE MAINTAINED UNLESS: THE SEWER IS LAID IN A SEPARATE TRENCH, KEEPING A MINIMUM 18" VERTICAL SEPARATION; OR THE SEWER IS LAID IN A TRENCH WITH THE WATER MAIN LOCATED AT THE OPPOSITE SIDE ON A BENCH OF UNDISTURBED EARTH KEEPING A MINIMUM OF 18" VERTICAL SEPARATION. IF EITHER THE VERTICAL OR HORIZONTAL DISTANCES DESCRIBED ABOVE CANNOT BE MAINTAINED, OR THE SEWER CROSSES ABOVE THE WATER MAIN, THEN WITHIN A DISTANCE OF 10 FEET ON EITHER SIDE OF THE WATER MAIN, THE SEWER PIPES SHALL BE DUCTILE IRON.

22. PERMITS AND LICENSES OF A TEMPORARY NATURE NECESSARY FOR THE PROSECUTION OF THE WORK SHALL BE SECURED AND PAID FOR BY THE CONTRACTOR. PRIOR TO SUBMITTING HIS BID, THE CONTRACTOR SHALL CALL THE ATTENTION OF THE ENGINEER TO ANY MATERIAL OR EQUIPMENT HE DEEMS INADEQUATE AND TO ANY ITEM OF WORK OMITTED.

23. THE CONTRACTOR WILL HAVE IN HIS POSSESSION, THE JOB SITE, A COPY OF THE PLANS AND SPECIFICATIONS PRIOR TO BEGINNING WORK.

24. THE CONTRACTOR WILL HAVE IN HIS POSSESSION, ON THE JOB SITE, A COPY OF THE PLANS AND SPECIFICATIONS PRIOR TO BEGINNING WORK.

25. ANY SOIL EROSION CONTROL MEASURES IN ADDITION TO THOSE OUTLINED IN THESE PLANS AND WHICH ARE DEEMED NECESSARY BY THE VILLAGE ENGINEER BE IMPLEMENTED IMMEDIATELY BY THE CONTRACTOR.

However, Popeye's Restaurant, which is directly west of the subject site, recently received approval to make major renovations to its existing structure and site plan, indicating that redevelopment of this property would be unlikely for the foreseeable future. Therefore, Staff recommends action at the discretion of the Plan Commission:

Dwyer said to him it would make more sense to keep the lot commercial since it is the only residential use east of the Northwest hwy commercial corridor.

The public hearing was closed at 8:30 p.m.

Hansen said he is troubled by losing commercial property. He is also troubled by the fact that the petitioner has to go through this process, simply because of a small issue that makes it difficult for him to get a loan.

RECOMMENDATION
Applegate moved, Mrs. Williams seconded that the plan commission recommend to the village council that it approve the request of the petitioner in Case #07-03, Petro Kyselytsya, who seeks rezoning from B2 to R2 single family for one lot at 415 E. Wilson st.

Unanimously carried.

Report of Public Hearing – Case #06-169 – 10 S Linden ave.
The notice of public hearing was read by the chairman. The petitioners in Case #06-169, Elizabeth and John Marton, seek approval of a preliminary and final planned development to allow a new Montessori school and rezoning from B1 to P Planned Development for a parcel at 10 S. Linden ave.

The following petitioner's exhibits were introduced:
1. Petition for Preliminary and Final Planned Development
2. Palatine Real Estate Interest Disclosure Form
3. Affidavit of Title
4. Plat of Survey
5. Architectural Plans dated September 8, 2006 and Engineering Plans dated November 20, 2006
6. Schedule of Operations

Anderson gave background on the petitioners' prior appearances before the plan commission:

Attachment: Planned Development Ordinance- #O-71-07 (2021-77 : 12 S. Linden Avenue - Montessori School)

- The plan commission heard this item as a Preliminary Planned Development on July 5, 2005, when it recommended not to approve the proposal. Ultimately the village council approved the Preliminary Plan on November 21, 2005.
- Because the petitioner did not submit an application for Final Planned Development within one year, as required by Code, the preliminary approval lapsed. Therefore, the plan commission should review this request based on its merits, regardless of the previous approval.

The following persons were sworn in to present the petition:
Raffi Arzoumanian, architect
John Marton, petitioner
Elizabeth Marton, petitioner

Arzoumanian said the proposed building would be 7,000 square feet, three stories tall, with a median roof height of 30 feet. North and south façades are identical. Proximity to the home to the south would be 12 feet. The required setback in a residential zone is 30 feet. Vehicular circulation would be one way from an existing curb cut and driveway on Palatine rd. that serves the existing school building. Vehicles would exit onto Linden with a left turn only drive configuration.

Hours of operation are 7 a.m. to 6 p.m. with peak drop off and pick-up times being 9 a.m. and 4 p.m. Activity is limited chiefly to normal business hours, Arzoumanian said.

He described the proposed fence and landscaping as being extremely thick, both for security purposes and neighborhood shielding.

Parking is proposed for 13 cars along the north side of the site. According to Anderson's written report of the request, "if a building of this size were used for retail or office uses, 23 parking spaces would be required."

Arzoumanian said that his clients seek the PUD designation to seek relief from the parking and setback stipulations. They plan to keep the existing playground, feeling it makes more sense closer to the residential side of the parcel.

Anderson noted that two playgrounds are proposed, one in the front of the building, one in the rear. Roof peak height is 36 feet, 8 inches, eight inches more than the peak height permitted for a residential use. The lot width is 95 feet; the width of the proposed building is 36 feet.

Uses in the building include five classrooms, divided by age group, a kitchen, library, and administrative offices.

Attachment: Planned Development Ordinance- #O-71-07 (2021-77 : 12 S. Linden Avenue - Montessori School)

The developer proposes a 16 square foot illuminated sign at the northeast corner of the site. Anderson said staff recommends restrictions on the illumination of the sign.

Other logistical facts:

- The school is operated year round with students and faculty on site between 7:00 a.m. and 6:00 p.m. There are also approximately 7 holiday and evening events which would occur outside of the normal school schedule.
- Children on site would range in age between 6 weeks and 9 years old. The approximate maximum enrollment would be 75 children.
- There would be approximately 8 staff members at this site.
- The two playgrounds would be in use most of the day between 9:00 a.m. and 6:00 p.m.

All who wished to address the petition were sworn in.

Ann Roggeman, 38 S. Linden, asked if there would be a fence on Linden. Yes. She said neighbors want a structure that will fit into the neighborhood.

Rita Poklaeki, 105 W. Comfort, said she is a parent of children attending the school. Although noting that drivers sometimes have difficulty with parking, she endorses the proposal.

Jarmela Speta, 20 S. Ashland, asked how many students currently attend the school.

Mrs. Martin said she has three separate rooms with 16, 14, and 5 students respectively. Each room has two teachers. Current ages being served are 2 years through kindergarten. With the new structure, she hopes to expand the age group served downward to 6 weeks and upward to third grade. She would have 8 Staff member on the proposed site. She said that currently, she rents two rooms at St. Paul United Church of Christ and that the church has agreed to allow some overflow parking, if needed. These rooms will not be necessary when the new building is completed.

Ann Vatch, 23 S. Linden, said she feels the structure does not fit into the neighborhood. Neighbors didn't know the parcel was zoned for business. She feels the property should be zoned residential. She noted traffic tie ups for those trying to get onto Palatine rd. in the a.m. rush hour. She feels the structure is too close to a residential home.

Tom Butler, 25 S. Ashland, said he has lived here since 1957. He wanted to know if this school would pay taxes. Yes. Marton said he currently pays property taxes based on the Business zoning classification.

Attachment: Planned Development Ordinance- #O-71-07 (2021-77 : 12 S. Linden Avenue - Montessori School)

Mrs. Williams said she is concerned about parking. Mrs. Marton said the teachers "float" between hours and buildings, so parking should be sufficient.

Susan Ryerson-Espino, 1174 N. Beverly ln., Arlington Heights, said she has a PhD in early childhood education and administration. She has two children currently at the school and is very favorably impressed with the program. Having children at one site will be helpful, she said.

Staff Recommendation

The subject property is zoned B-1 Shopping Center district which allows 64 commercial uses by right. While Staff believes that the proposed use may offer a transition between the existing business uses on Palatine rd. and the single-family residential neighborhood on Linden ave., the proposed proximity (12') to the existing single family residence is substandard (30' would be required using B-1 standard) and of concern for this proposal. The proposed placement of the playground (fronting on Linden) does not integrate the proposed use with the surrounding single-family residential properties and front yards. Further, staff recommends that the designated playground area fronting on Linden (east side) be relocated and not contain playground equipment or similar structures. This would further conform to the surrounding residential front yards. While the proposed use and required Planned Development application ensure that a more intense commercial use could not occupy this property without a public hearing, staff is concerned with the minimal setback along the southern property line and potential impact to the single family residential properties. Therefore, Staff recommends action at the discretion of the Plan Commission. If the Plan Commission chooses to approve this proposal, Staff recommends the following conditions:

1. The Planned Development shall substantially conform to the Architectural Plans, Landscape Plan, and Lighting Plan by Arzoumanian & Company dated 9/8/06, last revised 2/8/07 and attached hereto as Exhibit 'A', and the Engineering Plans by HK Consulting Services dated 11/20/06, last revised 2/15/07 and attached hereto s Exhibit 'B', except as such plans may be changed to conform to Village Codes and Ordinances and the following conditions:
2. Any building not constructed by the Petitioner shall receive approval from Village Council prior to the issuance of a building permit.
3. A $50,000 letter of credit shall be submitted in a manner acceptable to the Village Engineer.
4. A letter of credit in the amount of $123,777.50 shall be submitted.
5. Review fees in the amount of $3,938.38 shall be submitted.

Attachment: Planned Development Ordinance- #O-71-07 (2021-77 : 12 S. Linden Avenue - Montessori School)

6. The design of the fence proposed for the front of the building shall be a 4' metal fence of a design acceptable to the Director of Planning and Zoning.
7. The landscaping shall be revised in a manner acceptable to the Director of Planning and Zoning.
8. The one-way drive aisle exiting onto Linden shall be appropriate signed and constructed to allow only one-way left-turn access onto Linden.
9. The designated playground area fronting on Linden (east side) shall not contain playground equipment or similar structures more than 4 feet in height.
10. The proposed sign shall only be illuminated between the hours of 7:00 a.m. and 6:00 p.m. except when the school is hosting special events. The school shall hold no more than 10 evening and holiday events per year.
11. A cross access easement shall be recorded on the property at 421 E. Palatine Road to ensure future access to the subject property. A Plat of easement dedication shall be submitted.

During discussion, Hansen said one could flip the building and put the parking lot adjacent to the single family home to generate the required 30' setback, but said he feels the parking lat adjacent to the residence would be a greater impact than the building next the residence. He also suggested that the south side landscaping be increased.

Regarding playground equipment, Mrs. Marton said that she is willing to bring toys indoors each day. She noted that the playground is not used in winter and is used three hours maximum in season.

When asked if the traffic flow could be reversed with entrance at Linden and exit at Palatine rd. Arzoumanian said better stacking is available with the proposed ingress/egress pattern.

Marton said the safety factor is better in the proposed layout.

Arzoumanian said his client is able to comply with staff conditions.

The public hearing closed at 9:25 p.m.

The following issues were examined:
Parking -- seems to be adequate
South Lot Line – will have a heavily landscaped buffer.
Playground Locations – Keep them where they are.
Traffic Flow – this is worth another look.

Attachment: Planned Development Ordinance- #O-71-07 (2021-77 : 12 S. Linden Avenue - Montessori School)

Hansen reminded the plan commission that the village council overrode the commission's earlier denial.

Applegate said he feels the school is an appropriate transitional use. He feels the plan could be improved. How about building a single building on this property rather than two? He feels the parking should be moved. In his opinion the proposed building is not oriented correctly. He feels an integrated approach needs to be taken for the entire site.

Hansen noted that the school operates year round. It has no construction season.

Smith said he feels the proposal is appropriate, as presented.

RECOMMENDATION

Smith moved, Mrs. Sinacore seconded that the plan commission recommend that the village council approve the request of petitioners in Case #06-169, Elizabeth and John Marton, who seek approval of a preliminary and final planned development to allow a new Montessori school and rezoning from B1 to P Planned Development for a parcel at 10 S. Linden ave.

Those voting aye: Mrs. Noe, Smith, Hansen, Dwyer.
Those voting nay: Applegate, Mrs. Williams, Mrs. Sinacore

The motion carried.

Mrs. Noe said she would like the traffic pattern to be reversed.

After communications, the meeting was adjourned at 10:00 p.m.

secretary

Attachment: Planned Development Ordinance- #O-71-07 (2021-77 : 12 S. Linden Avenue - Montessori School)

TYPE: ORDINANCE **SUBMITTED BY:** PLANNING & ZONING **DATE:** 5/7/2007

DESCRIPTION: Consideration of: 1) Preliminary and Final Planned Development approval to permit a new Montessori School; and 2) Rezoning from B-1 Business to P Planned Development for the property at 10 S. Linden Avenue.
(Marton – File #06-169) (District: 6)

COMMITTEE ACTION: **DATE:**

BACKGROUND:
The Subject Property, approximately 12,350 square feet, is currently vacant. The Petitioner, owner of the property, is proposing to construct and operate a Montessori school from this location. Therefore the Petitioner is seeking approval of the following:

1. **Preliminary and Final Planned Development to permit a new Montessori School; and**
2. **Rezoning from B-1 Business to P Planned Development**

ANALYSIS:

- As Council will recall, Preliminary Planned Development approval was granted on November 21, 2005. As the Petitioner did not submit an application for Final Planned Development within one year, as required by Code, the Preliminary approval lapsed. Therefore, this request should be reviewed on its own merit, regardless of the previous approval.
- The property is currently zoned B-1 Business. The Petitioner's proposal meets the required, setbacks, height restrictions and FAR of the B-1 Zoning district with the exception of a required 30' setback from the south lot line. The attached chart depicts the proposed and permitted setbacks.
- As proposed, the proximity (12') to the existing single family residence to the south is substandard (30' required using B-1 standards) and of concern to staff. The proposed playground placement (fronting on Linden) does not integrate with the surrounding single-family residential front yards and staff recommends that it be removed or relocated and not contain playground equipment or similar structures. Two playgrounds are proposed, including one with fencing and equipment in front yard.
- Access to the site would be provided from Palatine Road through the existing school property at 421 E. Palatine Road. The drive aisle on site would be a one-way west to east. Residents of Linden Avenue have expressed concern in previous meetings regarding an increase in cut through traffic on S. Linden Avenue. The Petitioner's proposal attempts to accommodate this concern with a one-way drive-aisle and a curb cut design that would discourage southbound traffic.
- The proposed structure would be 3 stories tall with a peak height of approximately 37 feet. The B-1 Business zoning district would allow a structure to be 45 feet in height.
- The school is operated year round with students and faculty on site between 7:00 a.m. and 6:00 p.m. There are also approximately 7 holiday and evening events which would occur outside of the normal school schedule.

ALTERNATIVES:
1. Recommend approval of the Development
2. Do not recommend approval of the Development

RECOMMENDATION:

Public Hearing:	April 17, 2007 Plan Commission
Residents Testifying:	6
Concerns:	Size and design of the structure, traffic and delays at Palatine Road.
Vote:	The Plan Commission voted 4 to 3 to approve the proposal. Staff recommends action at the discretion of the Village Council.

ACTION REQUIRED:
Consideration of Ordinances granting: 1) Preliminary and Final Planned Development approval to permit a new Montessori School; and 2) Rezoning from B-1 Business to P Planned Development for the property at 10 S. Linden Avenue.

Attention Michael Jacobs:

Michael this is the letter you requested from me in regards to the Montessori school located on Palatine Road. The last time we spoke I informed how the Martins continue to add mulch to the playground area in the rear of the facility. As you know the facility backs right up to my yard.

The Martins continue to add mulch and never remove existing mulch. The playground equipment is now visible from my backdoor and now I have screaming kids yelling into my home. We should have a 12 buffer according to the ordinance by the village, which is a joke. There business is children and the children's playground is on my fence line. The playground equipment I had the village move has been placed back to the original areas. To refresh your memory the Martin's completely ignored the village ordinance and placed playground equipment anywhere they wanted. After five years of ignoring the village ordinance and the village of Palatine never inspecting the facilities until I persisted.

Well Michael, the Martin's know the village will not come back to look at the facility, so the equipment they moved upon your request has placed back to the original spots. Since they have never removed any mulch, but continue to add every year the fence line has been decreased and the noise has increased. I was not able to see playground equipment in the past and now I can see playground equipment and children can yell right at me and my pets.

Michael can you please review the playground area and make sure they have a 6 foot fence on the business side of the property so children cannot have easy access into the yard. There is absolutely no buffer between my property and the children's playground. With the added addition of playground equipment for children to climb on, right on the property line, right next to the fence. They have a picnic table on my fence which could be very easy access for children.

This is for the safety of myself and the children. I do not want to find any trouble when I child falls onto my property and gets hurt. Also I have pets and they are outside all the time. My friends also will leave there dogs at my house, with my dog to play in the backyard. I feel it is important to have the fence at the right safety level. My dog is friendly and a great dog, it is a Pitbull and my friend's dog is also a Pitbull. I am nervous about the playground set-up and how the Village of Palatine let the Martin's allow the playground to be on the property line.

I feel this is an important issue and I will wait to hear back from you. I am going to contact the Department of Children and Family Services after I hear from you. Please get back to me as soon as you can Thank you.

Sincerely, Andy McGivern

RE: 10 S. LINDEN AVENUE, PALATINE

Dear Lyn,

We are the owner of the above property and plan to lease it to Montessori Academy of Illinois ("School") to operate a Montessori school/day care with children ages 6 weeks through 6 years, subject to Village, DCFS and State Fire Marshal approvals.

With regard to the parking for School, the lease will include all parking on the adjacent parcel at 421 E. Palatine Road, which we also own. In the event we ever repurpose this adjacent property, we will provide suffice parking for both the School and for the repurposed 421 E. Palatine Road.

Thank you for your time and consideration.

Sincerely,

John Graham

RE: 10 S. LINDEN AVE., PALATINE IL

Lynn,

We have reviewed the Ordinance No. 0-71-07 and are in agreement on following all of the conditions listed except for the following:

1. Approximate Outdoor Playtimes for “6-9 year olds” changed to “3-6 year olds”

2. First Floor Plan’s name of classrooms switched from “Toddlers” to “Infants” on east/left side and from “Infants” to “Toddlers” on west/right side. See attached modified Floor Plan with changes in red.

3. Second Floor Plan’s “Library” to be “2-3 Year Olds”. See attached modified Floor Plan with changes in red.

Existing parking will not be an issue as John Graham, the owner of the building, also owns the adjacent property wherein any unexpected overflow of parking can be accommodated.

Very truly yours,

Charlene Alderete

Attachment: Letter-Ordinance Agreement-06-14-21 (2021-77 : 12 S. Linden Avenue - Montessori School)

Consider a Motion to Award a Contract for the 2021 Water System Interconnect-Booster Station and Water Main Project

BACKGROUND:
The Villages of Palatine and Hoffman Estates conducted a Phase I engineering study to evaluate the water distribution systems of both Villages for installation of an emergency water interconnection. This study identified a mutually beneficial connection alternative. Easements were obtained from the Little City property to accommodate this improvement. The interconnection when constructed could provide emergency water flows between the two Villages ranging from 1.4 to 2.2 million gallons per day.

KEY ISSUES:

- The construction was divided into two projects; one contract to procure the needed booster station to pump water from Palatine to Hoffman Estates and the second to perform the utility work from the booster station in Hoffman Estates to the existing limits of the Palatine water system at the east limit of Little City.
- On Tuesday, June 29, 2021, eleven bids were received ranging from a high of $1,674,761.90 to a low of $1,149,779.00.
- The low responsive and responsible bidder was Mauro Sewer Construction, Incorporated of Des Plaines, Illinois in the amount of $1,149,779.
- The Engineer's Estimate was $1,491,915.

ALTERNATIVES:

1. Award the contract for the 2021 Water System Interconnect-Booster Station and Water Main Project to Mauro Sewer Construction.
2. Refer back to Staff with comments.

RECOMMENDATION:
It is recommended that the contract for the 2021 Water System Interconnect-Booster Station and Water Main Project be awarded to Mauro Sewer Construction.

Consider a Motion to Award a Contract for the 2021 Water System Interconnect-Booster Station Procurement Project

BACKGROUND:
The Villages of Palatine and Hoffman Estates conducted a Phase I engineering study to evaluate the water distribution systems of both Villages for installation of an emergency water interconnection. This study identified a mutually beneficial connection alternative. Easements were obtained from the Little City property to accommodate this improvement. The interconnection when constructed could provide emergency water flows between the two Villages ranging from 1.4 to 2.2 million gallons per day.

KEY ISSUES:

- The construction was divided into two projects; one contract to procure the needed booster station to pump water from Palatine to Hoffman Estates and the second to perform the utility work from the booster station in Hoffman Estates to the existing limits of the Palatine water system at the east limit of Little City.
- On Tuesday, June 29, 2021, three bids were received for the booster station ranging from a high of $459,836 to a low of $249,380.
- The low responsive and responsible bidder was EFI-Solutions, Incorporated of Centralia, Illinois in the amount of $249,380.
- The Engineer's Estimate was $400,000.

ALTERNATIVES:

1. Award the contract for the 2021 Water System Interconnect-Booster Station Procurement Project to EFI-Solutions.
2. Refer back to Staff with comments.

RECOMMENDATION:
It is recommended that the contract for the 2021 Water System Interconnect-Booster Station Procurement Project be awarded to EFI-Solutions.

BUDGET IMPACT:
Funds in the amount of $1,200,000 have been appropriated in the 2021 Capital Improvement Budget to accommodate this project. Per the terms of the intergovernmental agreement dated June 23, 2020, the Village of Hoffman Estates will reimburse the Village of Palatine 50% of all construction and construction engineering costs. The total estimated cost for the project with the 3 combined items to be awarded at this time is $1,487,309. A 3rd or 4th quarter budget adjustment would be required to accommodate this improvement. The specific amount is recommended to be revisited after the remaining water capital projects are bid so we may consider reducing the projected amount ($287,309) or eliminate any adjustment.

In addition, the Northwest Water Commission will reimburse the Village 50% of our portion of the construction costs (approximately $371,827).

ACTION REQUIRED:
Motion to award the contract for the 2021 Water System Interconnect-Booster Station Procurement Project to EFI-Solutions, Incorporated of Centralia, Illinois in the amount of

$249,380.

Consider a Motion Authorizing the Village Manager to Execute a Proposal for Construction Engineering Services for the 2021 Water System Interconnect Project

BACKGROUND:
The Villages of Palatine and Hoffman Estates conducted Phase I and Phase II engineering to evaluate the water distribution systems of both Villages for installation of an emergency water interconnection. Easements were obtained from the Little City property to accommodate this improvement. The interconnection when constructed could provide emergency water flows between the two Villages ranging from 1.4 to 2.2 million gallons per day. Work is tentatively scheduled to commence in August with construction to be substantially completed this year.

KEY ISSUES:
- Utilizing Construction Engineering Services is recommended to meet procedural requirements, assure quality construction, and allow for the routine attention needed during this construction project.
- Baxter & Woodman, Incorporated completed the design and permitting for the project which has been competitively bid and scheduled to go to construction in August.

ALTERNATIVES:
1. Authorize the Village Manager to execute the proposal from Baxter & Woodman for Construction Engineering Services for the 2021 Water System Interconnect Project.

2. Refer back to Staff with comments.

RECOMMENDATION:
Staff recommends authorizing the Village Manager to execute the proposal from Baxter & Woodman for Construction Engineering Services for the 2021 Water System Interconnect Project.

BUDGET IMPACT:
Funds in the amount of $1,200,000 have been appropriated in the 2021 Capital Improvement Budget to accommodate this project. Per the terms of the intergovernmental agreement dated June 23, 2020, the Village of Hoffman Estates will reimburse the Village of Palatine 50% of all construction and construction engineering costs (approximately $600,000). In addition, the Northwest Water Commission will reimburse the Village 50% of our portion of the construction costs (approximately $300,000).

ACTION REQUIRED:
Motion to authorize the Village Manager to execute the proposal from Baxter & Woodman, Incorporated for Construction Engineering Services for the 2021 Water System Interconnect Project in the not-to-exceed amount of $88,150.

VILLAGE OF PALATINE, ILLINOIS
EMERGENCY INTERCONNECT
CONSTRUCTION ENGINEERING SERVICES AGREEMENT

THIS IS AN AGREEMENT effective as of _____, _____("Effective Date") between Village of Palatine, Illinois ("Owner") and Baxter & Woodman, Inc. ("Engineer").

Owner's Project, of which the Engineer's services under this Agreement are a part, is generally identified in Exhibit A ("Project"), attached hereto and incorporated herein by this reference.

Owner and Engineer in consideration of their mutual covenants set forth herein agree as follows:

1. **SERVICES OF ENGINEER**

1.1 Engineer shall provide, or cause to be provided, if part of its scope, the services set forth herein and in Exhibit B, attached hereto and incorporated herein by this reference.

2. **OWNER'S RESPONSIBILITIES**

2.1 Provide the Engineer with all criteria and full information as to the Owner's requirements for the Project, including design objectives and constraints, space, capacity and performance requirements, and any budgetary limitations; and furnish copies of all design and construction standards which Owner will require to be included in the Drawings and Specifications, and furnish copies of Owner's standard forms, conditions, and related documents for Engineer to include in the Bidding Documents, when applicable.

2.2 Furnish the Engineer all available information pertinent to the Project including reports and data relative to previous designs, existing conditions, or investigations at or adjacent to the Site.

2.3 Furnish or otherwise make available additional project related information and data as is reasonably required to enable Engineer to complete the Project.

2.4 Owner warrants that all known hazardous materials on or beneath the site have been identified to the Engineer. The Engineer shall have no responsibility for the discovery, presence, handling, removal or disposal of, or exposure of persons to, unidentified or undisclosed hazardous materials. The Engineer shall not be required by the Owner to provide certifications that soils, including soil mixed with other clean construction or demolition debris, are or are not contaminated unless this service is set forth in Exhibit B.

2.5 The Engineer will rely, without liability, upon the accuracy and completeness of all information furnished by the Owner, including its consultants, contractors, specialty

Attachment: Baxter & Woodman Agreement (2021 Water System Interconnect Construction Engineering Services)

contractors, manufacturers, suppliers, and publishers of technical standards pursuant to this Agreement without independently verifying the information.

2.6 The Engineer may reasonably rely on the express and implied representations made by contractors, manufacturers, suppliers, and installers of equipment, materials, and products required by the construction documents as being suitable fit for their intended purposes and compliant with the construction documents and applicable project requirements.

2.7 Arrange for safe access to and make all provisions for Engineer to enter upon public and private property as required for Engineer to perform services under this Agreement.

3. SCHEDULE FOR RENDERING SERVICES

3.1 Engineer is authorized to begin services as of the Effective Date.

3.2 Engineer shall complete its obligations within a reasonable time. Specific periods of time for rendering services are set forth or specific dates by which services are to be completed are provided in Exhibit B, and are hereby agreed to be reasonable.

3.3 If Owner authorizes changes in the scope, extent, or character of the Project, then the time for completion of Engineer's services, and the rates and amounts of Engineer's compensation shall be adjusted equitably.

3.4 If the Engineer is hindered, delayed or prevented from performing under the Agreement as a result of any act or neglect of the Owner (or those for whom the Owner is responsible) or force majeure, the time for completion of the Engineer's work shall be extended by the period of the resulting delay and the rates and amounts of Engineer's compensation shall be adjusted equitably. Force majeure includes, but is not limited to acts of God, wars, terrorism, strikes, labor walkouts, fires, natural disasters, or requirements of governmental agencies.

4. COMPENSATION, INVOICES AND PAYMENTS

4.1 The Owner shall pay the Engineer for Construction Engineering Services performed or furnished under Exhibit B, Sections 1 through 5 based upon the Engineer's standard hourly billing rates for actual work time performed plus reimbursement of out-of-pocket expenses including travel, which will not exceed $88,150.00 for General Construction Administration and Full Time Field Observation or $61,850.00 for General Construction Administration and Part Time Field Observation, Engineer's Project No. 211237.60. The Engineer may adjust the hourly billing rate and out-of-pocket expenses on or about January 1 of each subsequent year and will send the new schedule to the Owner.

Attachment: Baxter & Woodman Agreement (2021 Water System Interconnect Construction Engineering Services)

4.2 The Engineer may submit requests for periodic progress payments for services rendered. Payments shall be due and owing by the Owner in accordance with the terms and provisions of the Local Government Prompt Payment Act, Illinois Compiled Statutes, Ch.50, Sec. 505, et. Seq.; and if Owner fails to comply, the Engineer may, after giving seven (7) days written notice to the Owner, suspend services under this Agreement until the Engineer has been paid in full all amounts due for services, expenses, and late payment charges as provided in such Act.

4.3 The Owner may, at any time, by written order, make changes to the scope of this Agreement, which changes shall not become effective unless and until Engineer issues its written acceptance of same. If such changes cause an increase or decrease in the Engineer's fee or time required for performance of any services under this Agreement, an equitable adjustment shall be made and this Agreement shall be modified. No service for which added compensation is to be charged will be provided without first obtaining written authorization from the Owner. The parties further agree that if elements of the scope are reduced or eliminated by the Owner, then the Owner agrees to waive, forgive, release, and hold harmless the Engineer from all claims, causes of action, and damages arising from those reduced and/or eliminated services. The Engineer shall not be responsible for the changes made to the project documents by the Owner, contractor, or others without the Engineer's prior review and written approval.

5. **OPINION OF PROBABLE CONSTRUCTION COSTS**

5.1 The Engineer's opinion of probable construction costs, if included in its scope of services, represents its reasonable judgment as a professional engineer. The Owner acknowledges that the Engineer has no control over construction costs or contractor's methods of determining prices, or over competitive bidding, or market conditions. The Engineer cannot and does not warranty or guarantee that proposals, bids, or actual construction costs will not vary from the Engineer's opinion of probable cost. Engineer shall not be responsible for any cost variance.

6. **ENGINEER'S PERFORMANCE**

6.1 The standard of care for all professional engineering and related services performed or furnished by the Engineer under this Agreement will be the care and skill ordinarily used by members of Engineer's profession practicing under similar circumstances at the same time and in the same locality on similar projects. Engineer makes no warranties, express or implied, under this Agreement or otherwise, in connection with Engineer's services.

6.2 Engineer shall be responsible for the technical accuracy of its services and its instruments of service resulting therefrom, and Owner shall not be responsible for discovering deficiencies, if any, in them. Engineer shall correct known deficiencies in its instruments of

Attachment: Baxter & Woodman Agreement (2021 Water System Interconnect Construction Engineering Services)

service without additional compensation except to the extent such action is directly attributable to deficiencies, errors or omissions in Owner-furnished information.

6.3 The Engineer will use reasonable care to comply with applicable laws, regulations, and Owner-mandated standards as of this Agreement's Effective Date. Changes to these requirements after the Effective Date of this Agreement may be the basis for modifications to Owner's responsibilities or to Engineer's scope of services, times of performance, or compensation, which shall be adjusted equitably.

6.4 Engineer may employ such sub-consultants as Engineer deems necessary to assist in the performance or furnishing of the services, subject to reasonable, timely, and substantive written objections by the Owner.

6.5 Engineer shall not supervise, direct, control, or have charge or authority over any contractor's work, nor shall the Engineer have authority over or be responsible for the means, methods, techniques, sequences, or procedures of construction selected or used by any contractor, or the safety precautions and programs incident thereto, for security or safety at the site, nor for any failure of any contractor to comply with laws and regulations applicable to such contractor's furnishing and performing of its work.

6.6 Engineer neither guarantees the performance of any contractor nor assumes responsibility for any contractor's failure to furnish and perform the work in accordance with the contract documents, which contractor is solely responsible for its errors, omissions, and failure to carry out the work.

6.7 Engineer shall not provide or have any responsibility for surety bonding or insurance-related advice, recommendations, counseling, or research, or enforcement of construction or surety bonding requirements.

6.8 Engineer is not acting as a municipal advisor as defined by the Dodd-Frank Act. Engineer shall not provide advice or have any responsibility for municipal financial products or securities.

6.9 Engineer shall not be responsible for the acts of omissions of any contractor, subcontractor, or supplier, or of any of their agents or employees or any other person, (except Engineer's own agents, employees, and consultants) at the site or otherwise furnishing or performing any work; or for any decision made regarding the contract documents, or any application, interpretation, or clarification, of the contract documents, other than those made by the Engineer.

6.10 Shop drawing and submittal review by Engineer shall apply only to the items in the submissions and only for the purpose of assessing, if upon installation or incorporation in the Project, they are generally consistent with the construction documents. Owner agrees

Attachment: Baxter & Woodman Agreement (2021 Water System Interconnect Construction Engineering Services)

that the contractor is solely responsible for the submissions (regardless of the format in which provided, i.e. hard copy or electronic transmission) and for compliance with the contract documents. Owner further agrees that the Engineer's review and action in relation to these submissions shall not constitute the provision of means, methods, techniques, sequencing or procedures of construction or extend to safety programs of precautions. Engineer's consideration of a component does not constitute acceptance of the assembled item.

6.11 Engineer's site observation shall be at the times agreed upon in the Exhibit B. Through standard, reasonable means, Engineer will become generally familiar with observable completed work. If Engineer observes completed work that is inconsistent with the construction documents, that information shall be communicated to the contractor and Owner to address.

7. INSURANCE

7.1 For the duration of the Project, the Engineer shall procure and maintain the following insurance coverage and Certificates of Insurance will be provided the Owner upon written request. The insurance required shall provide coverage for not less than the following amounts, or greater where required by law:

(1)	Worker's Compensation	Statutory Limits
(2)	General Liability	
	Per Claim/Aggregate	$1,000,000/$2,000,000
(3)	Automobile Liability	
	Combined Single Limit	$1,000,000
(4)	Excess Umbrella Liability	
	Per Claim/ Aggregate	$5,000,000/$5,000,000
(5)	Professional Liability	
	Per Claim and Aggregate	$5,000,000/$5,000,000

7.2 Notwithstanding any other provisions of this Agreement, and to the fullest extent permitted by law, the total liability, of the Engineer and their officers, directors, employees, agents, or consultants to anyone claiming by, through or under Owner for any claims, losses, costs, or damages arising out of, resulting from, of in any way related to the Project or the Agreement for any claim or cause of action, including but not limited to the negligence, professional errors or omissions strict liability, breach of contract, indemnity, subrogation or warranty

Attachment: Baxter & Woodman Agreement (2021 Water System Interconnect Construction Engineering Services)

(express or implied), hereafter referred to as the "Claims", shall not exceed the total remaining insurance proceeds available under the terms and conditions of Engineer's responding insurance policy.

8. **INDEMNIFICATION AND MUTUAL WAIVER**

8.1 To the fullest extent permitted by law, Engineer shall indemnify and hold harmless the Owner and its officers and employees from claims, costs, losses, and damages arising out of or relating to the Project, provided that such claims, costs, losses, or damages are attributable to bodily injury, sickness, disease, or death, or to injury to or destruction of tangible property, including the loss of use resulting therefrom, but only to the extent caused by the Engineer's negligent acts or omissions.

8.2 Owner shall indemnify and hold harmless the Engineer and its officers, directors, employees, agents and consultants from and against all claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals, and all court, arbitration, or other dispute resolution costs) arising out of or relating to the Project provided that any such claims, costs, losses, or damages are attributable to bodily injury, sickness, disease, or death of, or destruction of tangible property, including the loss of use resulting therefrom, but only to the extent caused by the negligent acts or omissions of Owner or its officers, directors, employees, consultants, agents, or others retained by or under contract to the Owner with respect to this Agreement and/or to the Project.

8.3 To the fullest extent permitted by law, Owner and Engineer waive against each other, and the other's employees, officers, directors, insurers, and consultants, any and all claims for or entitlement to special, incidental, indirect, exemplary, or consequential damages arising out of, resulting from, or in any way related to the Project or Engineer's services.

8.4 In the event claims, losses, damages or expenses are caused by the joint or concurrent fault of the Engineer and Owner, they shall be borne by each party in proportion to their respective fault, as determined by a mediator or court of competent jurisdiction.

8.5 The Owner acknowledges that the Engineer is a business corporation and not a professional service corporation, and further acknowledges, accepts, and agrees that the Engineer's officers, directors, and employees shall not be subject to any personal liability for services provided under this Agreement.

9. **TERMINATION**

9.1 This Agreement may be terminated, in whole or in part, by either party if the other party fails to fulfill its obligations under this Agreement through no fault of the terminating party. The Owner may terminate this Agreement, in whole or in part, for its convenience.

Attachment: Baxter & Woodman Agreement (2021 Water System Interconnect Construction Engineering Services)

However, no such termination will be effective unless the terminating party gives the other party (1) not less than ten (10) business day's written notice by certified mail of intent to terminate, and (2) an opportunity for a meeting with the terminating party to resolve the dispute before termination.

9.2 If this Agreement is terminated by either party, the Engineer shall be paid for services performed to the effective date of termination, including reimbursable expenses. In the event of termination, the Owner will receive reproducible copies of Drawings, Specifications and other documents completed by the Engineer up to the date of termination.

10. **USE OF DOCUMENTS**

10.1 All documents (data, calculations, reports, Drawings, Specifications, Record Drawings and other deliverables, whether in printed form or electronic media format, provided by Engineer to Owner pursuant to this Agreement) are instruments of service in respect to this Project, and Village shall not have the right to use such plans or specifications on any other project or for extensions of this project without the express written consent of the Consultant. Any unauthorized use of the plans and specifications or any other information, documents or materials provided by Consultant shall be at Village's sole risk and without liability to Consultant and Consultant's consultants Owner shall not rely in any way on any document unless it is in printed form, signed or sealed by the Engineer or one of its consultants.

10.2 Either party to this Agreement may rely that data or information set forth on paper (also known as hard copy) that the party receives from the other party by mail, hand delivery, or facsimile, are the items that the other party intended to send. Information in electronic format or text, data, graphics, or other types that are furnished by one party to the other are furnished only for convenience and not for reliance by the receiving party. The use of such electronic files will be at the user's sole risk. If there is a discrepancy between the electronic files and the hard copies, the hard copies will govern.

10.3 Because data stored in electronic media format can deteriorate or be modified inadvertently or otherwise without authorization of the data's creator, the party receiving electronic files agrees that it will perform acceptance tests and/or procedures within 60 calendar days of receipt, after which the receiving party shall be deemed to have accepted the transferred data thus. Any transmittal errors detected within the 60-day acceptance period will be corrected by the party delivering the electronic files.

10.4 When transferring documents in electronic media format, the transferring party makes no representations as to long-term compatibility, usability, or readability of such information

Attachment: Baxter & Woodman Agreement (2021 Water System Interconnect Construction Engineering Services)

resulting from the use of software application packages, operating systems, or computer hardware differing from those used by the creator.

10.5 The Engineer's document retention policy will be followed upon Project closeout. Executed copies of agreements, work orders, letters of understanding or proposals; design or other documents created by the Engineer or received from the Owner or a third party: plan review submittals from a third party and the Engineer's review of those submittals; and studies or reports prepared by the Engineer will be kept for a period of 14 years after Project closeout.

11. SUCCESSORS, ASSIGNS AND BENEFICIARIES

11.1 Owner and Engineer are hereby bound, as are their respective successors, employees and representatives to the other party to this Agreement with respect to all covenants, terms, promises, and obligations contained herein.

11.2 Neither the Owner nor Engineer may assign, sublet, or transfer any rights under or interest (including, but without limitation, monies that are due or may become due) in this Agreement without the written consent of the other, except to the extent that any assignment, subletting, or transfer is required by law. Unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any obligation under this Agreement.

11.3 Unless expressly provided otherwise in this Agreement, nothing contained shall be construed to create, impose, or give rise to any duty owed by Owner or Engineer to any Contractor, Subcontractor, Supplies, or other individual or entity, or to any surety for or employee of any of them. All duties and responsibilities undertaken to this Agreement will be for the sole and exclusive benefit of Owner and Engineer and not for the benefit of any other party.

12. DISPUTE RESOLUTION

12.1 Owner and Engineer agree to negotiate all disputes between them in good faith for a period of 30 calendar days from the date of notice prior to invoking the procedures of paragraph 12.2 or other provisions of the Agreement, or exercising their rights under law.

12.2 If the parties fail to resolve a dispute through negotiation under paragraph 12.1, Owner and Engineer agree that they shall first submit any and all unsettled claims, counterclaims, disputes, and other matters in question between them arising out of or relating to this Agreement or the breach thereof ("Disputes") to mediation. The process shall be conducted on a confidential basis, and shall be completed within 120 calendar days of notice if the Dispute unless the parties mutually agree to a longer period. If such mediation is

Attachment: Baxter & Woodman Agreement (2021 Water System Interconnect Construction Engineering Services)

unsuccessful in resolving a Dispute, then the parties may seek to have the Dispute resolved by a court of competent jurisdiction.

13. **MISCELLANEOUS PROVISIONS**

13.1 This Agreement is to be governed by the law of the state or jurisdiction in which the Project is located.

13.2 Any notice required under this Agreement will be in writing, addressed to the designated party at its address in the signature page and served personally, by facsimile, by registered or certified mail (postage prepaid), or by a commercial courier service. All notices shall be effective upon the date of receipt.

13.3 All express representations, waivers, indemnifications, and limitations of liability in this Agreement will survive its completion and/or termination.

13.4 Any provision or part of the Agreement held to be void or unenforceable under any laws or regulations shall be deemed stricken, and all remaining provisions shall continue to be valid and binding upon the Owner and Engineer, which agree that the Agreement shall be reformed to replace such stricken provision or part thereof with a valid and enforceable provision that expresses the intention of the stricken provision.

13.5 A party's non-enforcement of any provision shall not constitute a waiver of the provision, nor shall if affect the enforceability of that provision or of the remainder of this Agreement.

13.6 To the fullest extent permitted by law, all causes of action arising under this Agreement shall be deemed to have accrued, and all statutory periods of limitation shall commence, no later than the date of substantial completion, which is the point where the Project can be utilized for the purposes for which it was intended.

13.7 This Agreement constitutes the entire agreement between Owner and Engineer and supersedes all prior or oral understandings. This Agreement may be amended only by a mutually agreed and executed written instrument.

13.8 With the execution of this Agreement, Engineer and Owner shall designate specific individuals to act as Engineer's and Owner's representatives with respect to the services to be performed or furnished by Engineer and responsibilities of Owner under this Agreement. Such an individual shall have authority to transmit instructions, receive information, and render decisions relative to the Project on behalf of the respective party whom the individual represents.

SCHEDULE

Upon notification to proceed, the anticipated project schedule is as follows:

Start Date	Within 1 month of NTP
Substantial Completion	Within 8 months on NTP
Final Completion	Within 9 months of NTP

SCOPE OF SERVICES

The following scope of services details the anticipated tasks necessary to successfully complete the Emergency Interconnect between the Village of Palatine and Hoffman Estates that will include the Interconnect Pumping Station Facility and interconnecting Water Main.

CONSTRUCTION SERVICES

1. Act as the Owner's representative with duties, responsibilities and limitations of authority as assigned in the construction contract documents.

2. PROJECT INITIATION
   A. Prepare Award Letter, Agreement, Contract Documents, Performance/Payment Bonds, and Notice to Proceed.
   B. Receive Contractor insurance documents.
   C. Attend and prepare minutes for the preconstruction conference, and review the Contractor's proposed construction schedule and list of subcontractors.

3. CONSTRUCTION ADMINISTRATION
   A. Attend periodic construction progress meetings.
   B. Shop drawing and submittal review by Engineer shall apply only to the items in the submissions and only for the purpose of assessing, if upon installation or incorporation in the Project, they are generally consistent with the construction documents. Owner agrees that the contractor is solely responsible for the submissions (regardless of the format in which provided, i.e. hard copy or electronic transmission) and for compliance with the contract documents. Owner further agrees that the Engineer's review and action in relation to these submissions shall not constitute the provision of means, methods, techniques, sequencing or procedures of construction or extend to safety programs of precautions. Engineer's consideration of a component does not constitute acceptance of the assembled item.
   C. Review construction record drawings for completeness prior to submission to CADD.

Attachment: Baxter & Woodman Agreement (2021 Water System Interconnect Construction Engineering Services)

D. Prepare construction contract change orders and work directives when authorized by the Owner.
E. Review the Contractor's requests for payments as construction work progresses, and advise the Owner of amounts due and payable to the Contractor in accordance with the terms of the construction contract documents.
F. Research and prepare written response by Engineer to request for information from the Owner and Contractor.
G. Project manager or other office staff visit site as needed.

4a. FIELD OBSERVATION – Full Time ☐Full Time Field Observation

A. Engineer's site observation shall be at the times agreed upon with the Owner. Engineer will provide Resident Project Representatives at the construction site on a full-time basis of forty (40) hours per week from Monday through Friday, not including legal holidays, as deemed necessary by the Engineer, to assist the Contractor with interpretation of the Drawings and Specifications, to observe in general if the Contractor's work is in conformity with the Final Design Documents, and to monitor the Contractor's progress as related to the Construction Contract date of completion. Through standard, reasonable means, Engineer will become generally familiar with observable completed work. If Engineer observes completed work that is inconsistent with the construction documents, that information shall be communicated to the contractor and Owner to address. Engineer shall not supervise, direct, control, or have charge or authority over any contractor's work, nor shall the Engineer have authority over or be responsible for the means, methods, techniques, sequences, or procedures of construction selected or used by any contractor, or the safety precautions and programs incident thereto, for security or safety at the site, nor for any failure of any contractor to comply with laws and regulations applicable to such contractor's furnishing and performing of its work. Engineer neither guarantees the performance of any contractor nor assumes responsibility for any contractor's failure to furnish and perform the work in accordance with the contract documents, which contractor is solely responsible for its errors, omissions, and failure to carry out the work. Engineer shall not be responsible for the acts or omissions of any contractor, subcontractor, or supplier, or of any of their agents or employees or any other person, (except Engineer's own agents, employees, and consultants) at the site or otherwise furnishing or performing any work; or for any decision made regarding the contract documents, or any application, interpretation, or clarification, of the contract documents, other than those made by the Engineer.
B. Provide the necessary base lines, benchmarks, and reference points to enable the Contractor to proceed with the work.
C. Keep a daily record of the Contractor's work on those days that the Engineers are at the construction site including notations on the nature and cost of any extra work, and provide weekly reports to the Owner of the construction progress and working days charged against the Contractor's time for completion.

Attachment: Baxter & Woodman Agreement (2021 Water System Interconnect Construction Engineering Services)

OR

4b. FIELD OBSERVATION – PART TIME ☐Part Time Field Observation

A. Engineer will provide a Resident Project Representative at the construction site on a periodic part-time basis from the Engineer' office of not more than eight (8) hours per regular weekday, not including legal holidays (approximately 24 hours per week, for up to 288 hours) as deemed necessary by the Engineer, to assist the Contractor with interpretation of the Drawings and Specifications, to observe in general if the Contractor's work is in conformity with the Final Design Documents, and to monitor the Contractor's progress as related to the Construction Contract date of completion.

B. Through standard, reasonable means, Engineer will become generally familiar with observable completed work. If the Engineer observes completed work that is inconsistent with the construction documents, that information shall be communicated to the contractor and Owner to address. Engineer shall not supervise, direct, control, or have charge or authority over any contractor's work, nor shall the Engineer have authority over or be responsible for the means, methods, techniques, sequences, or procedures of construction selected or used by any contractor, or the safety precautions and programs incident thereto, for security or safety at the site, nor for any failure of any contractor to comply with laws and regulations applicable to such contractor's furnishing and performing of its work. Engineer neither guarantees the performance of any contractor nor assumes responsibility for any contractor's failure to furnish and perform the work in accordance with the contract documents, which contractor is solely responsible for its errors, omissions, and failure to carry out the work. Engineer shall not be responsible for the acts or omissions of any contractor, subcontractor, or supplier, or of any of their agents or employees or any other person, (except Engineer's own agents, employees, and consultants) at the site or otherwise furnishing or performing any work; or for any decision made regarding the contract documents, or any application, interpretation, or clarification, of the contract documents, other than those made by the Engineer.

C. Part-Time Field Observation provides that the Resident Project Representative will make intermittent site visits to observe the progress and quality of Contractor's executed Work. Part-Time Field Observation does not guarantee the Engineer will observe or comment on work completed by the contractor at times the Resident Project Representative is not present on site. Such visits and observations by the Resident Project Representative, if any, are not intended to be exhaustive or to extend to every aspect of Contractor's Work in progress or to involve detailed inspections of Contractor's Work in progress beyond the responsibilities specifically assigned to Engineer in this Agreement and the Contract Documents, but rather are to be limited to spot checking, selective sampling, and similar methods of general observation of the Work based on Engineer's exercise of professional judgment as assisted by the Resident Project Representative, if any.

D. Provide the necessary base lines, benchmarks, and reference points to enable the Contractor to proceed with the work.

E. Keep a daily record of the Contractor's work on those days that the Engineers are at the construction site including notations on the nature and cost of any extra work.

Attachment: Baxter & Woodman Agreement (2021 Water System Interconnect Construction Engineering Services)

5. PROJECT CLOSEOUT
   A. Provide construction inspection services when notified by the Contractor that the Project is complete. Prepare written punch lists during final completion inspections.
   B. Review the Contractor's written guarantees and issue a Notice of Acceptability for the Project by the Owner.
   C. Review the Contractor's requests for final payment, and advise the Owner of the amounts due and payable to the Contractor in accordance with the terms of the construction contract documents.
   D. Prepare construction record drawings which show field measured dimensions of the completed work which the Engineers consider significant and provide the Owner with an electronic copy within ninety (90) days of the Project completion.

Consider a Motion to Approve Change Order #1 for the 2021 Sidewalk Replacement Program

BACKGROUND:
On Monday, April 12, 2021, the 2021 Sidewalk Replacement Program - CDBG contract was awarded to Schroeder & Schroeder Incorporated of Skokie, Illinois in the amount of $308,820.01. The estimated construction cost was $371,475.

A multi-use path necessary to complete the bicycle trail connection at Algonquin Road and Roselle Road was designed and permitted just after this contract was awarded. It is recommended that this path be incorporated into the sidewalk replacement project as it can be added to the existing various location contract for a competitive price and accelerated timeline.

KEY ISSUES:

- The proposed change order would accommodate a new multi-use path to be installed adjacent to the Pride of Palatine gas station at the northwest corner of Algonquin Road and Roselle Road.
- The proposed change order would increase the total project cost by $35,592 to complete the additional work.
- Staff is requesting a change order to the contract to accommodate this work.
- Staff is attempting to accelerate this project to meet a July easement condition of the adjacent property owner. The owner has provided another contractor who will be submitting pricing and should a lower price be secured we would secure the lower cost solution.

ALTERNATIVES:

1. Approve change order #1 for the 2021 Sidewalk Replacement Program with Schroeder & Schroeder.
2. Refer back to Staff with comments.

RECOMMENDATION:
Staff recommends approval of change order #1 for the 2021 Sidewalk Replacement Program with Schroeder & Schroeder in the amount of $35,592.

BUDGET IMPACT:
Funding is available to accommodate this project from the 2021 Capital Improvement Program as a result of favorable pricing in this year's road maintenance program.

ACTION REQUIRED:
Motion to approve change order #1 for the 2021 Sidewalk Replacement Programwith Schroeder & Schroeder Incorporated of Skokie, Illinois in the amount of $35,592.

Consider a Motion to Establish a Lead Water Service Line Replacement Cost Sharing Program

BACKGROUND:
The Village of Palatine received a grant from the Northwest Water Commission in the amount of $582,000. While $282,000 of the grant funds were allocated for water system improvements and technology upgrades, the remaining $300,000 was identified for a lead service line replacement program.

With the water meter replacement program conducted in 2015/2016, water service pipes were surveyed to determine their material type. Approximately 310 lead residential water services exist in our system of over 19,000 water services.

Pursuant to Village Code, the water service pipe from the public water main to the water shut of valve (buffalo box) is owned by the Village. The water service pipe from the water shut off valve to the home is owned by the property owner.

KEY ISSUES:

- Staff proposes the Village will cover 100% of the cost to replace the lead service line from the water main to the water shut off valve, and 2/3 of the cost from the b-box to the house. The homeowner would be reimbursed after the work is completed.
- Applicants would submit their proposed work initially to the Public Works Department who would determine the extent of the eligible reimbursement.
- A building permit would be required and all fees would be eligible for reimbursement.
- Should a resident wish to increase the size of their water service for a reason other than a Code requirement, the incremental cost of the larger water service pipe would be ineligible for reimbursement.
- The Village intends on soliciting prices from area contractors and pre-qualifying them to assist in contractor selection and initial pricing for residents.
- The estimated total cost to replace a lead water service is $10,000. This program is recommended to start as a first come, first served, program. Staff will report to the Village Council the extent of participation and any potential revisions for 2022 as part of the 2022 budget process.

ALTERNATIVES:

1. Establish a Lead Service Line Replacement Program in a manner recommended by staff.
2. Refer back to Staff with comments.

RECOMMENDATION:
Staff recommends establishing a Lead Service Line Replacement Program.

BUDGET IMPACT:
$300,000 are allocated in the 2021 Water Capital Improvement Program for this reimbursement initiative.

ACTION REQUIRED:
Motion to approve the establishment of a Lead Service Line Replacement Program.

RESULT:	**APPROVED BY VOICE VOTE [UNANIMOUS]**

Consider an Ordinance Authorizing the Village Manager to Dispose of Excess Vehicles and Equipment

BACKGROUND:
This past spring, two additional vehicles were identified for disposal in addition to those previously authorized by the Village Council.

KEY ISSUES:

- A 2008 Ford Explorer, T-357, is an investigations vehicle in the Police Department. It will be replaced with a newer 2016 hand-down administration vehicle.
- A 2003 Freightliner M2 truck, T-392, is a prisoner transport vehicle that is no longer needed because the County has begun transporting prisoners again.
- Traditionally, the Village Council authorizes the sale of vehicles through auction. Staff has successfully used internet auction sites such as GovDeals.com and PublicSurplus.com in the past, and recommends using these services again. In addition, the Northwest Municipal Conference has a contract with America's Auto Auction to conduct a live auction on a quarterly basis. The next scheduled auction is this summer and fall.

ALTERNATIVES:

1. Adopt an ordinance authorizing the Village Manager to dispose of T-357 and T-392 through an internal bid/auction process.
2. Refer back to Staff with comments.

RECOMMENDATION:
It is recommended that an ordinance authorizing the Village Manager to dispose of T-357 and T-392 through an internal bid/auction process.

ACTION REQUIRED:

ORDINANCE NO._____

AN ORDINANCE
AUTHORIZING THE SALE BY PUBLIC AUCTION
OF PERSONAL PROPERTY OWNED BY THE
VILLAGE OF PALATINE

WHEREAS, in the opinion of at least three-fourths of the corporate authorities of the Village of Palatine, it is no longer necessary, useful, or in the best interest of said jurisdiction to retain ownership of the personal property hereinafter described; and

WHEREAS, it has been determined by the Mayor and the Village Council of the Village of Palatine that said personal property should be disposed of:

NOW, THEREFORE, BE IT ORDAINED BY THE Mayor AND Village Council of the Village of Palatine:

SECTION ONE: Pursuant to (chapter 65, section 5/11-76-4 of the Illinois Compiled Statute, the Mayor and Village Council for the Village of Palatine find that the following described personal property now owned by said jurisdiction is no longer necessary or useful to said jurisdiction and said jurisdiction would be best served by the properties sale.

2021 VEHICLE INVENTORY DISPOSITION LIST

UNIT #	YEAR	MAKE	MODEL	VIN #	MILEAGE	DESCRIPTION

MEMORANDUM

To: Matt Barry, Director of Public Works

From: Matt Dusckett, Fleet Services Coordinator

Date: June 25, 2021

Subject: 2021 Supplemental Surplus Vehicle and Equipment Disposition

---

Issue: Staff has compiled a supplemental listing of equipment and vehicles that are deemed no longer useful to the Village. These vehicles were determined to be no longer useful after the disposition ordinance was approved earlier this year.

Discussion: The equipment and vehicles are deemed no longer useful because they have either been replaced with new vehicles, are not needed due to fleet right-sizing reductions, or have become obsolete and can no longer serve a useful purpose. The chart below details the vehicles and equipment recommended for disposition:

UNIT	YEAR	MAKE	MODEL	VIN	MILEAGE	DESCRIPTION
T-357	2008	FORD	EXPLORER	1FMEU73E88UA88726	146,160	INVESTIGATION
T-392	2003	FREIGHTLINER	M2	1FVACWAK33HL70643	278,130	PRISONER TRANSPORT

The 2008 Explorer will be replaced with a newer 2016 hand-down administration vehicle, and the Freightliner is no longer needed for prisoner transport because the County has begun transporting prisoners once again.

Traditionally, the Village Council authorizes the sale of these vehicles through auction. Staff has successfully used internet auction sites such as GovDeals.com and PublicSurplus.com in the past, and recommends utilizing these auction services once again.

In addition, the Northwest Municipal Conference has a contract with America's Auto Auction to conduct a live auction on a quarterly basis. The next live auctions are scheduled for this summer and fall. Staff will determine the appropriate auction method based on the item description and likelihood of receiving the most lucrative bids.

Recommendation: Staff recommends that the Village Council authorize the disposition of the vehicles and equipment detailed in the chart above. They will be sold via live and/or internet auctions.

Consider an Ordinance Increasing the Number of Class D (Restaurant) Liquor Licenses by One and Decreasing the Number of Class D-1 Liquor Licenses by One for J L's Pizza and Sports Bar at 19 N. Bothwell Street

BACKGROUND:
J L's Pizza and Sports Bar currently holds a Class D-1 (Restaurant with Extended Hours) Liquor License. After a review of their restaurant operations, the owner, Dave Gagner, is requesting a Class D (Restaurant) liquor license with earlier closing times (12:00 AM on weekdays and 1:00 AM on weekends) to replace the Class D-1 license effective July 1, 2021.

KEY ISSUES:

- J L's Pizza and Sports Bar is currently operating under the Class D hours awaiting Village Council decision.

- Payment of $3,742 for a Class D license was received for the 2021/2022 year.

ALTERNATIVES:

1. Approve the Ordinance increasing the number of Class D liquor licenses by one and decreasing the number of Class D-1 liquor licenses by one.
2. Do not approve the Ordinance increasing the number of Class D liquor licenses by one and decreasing the number of Class D-1 liquor licenses by one.

RECOMMENDATION:
Action is at the discretion of the Committee.

ACTION REQUIRED:
Action is at the discretion of the Committee.

RESULT:	**APPROVED BY CONSENT VOTE [UNANIMOUS]**
MOVER:	Scott Lamerand, District 2 Councilman
SECONDER:	Kollin Kozlowski, District 5 Councilman
AYES:	Millar, Lamerand, Myslinski, Solberg, Kozlowski, Helms

Consider an Ordinance Granting a Special Use and Variation to Permit a Restaurant/Bar at 365 W. Northwest Highway

BACKGROUND:

The Petitioner is requesting to open a new sports restaurant/bar at the Subject Property. Therefore, the Petitioner is requesting approval of the following:

1) Special Use to permit a restaurant/bar; and

2) Variation for an additional 43 parking spaces to allow 158 parking spaces instead of the minimum required 220 parking spaces.

KEY ISSUES:

- The Subject Tenant Space, zoned B-2 General Business District, is located in the Century Plaza shopping center.
- The Subject Tenant Space is 6,400 square feet and the shopping center contains a total of 37,223 square feet total.
- 158 parking spaces are provided, including existing parking variations of 19 parking spaces (O-53-17 & O-60-19) for a total of 177 parking spaces. An additional 43 parking spaces would be required, per Code. As justification for the parking variation, the Petitioner identified the non-conflicting hours of operation between the proposed use and the other tenants within the center.

ALTERNATIVES:

1. Approve the Special Use and Variation to Permit a Restaurant/Bar.

2. Do not approve the Special Use and Variation to Permit a Restaurant/Bar.

RECOMMENDATION:

Public Hearing**:**	ZBA meeting on June 8, 2021
Residents testifying:	None.
Vote:	The ZBA voted 6-1 to approve a Special Use and Variation to permit restaurant/bar and Staff concurs.

ACTION REQUIRED:

Consider an Ordinance Increasing the Number of Class D (Restaurant) Liquor Licenses by One for Hot Pockets Sports Bar at 365 W. Northwest Highway

BACKGROUND: On this evening's agenda is a request for a Special Use for Hot Pockets Sports Bar located at 365 W. Northwest Highway. Owner, Manny Rafidia, is requesting a Class D (Restaurant) Liquor License. Permitted hours for a Class D Liquor License is Sunday - Thursday 6 AM to Midnight and Friday - Saturday 6 AM to 1 AM.

KEY ISSUES:
1. Increase Class D (Restaurant) Liquor by one for Hot Pockets at 365 W. Northwest Highway

ALTERNATIVES:

1. Approve the Ordinance increasing the number of Class D Liquor Licenses by one.
2. Do not approve the Ordinance increasing the number of Class D Liquor Licenses by one.

Consider an Ordinance Granting a Special Use to Permit a Fence at 1070 S. Brockway Street

The Petitioner is requesting to install a fence 5 feet from the side yard abutting a street property line and abutting the side lot line of a front yard of an adjacent lot. Therefore, the Petitioner is requesting:

Special Use to permit a fence in the rear yard abutting the side lot line of the front yard of an adjacent lot.

KEY ISSUES:

- The Subject Property, zoned R-1 Single-Family Residential, was annexed into the Village in 1990. The Petitioner received a Special Use for a setback reduction to complete a second story addition in 2020. The fence was a component of that request, but was not included in the Council's review as the Petitioner was going to look at revising the plan to address the concerns raised by their neighbors.
- The proposal also included the installation of a 5 foot solid fence to be located 5 feet from the side yard abutting a street lot line, which also encroaches on the side lot line of the front yard of an adjacent lot. Therefore, a Special Use is required.
- Subsequent to the Public Hearing, the Petitioner met with the two neighbors that initially objected to the proposed fencing plan and obtained their support with a revised landscaping plan. The revised landscaping includes installed evergreen bushes and hydrangeas, which are placed in front of the fence along Bryant Avenue. Both neighbors submitted email supporting the request, which are included in the packet.

ALTERNATIVES:

1. Approve the Special Use to permit a fence.
2. Do not approve the Special Use to permit a fence.

RECOMMENDATION:

Public Hearing**:**	ZBA meeting on October 13, 2020
Residents testifying:	2 neighbors: Questions about whether a 5-foot solid fence would have a negative impact on the neighborhood.
Vote:	The ZBA voted 5-3 to approve a Special Use for a fence. Staff recommends action at the Village Council's discretion.

Consider an Ordinance Amending the Village of Palatine's Traffic Code Section 18-81 Prohibited Places to Remove Parking Restrictions Along a Portion of Carpenter Drive

BACKGROUND:

On the 1000 block of E. Carpenter Drive the Village has no parking restrictions (both sides) in place from Clark Drive east to the lot line of 1054 E. Carpenter Drive. Nearby residents have expressed concerns about the parking in front of their homes during sporting events, and why there is a parking restriction by Sycamore Park.

KEY ISSUES:

- At the last Traffic Engineering Committee meeting, the Village of Palatine along with the Park District discussed the issue.
- It was determined that there is no real need for the parking restriction in front of the park.
- The Traffic Engineering Committee voted unanimously to remove the parking restriction that currently exists to allow parking in front of and across the street at the location of the park.

ALTERNATIVES:

1. Keep the parking restrictions as they currently exist
2. Refer back to Staff with comments.

RECOMMENDATION:
Staff recommends removing the parking restriction.

ACTION REQUIRED:
Motion to approve an ordinance amending the Village of Palatine's Traffic Code Section 18-81 Prohibited Places to remove parking restriction line item (22) from Ordinance O-27-19, Carpenter Drive (both sides): Clark Drive to 1054 E. Carpenter Drive.

Consider a Resolution Approving a Preliminary & Final Plat of Subdivision and an Ordinance Approving a Planned Development Amendment for a 3-Lot Commercial Subdivision at 700-790 W. Euclid Avenue (Regency Plaza)

BACKGROUND:
The Petitioner is requesting to subdivide the existing Regency Plaza shopping center, which is currently one lot, into three separate commercial lots. No other changes to the center are being requested. With the proposed subdivision, Lot 1 will include the existing multi-tenant shopping center (710-790 W. Euclid Avenue), Lot 2 will include the vacant, former restaurant building (702-704 W. Euclid Avenue) and its associated parking lot, and Lot 3 will include the existing Fifth Third Bank (700 W. Euclid Avenue) and its associated parking lot. Therefore, the Petitioner is requesting approval of the following:

- **Preliminary and Final Plat of Subdivision to permit a 3-lot commercial subdivision; and**
- **Planned Development Amendment to the Regency Plaza Planned Development allow a 3-lot commercial subdivision.**

KEY ISSUES:

- The Subject Property, Regency Plaza shopping center, is located at the northeast corner of Quentin Road and Euclid Avenue and is zoned Planned Development.
- The Regency Plaza site totals 15.2 acres and contains a 122,823 square feet shopping center and two outlots (Fifth Third Bank and a vacant building formerly used as a restaurant). Regency Plaza was approved a Planned Development in 1986.
- Currently, the Subject Property consists of one parcel. The Petitioner is requesting to subdivide the property into three separate parcels. Lot 1 (existing shopping center) would be 12.87 acres; Lot 2 (vacant restaurant building) would be 1.78 acres; and, Lot 3 (bank) would be 0.57 acres.
- The bank is approximately 5,000 sq. ft. Per the site plan, 17 parking spaces would be allocated to the bank (17 parking spaces are required per Code).
- The vacant restaurant building is approximately 10,494 square feet. Per the site plan, 106 parking spaces would be allocated for the future use of this building. The former restaurant had 365 seats, which required 146 parking spaces. The maximum number of seats for 106 parking spaces is 265 seats using 1 space per 2.5 seats. 105 parking spaces would be required for the restaurant using the 1 space per 100 sq. ft. of gross floor area. A retail use would require 35 parking spaces.
- The overall shopping center has 578 parking spaces, with 637 spaces being required. There is an existing parking variation in place to accommodate the current tenant mix for the center. The existing variation is unaffected by the proposed subdivision.

- A cross access and parking easement between the three lots would be required as a condition of approval. Thus, the cross access and parking agreement provides parking resources beyond the limits of the proposed lots within the 3 lot subdivision.

ALTERNATIVES:

1. Approve the Preliminary & Final Plat of Subdivision and Planned Development Amendment for a 3-lot commercial Subdivision at 700-790 W. Euclid Avenue.

2. Do not approve the Preliminary & Final Plat of Subdivision and Planned Development Amendment for a 3-lot commercial Subdivision at 700-790 W. Euclid Avenue.

Residents testifying:	None.
Vote:	The Plan Commission voted unanimously to approve the requested Subdivision and Planned Development Amendment, and Staff concurs.

Consider a Resolution Granting Final Resubdivision Approval for the Property at 761 E. Dundee Road

BACKGROUND:
Deer Grove Centre received Planned Development approval in 1995 and has operated as a regional shopping center since that time. It is located along the Dundee Road corridor and directly adjacent to the Rand Road corridor.

The shopping center owner is planning to subdivide the Aldi supermarket building pad, in order to sell the lot. All of the existing requirements of both the Planned Development and the owner's easement agreement regarding shared parking and access will remain in place. Therefore, the Petitioner is requesting approval of the following:

Plat of Resubdivision to subdivide lot 8 A, an approximately 20,394 square feet (.468 acres) lot at 761 E. Dundee Road (Deer Grove Centre)

KEY ISSUES:

- The shopping center owner (Ramco-Gershenson Properties, L.P.) is proposing to subdivide the Aldi's Food Market into a 0.468 acre (20,394 square feet) parcel within Deer Grove Centre. The proposed Lot 8A will continue its operation as a grocery store and the existing cross access and parking easement agreement for the entire shopping center remain in place and would include the Subject Lot.

- The proposed Plat of Resubdivision does not change or impact the underlying Planned Development for the property and all of the existing conditions and requirements remain active and in place.

ALTERNATIVES:

1. Approve the Subdivision resolution for Deer Grove Centre.

2. Do not approve the Subdivision resolution for Deer Grove Centre.

ACTION REQUIRED:
A motion to approve the resolution granting approval of the final Plat of Resubdivision at 761 E. Dundee Road, within Deer Grove Centre.

RECOMMENDATION:
Staff recommends approval of the resolution granting a final resubdivision at Deer Grove Centre at 761 E. Dundee Road.

Consider an Ordinance Approving a Minor Planned Development Amendment Recognizing a New Montessori School Operator at 12 S. Linden Avenue

BACKGROUND:
The Petitioner is proposing to operate a new Montessori School at 12 S. Linden Avenue. In 2007, a Planned Development (#O-71-07) was approved to allow a Montessori School to operate on the property, excepting that any change in operator or owner required the review and approval by the Village Council. Therefore, the Petitioner is requesting:

> **A Minor Planned Development Amendment recognizing a new Montessori School operator (Montessori Academy of Illinois, Ltd.), pursuant to Planned Development Ordinance # O-71-07**

KEY ISSUES:

- The Subject Property is zoned Planned Development and was approved for a Montessori School in 2007; however, it has been vacant since late 2013.

- The proposed new operator has previous experience and is currently working with DCFS for approval at this location. In addition to beginning their operations in 1993, the school was most recently located in Niles.

- Per the table below, the school will operate in a very similar manner, the one operational difference is students will only be up to age 6, versus the previous school was to age 8:

	Approved	**Proposed**
Use	Montessori School	Montessori School
Staff Members	Approximately 8	4 increasing to max of 10
Age of Children	6 weeks - 9 Years	6 weeks - 6 Years
Number of Children	Approximately 75	9 increasing to max of 75
Hours of Operation	7 AM - 6 PM	7 AM - 6 PM

- The proposed hours of operation are Monday - Friday from 7 AM - 6 PM. There will be 4 employees initially, with the number increasing to 8 in the future. There are initially 9 children, increasing to a maximum capacity of 75 children.

- The property owner has provided a letter verifying the easement agreement for traffic flow and providing overflow parking for the school on the associated Palatine Road property. There is also a condition of the Minor Planned Development Amendment Ordinance, which requires a parking agreement be submitted in a manner acceptable to the Village Attorney for use of the available parking at 421 E. Palatine Road prior to the issuance of a Certificate of Occupancy for the school.

ALTERNATIVES:

1. Approve the Minor Planned Development Ordinance to recognize a new operator of the Montessori School, pursuant to Planned Development Ordinance #O-71-07.
2. Do not approve the Minor Planned Development Ordinance to recognize a new operator of the Montessori School, pursuant to Planned Development Ordinance #O-71-07.

Consider a Motion to Award a Contract for the 2021 Water System Interconnect-Booster Station and Water Main Project

BACKGROUND:
The Villages of Palatine and Hoffman Estates conducted a Phase I engineering study to evaluate the water distribution systems of both Villages for installation of an emergency water interconnection. This study identified a mutually beneficial connection alternative. Easements were obtained from the Little City property to accommodate this improvement. The interconnection when constructed could provide emergency water flows between the two Villages ranging from 1.4 to 2.2 million gallons per day.

KEY ISSUES:

- The construction was divided into two projects; one contract to procure the needed booster station to pump water from Palatine to Hoffman Estates and the second to perform the utility work from the booster station in Hoffman Estates to the existing limits of the Palatine water system at the east limit of Little City.
- On Tuesday, June 29, 2021, eleven bids were received ranging from a high of $1,674,761.90 to a low of $1,149,779.00.
- The low responsive and responsible bidder was Mauro Sewer Construction, Incorporated of Des Plaines, Illinois in the amount of $1,149,779.
- The Engineer's Estimate was $1,491,915.

ALTERNATIVES:

1. Award the contract for the 2021 Water System Interconnect-Booster Station and Water Main Project to Mauro Sewer Construction.
2. Refer back to Staff with comments.

RECOMMENDATION:
It is recommended that the contract for the 2021 Water System Interconnect-Booster Station and Water Main Project be awarded to Mauro Sewer Construction.

BUDGET IMPACT:
Funds in the amount of $1,200,000 have been appropriated in the 2021 Capital Improvement Budget to accommodate this project. Per the terms of the intergovernmental agreement dated June 23, 2020, the Village of Hoffman Estates will reimburse the Village of Palatine 50% of all construction and construction engineering costs (approximately $600,000). In addition, the Northwest Water Commission will reimburse the Village 50% of our portion of the construction costs (approximately $300,000).

Consider a Motion Authorizing the Village Manager to Execute a Proposal for Construction Engineering Services for the 2021 Water System Interconnect Project

BACKGROUND:
The Villages of Palatine and Hoffman Estates conducted Phase I and Phase II engineering to evaluate the water distribution systems of both Villages for installation of an emergency water interconnection. Easements were obtained from the Little City property to accommodate this improvement. The interconnection when constructed could provide emergency water flows between the two Villages ranging from 1.4 to 2.2 million gallons per day. Work is tentatively scheduled to commence in August with construction to be substantially completed this year.

KEY ISSUES:
- Utilizing Construction Engineering Services is recommended to meet procedural requirements, assure quality construction, and allow for the routine attention needed during this construction project.
- Baxter & Woodman, Incorporated completed the design and permitting for the project which has been competitively bid and scheduled to go to construction in August.

ALTERNATIVES:
1. Authorize the Village Manager to execute the proposal from Baxter & Woodman for Construction Engineering Services for the 2021 Water System Interconnect Project.

2. Refer back to Staff with comments.

RECOMMENDATION:
Staff recommends authorizing the Village Manager to execute the proposal from Baxter & Woodman for Construction Engineering Services for the 2021 Water System Interconnect Project.

Consider a Motion to Approve Change Order #1 for the 2021 Sidewalk Replacement Program

BACKGROUND:
On Monday, April 12, 2021, the 2021 Sidewalk Replacement Program - CDBG contract was awarded to Schroeder & Schroeder Incorporated of Skokie, Illinois in the amount of $308,820.01. The estimated construction cost was $371,475.

A multi-use path necessary to complete the bicycle trail connection at Algonquin Road and Roselle Road was designed and permitted just after this contract was awarded. It is recommended that this path be incorporated into the sidewalk replacement project as it can be added to the existing various location contract for a competitive price and accelerated timeline.

KEY ISSUES:

- The proposed change order would accommodate a new multi-use path to be installed adjacent to the Pride of Palatine gas station at the northwest corner of Algonquin Road and Roselle Road.
- The proposed change order would increase the total project cost by $35,592 to complete the additional work.
- Staff is requesting a change order to the contract to accommodate this work.
- Staff is attempting to accelerate this project to meet a July easement condition of the adjacent property owner. The owner has provided another contractor who will be submitting pricing and should a lower price be secured we would secure the lower cost solution.

ALTERNATIVES:

1. Approve change order #1 for the 2021 Sidewalk Replacement Program with Schroeder & Schroeder.
2. Refer back to Staff with comments.

RECOMMENDATION:
Staff recommends approval of change order #1 for the 2021 Sidewalk Replacement Program with Schroeder & Schroeder in the amount of $35,592.

Consider a Motion to Establish a Lead Water Service Line Replacement Cost Sharing Program

BACKGROUND:
The Village of Palatine received a grant from the Northwest Water Commission in the amount of $582,000. While $282,000 of the grant funds were allocated for water system improvements and technology upgrades, the remaining $300,000 was identified for a lead service line replacement program.

With the water meter replacement program conducted in 2015/2016, water service pipes were surveyed to determine their material type. Approximately 310 lead residential water services exist in our system of over 19,000 water services.

Pursuant to Village Code, the water service pipe from the public water main to the water shut of valve (buffalo box) is owned by the Village. The water service pipe from the water shut off valve to the home is owned by the property owner.

KEY ISSUES:

- Staff proposes the Village will cover 100% of the cost to replace the lead service line from the water main to the water shut off valve, and 2/3 of the cost from the b-box to the house. The homeowner would be reimbursed after the work is completed.
- Applicants would submit their proposed work initially to the Public Works Department who would determine the extent of the eligible reimbursement.
- A building permit would be required and all fees would be eligible for reimbursement.
- Should a resident wish to increase the size of their water service for a reason other than a Code requirement, the incremental cost of the larger water service pipe would be ineligible for reimbursement.
- The Village intends on soliciting prices from area contractors and pre-qualifying them to assist in contractor selection and initial pricing for residents.
- The estimated total cost to replace a lead water service is $10,000. This program is recommended to start as a first come, first served, program. Staff will report to the Village Council the extent of participation and any potential revisions for 2022 as part of the 2022 budget process.

ALTERNATIVES:

1. Establish a Lead Service Line Replacement Program in a manner recommended by staff.
2. Refer back to Staff with comments.

RECOMMENDATION:
Staff recommends establishing a Lead Service Line Replacement Program.

BUDGET IMPACT:
$300,000 are allocated in the 2021 Water Capital Improvement Program for this reimbursement initiative.

Consider an Ordinance Authorizing the Village Manager to Dispose of Excess Vehicles and Equipment

BACKGROUND:
This past spring, two additional vehicles were identified for disposal in addition to those previously authorized by the Village Council.

KEY ISSUES:

- A 2008 Ford Explorer, T-357, is an investigations vehicle in the Police Department. It will be replaced with a newer 2016 hand-down administration vehicle.
- A 2003 Freightliner M2 truck, T-392, is a prisoner transport vehicle that is no longer needed because the County has begun transporting prisoners again.
- Traditionally, the Village Council authorizes the sale of vehicles through auction. Staff has successfully used internet auction sites such as GovDeals.com and PublicSurplus.com in the past, and recommends using these services again. In addition, the Northwest Municipal Conference has a contract with America's Auto Auction to conduct a live auction on a quarterly basis. The next scheduled auction is this summer and fall.

ALTERNATIVES:

1. Adopt an ordinance authorizing the Village Manager to dispose of T-357 and T-392 through an internal bid/auction process.
2. Refer back to Staff with comments.

Consider an Ordinance Authorizing the Village Manager to Execute a Quit Claim Deed for Property Located South of 330 S. Brockway Street

BACKGROUND:
In the 1950s, a Quit Claim Deed was recorded with the Cook County Recorder of Deeds that conveyed a piece of property approximately 12.5 feet wide to the Village of Palatine. This was part of an area that provides access to the parking for 330 N. Brockway Street, parking for 322 N. Brockway Street, and ingress/egress to the Township cemetery to the west. There is no recognition of the Village accepting said property nor has the County Assessor or tax mapping division recognized the transfer.

KEY ISSUES:
The property owner of 330 N. Brockway is in the process of selling her property. She was the owner in the 1950s when the Quit Claim Deed was executed. The Village has no record of accepting the property and all of our maps as well as the maps used by the County and other authorities do not recognize the transfer.

The Village has no need in the past nor future for the property. There are no utilities running over the property. Everything is in a state of confusion given the recorded document, but no acknowledgment of acceptance nor desire for acceptance.

To resolve the issue, it is recommended that the Village Manager execute a Quit Claim Deed that would return the property to the original owner. To the extent that the Village does own it, it will go back to the original owner. To the extent we don't own it, this will help clarify and help the owner of 330 N. Brockway Street secure a clean title to their property.

This action is at the request and concurrence of the owner of 330 N. Brockway Street.

ALTERNATIVES:

1. Approve Quit Claim Deed.
2. Do not approve Quit Claim Deed.

RECOMMENDATION:
Staff recommends approval of the ordinance authorizing the Village Manager to execute a Quit Claim Deed.

Consider a Resolution Reducing the Ayreshire Planned Development Security Deposit

BACKGROUND:

On June 13, 2019, the Village accepted a $120,000 Planned Development Security Deposit in support of the completion of the twelve residential units in the Ayreshire Subdivision. The letter of credit was reduced to $50,000 on April 5, 2021, to reflect the seven completed units. The remaining five units have now received Certificates of Occupancy and the Planned Development Security Deposit may be released. The Developer is requesting a Security Deposit reduction for the additional 5 completed units, which have all received their respective Certificate of Occupancies. Therefore, the Petitioner is seeking approval of the following:

Authorization to release the Ayreshire Subdivision Planned Development Security Deposit.

- The remaining Ayreshire Subdivision Planned Development Security Deposit would be released, as all of the units have received Certificates of Occupancy.

ALTERNATIVES:

1. Authorize the release of the remaining $50,000 Planned Development Security Deposit.
2. Do not authorize the release of the remaining $50,000 Planned Development Security Deposit.

RECOMMENDATION:
Staff recommends release of the Ayreshire Subdivision Planned Development Security Deposit.

RESOLUTION NO. _____

RESOLUTION AUTHORIZING THE RELEASE OF THE AYRESHIRE SUBDIVISION PLANNED DEVELOPMENT SECURITY DEPOSIT FOR THE AYRESHIRE PLANNED DEVELOPMENT, PURSUANT TO THE VILLAGE OF PALATINE MUNICIPAL CODE, APPENDIX A, ZONING ORDINANCE, SECTION 13.07

WHEREAS, on the 13th day of June, 2019, KF Walter Inc. for good and valuable consideration for the completion of twelve residential units in the Ayreshire Subdivision; and

WHEREAS, pursuant to Section 13.07 of Appendix A of the Palatine Municipal Code, an owner or developer of a planned development is required to deposit certain security or evidence thereof with the Village of Palatine to guarantee the installation of such planned development improvements; and

WHEREAS, in the matter of the Ayreshire Subdivision located at the northwest corner of Hicks Road and Garden Avenue, a letter of credit - #1288 (Signature Bank), in the amount of $120,000 was deposited with the Village of Palatine on the 13th day of June, 2019 to ensure the completion of the planned development; which was subsequently reduced to $60,000 on December 15, 2020; and $50,000 in April 2021; and

WHEREAS, KF Walter Inc. has made application for a reduction of the letter of credit in the amount of $50,000 ($10,000/unit), as the five remaining additional units and all twelve units in the development have now received certificates of occupancy; and

Attachment: RES Ayreshire Planned Development LOC Reduction (Ayreshire - PD Security Deposit Reduction (CA))

WHEREAS, certificates of occupancy were issued for the final five additional residential units (12 total).

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of the Village of Palatine that:

SECTION 1: Approval pursuant to the Palatine Municipal Code, Appendix B Section 13.07 be and is hereby granted for the completion of five additional residential units, having a value of $50,000.

SECTION 2: The letter of credit is hereby released in full, as all twelve units have certificates of occupancy ensuring the completion of the development.

Consider an Ordinance Transferring the Existing Special Use for the Bendita Cocina Restaurant at 16 S. Bothwell Street

BACKGROUND:

The Subject Property is an existing restaurant in downtown Palatine. The Village Council granted a transfer of the existing Special Use on June 21, 2021 from Artistic Cuisine to Bendita Cocina. The approved transfer included two new owners. One of those owners, Susana Brizuela, is now seeking to transfer all of her ownership interest to the other owner, Carlos Flores. Therefore, the Petitioner is requesting approval of the following:

Special Use Transfer of Ordinance #O-220-03 to Carlos Flores to permit the continued operation of a restaurant (Bendita Cocina).

KEY ISSUES:

- The original Special Use was approved in 2003. It was most recently transferred to Carlos Flores and Susana Brizuela on June 21, 2021.
- There are no changes to the proposed building operations or floorplan.
- Any future changes to the floor plan or business operations will require additional Village review.

ALTERNATIVES:

1. Recommend approval of the Special Use Transfer.
2. Do not recommend approval of the Special Use Transfer.

RECOMMENDATION:

Staff recommends approval of the Special Use Transfer at 16 S. Bothwell Street.

ACTION REQUIRED:

A motion to approve the Special Use Transfer to Carlos Flores to permit the continued operation of a restaurant (Bendita Cocina) at 16 S. Bothwell Street.

AN ORDINANCE GRANTING
A SPECIAL USE FOR A RESTAURANT AND A VARIATION
AUGIE'S PIZZA – 16 S. BOTHWELL STREET

WHEREAS, pursuant to a public hearing held on October 7, 2003, of which public notice was given as required by law, the Plan Commission of the Village of Palatine, in accordance with the Zoning Ordinance of the Village of Palatine, in such case made and provided, has held such public hearing regarding granting a Special Use to permit a restaurant with outdoor seating, pursuant to Section 11.02 (d) (19) of the Palatine Zoning Ordinance; and a Variation for the required number of parking spaces, pursuant to Section 7.03 (b) (1) of the Palatine Zoning Ordinance, on the following legally described property:

> The North 1/2 of Lots 7 and 8 in Block "B" in Palatine, a subdivision by Alexander S. Pratt of part of the Northeast 1/4 of Section 22, Township 42 North, Range 10, East of the Third Principal Meridian, according to the plat thereof recorded in Book 125 of Maps, Page 61, in Cook County, Illinois

commonly known as 16 S. Bothwell.

NOW, THEREFORE, BE IT ORDAINED, by the Mayor and Village Council of the Village of Palatine, Cook County, Illinois, acting in the exercise of their home rule power, that:

SECTION 1: A Special Use to permit a restaurant with outdoor seating, pursuant to Section 11.02 (d) (19) of the Palatine Zoning Ordinance; and a Variation for the required number of parking spaces, pursuant to Section 7.03 (b) (1) of the Palatine Zoning Ordinances hereby granted, subject to the following conditions:

1. The Special Use to permit the operation of Augie's Pizza is granted solely to James Longfield, Jr., and may be transferred only after review by the Zoning Board of Appeals and consent of the Village Council. In the event of sale or lease of this property, the existing and prospective proprietors shall appear before the Zoning Board of Appeals. The Zoning Board of Appeals shall review the request and in its sole discretion, shall either:

Consider an Ordinance Granting Special Uses and Variations to Permit a Drive-Through Restaurant and Electronic Message Board Sign at 1158 E. Dundee Road

BACKGROUND:
The Petitioner is proposing to relocate an existing restaurant, Tore & Luke's, and associated freestanding electronic message board (EMB) sign to a new location on Dundee Road. Therefore, the Petitioner is requesting approval of the following:

1) Special Use to permit a drive-through restaurant;

2) Special Use to permit an electronic message board (EMB); and

3) Variations to permit a freestanding sign to be 110 square feet instead of the maximum 100 square feet and on a lot with less than 300 feet of lot frontage and within 500 feet of another electronic message board.

KEY ISSUES:

- The Petitioner proposes to relocate their existing restaurant on Rand Road to the Subject Property and it will be drive-through only, with no interior seating.
- The Petitoner is proposing to relocate/reuse their existing sign from their current location. The EMB sign requires both a Special Use and Variations for size, EMB separation, and minimum required lot width. Both the Delta Sonic Car Wash (1245 E. Dundee Road) and the Sonic restaurant (1151 E. Dundee Road) have approved EMBs with less than 300 feet of frontage and Sonic's EMB sign is within the minimum required 500 feet between EMB signs.
- The previous Tore and Luke's Rand Road location is zoned Planned Development. As part of the Planned Development approval for the restaurant and site, the EMB sign (at 110 square feet) was approved, as the Rand Road corridor and B-5 zoning district allow freestanding signs to be up to 120 square feet. The Rand Road site contained less than 300 feet of lot frontage and was located within 500 feet of another EMB (Knupper).
- The proposed location on Dundee Road is an approved EMB corridor and is zoned Planned Development, but follows the B-2 zoning district standards. At 110 square feet, the proposed sign exceeds the maximum allowable square footage of 100 square feet and, as the Planned Development contained no underlying applicable EMB provisions, the proposed sign followed the Zoning Ordinance proscribed EMB process for review.
- While relief is needed for the proposed relocation/reuse of the EMB, the proposed location is farther from the Sonic sign (275') than the distance from the previous sign location to the nearby Knupper Nursery sign (165'). In addition, the limited amount of sign area dedicated to the EMB reduces the sign's potential impacts.

ALTERNATIVES:

1. Approve the Special Uses and Variations to permit a drive-through restaurant

and EMB Sign.

2. Do not approve the Special Uses and Variations to permit a drive-through restaurant and EMB Sign.

RECOMMENDATION:

Public Hearing**:**	ZBA meeting on June 22, 2021
Residents testifying:	None.
Vote:	The ZBA voted unanimously approve the Special Uses and Variations to Permit a Drive-thru Restaurant and EMB Sign. Staff concurs with the Special Use for the restaurant and recommends action at the Village Council's discretion for the Special Use and Variations for the EMB sign.
