C. INFRASTRUCTURE & ENVIRONMENT COMMITTEE*TIM MILLAR, CHAIRMAN***1. Palatine Road Improvements Discussion -**

Village Manager Reid Ottesen opened discussion announcing the Village has been working on a Phase I study of Palatine Road from Smith St. to Quentin Rd. The Village is responsible for general maintenance through an IDOT agreement but have concerns IDOT may want to do an upgrade. To maintain some control and residential feel to the area the Village has sought grant dollars, conducted a series of open house meetings to explain the impact and is now wrapping up Phase I. The five areas of concentration include the Smith St. Intersection, roadway from Smith to Cedar, Cedar St. Intersection, roadway from Cedar to Quentin and the Quentin Road Intersection.

Director of Public Works Matt Barry explained the existing conditions of Palatine Road from Quentin Rd. to Smith St. These conditions include: two thru lanes, limited turn lanes, sidewalk gaps, limited bike accommodations, poor performing traffic signals. The corridor is being studied due to deteriorated/failing pavement, undersized drainage infrastructure, safety, mobility and traffic flow. An IDOT Condition Rating Survey scored a "poor" rating. Improvement needs were determined through crash data, environmental resources, drainage and property owner input. Two public meetings were held on September 19, 2019 and September 16, 2021.

Proposed Improvements for Palatine Road include:

- one thru lane in each direction
- center be-directional turn lane
- multi use path (Quentin to Cedar)
- modernized, urban drainage system
- consistent lane widths throughout
- new right turn lanes at Quentin Rd. (northbound/southbound)

Proposed Improvements for Quentin Rd.

- new right turn lanes at Palatine Rd. (eastbound/westbound)

These improvements can result in a 43% crash reduction at Palatine & Quentin intersection and a 91% annual crash reduction along the corridor. Palatine Road is an IDOT roadway. The Village is taking the lead to control improvements and leverage state, county, and federal funding. IDOT would build a 4-lane or 5-lane section based on current and future traffic volumes and Village utilities (water mains) would be more expensive.

Barry explained that the Village is concluding Phase I Engineering and have the funding for Phase II with time restraints. The 50/50 FHWA Grant is secured and is time sensitive with a 2022 start. The obligation deadline to allocate federal funds is June 2022. The preference is to approve improvements from Quentin Road to Smith Street. Consensus is needed to

negotiate a contract for Phase II Engineering for consideration in May or June.

Councilman Millar expressed that safety is a big issue due to the traffic impact from Amazon. This will be a greater safety net. The drainage improvement is very positive.

Councilman Myslinski questioned how the plan documents correlate with the State. Barry explained that we would be the lead agency through the design phase. We control the scope of the project in study and design.

Mayor Schwantz expressed public engagement is helpful but had concerns on the County's involvement. Barry explained the County would be involved in securing funding. They know improvements are coming and we are expecting their cooperation and participation.

Councilman Solberg asked if there would be any private land acquisition. Barry mentioned that less than one acre along the corridor at Smith/Palatine and one-half acre of temporary acquisition at Smith and US 14.

The consensus of the Council is to move forward with Phase II Engineering.

2. As Submitted -

Nothing was submitted.

D. FIRE POLICY & COMMUNITY INFORMATION COMMITTEE

SCOTT LAMERAND, CHAIRMAN

1. Consider a Motion Authorizing the Village Manager to Purchase a 2022 Fire Engine Purchase - **Approved by Voice Vote**

Village Manager Reid Ottesen explained the purchase is for a replacement fire engine involved in a recent accident. This will decrease our expenditure in 2 years and we expect approximately \$80,000 of insurance proceeds be applied to the purchase. Payment will occur when we take delivery.

In response to Mayor Schwantz, Fire Chief Gratziana reported that the \$745,000 cost covers the vehicle including ladders and some hand tools. Most of the outfitting equipment will come from the existing reserve fire engine.

Minutes Acceptance: Minutes of Apr 18, 2022 7:00 PM (APPROVAL OF MINUTES)

Consider a Motion Granting Approvals, Including Waiver of the Sound Amplification Ordinance and Traffic Controls, for the St. Nectarios Greek Orthodox Church 'Greek Fest' Event on June 24 -26, 2022 at 133 S. Roselle Road

BACKGROUND:

St. Nectarios Greek Orthodox Church, 133 S. Roselle Road, wishes to hold their 2022 Greek Fest on June 24 - 26, 2022.

KEY ISSUES:

- The proposed festival hours are as follows:

Friday, June 24: 4 - 11 PM (Drive thru 4 - 9 PM)

Saturday, June 25: Noon - 11 PM (Drive thru Noon - 9 PM)

Sunday, June 26: Noon - 10 PM (Drive thru Noon - 9 PM)

- The organizers are requesting a waiver of the Sound Amplification Ordinance as follows:

Friday, June 24: 4 - 11 PM

Saturday, June 25: Noon - 11 PM

Sunday, June 26: Noon - 10 PM

- The proposed event and sound amplification hours are the same as the 2019 festival. Also, the sound stage has been repositioned to the SE corner, closer to the building, with the sound facing away from residential areas and toward the golf course.
- Signage for Greek Fest will be on or near their properties on both south corners of Palatine Road and Roselle Road. No additional signage will be placed in the right-of-way in the community.
- Staff will be working with the event organizers on the traffic management and parking plans, drive-through configuration, and required Police services. Part of the traffic control will again include using the eastern exit of the property for bus traffic only. The buses that are shuttling patrons would proceed out the east exit and turn left on Clyde to proceed back to Palatine Road. This significantly improved traffic flow on Roselle Road in 2018 and 2019. It should be noted they have also eliminated the games area and added a second drive-thru lane to help move traffic more smoothly. Similar to their drive-thru "only" event from 2021.
- To improve vehicular/pedestrian traffic related to the event, the Petitioner is proposing to utilize only Holy Family for off-site parking. The Petitioner and Village will work together on signage indicating that parking at Marion Jordan Elementary School for Greek Fest will not be permitted this year.

ALTERNATIVES:

1. Approve the Annual St. Nectarios Greek Orthodox Church's Greek Fest.
2. Do not approve the Annual St. Nectarios Greek Orthodox Church's Greek Fest.

RECOMMENDATION:

Staff recommends approval of Greek Fest including the waiver of the sound application ordinance and the traffic management plan.

ACTION REQUIRED:

A motion to approve the waiver of the sound amplification ordinance related to the annual St. Nectarios Greek Orthodox Church's Greek Fest and other related matters subject to the conditions outlined above.

ATTACHMENTS:

- Greek Fest

Consider an Ordinance Granting a Special Use for a Unique Use to Permit a Short-Term Rental at 26 N. Rohlwing Road

BACKGROUND:

The Petitioners are requesting to utilize one unit of their duplex as a short-term rental property. Short-term rentals are not contemplated as either a permitted or special use in the Village's residential districts. Accessory unique uses are identified as Special Uses, within the residential districts and defined as follows:

Accessory unique use. A subordinate use which is clearly and customarily incidental to the principal use of a building or premises and which is located on the same lot as the principal building or use which is not otherwise listed as a permitted use or a special use within any zoning district, except for such accessory parking facilities as are specifically authorized to locate elsewhere. (Ord. No. 0-115-12, §1, 8/6/12)

Therefore, the Petitioners are requesting approval of the following:

Special Use for an accessory unique use to allow one unit of a two unit home to be used as a short-term rental property.

KEY ISSUES:

- The Subject Property is zoned R-2 Single-Family Residential. The lot is 11,322 square feet and currently functions as 2-unit multi-family dwelling. The property was constructed as a duplex in the 1950's and received a Special Use for a duplex in the R-2 District in 1997 (Ordinance #O-35-97).
- The business plan indicates that the owners would use rental platforms (e.g. VRBO/Airbnb) to assist in scheduling and screening of guests. It further indicates that the unit's short-term rental would be dependent upon the owner residing in their unit and that if they are out of town, the other unit would not be rented. Also, the submitted materials indicate that "...pets, smoking, drugs, and loud music would not be allowed."
- Per the business plan, rentals are not anticipated to be less than one weekend and rentals for temporary work assignments may be considered, but do not anticipate multiple month rental situations.
- The specific furnishing of the units are listed below:
 - Unit #1: Main floor - 2,400 square feet, with a basement and two bedrooms, one full bathroom, and one $\frac{3}{4}$ bathroom. This unit also includes a full kitchen (with range and refrigerator), family room, living room, and a home office, with laundry facilities. The business plan indicates that the occupancy for this unit would be limited to five individuals (four adult maximum).
 - Unit #2: Second floor apartment - 1,000 square feet, including 2 bedrooms, 1 full bathroom, and eat -in kitchen (range, refrigerator, and microwave). The business plan indicates that this unit will be the focus for rental use.
- The Petitioners reside in unit #1, but the business plan indicates that they would like the flexibility to transition into unit #2 in order to rent unit #1, when circumstances are

warranted. In either situation, they would continually reside in one of the units.

- The Subject Property shares a driveway with 32 N. Rohlwing Road (directly north of subject property). Parking is provided with an existing two-car garage and attached car-port (1 parking space). The Petitioners indicate that the carport space and one driveway space will be available for the short-term rental. With the Petitioners having two cars, the additional parking needs, number of guest trips, and the existing shared driveway are additional Staff concerns for the proposed use. Public parking is also not allowed overnight on public streets.
- Staff does not think the introduction of short-term rentals into residential neighborhoods is an appropriate land use. In review of this Petition, Staff also polled the Northwest Municipal Conference to determine how other municipalities regulate their use. The results indicate that short-term rentals are also typically not permitted uses in other communities. If the Village Council agrees that short-term rentals should not be contemplated in the Village's residential districts, Staff would also recommend a specific text amendment to the Village Code to further clarify these restrictions.

ALTERNATIVES:

1. Approve the Special Use to Permit a Short-Term Rental as an Accessory Unique Use.
2. Do not approve the Special Use to Permit a Short-Term Rental as an Accessory Unique Use.

RECOMMENDATION:

Public Hearing: ZBA meeting on April 12, 2022

Residents testifying: One. The neighbor directly west of the Subject Property testified against the Special Use request and noted the impacts to the surrounding properties.

Vote: The ZBA voted 4-1 to approve the Special Use to Permit a Short-Term Rental as an Accessory Unique Use, Staff recommends denial.

ACTION REQUIRED:

A motion to approve the ordinance granting Special Use to Permit a Short-Term Rental as an Accessory Unique Use at 26 N. Rohlwing Road.

Business Plan for Special Use of 26 N. Rohlwing Road, Palatine, IL 60074

Ordinance 0-35-97, created on March 24, 1997, granted an Administrative Special Use for the continued operation of our 2-flat multi-family home. This ordinance did not identify any time restrictions for which we may rent the property. Our request for an additional Special Use is to clarify the use of, and include a short-term owner-occupied rental option, of our property.

The property is identified as Unit #1 – Main floor and basement and Unit #2 – second floor apartment. (See below for description of each unit). Either unit could be utilized as a short term rental. The emphasis for renting will be on the smaller, second floor apartment, Unit #2. If there is interest in renting the larger main floor Unit #1, that option would be allowed, given the understanding the homeowners occupy Unit #2 for the duration that Unit #1 is rented. The Special Use would be limited to only one unit being rented during any rental period.

We intend to use online rental platforms such as VRBO and Airbnb to facilitate scheduling, screening and verification of potential guests, improving communication to understand purpose of trip, specific needs and interests of guests, in addition to sharing house rules and terms of stay. We anticipate rentals to be no less than one weekend. We would consider renting for temporary work assignments, but do not plan or anticipate multiple month rental situations. The rental will be completely dependent on our physically residing in the other unit whenever renters are scheduled. If or when we are out of town the unit would not be rented. Pets, smoking, drugs and loud music will not be allowed.

We anticipate this short-term rental to be an option for guests as they come to Palatine for family events, school reunions, and job interviews, etc.

As property owners we will be responsible for maintenance of property, obtaining rental permit/license, and attending Village of Palatine Crime Free course.

Unit #2 – Second floor apartment (focused unit to be rented) has the following parameters:

Separate private secure smart-lock front entrance
 1000 sq. ft.
 2 bedrooms - queen beds in each room
 Full eat-in kitchen including full-size gas range, full-size refrigerator, microwave
 Full bathroom including tub/shower
 Living room
 Fully furnished
 Separate heat control, window unit ac units
 No laundry facilities
 Carport parking for one car, driveway space for a second car
 Limited to no more than four individuals

Unit #1 – Main floor and basement has the following parameters:

2400 sq. ft. (includes basement)
 Separate private secure smart-lock front entrance, 2 back entrances.
 2 bedrooms - queen beds in each room
 Full kitchen including full-size gas range, full-size refrigerator
 One full bathroom with tub/shower
 One ¾ bathroom with shower
 Living room
 Family room with fireplace
 Music room
 Large craft room/home office
 Deck
 Fully furnished
 Separate zoned heat controls, window unit ac units
 Laundry room with full-size washer/dryer
 Carport parking for one car, driveway space for a second car
 Limited to no more than five individuals (max four adults)

4-15-22 - Added Comments

Regarding: File 21-93 -
26 N. Rohlwing Road, Palatine, IL - Special Use Short Term Rental Request

From the conversation at the 4-12-22 public hearing, there appears to be specific language in the village ordinance that does not allow "short-term rentals". These ordinances were most likely developed over a period with a lot of thought and review by numerous city staff members. The thought behind not allowing short term rentals, in certain areas of the village was most likely incorporated for good reasons.

We (myself and my wife Mary) would like to be recorded on record for strongly agreeing with the village ordinance and agree with the initial decision from the board, to deny the request for variance for the short-term rental request, at the reference residence.

Case in example would be an experience we had with another neighboring residence:
Reference - 25 N. Greenwood Avenue, Palatine, which is next to our residence, 27. N Greenwood Avenue. That residence 25 N. Greenwood Avenue, at one point in time was setup for multiple rental units and was definitely short-term rentals. There was a history of parties, frequent traffic all times of the night, congested street parking and drugs, all of which could be obtained from the village police department. It was a nightmare. The property went into foreclosure in approx. 2012, sold in approx. 2015. When sold the village imposed an ordinance that the property be converted back to a single-family dwelling, which was a blessing for the neighborhood.

Thank you

Sincerely

Mike Pearce

Petitioner Justification

The Petitioner is required to present specific evidence related to each of the following standards to justify the request (paraphrased from Section 14.05 of the Palatine Zoning Ordinance). Answer the items below and attach a separate sheet if necessary. ***If you are applying for a Variation only, you do not need to answer these items.***

1. The use is deemed necessary for the public convenience at that location
not applicable

2. The use is designed, located, and proposed to be operated that the public health, safety and welfare will be protected
Since our Special Use Ordinance in 1997 there have been no injurious effects on value, safety and/or use of surrounding properties; our neighbors signatures support our request for short term rental option. Our suggestion of an owner occupied short term rental should assure our continuing effort to show respect for the neighborhood with an increased ability to control use of property.

3. The use will not cause substantial injury to nearby property values
Evidence of home at 415 E. Wilson, given R-3 status in 2011 that allows for short-term boarding. Neighborhood values have been maintained. R-3 status given to homes at 11 S. and 21 S. Leonard, 0.25 miles from our home, have not caused property values to decline. Several churches exist within 0.25 miles of our home that have provided PADS overnight shelter without detriment to neighborhood. Winston Campus Jr. High and Elementary school located directly across street. Churches and schools recognized un 10.07 R-3, High Density Multi-family district. Our home was built in 1956 as a 2-flat multi-family dwelling in an R-2 district.

4. With respect to live entertainment uses, the use shall not:
- a. Produce noise levels so great as to constitute an unreasonable interference for persons outside the confines of the establishment
 - b. Impose undue health, sanitation or safety burdens on the village
 - c. Create excessive demands on the Village of Palatine Police Department
 - d. Be of a nature otherwise prohibited by law or village ordinance
5. For fence standards, see Section 14.05 of the Palatine Zoning Ordinance
not applicable

PETITIONER JUSTIFICATION:

The Petitioner is required to present specific evidence, not opinions, to justify the proposed rezoning. Please respond to the following questions, attaching a separate sheet if necessary:

10. Describe why the subject property cannot be reasonably developed in accordance with the existing zoning classification.

Our home was built in 1956 and has been used as a 2-flat multi-family dwelling within a R-2 zone. We received a Special Use Ordinance on March 24, 1997 for "continued operation of a 2-flat as a multi-family use". The home has 2 kitchens, 2 electric meters, parking for 4+ cars, separate boilers, private entrances with separate unit addresses. The home meets all requirements for multi-family dwellings for a home built before 1958. We have a current rental license with the Village of Palatine. We are requesting the option for short term rentals. Our Special Use Ordinance recognizes our property as multi-family with no stated restrictions for rental time.

11. Is the proposed zoning classification similar to or harmonious with the existing zoning of surrounding properties? Explain.

Village Council meeting on July 18, 2011 gave R-3 zoning to 415 E. Wilson. That home built in 1917 and sold January 2011 is a 2-unit 2-flat building, located in R-2 Palanois Park. Notes from 7/18/11 Village meeting identifies 415 E. Wilson as having been built and used as a multi-family dwelling, with Ordinance 0-80-11 giving recognition "to what was already there" and allowing R-3 status. R-3 status is currently in place for 11 S. Leonard and 21 S. Leonard homes (less than 0.25 mile from our home). Four churches exist within 0.25 mile of our home with one directly across the street from our house. Several of these churches provide PADS overnight shelter, once a week during fall/winter months. Winston Campus Jr. High and Elementary schools are located directly across the street from our home. Churches and schools are recognized in the Palatine Code of Ordinances under 10.07 R-3, High Density Multifamily District.

12. Does the proposed zoning classification conflict with the Village's Comprehensive Plan? Explain.

No. Our home complements the following goals of the Village Comprehensive Plan: The Comprehensive Plan includes characteristics of homes that tell the story of Palatine's history, while providing opportunities for them to renew themselves over time. Redevelopment of individual properties is part of 2011 Comprehensive Plan. Airbnb established in 2008, is now more widely used for short term housing needs where other resources don't exist or are in short supply. Extended families returning to Palatine to gather for anniversaries, birthdays and funerals need short term housing. "Palatine is viewed as an evolving place". A-5...Encourage the rehabilitation and renovation of existing structures. B-1 Ensure that the existing character of neighborhood is maintained and enhanced. B-3 Provide a variety of housing types. B-4: Carefully consider the scale and density of proposed multiple family developments in order to seamlessly incorporate into surrounding properties.

13. Will any of the uses permitted under the proposed zoning classification have an injurious effect on the value and/or the use and enjoyment of surrounding properties?

No. Since our Special Use Ordinance in 1997 there have been no injurious effects on the value and/or use of surrounding properties, demonstrated by our neighbors signatures supporting our request for a short term rental option of our Special Use Ordinance. Also, a change to R-3 zoning in 2011 for 415 E. Wilson has had no negative impact on the neighborhood as seen by Zillow's increased estimated value today compared to purchase price in 2011. We are requesting a recognition of "what was already there" and which has had no detriment to the neighborhood. Short term rental introduces guests to Palatine assets and patronize local businesses. The funds would allow for continued maintenance of home and beautification of our property. We would be able to better support the VOP Comprehensive goal for "improvements to visual image of private property".

**26 N. Rohlwing Road - Special Use for an Accessory Unique
Use - Short-term rental**

TO: Palatine Zoning Board of Appeals
Jan Wood, Chair

FROM: Alex Bradshaw

PETITIONER: Byran & Julie Blackham

CASE NUMBER: 21-93

ADDRESS: 26 N. Rohlwing Road

PROPOSAL:
Special Use for an accessory unique use to allow one unit of a two unit home to be used as a short-term rental property.

<u>LOCATION:</u> 26 N. Rohlwing Road (District 6 - Helms)	<u>CURRENT ZONING:</u> R-2 Single Family Residential
---	--

SURROUNDING CONDITIONS:

<u>North:</u>	R-2 Single Family Residential
<u>South</u>	R-2 Single Family Residential
<u>East:</u>	R-2 Church (Presbyterian Church of Palatine)
<u>West:</u>	R-2 Single Family Residential

BACKGROUND:

The Petitioners are proposing to offer one unit of the existing two unit (duplex) home to function as a short-term rental property. Per code, short-term rental properties are not permitted uses within the single-family districts in the Village of Palatine. Although the Zoning Ordinance does not permit the proposed use in the R-2 district, accessory unique uses are identified as Special Uses, within the residential districts and defined as follows:

Accessory unique use. A subordinate use which is clearly and customarily incidental to the principal use of a building or premises and which is located on the same lot as the principal building or use which is not otherwise listed as a permitted use or a special use within any zoning district, except for such accessory parking facilities as are specifically authorized to locate elsewhere.

Attachment: ZBA materials (26 N. Rohlwing Road - Unique Use - short-term rental use)

(Ord. No. 0-115-12, §1, 8/6/12)

Therefore, the Petitioners are requesting the following:

Special Use for an accessory unique use to allow one unit of a two unit home to be used as a short-term rental property.

SITE ANALYSIS:

- The Subject Property is zoned R-2 Single-Family. The lot is 11,322 square feet and currently functions as 2-units multi-family dwelling. The property was constructed as a 2-unit in the 1950s, and appears to have been used as a 2-flat for a number of years prior to it being formally acknowledged as a 2-flat by the Village of Palatine in 1997 (Ordinance #O-35-97).
- Special Use Ordinance # O-35-97 granted a Special Use to permit the continued operation of a 2-unit multi-family use. The conditions stated that owners of the 2-unit shall: 1) obtain valid rental license and 2) receive Village Council approval for any alteration or expansion.
- The business plan indicates that the owners intend to use online rental platforms, such as VRBO and Airbnb, to assist in scheduling and screening of guests. The business plan further indicates that the unit's short-term rental would be completely dependent upon the owner "physically residing" in their unit and that if they are out of town, the other unit would not be rented. Also, the submitted materials indicate that "...pets, smoking, drugs, and loud music would not be allowed."
- Per the business plan, rentals are not anticipated to be less than one weekend and rentals for temporary work assignments would be considered, but do not anticipate multiple month rental situations.
- The specific parameters of the units are listed below:
 - Unit #1: Main floor - 2,400 square feet, including a basement. There are 2 bedrooms and 1 full bathroom and one $\frac{3}{4}$ bathroom. This unit also includes a full kitchen (with range and refrigerator), family room, living room, and a home office, with laundry facilities. The business plan indicates that the occupancy for this unit would be limited to 5 individuals (4 adult maximum).
 - Unit #2: Second floor apartment - 1,000 square feet. This unit includes 2 bedrooms and 1 full bathroom, with eat -in kitchen (with range, refrigerator, and microwave). The business plan indicates that this is the unit to be focused upon for rental use.
- As a part of their application, the Petitioners submitted signed support for the short-

term rental use from many of the surrounding property owners. All neighbors signed off in support of the request with the exception of the property owners to the west / behind (27 N. Greenwood Ave.), and to the south / next door (20 N. Rohlwing Road). An objection email was also submitted.

- The Subject Property shares a driveway with 32 N. Rohlwing Rd, the adjacent lot north of subject property. There is an existing 2-car garage and an attached car-port (1 parking space), which provide parking for the property. The Petitioners indicate that the carport space and one driveway space will be available for the short-term rental. If the Petitioners maintain 2-cars, the additional parking needs, number of trips by the guests, and the existing shared driveway are additional Staff concerns for the proposed use. Public parking is also not allowed overnight on Rohlwing Road.
- The Village of Palatine Comprehensive Plan delineates the Subject Property as Single-Family Residential in the Future Land Use Plan.
- The Subject Property has an active rental license and has passed the most recent rental license inspection on 07/21/2021.
- In the Petitioner's justification, properties at 415 E. Wilson and 11 and 21 S. Leonard Street are noted. The Wilson Street property was first downzoned from B-2 commercial to R-2 residential, then to R-3 residential to memorialize the existing 2-unit structure, which appeared to be originally constructed as such and never modified. Staff is not aware of any short-term rental property at this location. While the properties on Leonard Road are zoned R-3, but were conditionally developed as single-family residential homes, which are permitted uses in the R-3 district.

STANDARDS FOR SPECIAL USE: Since this Petition is not for a use publicly operated or traditionally affected with the public interest, those standards under Section 14.05 D (2) and (3) are applicable. Specifically, the Petitioners must show that the Special Use, if granted, is so designed, located, and proposed to be operated that the public health, safety, and welfare will be protected and will not cause substantial injury to the value of other property in the neighborhood in which it is located. The Petitioners have attempted to address the required standards.

STAFF RECOMMENDATION:

The existing property is zoned R-2 and has a Special Use to allow a duplex. The Zoning Ordinance does not allow short-term rental properties in the single-family districts. As there is a transitory element to the proposed use of the property, Staff believes that it will impact the surrounding properties. Also, parking and traffic associated with the short-term rental use are noted Staff concerns. This is further exacerbated with the Subject Property having a shared driveway, with the property to the north.

As a policy matter, Staff has not been directed to include short-term rentals in the allowable use lists within the Code. Logistically, a short-term rental has the potential to function more comparably to a hotel use, given the commercial components and the any associated turnover of use. This use would not seem to coordinate with the established character of the subdivision. Additionally, the Village's Future Land Use Plan denotes the Subject Property as Single-Family Residential.

Therefore, Staff recommend denial of the Special Use request. If the Zoning Board recommends approval, Staff recommends the following conditions:

1. The Special Use shall substantially conform to the Business Plan submitted by the Petitioner, except as such plan may be changed to conform to the Village of Palatine Codes and Ordinances.
2. As required by Code, a business license shall be obtained for the proposed short-term rental use.

Petitioner Justification

The Petitioner is required to present specific evidence related to each of the following standards to justify the request (paraphrased from Section 14.05 of the Palatine Zoning Ordinance). Answer the items below and attach a separate sheet if necessary. ***If you are applying for a Variation only, you do not need to answer these items.***

1. The use is deemed necessary for the public convenience at that location
not applicable

2. The use is designed, located, and proposed to be operated that the public health, safety and welfare will be protected
Since our Special Use Ordinance in 1997 there have been no injurious effects on value, safety and/or use of surrounding properties; our neighbors signatures support our request for short term rental option. Our suggestion of an owner occupied short term rental should assure our continuing effort to show respect for the neighborhood with an increased ability to control use of property.

3. The use will not cause substantial injury to nearby property values
Evidence of home at 415 E. Wilson, given R-3 status in 2011 that allows for short-term boarding. Neighborhood values have been maintained. R-3 status given to homes at 11 S. and 21 S. Leonard, 0.25 miles from our home, have not caused property values to decline. Several churches exist within 0.25 miles of our home that have provided PADS overnight shelter without detriment to neighborhood. Winston Campus Jr. High and Elementary school located directly across street. Churches and schools recognized un 10.07 R-3, High Density Multi-family district. Our home was built in 1956 as a 2-flat multi-family dwelling in an R-2 district.

4. With respect to live entertainment uses, the use shall not:
- a. Produce noise levels so great as to constitute an unreasonable interference for persons outside the confines of the establishment
 - b. Impose undue health, sanitation or safety burdens on the village
 - c. Create excessive demands on the Village of Palatine Police Department
 - d. Be of a nature otherwise prohibited by law or village ordinance
5. For fence standards, see Section 14.05 of the Palatine Zoning Ordinance
not applicable

PETITIONER JUSTIFICATION:

The Petitioner is required to present specific evidence, not opinions, to justify the proposed rezoning. Please respond to the following questions, attaching a separate sheet if necessary:

10. Describe why the subject property cannot be reasonably developed in accordance with the existing zoning classification.

Our home was built in 1956 and has been used as a 2-flat multi-family dwelling within a R-2 zone. We received a Special Use Ordinance on March 24, 1997 for "continued operation of a 2-flat as a multi-family use". The home has 2 kitchens, 2 electric meters, parking for 4+ cars, separate boilers, private entrances with separate unit addresses. The home meets all requirements for multi-family dwellings for a home built before 1958. We have a current rental license with the Village of Palatine. We are requesting the option for short term rentals. Our Special Use Ordinance recognizes our property as multi-family with no stated restrictions for rental time.

11. Is the proposed zoning classification similar to or harmonious with the existing zoning of surrounding properties? Explain.

Village Council meeting on July 18, 2011 gave R-3 zoning to 415 E. Wilson. That home built in 1917 and sold January 2011 is a 2-unit 2-flat building, located in R-2 Palanois Park. Notes from 7/18/11 Village meeting identifies 415 E. Wilson as having been built and used as a multi-family dwelling, with Ordinance 0-80-11 giving recognition "to what was already there" and allowing R-3 status. R-3 status is currently in place for 11 S. Leonard and 21 S. Leonard homes (less than 0.25 mile from our home). Four churches exist within 0.25 mile of our home with one directly across the street from our house. Several of these churches provide PADS overnight shelter, once a week during fall/winter months. Winston Campus Jr. High and Elementary schools are located directly across the street from our home. Churches and schools are recognized in the Palatine Code of Ordinances under 10.07 R-3, High Density Multifamily District.

12. Does the proposed zoning classification conflict with the Village's Comprehensive Plan? Explain.

No. Our home complements the following goals of the Village Comprehensive Plan: The Comprehensive Plan includes characteristics of homes that tell the story of Palatine's history, while providing opportunities for them to renew themselves over time. Redevelopment of individual properties is part of 2011 Comprehensive Plan. Airbnb established in 2008, is now more widely used for short term housing needs where other resources don't exist or are in short supply. Extended families returning to Palatine to gather for anniversaries, birthdays and funerals need short term housing. "Palatine is viewed as an evolving place". A-5...Encourage the rehabilitation and renovation of existing structures. B-1 Ensure that the existing character of neighborhood is maintained and enhanced. B-3 Provide a variety of housing types. B-4: Carefully consider the scale and density of proposed multiple family developments in order to seamlessly incorporate into surrounding properties.

13. Will any of the uses permitted under the proposed zoning classification have an injurious effect on the value and/or the use and enjoyment of surrounding properties?

No. Since our Special Use Ordinance in 1997 there have been no injurious effects on the value and/or use of surrounding properties, demonstrated by our neighbors signatures supporting our request for a short term rental option of our Special Use Ordinance. Also, a change to R-3 zoning in 2011 for 415 E. Wilson has had no negative impact on the neighborhood as seen by Zillow's increased estimated value today compared to purchase price in 2011. We are requesting a recognition of "what was already there" and which has had no detriment to the neighborhood. Short term rental introduces guests to Palatine assets and patronize local businesses. The funds would allow for continued maintenance of home and beautification of our property. We would be able to better support the VOP Comprehensive goal for "improvements to visual image of private property".

Affidavit of No New Improvements

AFFIDAVIT OF NO NEW IMPROVEMENTS

I am the owner of record, of the property with the legal description as stated on the attached plat of survey. I hereby affirm that the survey attached hereto is the survey for said property, and that the attached survey accurately depicts the current conditions with all existing improvements to the property as of the date of this affidavit.

Affiant further states that survey is correct and complete representation of all improvements now located on the premises described in the above referenced title commitment, except for: NONE

I fully understand that in the event the attached survey does not accurately depict all existing improvements made to the property as of today's date, the Village of Palatine may elect to reject this plan and the permit for which I am applying shall not be approved (or work in progress pursuant to the permit will be stopped) until an accurate survey has been received and approved by the Village of Palatine.

Business Plan for Special Use of 26 N. Rohlwing Road, Palatine, IL 60074

Ordinance 0-35-97, created on March 24, 1997, granted an Administrative Special Use for the continued operation of our 2-flat multi-family home. This ordinance did not identify any time restrictions for which we may rent the property. Our request for an additional Special Use is to clarify the use of, and include a short-term owner-occupied rental option, of our property.

The property is identified as Unit #1 – Main floor and basement and Unit #2 – second floor apartment. (See below for description of each unit). Either unit could be utilized as a short term rental. The emphasis for renting will be on the smaller, second floor apartment, Unit #2. If there is interest in renting the larger main floor Unit #1, that option would be allowed, given the understanding the homeowners occupy Unit #2 for the duration that Unit #1 is rented. The Special Use would be limited to only one unit being rented during any rental period.

We intend to use online rental platforms such as VRBO and Airbnb to facilitate scheduling, screening and verification of potential guests, improving communication to understand purpose of trip, specific needs and interests of guests, in addition to sharing house rules and terms of stay. We anticipate rentals to be no less than one weekend. We would consider renting for temporary work assignments, but do not plan or anticipate multiple month rental situations. The rental will be completely dependent on our physically residing in the other unit whenever renters are scheduled. If or when we are out of town the unit would not be rented. Pets, smoking, drugs and loud music will not be allowed.

We anticipate this short-term rental to be an option for guests as they come to Palatine for family events, school reunions, and job interviews, etc.

As property owners we will be responsible for maintenance of property, obtaining rental permit/license, and attending Village of Palatine Crime Free course.

Unit #2 – Second floor apartment (focused unit to be rented) has the following parameters:

Separate private secure smart-lock front entrance
 1000 sq. ft.
 2 bedrooms - queen beds in each room
 Full eat-in kitchen including full-size gas range, full-size refrigerator, microwave
 Full bathroom including tub/shower
 Living room
 Fully furnished
 Separate heat control, window unit ac units
 No laundry facilities
 Carport parking for one car, driveway space for a second car
 Limited to no more than four individuals

Unit #1 – Main floor and basement has the following parameters:

2400 sq. ft. (includes basement)
 Separate private secure smart-lock front entrance, 2 back entrances.
 2 bedrooms - queen beds in each room
 Full kitchen including full-size gas range, full-size refrigerator
 One full bathroom with tub/shower
 One ¾ bathroom with shower
 Living room
 Family room with fireplace
 Music room
 Large craft room/home office
 Deck
 Fully furnished
 Separate zoned heat controls, window unit ac units
 Laundry room with full-size washer/dryer
 Carport parking for one car, driveway space for a second car
 Limited to no more than five individuals (max four adults)

WHEREAS, pursuant to Sec. 14.03(B) of the Palatine Zoning Ordinance, a petition for Administrative Zoning Variations, was heard by the President and Board of Trustees of the Village of Palatine on March 24, 1997 regarding a request for an Administrative Special Use to permit the continued operation of a 2-flat multi-family use, pursuant to Secs. 10.06 (c)16 and 14.05 B (2) i of the Palatine Zoning Ordinance on the following legally described property:

Lot 6 in A. T. McIntosh and Co's Palatine Manor in the Southeast 1/4 of the Southeast 1/4 of Section 14, Township 42 North, Range 10, East of the Third Principal Meridian, recorded December 4, 1925.

commonly known as 26 N. Rohlwing Road.

NOW, THEREFORE, BE IT ORDAINED, by the President and Board of Trustees of the Village of Palatine, Cook County, Illinois, acting in the exercise of their home rule power:

SECTION 1: That an Administrative Special Use to permit the continued operation of a 2-flat multi-family use, pursuant to Secs. 10.06 (c)16 and 14.05 B (2)i of the Palatine Zoning Ordinance, be granted subject to the following conditions:

- 1) The owners of the 2-flat shall obtain a valid rental license pursuant to Article X of the Village Code of Ordinances.
- 2) Any alteration or expansion of the 2-flat shall receive Village Council approval.

SECTION 2: That the petition for Administrative Special Use be attached hereto and form a part of this ordinance.

☒ ORDINANCE DESCRIPTION: Consider an Administrative Special Use to permit the
☐ RESOLUTION continued operation of a 2 flat at 26 N. Rohlwing Rd.
☐ MOTION _____
☐ PUBLIC HEARING _____
☐ DISCUSSION ONLY (Blackham) DISTRICT: 6

 COMMITTEE ACTION:

DATE: _____

 BACKGROUND: The subject property, 26 N. Rohlwing Rd, is currently improved with a 2-flat and is zoned R-2 Single Family Residential District. The administrator determined that the 2-flat is an illegal non-conforming use because the property has been zoned for single family uses since 1926 and the structure was built in 1956. The owners of the property appealed the decision of the administrator at the October 8, 1996 Zoning Board of Appeals meeting. The ZBA upheld the decision of the administrator. The owners sought relief from the required conversion at the October 21, 1996 Committee of the Whole Meeting. The Committee referred the issue to staff and directed staff to create a text amendment which would allow the 2 flat to continue to be operated. The text amendment to the Zoning Ordinance reviewed by the Committee of the Whole at the March 18, 1997 meeting would permit this multi-family residential use to continue to operate provided that an Administrative Special Use is granted. Therefore, the petitioners are requesting:

An Administrative Special Use to permit the continued operation of a 2-flat multi-family use at 26 N. Rohlwing Rd.

DISCUSSION: The petitioners had previously submitted a petition signed by the adjacent property owners in support of the continued use as a 2 flat. The use meets the three standards which must be met to obtain the required Special Use.

ALTERNATIVES:

1. Approve the Administrative Special Use.
2. Do not approve the Administrative Special Use.

RECOMMENDATION: Staff recommends that the Administrative Special Use be approved, subject to the conditions in the attached Ordinance.

ACTION REQUIRED: Motion to approve the Administrative Special Use to permit the continued operation of a 2 flat for the property at 26 N. Rohlwing Road.

Notes for Palatine Zoning Board of Appeals meeting April 12, 2022

Points to emphasize and clarify from Staff Statement

- Owner physically residing during short term rental
 - Protection for home and neighborhood
- Clarification of parking and shared driveway
 - Have discussed concerns with that neighbor and they signed off
 - 26x32 area between the end of the shared driveway and our garage/carport providing parking for at least 6 vehicles without being near the shared portions of the driveway
 - Since they have a single car garage and smaller driveway we allow them to use our side of shared driveway when both of their vehicles are home
 - We and renters will not use/block their side
 - Parking on our side of the shared driveway will only be for occasional temporary loading and unloading at front of house
- Traffic concerns
 - Short term traffic less than long term traffic – periodic vs. daily long term
 - Rohlwing is busy road so any rental traffic, short or long term, is not noticeable
- Impact of transitory element
 - Transitory nature of neighborhood
 - Rohlwing and Palatine intersection are busy
 - Winston Campus school, multiple churches, multiple businesses within ¼ of a mile are transitory every day of the week
 - Proposal of owner occupied short term should assure our continuing effort to show respect for the neighborhood with an increased ability to control the use of the property.
 - Neighbors signed off so they are not concerned
- We are OK with staff recommended conditions if board approves request

Win-Win solution that takes into consideration and respecting:

- Owner occupied provides greater security for all parties (renters, owner, neighbors, Village).
- Believe this proposal is reassuring and fair to Village, neighbors and owner
- By owner being present during short term rentals, and clearly stating that in postings, it will appeal to more responsible renters
- Owner being present will enable close monitoring of rental situation for the benefit of village, neighbors and owner
- There is less risk and more control of tenants than with long term lease
- Airbnb and VRBO provide reviews from previous landlords for potential tenants and offer support and backing for landlord if problems with renters arise
- On a more personal note, this proposal offers us the flexibility to determine availability dates in order to have the space available when our children visit and our accommodate our travel plans and not have concerns about impact to our home or neighborhood while we are gone.

Petitioners' Exhibit #8

Municipality	1. Do you have any short-term rental or home-sharing properties such as Airbnb in your village/city? If so, how many?	2. What legislation or ordinances does your village/city have that regulates short-term rental/home-sharing properties? Could you provide a copy of the legislation or ordinance?	3. 3. 26 N. Rohlwing Road - Special Use for an Accessory Unique Use - Short-term rental - **Recommended to Approve**

Notice was published in the Daily Herald on March 28, 2022 and mailed to the owners of the surrounding properties.

Petitioner's Exhibits:

1. Application for Special Use
2. Proof of Ownership
3. Plat of Survey
4. Business Plan
5. Special Use Ordinance #0-35-97 Continued operation of a 2 flat
6. Objection email dated 4/1/22- Gordon
7. Public Notice

Sworn in the petitioner: Mr. Byran Blackham 26 N Rohlwing Rd

Mr. Blackham explained they are asking for special use approval for a short term rental at his property, which is designated as multifamily duplex. He stated the unit rental would be for only when the property owner is present. He submitted a list of points he wanted to make into record.

Ms. Wood entered the list into record as petitioner's exhibit #8

Mr. Blackham read exhibit #8 out loud.

Mr. McGinn asked about the location of the unit

Mr. Blackham explained inside front door there is an enclosed entrance with a separate door to the main floor or upstairs to 2nd floor unit

Mr. McGinn clarified there is a bath in it

Mr. Blackham referred to business plan summary slide to show what each unit consists of

Mr. McGinn asked if the neighbors signed off

Mr. Blackham answered yes stating even the next door neighbor with the shared drive signed off

Mr. Larson asked if there was a list of sign offs

Mr. Bradshaw explained it was not submitted because it is not binding. He stated it was received with the original rezoning request and not resubmitted with the special use request.

Mr. Larson asked what addresses did not sign off

Mr. Blackham explained the property directly south and west

Ms. Wood asked about the reason for the short term rental

Mr. Blackham explained when they originally moved there they rented upstairs unit for 4 years. He stated the owners were moving out of town and the sale fell through because it was not a legal two flat. He stated they purchased and

requested the legal 2 flat ordinance in 1997. Mr. Blackham stated they have rented the unit and has never been an issue. He explained they rented for financial reasons, but now they like their privacy and this gives the flexibility and option to rent for retirement income or home improvements funds. Mr. Blackham spoke to the traffic impact pointing out the density is less with short term than long term. He stated he thinks it will be rented for people who come in to visit family or for a job interview.

Ms. Wood asked if Airbnb runs any background checks on renters
Mr. Blackham stated he has used them himself, but is unsure about background checks. He stated the advantage of the site is there are reviews by both renters and landlords.

Ms. Wood asked for clarification on definition of short term rental
Mr. Blackham stated the max amount of time would most likely be one month. He stated he researched online and most common is one month or less. Bryon stated it is possible for someone to need a 3 month rental for maybe a work commitment but unlikely.

Mr. Larson clarified this is their main residence
Mr. Blackham answered yes

Mr. Larson asked if they would you list both and flip flop
Mr. Blackham stated it is possible but may be too much of a hassle

Mr. Larson clarified only one unit can be rented at a time.
Mr. Bradshaw answered that is correct the proposed business plan indicates the owner would be onsite during any rental.

Ms. Wood asked if the property is sold would the special use transfer to new owner
Mr. Vyverberg explained the request is specific to the existing property owner and location

Ms. Wood asked for the definition of short term
Mr. Vyverberg referred to zoning ordinance under the definitions stating anything that is not permitted under this ordinance shall be prohibited which leads staff to look through all the permitted uses in the R2 zoning districts, which it is not covered anywhere under that. He stated the timeframe is not the determining factor rather the listing it as a short term rental through Airbnb.

Ms. Wood asked if this is the first request for short term rental.
Mr. Vyverberg answered yes.

Mr. Pirog asked if long term rental are listed in code.
Mr. Vyverberg spoke to the difference between long term and short term rental lease

Ms. Wood asked if there are many duplex homes in Palatine.

Mr. Vyverberg spoke the special use process and other non-conforming properties in the area and downtown, which went through a similar Special Use process.

Mr. Larson asked again about the definition of short term rental.

Mr. Bradshaw explained it is not contemplated in code and Village Council may further direct Staff to draft a text amendment to provide additional direction on short-term rentals.

Mr. Vyverberg stated it becomes a policy matter for the Village Council. He spoke to complaints from residents on properties operating through Airbnb or VRBO, which leads to zoning enforcement, as the use is not permitted and there is a commercial aspect that comes into play.

Ms. Wood asked if 34 N Rohlwing is multifamily use.

Mr. Blackham stated he is unaware of it ever being used as duplex. He spoke to other houses in the area that have been used as multifamily. He spoke to the difficulty of deciding how to request relief being that his property has run as a duplex since 1950. Mr. Blackham stated this request is more of an amendment from the original ordinance because it didn't clarify any length of time. He spoke to the possible conditions of approval from Village Council

Ms. Wood asked if staff wants to address.

Mr. Vyverberg stated staff has worked with the petitioner to identify the process and relief requested. He spoke to the special use process and how it will be a policy matter for the Village Council. He spoke to the possibility of creating short term rental ordinance and how Staff will request this direction from the Village Council. Mr. Vyverberg spoke to the unique circumstance of this property being approved duplex in single-family residential district and that the Subject Property was the basis for the inclusion of that Special Use category in the Code.

Mr. Bradshaw gave a brief overview stating short-term rentals are not permitted or special uses within single family districts, but that this property was constructed as a 2 unit in the 1950's and received special use ordinance in 1997 to continue operating as a duplex. He stated there were 2 conditions to original ordinance including obtain a valid rental license and receive Village Council approval for any alteration or expansion. Mr. Bradshaw spoke to the sign offs received from the neighbors, noting that there were 2 that did not sign off. He spoke to the Comprehensive plan seeing the future land use as single family residential use. He pointed out the property as a valid rental license and has passed inspection in July 2021. He stated Community Services and Engineering have reviewed and did not identify any issues.

Sworn in Mr. Mike Pearce 27 N Greenwood

Mr. Pearce stated he has lived there for 15 years and most homes are single-family dwellings. He pointed out they basically share the same backyard. He stated with a long term rental they can do a background check and is concerned about screening for short term. He expressed concerns of party people and the

allowed use of the backyard by the renters. Mr. Pearce asked how the owners can be home all the time as indicated in business plan. He stated most families in the area are quiet and feel there will be issues with short term clientele. He expressed concern about variance being passed along to future homeowners and how property values may be impacted, if the future if buyers do research and find out Airbnb in area

Ms. Roth-Wurster asked if they have had a renter during time they lived there Mr. Pearce answered no not to his knowledge

Mr. Blackham addressed Mr. Pearce's concerns pointing out there are quite a few rentals within 250ft per the mailing they had to do. He agreed with Mr. Pearce on not wanting loud parties. He spoke to having to call police on a neighbor for a loud domestic situation. Mr. Blackham stated they worked with staff on the condition of the owner being in town during rental timeframe. He pointed out the business plan will indicate no smoking, no drinking and no drugs and the use of the yard will not be part of the rental just the second unit and the parking. Mr. Blackham spoke to the background checks and the challenges of evicting tenants. He stated short-term rentals are approved use in R3 and within a half a mile there is one R-3 property, with similar situation. He stated he has approached the request at all angles, but thinks this request is best option

Mr. Larson asked when the last time they rented out to long term rental Mr. Blackham 20 years ago- have used space for older children- can block out the schedule in Airbnb, when they are not available

STAFF RECOMMENDATION:

The existing property is zoned R-2 and has a Special Use to allow a duplex. The Zoning Ordinance does not allow short-term rental properties in the single-family districts. As there is a transitory element to the proposed use of the property, Staff believes that it will impact the surrounding properties. Also, parking and traffic associated with the short-term rental use are noted Staff concerns. This is further exacerbated with the Subject Property having a shared driveway, with the property to the north.

As a policy matter, Staff has not been directed to include short-term rentals in the allowable use lists within the Code. Logistically, a short-term rental has the potential to function more comparably to a hotel use, given the commercial components and the any associated turnover of use. This use would not seem to coordinate with the established character of the subdivision. Additionally, the Village's Future Land Use Plan denotes the Subject Property as Single-Family Residential.

Therefore, Staff recommend denial of the Special Use request. If the Zoning Board recommends approval, Staff recommends the following conditions:

1. The Special Use shall substantially conform to the Business Plan submitted by

the Petitioner, except as such plan may be changed to conform to the Village of Palatine Codes and Ordinances.

2. As required by Code, a business license shall be obtained for the proposed short-term rental use.

Mr. Pirog clarified if approved by Village Council it only applies for the petitioner Mr. Bradshaw explained the approval is directly associated, with the subject property and proposed business plan

There were no further questions. The public hearing was closed.

Mr. McGinn made a motion to deny; seconded by Mr. Larson

DELIBERATIONS:

Mr. McGinn stated the adjoining properties create some issues. He stated short term community do not fit in this locality.

Ms. Wood pointed out the request is specific to the property owner who has lived there a long time. She stated this is a unique situation with a legal 2-flat, with it being owner occupied. She stated they are going through the procedures and looking to follow the requirements. Ms. Wood spoke to background checks but the possibility of having a bad long term based tenant. She pointed out it has been a 2-flat since the 50's. She spoke to the need for a definition of short-term rental and pointed out the parking concerns have been addressed

Mr. McGinn spoke to the difference of short term rental vs hotel occupant.

Discussion on the number of trips generated and coming and going of renters.

Mr. McGinn spoke to the perception of Airbnb.

Ms. Roth-Wurster stated from her experience, there are background checks, because a driver's license is required for check in.

Discussion on discreetness of rental with address not being posted

Ms. Wood spoke to the concern of functioning as a hotel. She pointed out they are long time owners and are not renting recklessly. She stated there should be a limit on how many days it can be rented, so it doesn't become a hotel

Ms. Roth-Wurster pointed out they have a business plan, the property is owner occupied, and they already have a rental license and will need to get another license. She stated she does not see it as hotel but discussion needs to be considered as a special situation

Discussion on adding conditions.

Motion to deny failed by a vote of 1-4

Mr. Larson made a motion to approve subject staffs' conditions; seconded by Ms. Roth-Wurster

Discussion on adding conditions or allowing Village Council to stipulate at review.

Ms. Wood summarized that this request has met the standards and was approved by a vote of 4-1. This item will tentatively go to Village Council on May 2, 2022.

Consider an Ordinance Amending Article 15 - Adult Use Recreational Cannabis of Appendix A of the Village of Palatine Code of Ordinances

BACKGROUND:

In June, 2019, the State of Illinois approved the Cannabis Regulation and Tax Act ("Cannabis Act"), creating the regulations permitting the legal sale and consumption of cannabis for adults at least 21 years old. The Village of Palatine approved the Adult Use Cannabis Dispensary regulations within the Zoning Ordinance in December 2019. In reviewing the existing Ordinance requirements, Staff is recommending the following text amendments to Article 15:

- 1) **Amending Section 15.02 to include Planned Development Districts, subject to the B-5 or Manufacturing District Use lists, as eligible zoning districts for a Special Use for an adult-use cannabis dispensing establishment; and**
- 2) **Eliminating the Section 15.04 (a) requirement, that a dispensing establishment must currently be licensed by the Illinois Department of Financial and Professional Regulation to operate a medical cannabis dispensing organization.**

KEY ISSUES:

- When the Village Council adopted the adult use cannabis dispensary ordinance, the eligible zoning districts for Special Use review included the B-5 district (Rand Road) and the Manufacturing District. While the initial text amendments focused upon only these zoning districts, Staff believes that there may also be appropriate locations, within properties zoned Planned Development, subject to the B-5 and Manufacturing districts.
- The Zoning Ordinance also requires adult dispensaries to have a current medical cannabis dispensing license (Medical Cannabis Pilot Program Act). Over the approximately three years of administering the State Cannabis Act, including 85 separate security protocol limitations, Staff believes that the medical cannabis dispensary requirement is no longer necessary. It was originally included as there was not enough history as to how the State would review non-medical operators.

ALTERNATIVES:

1. Approve the text amendments to Article 15 of the Palatine Zoning Ordinance.
2. Do not approve the text amendments to the Palatine Zoning Ordinance.

RECOMMENDATION:

Public Hearing: Plan Commission - April 19, 2022
Residents testifying: None

Vote: The Plan Commission voted unanimously to recommend approval of the Article 15 text amendments and Staff concurs with this recommendation.

ACTION REQUIRED:

A motion to approve the Text Amendments to Article 15 of the Village of Palatine Zoning Ordinance.

ARTICLE XV. ADULT-USE CANNABIS

15.01. Purpose and Applicability.

It is the intent and purpose of this Section Article XV to provide regulations controlling an adult-use cannabis dispensing establishment operating within the corporate limits of the Village. Such facilities shall comply with all regulations provided in the Cannabis Regulation and Tax Act (P.A. 101-0027) (Act), as it may be amended from time to time, and regulations promulgated thereunder, and the regulations provided below. In the event that the Act is amended, the more restrictive of the state or local regulations shall apply.

15.02. Adult-Use Cannabis.

Adult-use cannabis dispensing establishments, as defined in Section 3.02 shall require an approval of a Special Use in ~~either the B-5 Highway Business District, or the M Manufacturing Districts, or Planned Development Districts, subject to the B-5 or Manufacturing District Use lists~~ and the Special Uses shall be processed in accordance with Section 14.05 et seq. (Special Uses) of the Village Zoning Ordinance as provided herein, and shall be subject to the conditions set forth in Section 15.04.

15.03 Adult-Use Cannabis Dispensing Establishment Components.

In determining compliance with Section 14.05 (Special Uses), the following components of the adult-use cannabis dispensing establishment shall be evaluated based on the entirety of the circumstances affecting the particular property in the context of the existing and intended future use of properties:

- (a) Impact of the proposed facility on existing or planned uses located within the vicinity of the subject property.
- (b) Proposed structure in which the facility will be located, including the co-tenancy (if in a multi-tenant building), total square footage, security installations/security plan and building code compliance.
- (c) Hours of operation and anticipated number of customers and employees.
- (d) Anticipated parking demand and available private parking supply.
- (e) Anticipated traffic generation in the context of adjacent roadway capacity and access to such roadways.
- (f) Site design, including access points and internal site circulation.
- (g) Proposed signage plan.
- (h) Compliance with all requirements provided in this Section 15.03.
- (i) Other criteria determined to be necessary to assess compliance with Section 14.05 (Special Uses).

15.04 Adult-Use Cannabis Dispensing Establishment.

An adult-use cannabis dispensing establishment must comply with the following:

- ~~(a) Facility must be operated by an organization or business that is currently licensed by the Illinois Department of Financial and Professional Regulation to operate a medical cannabis dispensing organization under the Compassionate Use of Medical Cannabis Pilot Program Act (410 ILCS 130 et seq.)~~
- ~~(b)~~(a) Facility must keep a copy of the dispensing organization agent identification card issued

pursuant to the Compassionate Use of Medical Cannabis Pilot Program Act visible and conspicuously displayed at all times.

~~(e)(b)~~ An adult-use cannabis dispensing establishment building shall not be located within 1,500 feet of the building in which is located a pre-existing public or private nursery school, pre-school, primary or secondary school, or day care facility. Learning centers and vocational/trade centers shall not be classified as a public or private school for purposes of this Section.

~~(d)(c)~~ An adult-use cannabis dispensing establishment building shall not be located within five hundred (500) feet of property either owned by a Park District or utilized for park district purposes, unless separated by railroad tracks.

~~(de)~~ An adult-use cannabis dispensing establishment shall not be located in a dwelling unit.

~~(ef)~~ An adult-use cannabis dispensing establishment shall not abut nor be directly across the street from any residential use.

~~(fg)~~ At least 75% of the floor area of any tenant space occupied by an adult-use cannabis dispensing establishment shall be devoted to the activities of the cannabis dispensing establishment as authorized by the Act, and other than cannabis infused food products, no cannabis dispensing establishment shall also sell food for consumption on the premises in the same tenant space.

~~(gh)~~ Facility shall not conduct any sales or distribution of cannabis other than as authorized by the Act.

~~(+)~~ ~~(h)~~ Adult-use cannabis dispensing establishments are prohibited from allowing on-site consumption of cannabis under all circumstances.

~~(ij)~~ For purposes of determining required parking, adult-use cannabis dispensing establishments shall be classified as "Business and Retail Uses" area as per Section 7.03 (b) (1), provided however that the Village may require that additional parking be provided as a result of the analysis completed through Section 14.05 (Adult-Use Cannabis: Special Use) herein.

~~(jk)~~ Petitioner must submit a complete copy of their state license application and all plans submitted to the State of Illinois, or any agency thereof, as part of their special use application. Before issuance of a certificate of occupancy or otherwise opening to the public, adult-use cannabis dispensing establishments must provide a copy of their license to operate as an adult-use cannabis dispensing establishment from the respective state agency.

~~(kl)~~ Petitioner shall file an affidavit with the Village affirming compliance with this Section 15.04 and all other requirements of the Act.

15.05 Additional Requirements.

Petitioner shall install building enhancements, such as security cameras, lighting or other improvements, as set forth in the Special Use permit, to ensure the safety of employees and customers of the adult-use cannabis dispensing establishments, as well as its environs. Said improvements shall be determined based on the specific characteristics of the floor plan for an adult-use cannabis dispensing establishment and the site on which it is located, consistent with the requirements of the Act.

15.06 Violation / Penalties.

Any violation of this Article XV shall be punishable as provided in Section 1-8 of the Code of Ordinances of the Village of Palatine, Illinois.

CASE STAFF STATEMENT (ID # 7497)

**Text Amendments to Appendix A -Article 15, - Village of
Palatine Zoning Ordinance -Section 15.02 and Section 15.04
(a)**

CASE NUMBER: 22-15

PETITIONER: Village of Palatine

PROPOSAL:

Text amendments to Article 15 - Adult Use Cannabis of the Village of Palatine Zoning Ordinance including the following: 1) Amending Section 15.02 to include Planned Development Districts, subject to the B-5 or Manufacturing District Use lists, as eligible zoning districts to apply for a Special Use for an adult-use cannabis dispensing establishment; and 2) To eliminate the requirement, as referenced in Section 15.04 (a), that a dispensing establishment must currently be licensed by the Illinois Department of Financial and Professional Regulation to operate a medical cannabis dispensing organization.

BACKGROUND:

On June 25, 2019, the State of Illinois approved the Cannabis Regulation and Tax Act ("Cannabis Act") allowing for and creating the regulations permitting the legal sale and consumption of cannabis, for adults at least 21 years old. The Village of Palatine approved the Adult Use Cannabis regulations within the Zoning Ordinance on December 9, 2019. As part of the review of the existing Ordinance requirements, Staff is recommending the following text amendments to Article 15:

- 1) Amending Section 15.02 to include Planned Development Districts, subject to the B-5 or Manufacturing District Use lists, as eligible zoning districts to apply for a Special Use for an adult-use cannabis dispensing establishment; and**
- 2) To eliminate the requirement, as referenced in Section 15.04 (a), that a dispensing establishment must currently be licensed by the Illinois Department of Financial and Professional Regulation to operate a medical cannabis dispensing organization.**

ANALYSIS:

- When the Village Council adopted the adult use cannabis ordinance as an amendment to the Zoning Ordinance, the eligible zoning districts for Special Use review were the B-5 district (Rand Road) and the Manufacturing District. In addition to the underlying zoning district, there are numerous separation requirements from schools, residential properties, and park district properties.
- When the initial Village text amendment was drafted, Planned Development districts were not included in the eligible zoning districts for consideration. Upon review of the existing zoning designations within the Village, Staff is recommending including Planned Developments, subject to either the B-5 or Manufacturing district use lists, be included as eligible zoning districts to apply for an adult-use cannabis dispensing establishment.
- While the initial text amendments focused upon only the B-5 and Manufacturing districts, upon review, there may also be appropriate locations within properties zoned Planned Development. Therefore, Staff is recommending to expand the eligible zoning districts to those with a Planned Development designation, subject to the B-5 or Manufacturing districts.
- Since the passage of Cannabis Act, there have been approximately three years of operational history, within Illinois. The Cannabis Regulation and Tax Act outlines the various security requirements and limitations required by the state. These include electronic record keeping, video monitoring, appropriate security measures and daily reporting to the State. Within the Cannabis Act, there are 85 separate requirements relating to security, within the dispensary.
- The Village's initial inclusion of requiring adult dispensaries to also have a current license to operate a medical cannabis dispensing organization (under the Compassionate Use of Medical Cannabis Pilot Program Act) was to ensure added protection for the new program. Over the last approximately 3 years of administration of the Cannabis Act, Staff better understands both the requirements of the Act and the State limitations and restrictions upon dispensaries. Therefore, Staff is recommending a text amendment to eliminate this requirement.

RECOMMENDATION:

Staff is recommending text amendments to Article 15 - Adult use cannabis which expand the eligible zoning districts for Special Use application to include Planned Development Districts, subject to the B-5 or Manufacturing District use lists and the

elimination of the current license requirement for a medical dispensary. Staff is recommending the following text amendments:

- 1) **Amending Section 15.02 to include Planned Development Districts, subject to the B-5 or Manufacturing District Use lists, as eligible zoning districts to apply for a Special Use for an adult-use cannabis dispensing establishment; and**
- 2) **To eliminate the requirement, as referenced in Section 15.04 (a), that a dispensing establishment must currently be licensed by the Illinois Department of Financial and Professional Regulation to operate a medical cannabis dispensing organization, as further described on the attached Exhibit.**

Adult-use cannabis dispensing establishments, as defined in Section 3.02 shall require an approval of a Special Use in ~~either the B-5 Highway Business District, or the M Manufacturing Districts, or Planned Development Districts, subject to the B-5 or Manufacturing District Use lists,~~ and the Special Uses shall be processed in accordance with Section 14.05 et seq. (Special Uses) of the Village Zoning Ordinance as provided herein, and shall be subject to the conditions set forth in Section 15.04.

15.03 Adult-Use Cannabis Dispensing Establishment Components.

In determining compliance with Section 14.05 (Special Uses), the following components of the adult-use cannabis dispensing establishment shall be evaluated based on the entirety of the circumstances affecting the particular property in the context of the existing and intended future use of properties:

- (a) Impact of the proposed facility on existing or planned uses located within the vicinity of the subject property.
- (b) Proposed structure in which the facility will be located, including the co-tenancy (if in a multi-tenant building), total square footage, security installations/security plan and building code compliance.
- (c) Hours of operation and anticipated number of customers and employees.
- (d) Anticipated parking demand and available private parking supply.
- (e) Anticipated traffic generation in the context of adjacent roadway capacity and access to such roadways.
- (f) Site design, including access points and internal site circulation.
- (g) Proposed signage plan.
- (h) Compliance with all requirements provided in this Section 15.03.
- (i) Other criteria determined to be necessary to assess compliance with Section 14.05 (Special Uses).

15.04 Adult-Use Cannabis Dispensing Establishment.

An adult-use cannabis dispensing establishment must comply with the following:

- ~~(a) Facility must be operated by an organization or business that is currently licensed by the Illinois Department of Financial and Professional Regulation to operate a medical cannabis dispensing organization under the Compassionate Use of Medical Cannabis Pilot Program Act (410 ILCS 130 et seq.)~~
- ~~(b)~~ (a) Facility must keep a copy of the dispensing organization agent identification card issued

pursuant to the State of Illinois requirements, Compassionate Use of Medical Cannabis Pilot Program Act visible and conspicuously displayed at all times.

~~(e)~~(b) An adult-use cannabis dispensing establishment building shall not be located within 1,500 feet of the building in which is located a pre-existing public or private nursery school, pre-school, primary or secondary school, or day care facility. Learning centers and vocational/trade centers shall not be classified as a public or private school for purposes of this Section.

~~(d)~~(c) An adult-use cannabis dispensing establishment building shall not be located within five hundred (500) feet of property either owned by a Park District or utilized for park district purposes, unless separated by railroad tracks.

(de) An adult-use cannabis dispensing establishment shall not be located in a dwelling unit.

(ef) An adult-use cannabis dispensing establishment shall not abut nor be directly across the street from any residential use.

(fe) At least 75% of the floor area of any tenant space occupied by an adult-use cannabis dispensing establishment shall be devoted to the activities of the cannabis dispensing establishment as authorized by the Act, and other than cannabis infused food products, no cannabis dispensing establishment shall also sell food for consumption on the premises in the same tenant space.

(gh) Facility shall not conduct any sales or distribution of cannabis other than as authorized by the Act.

~~(f)~~ (h) Adult-use cannabis dispensing establishments are prohibited from allowing on-site consumption of cannabis under all circumstances.

(j) For purposes of determining required parking, adult-use cannabis dispensing establishments shall be classified as "Business and Retail Uses" area as per Section 7.03 (b) (1), provided however that the Village may require that additional parking be provided as a result of the analysis completed through Section 14.05 (Adult-Use Cannabis: Special Use) herein.

(j) Petitioner must submit a complete copy of their state license application and all plans submitted to the State of Illinois, or any agency thereof, as part of their special use application. Before issuance of a certificate of occupancy or otherwise opening to the public, adult-use cannabis dispensing establishments must provide a copy of their license to operate as an adult-use cannabis dispensing establishment from the respective state agency.

(k) Petitioner shall file an affidavit with the Village affirming compliance with this Section 15.04 and all other requirements of the Act.

15.05 Additional Requirements.

Petitioner shall install building enhancements, such as security cameras, lighting or other improvements, as set forth in the Special Use permit, to ensure the safety of employees and customers of the adult-use cannabis dispensing establishments, as well as its environs. Said improvements shall be determined based on the specific characteristics of the floor plan for an adult-use cannabis dispensing establishment and the site on which it is located, consistent with the requirements of the Act.

15.06 Violation / Penalties.

Any violation of this Article XV shall be punishable as provided in Section 1-8 of the Code of Ordinances of the Village of Palatine, Illinois.

(Ord. No. O-111-19, 12/9/19)

PUBLIC NOTICE
A public hearing will be held before the Palatine Plan Commission on Tuesday, April 19 2022 at 7 PM, in the Village Council Chambers in the Palatine Village Hall, 200 E. Wood Street, relative to a request for the following:

Text amendments to Article 15 Adult-Use Cannabis that include: 1) Amending Section 15.02 to include Planned Development Districts, subject to the B-5 or Manufacturing District Use lists, as eligible zoning districts to apply for a Special Use for an adult-use cannabis dispensing establishment; and 2) To eliminate the requirement, as referenced in Section 15.04 (a), that a dispensing establishment must currently be licensed by the Illinois Department of Financial and Professional Regulation to operate a medical cannabis dispensing organization.

These amendments are all of Appendix A (Village of Palatine Zoning Ordinance) of the Village of Palatine Code of Ordinances.

The proposed text amendments to the Village of Palatine Zoning Ordinance will amend the eligible zoning districts, in which to apply for a Special Use for an adult-use dispensing establishment, to include Planned Development districts, subject to the B-5 or Manufacturing district use lists. The amendments would also eliminate the requirement to be currently licensed by the State of Illinois to operate a medical cannabis dispensing organization.

The above petition has been filed by the Village of Palatine and is available for examination in the office of the Village Clerk, 200 E. Wood Street.

II. CASE STAFF STATEMENTS

1. Text Amendments to Appendix A -Article 15, - Village of Palatine Zoning Ordinance -Section 15.02 and Section 15.04 (a) - **Recommended to Approve**

Chairman Dwyer read the notice of public hearing that was published in the Daily Herald on April 4th, 2022 and mailed to the owners of the surrounding properties.

The following exhibits were introduced:

1. Exhibit - Proposed Article XV Amendments
2. Public Notice

Chairman Dwyer swears in Staff - Mr. Vyverberg & Ms. Bremanis

Mr. Vyverberg presents information regarding the Adopted State of Illinois Cannabis Laws and provides background on the laws. He explains the initial Cannabis Pilot Program Act that went into effect in 2014 was a 4 year pilot program. The Village of Palatine amended the Zoning Ordinance at that time to allow cultivation centers and dispensaries as Special Use in the manufacturing district. He explained that in 2019 the State of Illinois declared the use of cannabis as legal for persons 21 years of age or older and would be taxed the same as alcohol. The Village of Palatine amended the zoning ordinance to allow adult use dispensaries as Special Uses in the B-5 district and Manufacturing district on 12/9/2019.

Mr. Vyverberg states that the text amendments are based on the past 3 years of operational history provided by the State of Illinois which is regulated by the department of finance and professional regulation for dispensaries. It is also based on information from other communities in the metropolitan area that has allowed such special uses.

He explains that staff is identifying and reviewing the initial current language and text that identified the zoning district along the Rand Rd corridor and the Manufacturing district. There may be other zoning districts that are subject to the B5 and manufacturing zoning. He states that they are proposing to further amend the districts that align to the B5 or manufacturing district. Also, the amendment would be eliminating the requirement to operate with a current medical license.

Mr. Freidman questions the specific language regarding the operating license requirement.

Mr. Vyverberg states that there is a clearer understanding of the requirements and is based on the State of Illinois language.

STAFF RECOMMENDATION:

Staff is recommending text amendments to Article 15 - Adult use cannabis which expand the eligible zoning districts for Special Use application to include Planned Development Districts, subject to the B-5 or Manufacturing District use lists and the elimination of the current license requirement for a medical dispensary. Staff is recommending the following text amendments:

- 1) **Amending Section 15.02 to include Planned Development Districts, subject to the B-5 or Manufacturing District Use lists, as eligible zoning districts to apply for a Special Use for an adult-use cannabis dispensing establishment; and**
- 2) **To eliminate the requirement, as referenced in Section 15.04 (a), that a dispensing establishment must currently be licensed by the Illinois Department of Financial and Professional Regulation to operate a medical cannabis dispensing organization, as further described on the attached Exhibit.**

Discussion:

Mr. Fedota questions the Plan Development districts and asks if the districts have to be B5 or manufacturing and located within the Rand Rd district to be approved. He asks if there are other B5 or manufacturing districts within the village that could also fall under this zoning.

Mr. Vyverberg explains that the original intention of this zoning was to identify various spacing requirements that were put into place for dispensaries based on the distance from schools, park district properties and residential properties. It identified which zoning districts fell under those categories and that is how the B5 district was determined within the manufacturing district. The intention of the code is that if your planned development is approved by the village council and your aligned or underlying use to the B5 district or mfg. district that you would be included in the eligible properties but it would be a case by case determination.

Mr. Fedota clarifies that a new planned development would look at the original underlying use.

Mr. Vyverberg states the uses proposed as part of the planned development and what zoning district would those uses align to and the intention to link it to the underlying zoning district.

Mr. Dwyer ask if the comprehensive plan would be looked at.

Mr. Vyverberg states that it would be relevant information.

Mr. Kolososki questions the minimum distance of the dispensaries from schools, parks and residents.

Mr. Vyverberg explains that a dispensary cannot be located within 500' of park district property of either property owned by Park District or utilized for Park District purposes. Dispensary cannot be located within 1500 ft. of school property preexisting, public or private nursery school, preschool, primary school, secondary school or daycare. He notes that learning centers and vocational centers are not classified as public or private schools.

Mr. Kolososki asks if these are state guidelines.

Mr. Vyverberg states that staff and the Village attorney looked at a couple of different factors. The criteria was based on the state limitations, what other communities look at and what made sense from a distance perspective.

Mr. Noonan made a motion to close the public hearing. 2nd by Mr. Fedota

DISCUSSION:

Mr. Fedota states it is consistent with what was established in 2019.

Mr. Noonan made the motion to accept

Seconded by Mr. Kolososki and unanimously approved

Consider Ordinances Approving a Planned Development Amendment for the Patrick Hyundai Phase 2 Planned Development and a Special Use for an Adult Use Dispensary for the Vacant Lot East of 325 E. Lake Cook Road

BACKGROUND:

The Subject Property, Lot 3 of the Patrick Hyundai Phase 2 Planned Development, is currently a vacant lot. The Petitioners are requesting a Planned Development Amendment to align the Planned Development uses to the B-5 district and to open an adult use cannabis dispensary on Lot 3. Therefore, the Petitioners are requesting:

Planned Development Amendment to Planned Development Ordinance #O-6-16 to align the underlying use lists to the B-5 district (Keystone Ventures LLC - Palatine Lake Cook Road LLC); and

Special Use for an adult use cannabis dispensing establishment (Botavi Wellness LLC)

KEY ISSUES:

- The property owner is requesting an amendment to align the Planned Development use lists to the B-5 district. As part of its approval, the Planned Development maintains full access extending from Rand Road through to Lake Cook Road for the Subject Property. Although Lot 3 remains undeveloped, the infrastructure improvements were completed with the Starbucks' drive-through in 2017. Prior to development of Patrick Hyundai, many of the underlying lots were zoned B-5.
- The Illinois Department of Financial and Professional Regulation awarded 75 Conditional Adult Use Dispensing Organization licenses in August 2021. Botavi Wellness LLC ("Botavi") was awarded a license (1 of 47 in the Chicago Naperville Elgin BLS region).
- The dispensary would be approximately 3,500 square feet and requires 12 parking spaces, with the Starbucks requiring seven spaces. There are 37 total spaces provided, leaving an excess of 18 spaces.
- Botavi presently operates under the store name "Bloc". Bloc presently operates eight dispensaries in Missouri and Pennsylvania. They also operate two pharmacies in Utah.
- The business plan indicates that a National Security Director oversees the dispensary operations. The store would also comply with all of the State's security directives and have 30-50 high definition cameras located throughout the building and outside the dispensary. The cameras will be equipped with facial

recognition/license plate readability. The Palatine Police Department would have access to a direct feed into all cameras at the dispensary. There will also be two armed security guards on-site, during all business hours. The proposed hours of operation are 8 AM - 8 PM, but the plan indicates that there will likely be fewer hours varying by day.

- The Subject Property complies with all of the spacing and separation requirements (1,500 feet) from any school, nursery, day care, pre-school or secondary school. It is also more than 500 ft. from the property line of any Park District property.
- Public comments were submitted to the Village indicating both opposition and support for adult use dispensaries. While those comments were included with the review materials, Staff notes that the comments are general in nature and not specific to either the proposed Special Use location or operator. No public testimony was provided at the Public Hearing.

ALTERNATIVES:

1. Approve the Planned Development Amendment and Special Use.
2. Do not approved the Planned Development Amendment and Special Use.

RECOMMENDATION:

Public Hearing:	Plan Commission - April 19, 2022
Residents testifying:	None
Vote:	The Plan Commission voted unanimously to recommend approval of the Planned Development Amendment to the Patrick Hyundai Phase 2 Planned Development and a Special Use for an adult use cannabis dispensary for the vacant lot east of 325 E. Lake Cook Road. Staff concurs with this recommendation.

ACTION REQUIRED:

A motion to approve the ordinances for a Planned Development Amendment to Patrick Hyundai Phase 2 Planned Development and a Special Use for an adult use cannabis dispensary for the vacant lot east of 325 E. Lake Cook Road.

**AN ORDINANCE GRANTING
A PLANNED DEVELOPMENT AMENDMENT FOR THE PATRICK HYUNDAI
SUBDIVISION PHASE 2 PLANNED DEVELOPMENT ORDINANCE #O-6-16
APPROVAL FOR A THE VACANT LOT EAST OF 325 E. LAKE COOK ROAD**

WHEREAS, upon petition of the owners of said property, a Public Hearing was held by the Plan Commission of the Village of Palatine on April 19, 2022 and in accordance with the Zoning Ordinance of the Village of Palatine, in such case made and provided, and said Plan Commission, having made its findings in a report to the Mayor and Village of the Village of Palatine regarding a Planned Development Amendment, to align the Patrick Hyundai Phase 2 Planned Development underlying uses lists to the “B-5 Highway Business District” use lists, as more fully described, on the following legally described property, as also identified on the attached Plat of Survey:

A RESUBDIVISION OF THAT PART OF THE NORTHEAST $\frac{1}{4}$ OF THE NORTHWEST $\frac{1}{4}$ OF SECTION 2, TOWNSHIP 42 NORTH, RANGE 10 EAST OF THE THIRD PRINCIPAL MERIDIAN, IN COOK COUNTY, ILLINOIS.

Commonly known as the vacant lot east of 325 E. Lake Cook Road (PIN# 02-02-102-037).

NOW, THEREFORE, BE IT ORDAINED, by the Mayor and Village Council of the Village of Palatine, Cook County, Illinois, acting in the exercise of their home rule power:

SECTION 1: That the Planned Development shall align with the permitted and

special use lists with that of the “B-5 Highway Business District”, pursuant to Section 13.05 of the Village of Palatine Zoning Ordinance is hereby granted, subject to the following conditions:

1. The Planned Development Use lists shall follow the B-5 district use lists.
2. All other conditions and requirements of Ordinance #O-6-16, as amended, shall remain in full force and effect.

SECTION 2: This ordinance shall be in full force and effect upon passage and approval as provided by law.

Dear Mr. Vyverberg,

As you know, we are the owner of real estate commonly known as Lot 3 in Patrick Hyundai Subdivision – Phase 2 (“Phase 2”) in Palatine, Illinois.

The Village has suggested that because of the shared access and contiguity of Phase 2 with Lot 1 in Patrick Hyundai Subdivision (“Phase 1”), the current B-5 zoning existing on Phase 1 should be extended to Phase 2.

Please consider this as our request for the Village to so extend the B-5 Highway Business District zoning classification to Phase 2.

Best,

ORDINANCE NO. _____

**AN ORDINANCE GRANTING A SPECIAL USE
VACANT LOT EAST OF 325 E. LAKE COOK ROAD**

WHEREAS, pursuant to a petition and public hearing on April 19, 2022, of which public notice was given as required by law, the Plan Commission of the Village of Palatine, in accordance with the Zoning Ordinance of the Village of Palatine, in such case made and provided, has held such public hearing and reported their findings relative to a request for a Special Use to permit an adult use cannabis dispensing establishment, pursuant to Article 15 of the Palatine Zoning Ordinance, on the following legally described property:

Lot 3 in the Patrick Hyundai Subdivision Phase 2, being a resubdivision of that part of the northeast quarter of the northwest quarter of section 2, township 42 north range 10 east of the Third Principal Meridian, according to the plat thereof recorded May 11, 2016, as document number 1613215025 in Cook County, Illinois.

Commonly known as the vacant lot east of 325 E. Lake Cook Road (02-03-102-037-0000).

NOW, THEREFORE, BE IT ORDAINED, by the Mayor and Village Council of the Village of Palatine, Cook County, Illinois, acting in the exercise of their home rule power that:

SECTION 1: A Special Use to permit an adult use cannabis dispensing establishment, pursuant to Article 15 of the Palatine Zoning Ordinance, is hereby granted, subject to the following condition(s):

1. The Special Use is granted solely to Botavi Wellness LLC and may not be transferred, without the review and approval of the Village Council, pursuant to Section 14.05 of Appendix A of the Village of Palatine Code of Ordinances.
2. The Special Use shall substantially conform to the site plan submitted on 03/17/2022, floorplan dated 02/24/22, the business plan submitted on 03/17/22, and elevations submitted on 03/17/22, except as such plans may be changed to conform to Village Codes and Ordinances.
3. If required by the Village, the business plan shall be modified in a manner

acceptable to the Village Attorney.

4. The final signage plan, including interior window signs shall be submitted in a manner acceptable to the Director of Planning and Zoning.
5. The dispensary shall follow the requirements of the Village of Palatine Cannabis Retailers' Occupation Tax, pursuant to Ordinance #O-112-19.
6. The dispensary shall operate in compliance with all applicable State and Village requirements.

SECTION 2: That a copy of the public notice is attached hereto and form a part of this ordinance.

SECTION 3: That this ordinance shall be in full force and effect from and after its passage and approval as provided by law.

Botavi Wellness LLC, an Illinois limited liability company is applying for a Special Use designation for the property located at 323 Lake Cook Road for the operation of a Cannabis Dispensary as provided for pursuant to Palatine Zoning Code Section 15.01 for the operation of a fully legal, state-regulated Cannabis Dispensary. Botavi Star Equity is an affiliate of Justice Cannabis Co. and has secured the necessary licensing required by the State of Illinois. If approved, the Dispensary shall be operated under the name “Bloc” as will all other dispensaries operated by JG IL LLC d/b/a Justice Cannabis Company an Illinois limited liability company.

This Dispensary will be the first to be operating in Palatine and we believe well located and fully compliant with all terms and requirements of. Section 15.01 as well for all Special Uses within Palatine (details further outlined below) and will service recreational users.

As noted above the property in question meets the location requirements in that it is located more than: (1) Fifteen hundred feet (1500 feet) of the property line of any school, nursery school, pre-school, primary or secondary school or daycare facility, (2) five hundred feet (500 feet) of the property line of any park district property.

In regard to the operation of the dispensary as required per Village Code:

Traffic and parking

The parking at the facility will meet the needs of a dispensary of this size based on experience with the other dispensaries as operated by Justice Cannabis. In this regard:

1. Within the envelope of the subject property it will have 24 parking spaces The minimum required number of parking spaces by code is 1 space per 300 square feet of gross floor area. The gross floor area of the building on the subject property is 3500 square feet and as such requires a minimum of 12 parking spaces.
2. Many of the current customers at other facilities pre-order their products, limiting the time they spend in the store. Average visit by a customer is under five (5) minutes.
3. Justice Cannabis’ clientele typically come throughout the day and do not follow “rush hour” patterns.

Loitering/On-site consumption

- A. Strictly prohibited by law. Our customers know this, and our experience indicates this is not a problem.
- B. Armed security guards shall be enforcing

Security

- A. Justice Cannabis has a National Security Director that will oversee the operations. Facility shall be operated under security and surveillance plans in accordance with State Statute 410 ILCS 705/15-100 for such businesses through
- B. The facility will have 30 to 50 high-definition cameras located throughout the building inside and out.
- B. The cameras will have facial recognition ability and the ability to read license plates.
- C. Justice Cannabis will offer the local police a direct feed into all cameras.
- D. We will have two (2) armed security guards on site during all business hours. Security guards to be through a third-party provider as required per Illinois Statute.

Hours of operation

- A. Typically ask for approvals requested for 8:00 AM to 8:00 PM, but likely will have fewer hours varying by day.
- B. Willing to work with the Community and adjust hours as requested.

Lighting

- A. The parking area will be fully lit in accordance with applicable Palatine codes.

Advertising

- A. Dispensary name will be “Bloc” which will be in line with all other dispensaries operated by the Justice Cannabis family of dispensaries.
- B. Will not include any cannabis type decorations or blatant verbiage anywhere in company advertising.

Impact on Local Economy – Employment

- A. Generally, six to twelve employees on site at all times, depending on day and time.
- B. Location will typically hire twenty-two per location, eighteen full-time and four part-time
- C. Will, to the extent possible, look to hire from the local community and typically will have job fairs on site prior to opening.
- D. Advertisement handled through local channels for employees

Impact on Local Economy – Tax Revenue

- C. As indicated, the Village will receive 3% of gross sales.
- D. Gross sales projected to be between \$500,000 and \$1,000,000 per month.
- E. Based on estimates for this location (based on experiences with other Justice Cannabis’ existing dispensaries), it is anticipated that this dispensary will earn towards the high end of that range.

Special Use Requirements

In regard to the general Special Use Requirements of Section 14.05 of Palatine Village Code we believe the Applicant's proposed use and property in question meet same for the reasons as noted below:

- (1) Is deemed necessary for the public convenience at the location . **In order to operate the use as intended a Special Use is necessary.**
- (2) Is so designed, located, and proposed to be operated that the public health, safety and welfare will be protected. **The property in question is in an area well-suited for additional traffic and customers that may contribute to surrounding businesses, as well bring in others from outside of Palatine. The current zoning allows for the proposed use as a Special Use.**
- (3) Will not cause substantial injury to the value of other property in the neighborhood in which it is located. **The proposed use should be compatible to the adjoining uses and no reason to believe any negative impact, and as noted above moreso a positive impact with additional traffic to the area.**

In further regard to the Applicant and its operational partner, Justice Cannabis:

JG IL LLC d/b/a Justice Cannabis Company an Illinois limited liability company Founded in Chicago in 2014 by two civil rights attorneys, Jon Loevy and Mike Kanovitz . Loevy and Kanovitz who were the founders and co-chairmen of a public interest-oriented law firm in Chicago devoted primarily to civil rights and the protection of government and taxpayers from contractor fraud and waste.

Darin Carpenter serves as the CEO of Justice Cannabis has been responsible for the daily operations and management of several well-known profitable cannabis companies ("Flora"- Chief Operating Officer and "Tryke"- Director of Operations/ Manager of cultivation/extraction operations).

- Justice Cannabis Co. is comprised of a winning dispensary team:
 1. Team members that are experts in their fields from:
 - Real Estate
 - Retail Operations
 - Security
 - Compliance
 2. Team members come to Justice Cannabis Co. with a history of successful results building and managing financially sustainable facilities.

- All of Justice Cannabis Company's dispensaries are doing business as BLOC Dispensary
- Justice Cannabis Company is very committed to its proposed dispensary operations in Illinois
 - Justice Cannabis Company an existing cultivation site near Effingham, IL producing cannabis products since 2017
 - Through its network and current licenses, there will be up to ten (10) BLOC dispensaries in Illinois
 - As noted above, the license to be used in Palatine was secured by Botavi Wellness LLC which is owned in part by a family member of one of the founders of Justice Cannabis

Results of Tied Applicant Lottery for Conditional Licenses Per BLS Region

The Tied Applicant Lottery, with 17 BLS Region drawings, was conducted on August 19, 2021 for 75 Conditional Adult Use Dispensing Organization Licenses ("Conditional License"). Below are the results of the drawings for each BLS region identifying the order in which each Tied Applicant was drawn. This order determines the order in which the Department of Financial and Professional Regulation ("Department") will award the available Conditional Licenses in each BLS region.

Applicants who have the opportunity to be awarded a Conditional License in the Tied Applicant Lottery are subject to strict limitations on the number of total licenses, as mandated by Public Act 102-98. An applicant's failure to report to the Department that it has exceeded the statutory license limitations will result in the Department's refusal to issue any of the Conditional Licenses resulting from Tied Applicant Lottery.

Below are the Department's certified results of the Tied Applicant Lottery for each drawing by BLS Region. Each list identifies the applicants who have an opportunity to receive a Conditional License from that drawing. In order to receive a Conditional License, each applicant must satisfy the statutorily mandated abandonment periods and tax-compliance checks.

Those applicants who have been selected for a conditional license are subject to the statutory requirements of the principal officer and license limitations and tax compliance checks, available [here](#). If an applicant is required to abandon a license because it exceeds the license limitations, the applicant shall have five business days, from the day the results of the Tied Applicant Lottery are posted to the Department's website, to abandon, and the next drawn applicant will be notified of their opportunity to be awarded a conditional license. Additionally, if an applicant cannot prove its tax compliance within 60 days of winning a conditional license in accordance with 68 IAC 1291.95, the Department will deny issuance of the Conditional License(s) and the next drawn applicant will be notified of their eligibility to be awarded a conditional license. Therefore, the result lists below may change pending the abandonment of an applicant's conditional license and/or an applicant's failure to prove tax compliance. This means additional applicants, whose draw order followed the abandoning applicant's order, may become an awarded applicant.

The announced conditional licenses to be awarded may be subject to change as a result of court orders or administrative review.

- Submit a complete application.
 - Once a complete application has been submitted, a project planner will be assigned to the request.
- The entire process typically takes 6-8 weeks from the date of submittal, depending on the complexity of the request.

STAFF REVIEW

- Upon receipt of a complete application, the project planner coordinates an internal review of the request.
 - The request is reviewed by Planning and Zoning, Engineering, and Community Services, as well as other departments as needed.
- Once the review is completed, the project planner sends a review letter to the Petitioner.
 - A review letter contains any staff questions and concerns, and may include requests for additional information and/or plan revisions. Additional reviews may be required.
 - The project planner will schedule the request for a Zoning Board of Appeals meeting once all of the necessary information has been submitted and reviewed.

PUBLIC NOTICE – Single Family Requests

- The Village completes all notification requirements including:
 - Notification letters
 - Placing a public hearing sign on the property
 - Posting a legal ad in the newspaper

PUBLIC NOTICE – All Non-Single Family Residential Requests

- The Village is responsible for:
 - Posting a legal ad in the newspaper
 - Sending a notification letter to adjacent residents (not property owners)
- **The Petitioner is responsible for the following:**
 - **Public Hearing Sign:** The Village provides the sign and posts. The sign must be posted in a place visible from the public right-of-way. The sign must be posted through the Village Council meeting date. A \$125 deposit per sign is required, and is refunded within 4-6 weeks of the conclusion of the petition review process.
 - **Surrounding Property Owners Letter:** The Village writes and provides the letter for the Petitioner to send via certified mail to all property owners within 250 feet of the Subject Property. A list of property owners can be obtained by calling the Palatine Township Assessor's Office at 847.358.6700, emailing dgambo@palatinetownship.com, or visiting the office at 721 S. Quentin Road, Palatine, IL 60067. The Petitioner is required to submit the certified mail receipts and sign an affidavit stating that all notification letters have been mailed.

Per Illinois Law, *all* notification must be mailed 15 calendar days prior to the Zoning Board of Appeals Meeting.

ZONING BOARD OF APPEALS PUBLIC HEARING

All requests are heard in a public hearing before the Zoning Board of Appeals (ZBA). The ZBA is a recommending body comprised of citizens appointed by the Mayor and Village Council. The ZBA holds Special Use and Variation public hearings for the Village Council. Meetings are held on the second and fourth Tuesday of each month at 7:00 pm in the Village Council Chambers, 200 E. Wood Street (2nd floor).

At the public hearing, the project planner presents the facts of the request and Staff's recommendation to the ZBA. The Petitioner should be prepared to present and support the request with any evidence deemed appropriate. Any supporters and objectors are able to give testimony. The ZBA may ask additional questions to advance its own understanding of the request.

Upon reviewing the request, the ZBA will submit an advisory recommendation to the Village Council. The ZBA may either recommend approval or denial of the request. If recommending approval, the ZBA may recommend imposing specific conditions it deems necessary to insure conformity with the intent of all applicable Village codes, ordinances, and policies.

VILLAGE COUNCIL MEETING

The request and advisory ZBA recommendation is forwarded to the Village Council. The Village Council makes the final decision regarding the request. If approved, an ordinance approving the request is adopted. A copy of the ordinance is mailed to the Petitioner within five business days of Village Council approval.

NOTE: CONCURRENT BUILDING PERMIT REVIEW

A Petitioner may submit building plans and permits to the Village at any time. The plans may or may not be reviewed until the petition review process has been completed. If the zoning request is approved, the project planner forwards the final plans and ordinance to Building Services and any other appropriate department. **Please note the review of the Special Use and/or Variation does not reflect a complete review and approval of the building permit submittal. For questions regarding the building permit or submittal requirements, please contact the Community Services Department at 847-359-9042.**

Sworn in Petitioners: Craig Krandel - Attorney for Botavi Wellness and Mr. Zaveduk

Mr. Krandel explains that Botavi Wellness has applied for a Special Use for an adult use dispensary at the vacant lot east of 325 E Lake Cook Rd on Lot 3 of the Patrick Hyundai Phase 2 Planned Development. The petitioner has a conditional license for a dispensary. He explains that 185 conditional licenses have been granted by the State of Illinois through a lottery. He states that none of the licenses have been released due to litigations that are holding up the issuance of the licenses. The state originally issued 55 medical cannabis dispensary licenses that also had recreational components. The next round of 185 conditional licenses are waiting to be released. They are hoping to have the licenses released within the next 60-90 days. He states that the site meets all of the requirements for distances from school and parks. He talks about parking and states that there is 12 required parking spots and 24 parking spots are provided in their plan. Parking should not be a significant issue as most people are there for a short time. The business would operate in accordance with all State of Illinois requirements.

Mr. Zaveduk provides information on their business, Justice Cannabis Company DBA Bloc Dispensary and gives background information on the company. He states they will be opening at least 10 dispensaries in the State of Illinois. He states that they have a full cultivation facility in downstate Illinois operated by Justice Cannabis. They currently operate 11 dispensaries in PA, MO, UT and MI.

Mr. Zaveduk states that the dispensary will bring jobs to the area and will be hiring local residents for a total of 22 jobs. He explains the typical customer experience and states that you must be 21 to purchase recreational cannabis. Customers would arrive on site and check in with security. They would be required to present their ID and this would be run through the State Database for a background check. The customer would then be taken to the sales floor and they would either pick up their pre order or place their order through the onsite Kiosk. They would then proceed to the sales desk for their purchase and explains in detail the steps to complete the sale. He explains that onsite consumption is strictly prohibited and is enforced by the onsite security guards.

Mr. Zaveduk presents photos of the typical floor plan and features of the dispensary and states they work to achieve a high end experience. He then provides information on their security measures and states that security is overseen by Justice Cannabis National Security director and security is provided by an affiliated company as per Illinois Statutes. He explains the roll of the security guards and states that each facility has 30 to 50 high definition cameras which provide face recognition and license plate reading. Security guards are trained specifically on de-escalation, crowd control, first aid and advanced lifesaving and extensive firearm training. The goal is to make customers feel safe and employees feel safe.

Mr. Bettenhausen asks who initially checks the ID when customers enter.

Mr. Zaveduk states the guard will check to make sure the customer is 21 and the front desk person would run the ID for a background check.

Mr. Fedota questions the percentage of sales between smokable and edible products.

Mr. Zaveduk states that the mixture is relatively balanced. There is a broad mix of products.

Mr. Fedota asks about security of cash transfer.

Mr. Zaveduk explains that they have a Smart Safe System and explains that they are required by law to have a vault constructed on the premise. The Safe is bolted to floor of the vault. The safe is the property of the bank and they lease the safe from the bank. He explains that the safe has a cash feeder at the top. At the end of the day, cash is fed into the cash reader and the smart safe sorts the money into cartridges and notifies the bank how much cash is fed into the safe. This allows the business to have access to the cash in the banking system and keeps the money secure. The bank is aware how large the safe is and is notified of the capacity and will schedule a pick up as needed. He explains the protocol of the pick up by the Brinks truck and states that product deliveries are done the same way, just the reverse process.

Chairman Dwyer asks if this facility would also have medical use.

Mr. Zaveduk states it will only be adult recreational use.

Mr. Bettenhausen asks if the deliveries and pickups would be through the back door.

Mr. Zaveduk states that it would be back door at this location.

Mr. Freidman asks if there is any other data on the peak parking demand.

Mr. Zaveduk states that this is the first recreational dispensary in Illinois. He speculates that there wouldn't be a busy time of day and states that many customers pre order. He believes that the parking spots would be sufficient for their business.

Mr. Vyverberg notes that Plan Commission received additional resident comments and these can be found in the exhibit folder. He explains that the Special Use approval in 2016 addressed the infrastructure for the property. The private drive is in place for the right in and right out and he notes that the police chief reviewed the security plan and business plan and did not have any additional conditions.

Mr. Fedota asks for further clarification regarding the private drive and signage.

Mr. Vyverberg states the turning movements were created when the original development was approved in 2012. He also states that there is a sign easement on Rand Rd and is at this time restricted to Patrick Hyundai signage.

Mr. Dwyer talks about the resident emails received and reads a typical letter. He also notes that the approval of this petition is subject to Village Councils approval of the Text Amendments.

STAFF RECOMMENDATION:

When the Patrick Hyundai and Phase 2 Planned Development were approved, portions of the underlying properties maintained a B-5 zoning and also continues to have frontage and access to Rand Road. Staff believes the amendment further memorializes both the intention of the Planned Development and the B-5 District Ordinance requirements. Therefore, Staff recommends approval of the Planned Development Amendment, pursuant to the following conditions:

1. Planned Development Ordinance #O-6-16, shall be amended to align the use lists with the B-5 Highway Business District.

Both the State of Illinois and the Village allow adult use dispensaries and contemplate their operation. Adult use cannabis is both legal and contemplated within the Code. Therefore, the Special Use review should not be a determination of whether adult use cannabis should be allowed, as those questions have already been answered, but rather the narrow focus of whether this is an acceptable location and has the Petitioner demonstrated compliance with the required standards.

The proposed location complies with all of the other spacing, separation, and operational restrictions within the zoning ordinance. The use would abut the rear yards of commercial lots along Rand Road and across the street from unincorporated Lake County. And, the Petitioner has operating experience within

10 other similar stores/pharmacies. The Police Department reviewed the security plans and did not have any other questions or comments.

Therefore, Staff recommends approval of the Special Use, pursuant to the following conditions:

1. The Special Use shall substantially conform to the site plan submitted on 03/17/2022, floorplan dated 02/24/22, the business plan submitted on 03/17/22, and elevations submitted on 03/17/22, except as such plans may be changed to conform to Village Codes and Ordinances.
2. If required by the Village, the business plan shall be modified in a manner acceptable to the Village Attorney.
3. The final signage plan, including interior window signs shall be submitted in a manner acceptable to the Director of Planning and Zoning.
4. The dispensary shall operate in compliance with all applicable State and Village requirements.

Mr. Noonan made a motion to close the public hearing - Seconded by Mr. Fedota

DISCUSSION:

Mr. Kolowoski would like to note he is not for cannabis in Palatine

Mr. Fedota states that the site meets the zoning requirements that were put in place for this land usage and is appropriate.

Chairman Dwyer states that the petitioner meets all of the requirements of the village ordinance and the state law.

Mr. Noonan makes a motion to accept - 2nd by Mr. Freidman
Unanimously approved

Tentatively scheduled with the Community and Economic Development Committee on Monday, May 2nd, 2022

Communication:

Mr. Vyverberg states annexation and preliminary plan development for 780 W Dundee were reviewed by Village council on 4/18/22 and approved.

Next meeting scheduled for 5/3/22 is cancelled.

RESULT:	RECOMMENDED TO APPROVE [UNANIMOUS]
MOVER:	Patrick Noonan, Plan Commissioner

Mayor Jim Schwantz,

I am writing to urge you to vote NO on allowing Palatine to open its doors to the marijuana industry and bring in pot shops. This is not what our community needs or wants.

Research shows that:

- Children who live near pot shops have more access to marijuana and are more likely to use it and other drugs.
- Density of pot shops and delivery services was positively related to the frequency of child abuse and neglect. There is also an increase in hospitalizations for marijuana use and dependence.
- Since recreational marijuana was legalized in Colorado in 2013, traffic deaths where drivers tested positive for marijuana increased 138% while all traffic deaths increased 29%.
- Several studies have also linked heavy marijuana use to lower income, greater welfare dependence, unemployment, criminal behavior, and lower life satisfaction.
- Marijuana commercialization is having an impact on homeless services in places that are among the first to legalize the drug.

Please help keep our community safe and property values high. Vote No! and reject Palatine pot shops!

Open education and research center for long term investment and return.
 Invest in indoor all season swim arena and cater to general public so they can host events. That will give more return than POT.

Marijuana for medical purposes should be handled through doctors. The rest using it for recreational purposes makes our community less safe. Please don't allow this in Palatine!!

Do we need tax revenue so bad that we stoop so low as to allow a pot shop in our community ? This

is akin to allowing adult book stores. We want Palatine to shine brightly and be a positive example. Please don't join with the nefarious communities that don't care about its residents for the sake of the almighty dollar .

want to since they legalized marijuana Jan 2020. Pungent smells of weed seeped into our bedrooms ,bathrooms, attic and basement .As in the whole house .We called Palatine police 6X, apparently they can't do anything . They told us to moved us. Seriously ? Our sons has severe apnea and asthma and both of us has cardiac illness . Anyway after we talked to the association , the lawyer sent them letters and they finally stopped for a month but occasionally had been smoking . This is crazy ! They have the right to smoke by law, how about our rights for fresh and healthy air. Pandemic aside , this neighbor is killing us every time they smoke . Anyway , building another weed dispensary will escalate more issues for the everyone like us . Therefore , we VOTE NO!

Research shows that:

- Children who live near pot shops have more access to marijuana and are more likely to use it and other drugs.
- Density of pot shops and delivery services was positively related to the frequency of child abuse and neglect. There is also an increase in hospitalizations for marijuana use and dependence.
- Since recreational marijuana was legalized in Colorado in 2013, traffic deaths where drivers tested positive for marijuana increased 138% while all traffic deaths increased 29%.
- Several studies have also linked heavy marijuana use to lower income, greater welfare dependence, unemployment, criminal behavior, and lower life satisfaction.
- Marijuana commercialization is having an impact on homeless services in places that are among the first to legalize the drug.

Please help keep our community safe and property values high. Vote No! and reject Palatine pot shops!

Good afternoon,

It is my understanding that the Village Council is considering bringing a pot store to Palatine. I am hoping this is not true or at least, not being seriously considered.

There is no benefit to the residents and the possible harm is overwhelming. Living on the north side of Palatine we are already dealing with gangs and the negative effects that has on our community. Though there may be a monetary reason to think it is a good idea to add pot to the mix of problems, money should never be a stronger reason to do something than health, safety, and crime issues that will accompany bringing pot to the community.

Please vote NO.

Thank you,

Patricia Rudy

Hello! I'm a recent member of the community.

Just wanted to voice my opinion on an anti-marijuana flyer left at my door. As one of your constituents I would ask that you consider voting YES to allowing this growing industry to open in our community. The detractions written by those opposed are baseless and discriminatory.

As an aside, I think its utterly ridiculous that it's considered acceptable for someone to leave propaganda on my property. I would ask that you disregard anything campaigns paid for by the "Save Our Society from Drugs" organization.

Thank you for reading, I hope you have a pleasant day.

Sincerely,
 Joseph Stramaglia III

Research shows that:

- Children who live near pot shops have more access to marijuana and are more likely to use it and other drugs.
- Density of pot shops and delivery services was positively related to the frequency of child abuse and neglect. There is also an increase in hospitalizations for marijuana use and dependence.
- Since recreational marijuana was legalized in Colorado in 2013, traffic deaths where drivers tested positive for marijuana increased 138% while all traffic deaths increased 29%.
- Several studies have also linked heavy marijuana use to lower income, greater welfare dependence, unemployment, criminal behavior, and lower life satisfaction.
- Marijuana commercialization is having an impact on homeless services in places that are among the first to legalize the drug.

Please help keep our community safe and property values high. Vote No! and reject Palatine pot shops!

Councilmember Tim Millar,

I received a flyer the village is considering opening a dispensary in Palatine. I'm writing to you to APPROVE of this measure. Buffalo Grove, Rolling Meadows, Wheeling, and Schaumburg currently have dispensaries while Palatine does not. The notion neighboring communities may be siphoning off sales tax revenue from our village is a problem which should be addressed immediately.

Please vote to approve a marijuana dispensary in Palatine. If a dispensary should not be in Palatine, citizens can show their disapproval by not shopping there, allowing the store to go out of business. The village should not stand in the way of possible tax revenue because a few citizens cannot come to terms marijuana is a legal in Illinois and want to relitigate the issue on a local case-by-case basis.

Sincerely,

Kent Hoffman

I am writing to urge you to vote YES on allowing Palatine to open its doors to the marijuana industry and bring in pot shops. This IS what our community needs and wants.

Research shows that:

- * Legalizing marijuana has actually showed a decrease in teen use.
- Taxes collected from the legal sale of marijuana support important local programs
- The record high fatal traffic accidents in Colorado was in 2002, well before the legalization of marijuana. Traces of THC remain in a user's system for up to 45 days well past the impairment stage.

Please help keep our community safe and property values high. Vote YES! and approve Palatine pot shops!

Councilmember Tim Millar,

I am writing to urge you to vote NO on allowing Palatine to open its doors to the marijuana industry and bring in pot shops. This is not what our community needs or wants.

Research shows that:

- Children who live near pot shops have more access to marijuana and are more likely to use it and other drugs.
- Density of pot shops and delivery services was positively related to the frequency of child abuse and neglect. There is also an increase in hospitalizations for marijuana use and dependence.
- Since recreational marijuana was legalized in Colorado in 2013, traffic deaths where drivers tested positive for marijuana increased 138% while all traffic deaths increased 29%.
- Several studies have also linked heavy marijuana use to lower income, greater welfare dependence, unemployment, criminal behavior, and lower life satisfaction.
- Marijuana commercialization is having an impact on homeless services in places that are among the first to legalize the drug.

Please help keep our community safe and property values high. Vote No! and reject Palatine pot shops!

Sincerely,

Beyond all the "research" & stats, I am opposed to "on demsnd" drug use-including "pot"-on moral

grounds. Just because we “can” doesn’t mean we “should.” There are better ways to solve our problems!

Councilmember Tim Millar,

I am writing to urge you to vote YES on allowing Palatine to open its doors to the marijuana industry and bring in pot shops. This is exactly what our community needs or wants.

Research shows that you will receive the following list of bogus claims:

- Children who live near pot shops have more access to marijuana and are more likely to use it and other drugs. (Regulate use by increasing pot shops and this won't be an issue)
- Density of pot shops and delivery services was positively related to the frequency of child abuse and neglect. There is also an increase in hospitalizations for marijuana use and dependence. (Pot ships have more widespread acceptance in areas where these rates already exist, they can bring revenue into struggling communities and reduce street drug sales)
- Since recreational marijuana was legalized in Colorado in 2013, traffic deaths where drivers tested positive for marijuana increased 138% while all traffic deaths increased 29%. (Let's compare these to the number of violent crimes that have decreased)
- Several studies have also linked heavy marijuana use to lower income, greater welfare dependence, unemployment, criminal behavior, and lower life satisfaction. (Very few studies, new ones link medicinal use to incredibly positive outcomes and are far better than opiates and other medication)
- Marijuana commercialization is having an impact on homeless services in places that are among the first to legalize the drug. (Oh no, more services got the homeless, how awful *sarcasm*)

HOWEVER, this research is biased, stigmatizing and antiquated. Marijuana is medicine and should be regulated and kept safe and accessible for those who need it.

Please help keep our community safe and property values high. Vote yes and accept Palatine pot shops!

Pot shops reduce the number of street sellers, provide viable and sustainable economic stimulation and provide education of marijuanas positive impact on many people. We need progress, and abstaining from this industry due to outdated and stigmatizing research and anecdotes is naive and antiquated.

Councilmember Tim Millar,

I am writing to urge you to vote NO on allowing Palatine to open its doors to the marijuana industry and bring in pot shops. This is not what our community needs or wants.

Research shows that:

- Children who live near pot shops have more access to marijuana and are more likely to use it and other drugs.
- Density of pot shops and delivery services was positively related to the frequency of child abuse and neglect. There is also an increase in hospitalizations for marijuana use and dependence.
- Since recreational marijuana was legalized in Colorado in 2013, traffic deaths where drivers tested positive for marijuana increased 138% while all traffic deaths increased 29%.
- Several studies have also linked heavy marijuana use to lower income, greater welfare dependence, unemployment, criminal behavior, and lower life satisfaction.
- Marijuana commercialization is having an impact on homeless services in places that are among the first to legalize the drug.

Please help keep our community safe and property values high. Vote No! and reject Palatine pot shops!

Councilmember Tim Millar,

I am writing to urge you to consider allowing Palatine to open its doors to the marijuana industry and bring in a pot shop. The taxes generated, while not a huge part of the overall annual tax budget, will help our community.

Research shows that:

- Children who live near pot shops have more access to marijuana and are more likely to use it and other drugs.

Because of this, we are glad any potential pot shop will not be located near residential communities.

- Density of pot shops and delivery services was positively related to the frequency of child abuse and neglect. There is also an increase in hospitalizations for marijuana use and dependence.

Pot shops are not too dense in Palatine, since there are none. But there's one in Rolling Meadows so Palatine can piggyback off the research there!

- Since recreational marijuana was legalized in Colorado in 2013, traffic deaths where drivers tested positive for marijuana increased 138% while all traffic deaths increased 29%.

And while we are not in Colorado, I'm sure we can use traffic studies from the closest Rolling Meadows pot shop instead. The intersection nearest the RM pot shop (NW Hwy & Rohlwing) has been dangerous for years and needs to be looked at. That intersection has been a problem FOR DECADES, and now that there is a pot shop nearby, it really needs to be evaluated for safety so pot heads don't continue to have accidents there.

- Several studies have also linked heavy marijuana use to lower income, greater welfare dependence, unemployment, criminal behavior, and lower life satisfaction, but probably not in Palatine.

- Marijuana commercialization is having an impact on homeless services in places that are among the first to legalize the drug. Studies will prove this in Illinois in the next few decades, or not. After all, alcohol is perfectly legal, abundantly available, causes homelessness and child abuse/abandonment, and traffic accidents. But keep all the liquor stores and add just one pot shop for future research on pot heads!

Please help keep our community safe and property values high. Vote to add a single Palatine pot shop, away from kids, liquor stores, and problematic traffic intersections!

- Children who live near pot shops have more access to marijuana and are more likely to use it and other drugs.
- Density of pot shops and delivery services was positively related to the frequency of child abuse and neglect. There is also an increase in hospitalizations for marijuana use and dependence.
- Since recreational marijuana was legalized in Colorado in 2013, traffic deaths where drivers tested positive for marijuana increased 138% while all traffic deaths increased 29%.
- Several studies have also linked heavy marijuana use to lower income, greater welfare dependence, unemployment, criminal behavior, and lower life satisfaction.
- Marijuana commercialization is having an impact on homeless services in places that are among the first to legalize the drug.

Please help keep our community safe and property values high. Vote No! and reject Palatine pot shops!

Ever since marijuana was made legal I constantly smell it coming from cars. I also have seen twice drivers hit street lights on Palatine Rd and drive off. Apparently the black street lights break apart pretty easily. So they smash into them because they are stoned and they drive off!!!

Dear Major Schwantz,

My name is Steve Chen. I've been living in Palatine for over 20 years and have seen many changes in our great city. I rarely contact the city, but today I feel strongly about raising my concern about an important issue to your attention. I'm reaching out to you regarding the upcoming plan commission meeting scheduled for 4/19 re: opening doors to the marijuana industry to Palatine. This brings a deep concern to me and many of my neighbors. Opening doors to dispensaries in our town will make it easier for someone to pass on marijuana to minors when we're already seeing more students smoking marijuana in Palatine's middle schools and high schools. Additionally studies have linked marijuana use to lower income, unemployment, and criminal behaviors. All of these will make our city less competitive and invite crimes. While I understand the upside of bringing funding to the city, funding our city with recreational drug money is not sustainable nor helping our community to maintain its high standard. I strongly encourage you and the Village Council to vote no on bring a marijuana dispensary to Palatine. Thank you for your consideration.

Best regards,
Steve

Councilmember Tim Millar,

If marijuana is a source of tax revenue I'm for it. If neighboring towns don't have dispensary's it will help other businesses by bringing people into town for additional revenue. I personally don't use pot and am not going to somehow be persuaded to use it just because it's more readily available.

Just because illinois has legalized recreational "weed" doesn't mean Palatine needs to promote it! The income generated from a store isn't worth the lives it will destroy.

**VILLAGE OF PALATINE
Plan Commission**

SCHEDULED 04/19/22 07:00 PM

CASE STAFF STATEMENT (ID # 7496)

Planned Development Amendment to the Patrick Hyundai Phase 2 Subdivision Planned Development to Align with the B-5 Highway Business District use lists; and Special Use for an Adult Use Cannabis Dispensing Establishment for the vacant lot east of 325 E. Lake Cook Road (PIN # 02-02-102-037-0000)

CASE NUMBER: 22-09

PETITIONERS:

Keystone Ventures (Palatine Lake Cook Road LLC)

Botavi Wellness LLC ("Botavi") - Craig Krandel authorized agent

LOCATION: vacant lot east of 325 E. Lake Cook Road (parcel ID # 02-02-102-037-0000) - Lot 3 of the Patrick Hyundai Subdivision - Phase 2.

PROPOSAL: Keystone Ventures LLC (Palatine Lake Cook Road LLC) is requesting a Planned Development Amendment to Planned Development Ordinance #O-6-16 align the underlying use lists to the B-5 Highway Business District; and

Botavi Wellness has applied for a Special Use for an adult use dispensary for the vacant lot east of 325 E. Lake Cook Road - Lot 3 of the Patrick Hyundai Subdivision and Patrick Hyundai Planned Development Phase 2.

ZONING AND LAND USE: Planned Development - Vacant parcel, directly east of 325 E. Lake Cook Road (Starbucks drive-through).

SURROUNDING CONDITIONS:

North:	Unincorporated Lake County
South:	Rand Road -B-5 commercial uses and properties
East:	Rand Road parcels
West:	Planned Development - Rand Road (Route 12) - Hyundai of Palatine - Lot 1 Patrick Hyundai Subdivision

COMPREHENSIVE PLAN:

The Future Land Use Map recommends a continued business use for the property.

BACKGROUND:

The Subject Property is Lot 3 of the Patrick Hyundai Phase 2 Planned Development and Subdivision and is currently a vacant unimproved lot. The Petitioners are requesting to open an adult use dispensary on Lot 3. Therefore, the Petitioners are requesting:

Planned Development Amendment to Planned Development Ordinance #O-6-16 to align the underlying use lists to the B-5 district (Keystone Ventures LLC - Palatine Lake Cook Road LLC); and

Special Use for an adult use cannabis dispensing establishment (Botavi)

ANALYSIS:

- After the State of Illinois approved the legal sale and consumption of cannabis in June 2019, the Village also allowed adult use dispensaries within the Village in December 2019. The Zoning Ordinance allows adult use dispensaries through a Special Use review in the B-5 and Manufacturing districts. When the Village drafted and adopted its adult use cannabis ordinance, there had not been any operational history with dispensaries or the State approval process, due to the newness of its adoption.
- Within the Zoning Ordinance, there are also a series of operational requirements and controls, as follows below:
 - (a) Facility must be operated by an organization or business that is currently licensed by the Illinois Department of Financial and Professional Regulation to operate a medical cannabis dispensing organization under the Compassionate Use of Medical Cannabis Pilot Program Act (410 ILCS 130 et seq.)
 - (b) Facility must keep a copy of the dispensing organization agent identification card issued pursuant to the Compassionate Use of Medical Cannabis Pilot Program Act visible and conspicuously displayed at all times.
 - (c) An adult-use cannabis dispensing establishment building shall not be located within 1,500 feet of the building in which is located a pre-existing public or private nursery school, pre-school, primary or secondary school, or day care facility. Learning centers and vocational/trade centers shall not be classified as a public or private school for purposes of this Section.

Case Staff Statement (ID # 7496)
Meeting of April 19, 2022

- (d) An adult-use cannabis dispensing establishment building shall not be located within five hundred (500) feet of property either owned by a Park District or utilized for park district purposes, unless separated by railroad tracks.
 - (e) An adult-use cannabis dispensing establishment shall not be located in a dwelling unit.
 - (f) An adult-use cannabis dispensing establishment shall not abut nor be directly across the street from any residential use.
 - (g) At least 75% of the floor area of any tenant space occupied by an adult-use cannabis dispensing establishment shall be devoted to the activities of the cannabis dispensing establishment as authorized by the Act, and other than cannabis infused food products, no cannabis dispensing establishment shall also sell food for consumption on the premises in the same tenant space.
 - (h) Facility shall not conduct any sales or distribution of cannabis other than as authorized by the Act.
 - (i) Adult-use cannabis dispensing establishments are prohibited from allowing on-site consumption of cannabis under all circumstances.
 - (j) For purposes of determining required parking, adult-use cannabis dispensing establishments shall be classified as “Business and Retail Uses” area as per Section 7.03 (b) (1), provided however that the Village may require that additional parking be provided as a result of the analysis completed through Section 14.05 (Adult-Use Cannabis: Special Use) herein.
 - (k) Petitioner must submit a complete copy of their state license application and all plans submitted to the State of Illinois, or any agency thereof, as part of their special use application. Before issuance of a certificate of occupancy or otherwise opening to the public, adult-use cannabis dispensing establishments must provide a copy of their license to operate as an adult-use cannabis dispensing establishment from the respective state agency.
 - (l) Petitioner shall file an affidavit with the Village affirming compliance with this Section 15.04 and all other requirements of the Act.
- In conjunction with the proposed Special Use for the dispensary, the owner and developer for Phase 2 has also requested a Planned Development Amendment to align the uses lists for Phase 2 to the B-5 district. Per Code, the B-5 district is reserved for properties with frontage along Rand Road (U.S. Route 12). As the Patrick Hyundai Planned Development has frontage along Rand Road and the Phase 2 Planned Development also maintains full access to Rand Road, Staff agrees that it would be appropriate to align the underlying uses with the B-5 district.

- The Subject Property is part of the 2012 Patrick Hyundai Planned Development and subsequently subdivided into Lots 2 and 3 in the Phase 2 Planned Development.
- When the Patrick Hyundai Planned Development was approved, full access onto Rand Road and a right-in right-out onto Lake Cook were provided. When Phase 2 was approved, cross access extending from Rand Road drive through to Lake Cook Road were maintained. Although Lot 3 remains undeveloped, the infrastructure improvements and parking for Lot 3 were completed with the Starbucks' drive through in 2017.
- The Illinois Department of Financial and Professional Regulation conducted a lottery for 75 Conditional Adult Use Dispensing Organization licenses on August 19, 2021. Botavi was awarded such a license (1 of 47 in the Chicago Naperville Elgin BLS region).
- Prior to being rezoned to Planned Development, many of the underlying Patrick Hyundai lots were zoned B-5. In addition to the drive-through use identified in the Phase 2 Planned Development, the developer identified a retail use for Lot 3. Bo
- Botavi proposes to develop an approximately 3,500 square foot adult use dispensary on Lot 3. The proposed dispensary would be located on the east side of the existing Starbucks on Lot 2. Per Code, the dispensary requires 12 parking spaces, which are satisfied with the existing parking already installed for the Phase 2 improvements, which totals 37 spaces. Note the Starbucks is 650 square feet and requires 7 spaces, which leaves an excess of 18 spaces.
- Article 15 contemplates the evaluation of the following components, when reviewing an adult use dispensary:
 - Impact of the proposed facility on existing or planned uses located within the vicinity of the subject property.
 - Proposed structure in which the facility will be located, including the co-tenancy (if in a multi-tenant building), total square footage, security installations/security plan and building code compliance.
 - Hours of operation and anticipated number of customers and employees.
 - Anticipated parking demand and available private parking supply.

Case Staff Statement (ID # 7496)
Meeting of April 19, 2022

- Anticipated traffic generation in the context of adjacent roadway capacity and access to such roadways.
 - Site design, including access points and internal site circulation.
 - Proposed signage plan.
 - Compliance with all requirements provided in this Section 15.03.
 - Other criteria determined to be necessary to assess compliance with Section 14.05 (Special Uses).
- The floorplan indicates a waiting room, show room, and sales area for public access. The remainder of the building would be occupied only by the Bloc employees.
 - Botavi and its operational partner Justice cannabis presently operate under the name “Bloc”. The proposed Palatine location would also operate as a Bloc location. Bloc presently operates 8 dispensaries in Missouri and Pennsylvania. They also operate 2 pharmacies in Utah.
 - Per the business plan, the proposed hours of operation are 8 AM through 8 PM, but the plan also indicates that there will likely be fewer hours varying by day.
 - In addition to Bloc’s operational experience, the business plan indicates that a National Security Director will oversee the dispensary operations. The store would also comply with the security directive, required by the State.
 - With the use of 30-50 high definition cameras located throughout the building and outside the dispensary, the cameras will also be equipped with facial recognition and license plate readability. The Palatine Police Department would be offered a direct feed into all cameras at the dispensary. There will also be 2 armed security guards on-site, during all business hours.
 - On-site consumption or loitering are not permitted and the business plan restates this compliance. The provided security would enforce these measures. It is Bloc’s experience that most of their current customer base pre-orders the products. This equates to an average customer visit of under 5 minutes. The customers then come throughout the day and are not clustered in the store visits.
 - The business plan and submitted affidavit confirm compliance with all of the other

spacing and separation requirements (1,500 feet) from any school, nursery, day care, pre-school or secondary school. And, the Subject Property is more than 500 from the property line of any Park District property.

- The Special Use application was reviewed by all of the Departments, including the Police Department and Village Attorney, without any additional Staff comments.
- Public comments were submitted to the Village indicating both opposition and support for adult use dispensaries. While those comments were included with the review materials, Staff notes that the comments are general in nature and not specific to either the proposed Special Use location or the operator and standards.

RECOMMENDATIONS:

When the Patrick Hyundai and Phase 2 Planned Development were approved, portions of the underlying properties maintained a B-5 zoning and also continues to have frontage and access to Rand Road. Staff believes the amendment further memorializes both the intention of the Planned Development and the B-5 District Ordinance requirements. Therefore, Staff recommends approval of the Planned Development Amendment, pursuant to the following conditions:

1. Planned Development Ordinance #O-6-16, shall be amended to align the use lists with the B-5 Highway Business District.

Both the State of Illinois and the Village allow adult use dispensaries and contemplate their operation. Adult use cannabis is both legal and contemplated within the Code. Therefore, the Special Use review should not be a determination of whether adult use cannabis should be allowed, as those questions have already been answered, but rather the narrow focus of whether this is an acceptable location and has the Petitioner demonstrated compliance with the required standards.

The proposed location complies with all of the other spacing, separation, and operational restrictions within the zoning ordinance. The use would abut the rear yards of commercial lots along Rand Road and across the street from unincorporated Lake County. And, the Petitioner has operating experience within 10 other similar

stores/pharmacies. The Police Department reviewed the security plans and did not have any other questions or comments.

Therefore, Staff recommends approval of the Special Use, pursuant to the following conditions:

1. The Special Use shall substantially conform to the site plan submitted on 03/17/2022, floorplan dated 02/24/22, the business plan submitted on 03/17/22, and elevations submitted on 03/17/22, except as such plans may be changed to conform to Village Codes and Ordinances.
2. If required by the Village, the business plan shall be modified in a manner acceptable to the Village Attorney.
3. The final signage plan, including interior window signs shall be submitted in a manner acceptable to the Director of Planning and Zoning.
4. The dispensary shall operate in compliance with all applicable State and Village requirements.

Plan Commission
Tuesday, December 15, 2015

Present: Dennis Dwyer, Patrick Noonan, Rodney Bettenhausen, Conrad Hansen, Teri Williams, Dennis Bond, Assistant Director of Planning and Zoning Kevin Anderson.

Absent: Bob Kolososki, Jane Robins.

Minutes of the December 1 meeting were approved as corrected. The word "Lawrence" should be deleted from the bottom of page 2.

Report of Public Hearing – Case #15-100 –221 E. Lake Cook rd.

Chairman Dwyer read the notice of public hearing. The petitioner in Case #15-100, Keystone Ventures, LLC, seeks approval of a preliminary and final planned development to permit additional commercial buildings with an associated parking lot; approval of a preliminary and final plat of subdivision to permit a 3-lot subdivision; approval of a special use to permit a restaurant with a drive-through for approximately 1.15 acres at 221 E. Lake Cook rd.

The following petitioner's exhibits were introduced:

1. Petition for Preliminary and Final Planned Development
2. Palatine Real Estate Interest Disclosure Form
3. Real Estate Purchase Agreement
4. Engineering Plans revised 12/10/15
5. Site Plan Overview
6. Architectural Plans
7. Plat of Subdivision

The following persons were sworn in to present the request:

Tim Hague, Keystone Ventures
Jonathon Hague, architect

Tim Hague described the parcel as the northeast corner of a 5¼ parcel that was originally contemplated for storm water detention. The detention was subsequently housed in a sub parking lot chamber thus freeing up this parcel for development. He said that after extensive planning and staff review, the proposed plan is being presented for a three-lot subdivision. The Hyundai Dealership is the first of the three lots. The proposed restaurant (Space A) with a drive-through would be on Lot #2. The petitioner proposes a 5,000 square foot commercial building for one or multiple tenants for Lot #3.

Hague dubbed the hottest restaurant type in the market today as "fast/casual". He proposes parking for 45 cars, subject to change as the exact use is defined.

page 2

An access agreement on the east and south with the Patrick Hyundai dealership exists. A right-in, right-out curb cut exists on Lake Cook rd. Without full access on Rand rd., the developer proposes an internal access drive.

He noted that the parcel is shown as commercial in the Village of Palatine Comprehensive Plan "419".

The petitioner proposes monument signs on the south edge of the property and on Rand rd. Bettenhausen pointed out that the location of one of the signs would have to be changed since it is shown in the street.

Kevin Anderson was sworn in. He said he felt it was more expedient to create the proposed restaurant parcel with a special use now to expedite future development. When a specific restaurant is named, the special use will be passed to it.

Concerning access, he said internal traffic flow would be provided by two two-way drive aisles on the north and south sides of the buildings and a one-way north bound lane in between the buildings.

He said that the proposed drive-through lane does not meet village standards, wherein the zoning ordinance requires a minimum 12-foot wide drive aisle with a minimum 12-foot escape lane. The proposed drive aisle does not have an escape lane. Anderson said it makes more sense to staff to have a drive aisle along the south side of the western building one-way eastbound. "This would help resolve traffic conflicts and bring the proposal more into compliance with the intentions of the zoning ordinance."

Hague said the plan has been revised to show parking stalls that are 19 feet deep to meet village criteria. Any future modification to parking stalls would change the layout slightly, Anderson said. Regarding the location of handicap parking space location on the drive aisle, Anderson said that accessibility is state controlled. Hague said it could be modified to make it one-way eastbound.

Jonathon Hague described how the storm water line would be rerouted to take the water to the underground vault. It will have a volume control area. Anderson added that a wetland directly east of the site is where the current storm sewer discharges. This site would also discharge into this area. This was approved by the Army Corps of Engineers during its review of the Hyundai dealership.

Anderson said that the project is designed so the properties are self-contained. Therefore, they would have to have individual maintenance agreements.

plan commission

page 3

Anderson said the preliminary architectural drawings show the structures as being one-story tall.

Sam Castagna, 20686 Lake Cook rd., was sworn in. He wanted to know the status of the land today. He was told it was fallow.

Jason Landry, 2239 N. Rand rd., was sworn in. He presented what was labeled "Objector's Exhibit #1", early (2012) conceptual drawings of the site. He said he is located immediately south of the parcel, and is interested in cross access agreements for future development of his lot and those adjacent to him. All lots are long and narrow, he said.

Landry said he is concerned about the complete redevelopment of the parcel. He seeks access through their parking lot to his property. He noted the location of the proposed restaurants on the 2012 plan.

Anderson said the easement was recorded with Cook County. He said the village always anticipated as best it could to make this a cohesive development. He told Landry that his access rights would be secure as would be those of his neighbors. He will have access to both Rand and Lake Cook rds.

Landry said the only easement provided at present is behind what might be a future restaurant on Rand rd. Anderson responded that future developers would create new easements. This would be an engineering issue that would need future exploration, he added.

Landry said it is essential to him to have an easement for a future restaurant that would be built overlooking the water. Anderson responded about areas where easements would be impossible to create today as pieces of the Patrick property are coming in for development. He noted there is also a large (6-foot) grade change.

Staff Recommendation

The proposal conforms to the Comprehensive Plan and Zoning Regulations for this parcel. The development would not alter the character of the property. Therefore, staff recommends approval with 17 conditions:

1. The development shall substantially conform to the plans attached hereto, except as such plans may be changed to conform to Village Codes and Ordinances.
2. A letter of credit in the amount of \$50,000 shall be submitted to ensure the completion of the Planned Development.
3. An engineer's estimate of costs shall be submitted.
4. A letter of credit in the amount of 110% of the engineer's cost estimate shall be submitted.
5. Review fees in the amount of 3.5% of the engineer's cost estimate shall be submitted.
6. A maintenance agreement shall be submitted in a manner acceptable to the Village Attorney for future maintenance of the drive aisles and parking areas both on the newly subdivided property and the adjoining car dealership property. The agreement should acknowledge the existing access easement which was reserved for the property to the southeast. The maintenance agreement should also address shared maintenance responsibilities for the freestanding signs.
7. The parking stall designs shall be revised in a manner acceptable to the Director of Planning and Zoning.
8. A landscape plan shall be provided and should include parkway trees along Lake-Cook Road.
9. The architectural plans for the eastern building shall be reviewed by the Village Council prior to the issuance of a building permit.
10. The engineering plans shall be revised in a manner acceptable to the Director of Planning and Zoning and the Village Engineer.
11. The Plat of Subdivision shall be submitted on Mylar with all required signatures.

12. A Subdivision Improvement Agreement shall be submitted.
13. Recording fees in the amount of \$600.00 shall be submitted.
14. The Plat of Subdivision shall be revised to show the proposed sign easement on the dealership property. Easement language shall be provided in a manner acceptable to the Village Attorney.
15. Condition #2 of R-64-12 shall remain in effect, and future access agreements shall be explored prior to the village council meeting.
16. A south drive aisle shall be revised in a manner acceptable to the village manager.
17. No sign shall be permitted in the Lake Cook rd. right-of-way.

Tim Hague said he is able to comply with all staff conditions.

The public hearing was closed at 9:10 p.m.

RECOMMENDATION

Noonan moved, Bond seconded that the plan commission recommend to the village council that it approve the request of the petitioner in Case #15-100, Keystone Ventures, LLC, who seeks approval of a preliminary and final planned development to permit additional commercial buildings with an associated parking lot; approval of a preliminary and final plat of subdivision to permit a 3-lot subdivision; approval of a special use to permit a restaurant with a drive-through for approximately 1.15 acres at 221 E. Lake Cook rd.

Said approval shall be conditional upon petitioner's complying with 17 staff conditions listed above.

Dear Mr. Vyverberg,

As you know, we are the owner of real estate commonly known as Lot 3 in Patrick Hyundai Subdivision – Phase 2 (“Phase 2”) in Palatine, Illinois.

The Village has suggested that because of the shared access and contiguity of Phase 2 with Lot 1 in Patrick Hyundai Subdivision (“Phase 1”), the current B-5 zoning existing on Phase 1 should be extended to Phase 2.

Please consider this as our request for the Village to so extend the B-5 Highway Business District zoning classification to Phase 2.

Palatine Lake Cook Road LLC

By: 
Timothy Hague, Manager

Botavi Wellness LLC, an Illinois limited liability company is applying for a Special Use designation for the property located at 323 Lake Cook Road for the operation of a Cannabis Dispensary as provided for pursuant to Palatine Zoning Code Section 15.01 for the operation of a fully legal, state-regulated Cannabis Dispensary. Botavi Star Equity is an affiliate of Justice Cannabis Co. and has secured the necessary licensing required by the State of Illinois. If approved, the Dispensary shall be operated under the name "Bloc" as will all other dispensaries operated by JG IL LLC d/b/a Justice Cannabis Company an Illinois limited liability company.

This Dispensary will be the first to be operating in Palatine and we believe well located and fully compliant with all terms and requirements of. Section 15.01 as well for all Special Uses within Palatine (details further outlined below) and will service recreational users.

As noted above the property in question meets the location requirements in that it is located more than: (1) Fifteen hundred feet (1500 feet) of the property line of any school, nursery school, pre-school, primary or secondary school or daycare facility, (2) five hundred feet (500 feet) of the property line of any park district property.

In regard to the operation of the dispensary as required per Village Code:

Traffic and parking

The parking at the facility will meet the needs of a dispensary of this size based on experience with the other dispensaries as operated by Justice Cannabis. In this regard:

1. Within the envelope of the subject property it will have 24 parking spaces The minimum required number of parking spaces by code is 1 space per 300 square feet of gross floor area. The gross floor area of the building on the subject property is 3500 square feet and as such requires a minimum of 12 parking spaces.
2. Many of the current customers at other facilities pre-order their products, limiting the time they spend in the store. Average visit by a customer is under five (5) minutes.
3. Justice Cannabis' clientele typically come throughout the day and do not follow "rush hour" patterns.

Loitering/On-site consumption

- A. Strictly prohibited by law. Our customers know this, and our experience indicates this is not a problem.
- B. Armed security guards shall be enforcing

Security

- A. Justice Cannabis has a National Security Director that will oversee the operations. Facility shall be operated under security and surveillance plans in accordance with State Statute 410 ILCS 705/15-100 for such businesses through
- B. The facility will have 30 to 50 high-definition cameras located throughout the building inside and out.
- B. The cameras will have facial recognition ability and the ability to read license plates.

- D. Gross sales projected to be between \$500,000 and \$1,000,000 per month.
- E. Based on estimates for this location (based on experiences with other Justice Cannabis' existing dispensaries), it is anticipated that this dispensary will earn towards the high end of that range.

Special Use Requirements

In regard to the general Special Use Requirements of Section 14.05 of Palatine Village Code we believe the Applicant's proposed use and property in question meet same for the reasons as noted below:

- (1) Is deemed necessary for the public convenience at the location . **In order to operate the use as intended a Special Use is necessary.**
- (2) Is so designed, located, and proposed to be operated that the public health, safety and welfare will be protected. **The property in question is in an area well-suited for additional traffic and customers that may contribute to surrounding businesses, as well bring in others from outside of Palatine. The current zoning allows for the proposed use as a Special Use.**
- (3) Will not cause substantial injury to the value of other property in the neighborhood in which it is located. **The proposed use should be compatible to the adjoining uses and no reason to believe any negative impact, and as noted above moreso a positive impact with additional traffic to the area.**

In further regard to the Applicant and its operational partner, Justice Cannabis:

5. Site Plan Overview
6. Architectural Plans
7. Plat of Subdivision

The following persons were sworn in to present the request:

Tim Hague, Keystone Ventures
Jonathon Hague, architect

Tim Hague described the parcel as the northeast corner of a 5¼ parcel that was originally contemplated for storm water detention. The detention was subsequently housed in a sub parking lot chamber thus freeing up this parcel for development. He said that after extensive planning and staff review, the proposed plan is being presented for a three-lot subdivision. The Hyundai Dealership is the first of the three lots. The proposed restaurant (Space A) with a drive-through would be on Lot #2. The petitioner proposes a 5,000 square foot commercial building for one or multiple tenants for Lot #3.

Hague dubbed the hottest restaurant type in the market today as "fast/casual". He proposes parking for 45 cars, subject to change as the exact use is defined.

An access agreement on the east and south with the Patrick Hyundai dealership exists. A right-in, right-out curb cut exists on Lake Cook rd. Without full access on Rand rd., the developer proposes an internal access drive.

He noted that the parcel is shown as commercial in the Village of Palatine Comprehensive Plan "419".

The petitioner proposes monument signs on the south edge of the property and on Rand rd. Bettenhausen pointed out that the location of one of the signs would have to be changed since it is shown in the street.

Kevin Anderson was sworn in. He said he felt it was more expedient to create the proposed restaurant parcel with a special use now to expedite future development. When a specific restaurant is named, the special use will be passed to it.

Concerning access, he said internal traffic flow would be provided by two two-way drive aisles on the north and south sides of the buildings and a one-way north bound lane in between the buildings.

He said that the proposed drive-through lane does not meet village standards, wherein the zoning ordinance requires a minimum 12-foot wide drive aisle with a minimum 12-foot escape lane. The proposed drive aisle does not have an escape lane. Anderson said it makes more sense to staff to have a drive aisle along the south side of the western building one-way eastbound. "This would help resolve traffic conflicts and bring the proposal more into compliance with the intentions of the zoning ordinance."

Hague said the plan has been revised to show parking stalls that are 19 feet deep to meet village criteria. Any future modification to parking stalls would change the layout slightly, Anderson said. Regarding the location of handicap parking space location on the drive aisle, Anderson said that accessibility is state controlled. Hague said it could be modified to make it one-way eastbound.

Jonathon Hague described how the storm water line would be rerouted to take the water to the underground vault. It will have a volume control area. Anderson added that a wetland directly east of the site is where the current storm sewer discharges. This site would also discharge into this area. This was approved by the Army Corps of Engineers during its review of the Hyundai dealership.

Anderson said that the project is designed so the properties are self-contained. Therefore, they would have to have individual maintenance agreements.

Anderson said the preliminary architectural drawings show the structures as being one-story tall.

Sam Castagna, 20686 Lake Cook rd., was sworn in. He wanted to know the status of the land today. He was told it was fallow.

Jason Landry, 2239 N. Rand rd., was sworn in. He presented what was labeled "Objector's Exhibit #1", early (2012) conceptual drawings of the site. He said he is located immediately south of the parcel, and is interested in cross access agreements for future development of his lot and those adjacent to him. All lots are long and narrow, he said.

Landry said he is concerned about the complete redevelopment of the parcel. He seeks access through their parking lot to his property. He noted the location of the proposed restaurants on the 2012 plan.

Anderson said the easement was recorded with Cook County. He said the village always anticipated as best it could to make this a cohesive development. He told Landry that his access rights would be secure as would be those of his neighbors. He will have access to both Rand and Lake Cook rds.

Landry said the only easement provided at present is behind what might be a future restaurant on Rand rd. Anderson responded that future developers would create new easements. This would be an engineering issue that would need future exploration, he added.

Landry said it is essential to him to have an easement for a future restaurant that would be built overlooking the water. Anderson responded about areas where easements would be impossible to create today as pieces of the Patrick property are coming in for development. He noted there is also a large (6-foot) grade change.

Staff Recommendation

The proposal conforms to the Comprehensive Plan and Zoning Regulations for this parcel. The development would not alter the character of the property. Therefore, staff recommends approval with 17 conditions:

1. The development shall substantially conform to the plans attached hereto, except as such plans may be changed to conform to Village Codes and Ordinances.
2. A letter of credit in the amount of \$50,000 shall be submitted to ensure the completion of the Planned Development.
3. An engineer's estimate of costs shall be submitted.
4. A letter of credit in the amount of 110% of the engineer's cost estimate shall be submitted.
5. Review fees in the amount of 3.5% of the engineer's cost estimate shall be submitted.
6. A maintenance agreement shall be submitted in a manner acceptable to the Village Attorney for future maintenance of the drive aisles and parking areas both on the newly subdivided property and the adjoining car dealership property. The agreement should acknowledge the existing access easement which was reserved for the property to the southeast. The maintenance agreement should also address shared maintenance responsibilities for the freestanding signs.
7. The parking stall designs shall be revised in a manner acceptable to the Director of Planning and Zoning.
8. A landscape plan shall be provided and should include parkway trees along Lake-Cook Road.
9. The architectural plans for the eastern building shall be reviewed by the Village Council prior to the issuance of a building permit.
10. The engineering plans shall be revised in a manner acceptable to the Director of Planning and Zoning and the Village Engineer.
11. The Plat of Subdivision shall be submitted on Mylar with all required signatures.

12. A Subdivision Improvement Agreement shall be submitted.
13. Recording fees in the amount of \$600.00 shall be submitted.
14. The Plat of Subdivision shall be revised to show the proposed sign easement on the dealership property. Easement language shall be provided in a manner acceptable to the Village Attorney.
15. Condition #2 of R-64-12 shall remain in effect, and future access agreements shall be explored prior to the village council meeting.
16. A south drive aisle shall be revised in a manner acceptable to the village manager.
17. No sign shall be permitted in the Lake Cook rd. right-of-way.

Tim Hague said he is able to comply with all staff conditions.

The public hearing was closed at 9:10 p.m.

RECOMMENDATION

Noonan moved, Bond seconded that the plan commission recommend to the village council that it approve the request of the petitioner in Case #15-100, Keystone Ventures, LLC, who seeks approval of a preliminary and final planned development to permit additional commercial buildings with an associated parking lot; approval of a preliminary and final plat of subdivision to permit a 3-lot subdivision; approval of a special use to permit a restaurant with a drive-through for approximately 1.15 acres at 221 E. Lake Cook rd.

Said approval shall be conditional upon petitioner's complying with 17 staff conditions listed above.

Unanimously carried

Results of Tied Applicant Lottery for Conditional Licenses Per BLS Region

The Tied Applicant Lottery, with 17 BLS Region drawings, was conducted on August 19, 2021 for 75 Conditional Adult Use Dispensing Organization Licenses ("Conditional License"). Below are the results of the drawings for each BLS region identifying the order in which each Tied Applicant was drawn. This order determines the order in which the Department of Financial and Professional Regulation ("Department") will award the available Conditional Licenses in each BLS region.

Applicants who have the opportunity to be awarded a Conditional License in the Tied Applicant Lottery are subject to strict limitations on the number of total licenses, as mandated by Public Act 102-98. An applicant's failure to report to the Department that it has exceeded the statutory license limitations will result in the Department's refusal to issue any of the Conditional Licenses resulting from Tied Applicant Lottery.

Below are the Department's certified results of the Tied Applicant Lottery for each drawing by BLS Region. Each list identifies the applicants who have an opportunity to receive a Conditional License from that drawing. In order to receive a Conditional License, each applicant must satisfy the statutorily mandated abandonment periods and tax-compliance checks.

Those applicants who have been selected for a conditional license are subject to the statutory requirements of the principal officer and license limitations and tax compliance checks, available [here](#). If an applicant is required to abandon a license because it exceeds the license limitations, the applicant shall have five business days, from the day the results of the Tied Applicant Lottery are posted to the Department's website, to abandon, and the next drawn applicant will be notified of their opportunity to be awarded a conditional license. Additionally, if an applicant cannot prove its tax compliance within 60 days of winning a conditional license in accordance with 68 IAC 1291.95, the Department will deny issuance of the Conditional License(s) and the next drawn applicant will be notified of their eligibility to be awarded a conditional license. Therefore, the result lists below may change pending the abandonment of an applicant's conditional license and/or an applicant's failure to prove tax compliance. This means additional applicants, whose draw order followed the abandoning applicant's order, may become an awarded applicant.

The announced conditional licenses to be awarded may be subject to change as a result of court orders or administrative review.

**AN ORDINANCE GRANTING FINAL PLANNED DEVELOPMENT APPROVAL
FOR 2264, 2265, 2273, 2275, 2293, 2301, 2307, 2313, 2319 & 2325 N. RAND ROAD
(CASE NO. 12-72)**

WHEREAS, upon petition of owners of said property, hearings were held by the Plan Commission of the Village of Palatine on October 2, 2012 in accordance with the Zoning Ordinance of the Village of Palatine, in such case made and provided, and said Plan Commission, having made its findings in a report to the Mayor and Village Council of the Village of Palatine regarding a request for Final Planned Development to permit the construction and operation of a new automobile dealership (Hyundai) including auxiliary service and repairs.

NOW, THEREFORE, BE IT ORDAINED, by the Mayor and Village Council of the Village of Palatine, Cook County, Illinois, acting in the exercise of their home rule power:

SECTION 1: That Final Planned Development approval is hereby granted pursuant to Section 13.05 of the Palatine Zoning on the legally described property on Exhibit "A", attached hereto.

SECTION 2: That final approval of a Final Planned Development is hereby granted to the above described property pursuant to Section 13.05 of the Palatine Zoning Ordinance, subject to the following conditions:

1. The development shall substantially conform to the Engineering Plans prepared by Spaceco Inc. dated 8/24/12 last stamped 9/26/12; and to the Architectural Plans prepared by Custom Facilities dated and last revised 8/24/12; and to the Sign Plans prepared by Architectural Graphics, Inc. last revised 8/24/12; and to the Landscape Plan prepared by Norris Design last revised 9/25/12 except as such plans may be changed to conform to Village Codes and Ordinances and the following conditions:
2. If there are any discrepancies between the Redevelopment Agreement and this Ordinance, the Redevelopment Agreement shall supersede.
3. Planning and Engineering review fees shall be paid in the amount of \$3,051.65.
4. Cash-in-lieu of sidewalks along Lake-Cook Road shall be paid in an amount acceptable to the Village Engineer.
5. Handicap parking shall be provided in accordance with the Illinois Accessibility Code.
6. The landscaping plan shall be revised in a manner acceptable to the Director of Planning and Zoning.
7. The sanitary sewer shall be extended along the north side of Rand Road to the intersection with Lake-Cook Road in a manner acceptable to the Village Engineer.

Depending on the final design and location of this sewer, an easement may need to be dedicated.

8. All of the sanitary sewers constructed under MWRD permit # 82-149 should be properly abandoned in a manner acceptable to the Village Engineer. The former MWRD permit should be officially closed out.
9. If the future building addition is similar to that shown on the engineering plans, it is approved as a component of this Petition and only a building permit and any other necessary permit will be required. Additional service parking must be identified at that time and the building expansion should be, at the determination of the Village, in substantial conformance to the engineering and architectural plans attached hereto. Any addition not in substantial conformance to said plans will require a Planned Development Amendment.
10. One of the existing billboards may be relocated as shown on the engineering plans and the terms of each billboards existence shall comply with the applicable conditions outlined in the Redevelopment Agreement.
11. The retaining walls will need to be designed by a structural engineer.
12. IDOT, CCHD, MWRD, IEPA and NPDES permits will be required.

SECTION 3: That the petition for final planned development, a copy of the public notice, be attached hereto and form a part of this ordinance.

SECTION 4: This ordinance shall be in full force and effect upon passage and approval as provided by law.

WHEREAS, the Palatine Subdivision Ordinance provides qualifications governing final approval of a Subdivision Plat in Article IV FINAL PLAT; and

WHEREAS, the PATRICK HYUNDAI SUBDIVISION has complied with all the provisions of the Subdivision Ordinance, including a public review before the Plan Commission of the Village of Palatine.

NOW THEREFORE, BE IT RESOLVED by the Mayor and the Village Council of the Village of Palatine, that the Mayor and the Village Clerk be and are hereby directed and authorized to execute the final plat of subdivision "PATRICK HYUNDAI SUBDIVISION" pursuant to the Palatine Subdivision Ordinance Article IV, Sec. 4.01

(c) (2) (a) and subject to the following conditions:

1. The Final Plat of Subdivision shall be submitted on Mylar and shall substantially conform to the Plat of Subdivision prepared by Spaceco Inc. dated 8/27/12 last revised 9/11/12 except as such Plat may be changed to conform to Village Codes and Ordinances and the following conditions:
2. At the time of any future development to the south of the subject property, in which that development proposes to use the subject property's access aisle, an additional access easement shall be provided for the entirety of the access aisle through to Lake-Cook Road, in a format acceptable to the Village Attorney.

3. At the time of any future development to the south of this site, in which that development proposes to use the subject property's access aisle, an owner's maintenance agreement shall be prepared outlining the maintenance responsibilities and access rights for the drive aisle. The agreement shall be in a format acceptable to the Village Attorney.
4. The public utilities easement stretching though the site should be removed from the final Plat, as the final design of the sanitary sewer will not follow this route.
5. Recording fees shall be submitted in the amount of \$300.00.

BACKGROUND

The Village utilizes various media platforms to communicate with residents and businesses. The different platforms include:

- Village website - overhauled in 2020
- Facebook - Added in 2017
- LinkedIn
- Digital Quarterly Newsletter
- Weekly E-newsletter
- Cable Channel 6
- Community Sign @ Palatine and Plum Grove
- Fire Station 82 Message Board

While much of what we have done has been successful in increasing our communication, the one disappointing area has been the move from a printed newsletter to a digital newsletters in 2020. While this increased the number of newsletters created and significantly reduced our costs, enrollment in the digital newsletters remains low. Currently, there are 2,496 subscribers to the Village quarterly e-newsletter and weekly e-newsletter. Additionally, people can access this through direct links on the website however, we had hoped for higher enrollments.

DISCUSSION

In an effort to encourage enrollment at a small cost, staff recommends including promoting sign-ups via a QR code which will be shared via the Village's existing communication channels, sign-up postcards at front desks and possible ads in other partner agency brochures or mailings. Additionally, we would conduct a one-time postcard mailing with the QR card promoting the newsletter subscription. This would be targeted with the Fall newsletter that has the leaf collection schedule that people always look for. Technology with the QR code will allow staff to track and monitor progress in sign-ups.

Outside of the communication methods already discussed, we understand the need to broaden our efforts to communicate with different ages and demographics. To enhance our communications, staff will be moving forward with adding YouTube and Instagram to its list of outreach platforms. These two platforms are consistently ranked within the top five social media platforms used today and very common for governmental agencies to utilize to engage its residents and businesses.

Additionally, we would like to begin moving forward with an expansion of our use of digital media, specifically video content. Video is the fastest growing component of social media and shown to be the most engaging. Staff will work with interested staff, local schools and potentially contractors to produce video content in the future. Initial thoughts on videos would include:

- Road Resurfacing/Maintenance Process
- Snow Removal Program
- Where Does Palatine Water Come From
- Neighborhood Based Policing
- What to Expect on a Traffic Stop
- Fire Prevention and Safety Programs
- Emergency Management Preparedness

Those videos will be available on the Village's YouTube channel for easy access, storage, and streaming. Additionally, there is a need to occasionally produce a video targeted to a specific constituency. A recent example is a recruitment video produced in-house by Police Department staff. Police applications are down nearly 75% and communities are aggressively competing against each other to attract the best candidates. It is very common for the top police officer candidates to be on the hiring list of more than ten municipalities. Many communities turned to recruitment videos to try and set their town apart from others, and Palatine created such a video. This video was targeted to a very specific audience - that being someone that has applied for Palatine's police officer testing. A video like this will be embedded within the application process and hopefully sets Palatine apart as a department that values the commitment and honor of law enforcement as a career, our state of the art facilities and training programs, while also focusing on our Neighborhood Based Policing approach to local law enforcement.

The Village's social media expansion will provide relevant and engaging information and often times, link back to the Village website for more information. A coordinated message will be ensured by the Village Manager Office staff, who will oversee platforms along with trained employees given access in specific departments such as Police, Fire and Public Works.

thevillageofschaumburg Here's how Schaumburg is plowing through this Groundhog Day winter storm.

The village's Snow Command was activated last night and currently has 20 trucks currently salting and plowing primary and secondary routes as well as a crew at the Schaumburg Regional Airport. Snow removal contractors are currently plowing and salting cul-de-sacs and public parking lots. During a full callout the Fleet Division works around the clock to make repairs to trucks and equipment as needed. All residents can expect snow removal crews to be working in their neighborhood at least once every 9-10 hours during normal storm conditions.

villageofskokie Watch out for coyotes! Although coyotes are less common than some of their fur counterparts- raccoons, skunks, opossum etc.- they remain the top predator in the local wildlife food chain. This fact alone sometimes inspires fear and uneasiness in people. However, research into the nature of the creature indicates we can rest somewhat easy.

It is well-documented that most coyotes co-exist peacefully with residents, but problems do sometimes arise. On rare occasions, coyotes have been known to attack small pet domestic dogs and cats. Documented coyote attacks on humans in Illinois are extremely rare.

It's best to avoid areas where coyotes have been

Village Council Meeting

Consider an Ordinance Declaring Surplus Revenue in the Village of Palatine Rand/Lake Cook TIF District Special Tax Allocation Fund

BACKGROUND:

The Village established the Rand/Lake Cook TIF District in 2012.

KEY ISSUES:

The CY 2022 Budget included the provision for a TIF Surplus Rebate from the Rand/Lake Cook TIF Fund. As of December 31, 2021, the Finance Department determined that a \$2,100,000 “surplus” was available. Staff is recommending the declaration of surplus for distribution to the affected taxing districts.

Upon formal approval, these funds will be sent to Cook County, which will then distribute the funds to the appropriate taxing agencies based on their pro rata share of the total tax rate. After receiving the surplus funds, the County’s distribution process is estimated to take approximately 30-60 days. The estimated distribution by agency is as follows:

Agency	Amount
District 15	\$ 738,360
District 211	596,190
Village of Palatine	254,940
Park District	133,980
Cook County	113,820
Harper College	86,730
Library	56,280
Township	29,190
Other Agencies	90,510
TOTAL	\$ 2,100,000

RECOMMENDATION:

Staff recommends approval of an Ordinance Declaring Surplus Revenue in the Village of Palatine Rand/Lake Cook TIF District Special Tax Allocation Fund

BUDGET IMPACT:

Provision for a Surplus was included in the CY 2022 Adopted Budget.

ACTION REQUIRED:

AN ORDINANCE DECLARING SURPLUS REVENUE IN THE VILLAGE OF PALATINE RAND/LAKE COOK TIF DISTRICT SPECIAL TAX ALLOCATION FUND

WHEREAS, the Village of Palatine on August 20, 2012, adopted ordinances creating the Rand/Lake Cook TIF District, designating a redevelopment project area, and approving a redevelopment plan and redevelopment project; and

WHEREAS, the Village of Palatine Director of Finance and Operations has determined and reported that on December 31, 2021, the Rand/Lake Cook TIF District's Special Tax Allocation Fund includes a surplus of \$2,100,000 that may be paid to Cook County for distribution to taxing districts in the redevelopment project area in accordance with the provisions of the Illinois Tax Increment Allocation Redevelopment Act, 65 ILCS 5/11-74.4-1 et seq, (the "TIF Act"); and

WHEREAS, the Mayor and Village Council of the Village of Palatine hereby find and determine that it is appropriate to declare a surplus in the amount of \$2,100,000 and to cause that surplus to be distributed to the taxing districts as provided in the TIF Act;

NOW THEREFORE, BE IT ORDAINED, by the Mayor and Council of the Village of Palatine, Cook County, Illinois, as follows:

SECTION 1: The foregoing recitals are incorporated to this Ordinance as the findings of the Mayor and Village Council.

SECTION 2: The Mayor and Village Council, pursuant to Sections 7 and 9 of the TIF Act and other applicable authority, hereby declare a surplus of funds in the Rand/Lake

Consider a Motion to Approve an Intergovernmental Agreement with the Forest Preserve District of Cook County for the Smith Street Connector Path

BACKGROUND:

One of the few remaining components of the implementation of the Village's Bike Plan is the connection of the bikeway system to the Forest Preserve at the intersection of Smith Street and Dundee Road. The proposed path will connect the existing bike route on Smith Street to the path in the Deer Grove Forest Preserve. In addition, Smith Street will be signed as a bike route between Dundee Road and Cunningham Drive. Phase I and II engineering has been completed by Christopher B. Burke Engineering, Ltd.

KEY ISSUES:

- The agreement proposes that the Village will prepare the plans, award a contract, and act as the lead agency in the construction and construction engineering.
- In order to maintain the path, the Village will accept ownership and maintenance of select portions of the path to the Forest Preserve after construction.
- A temporary easement is required for the Village to construct the new path and a perpetual easement is required to confirm ownership of portions of the new path and allow access for future maintenance.
- A tree mitigation fee of \$5,305.29 is required.
- Plans have been also submitted to the Illinois Department of Transportation. Comments have been received, addressed, and resubmitted this month placing the project in a position to go out to bid in May or June.

ALTERNATIVES:

1. Approve the intergovernmental agreement with the Forest Preserve District of Cook County for the Smith Street Connector Path.
2. Refer back to Staff with comments.

RECOMMENDATION:

Staff recommends approval of the intergovernmental agreement.

BUDGET IMPACT:

The cost of this intergovernmental agreement has been budgeted in the Capital Improvement Plan to accommodate this work.

ACTION REQUIRED:

Motion to approve the intergovernmental agreement between the Village of Palatine and the Forest Preserve District of Cook County for the Smith Street Connector Path.

INTERGOVERNMENTAL AGREEMENT

Between the Forest Preserve District of Cook County and the Village of Palatine, Illinois

THIS INTERGOVERNMENTAL AGREEMENT (this “Agreement”) is made and entered into as of the Effective Date (as hereinafter defined) by and between the **FOREST PRESERVE DISTRICT OF COOK COUNTY** (hereinafter referred to as “**Forest Preserve**”) and the **VILLAGE OF PALATINE** (hereinafter referred to as “**Municipality**”).

RECITALS

WHEREAS, Article VII, Section 10 of the Constitution of the State of Illinois authorizes and encourages units of local government to contract or otherwise associate among themselves to obtain or share services and to exercise, combine, or transfer any power or function; and

WHEREAS the Intergovernmental Cooperation Act, 5 ILCS 220/1 *et seq.*, authorizes cooperative arrangements between public agencies of the State of Illinois; and

WHEREAS, the Municipality and the Forest Preserve are authorized to execute this Agreement by act(s) of their respective duly constituted governing bodies; and

WHEREAS, the Municipality would like to provide a connection to the Deer Grove Trails from the intersection of Dundee Road and Smith Street just south of Deer Grove – East. These improvements are shown in detail on Exhibit A (the “Trail Connection”); and

WHEREAS, the Forest Preserve owns land that can be used for the Trail Connection and the Municipality has resources available to construct the Trail Connection; and

WHEREAS, this Agreement is limited solely to the portion of the Trail Connection that is on property owned by the Forest Preserve (see Exhibit A).

NOW, THEREFORE, in consideration of the foregoing and the mutual promises, terms and conditions set forth herein, and in the spirit of intergovernmental cooperation, the Forest Preserve and the Municipality agree as follows below.

1. **Incorporation of Recitals.** The recitals set forth above are incorporated herein and made a part hereof.
2. **Lead Agency.** The Municipality shall serve as the lead agency for the construction of the Trail Connection. In its capacity as the lead agency, the Municipality shall be responsible for procuring and coordinating all aspects of construction of the Trail Connection.
3. **License.** This Agreement shall constitute a License for the Municipality (its agents, employees or contractors) to construct or have constructed, to maintain or have maintained, and to repair or have repaired, the Trail Connection. Forest Preserve acknowledges that Municipality and its officers, employees, agents, contractors, subcontractors, and suppliers are granted the right of ingress and egress to the area where the Trail Connection shall be constructed for the purpose of said construction during the Forest Preserve’s normal hours of operation, which hours shall be from dusk until dawn. If the Municipality desires access to the Trail Connection after public hours of operation, the Municipality shall obtain prior approval from the Forest Preserve.

4. **Tree Removal.** The Municipality agrees that no trees are to be removed for the construction or maintenance of the trail without prior written approval by the Forest Preserve. Any trees removed shall be subject to the Forest Preserve's Tree Mitigation Plan in effect on the date of tree removal.

5. **Construction and Repair Costs.** The Municipality will be solely responsible for all costs of designing, permitting, constructing, maintaining, repairing, replacing, and reconstructing the Trail Connection at no cost to the Forest Preserve. The Municipality shall not allow any liens on any property owned by the Forest Preserve. The Municipality shall maintain, for a minimum of three (3) years after the completion of the Trail Connection, or for any longer period of time required by law or any applicable grant (whichever is greater), adequate books, records, and supporting documents to verify the amounts, recipients, and uses of all disbursements of funds in conjunction with this Agreement. This Section 5 shall survive termination or expiration of this Agreement.

6. **Municipality's Contractual Rights and Obligations.**

- A. **Commitment of Resources.** The Municipality shall solely be responsible for the commitment of its resources, allocation of funds and assignment of personnel in fulfilling the objectives and obligations of this Agreement, and all work shall be done in accordance with the terms of all applicable laws, ordinances and regulations, including, without limitation, public bidding and prevailing wage laws.
- B. **Compliance.** The Municipality shall not occupy or use the Trail Connection or allow the Trail Connection to be occupied or used, for any purpose, act or event that is in violation of any applicable law, ordinance or governmental regulation. The Municipality shall not do or permit anything to be done upon the Trail Connection that creates a nuisance in any way. All laws, codes and ordinances enacted by the Forest Preserve shall apply and must be followed by the Municipality and its employees, agents, officers, contractors, subcontractors, suppliers, and invitees. The Municipality is responsible for ensuring compliance with this Agreement by its employees, agents, officers, contractors, subcontractors, suppliers, and invitees.
- C. **Performance.** The Municipality shall have the right to construct, or to retain contractors to construct, the Trail Connection pursuant to this Agreement. In either case, the Municipality is responsible for monitoring the construction of the Trail Connection.
- D. **Contracts.** Before construction of the Trail Connection commences, the Municipality shall furnish the Forest Preserve with a copy of all contracts related to the construction of the Trail Connection. The Forest Preserve shall have the right to monitor construction of the Trail Connection and to insist that said Trail Connection be constructed according to approved alignment, plans, and specifications as well as within proper time periods. The Forest Preserve may pursue all available legal remedies to enforce its rights and interests under this Agreement.
- E. **Construction Schedule.** Prior to construction, the Forest Preserve must review and approve the final alignment, final plans and construction specifications of the proposed Trail Connection and the Municipality must meet all requirements regarding insurance and bonds. The Municipality shall submit to the Forest Preserve a detailed construction schedule with respect to any work pursuant to the terms of this Agreement. The Municipality shall consult with the Forest Preserve regarding construction and operational schedules to minimize any interference with the Forest Preserve's scheduled activities.
- F. **Necessary Permits.** The Municipality shall prior to performing any construction or repairs for which the Municipality is responsible for hereunder, obtain the required permits from appropriate

federal, state or local governmental agencies. As the owner of the real estate, the Forest Preserve agrees to fully cooperate with the Municipality and its representatives in its applications for appropriate permits.

- G. Construction Operations. All construction operations, including vehicle movements and material storage, shall take place within the designated areas identified on Exhibit A.
- H. Restoration after Construction. All surplus excavated material, trees or stumps removed, and any other debris resulting from construction shall be disposed of off Forest Preserve property at the Municipality's expense. All property disturbed as the result of construction that is not utilized as part of the Trail Connection shall be restored to a condition reasonably similar to its pre-construction condition at the Municipality's expense. Landscape areas shall be top-dressed after final settlement with topsoil to a depth of six (6) inches, cultivated, fine graded, seeded and mulched as directed by the Forest Preserve.
- I. Maintenance and Repair. Once the Trail Connection is complete and the Forest Preserve has accepted the Trail Connection as complete, then the Municipality shall assume responsibility for maintenance and repair of such Trail Connection for the duration of the Initial Term and any Renewal Term of this Agreement. Maintenance shall include both day to day and long-term maintenance of the Trail Connection. Such maintenance by Municipality shall include maintaining the landscape plantings installed as part of the project, mowing the three-foot shoulders on both sides of the Trail Connection, removing garbage and refuse from Trail Connection, removing down trees and tree limbs from Trail Connection, and maintaining trail surface, all on an as needed basis. Any specifications for maintenance and repair of the Trail Connection as set forth in the final plans and specifications approved by the Forest Preserve shall be followed. The Municipality agrees, without limitation, to the additional obligations described below.
 - (i) Salt and Snow. Municipality agrees not to use salt on Forest Preserve property for any purpose, including without limitation, snow removal. The parties agree that snow shall not be removed from the Trail Connection, either through snow plowing or other means.
 - (ii) Inspections. Municipality shall conduct, at a minimum, annual inspections to ensure adequate maintenance of the Trail Connection.
 - (iii) Reimbursement. Should Municipality fail to properly keep the Trail Connection in good repair, upon due notice, the Forest Preserve shall have the right to cause the same to be done, and it is understood and agreed that Municipality shall promptly reimburse the Forest Preserve for cost or expense of such repair and for any attorney fees or other costs incurred by the Forest Preserve to enforce this provision. The provisions of this paragraph shall survive expiration or termination of this Agreement.
 - (iv) Additional Requirements. The Forest Preserve reserves the right to add reasonable requirements for maintenance and repair of the Trail Connection in addition to those requirements listed above upon written notice to Municipality. Upon receiving written notice of the additional requirements the Municipality may object to the additional requirements by providing written notice of such objection within ten (10) days to the Forest Preserve, and the parties will work towards a reasonable resolution.

7. **Use of Trail.** The Forest Preserve and the Municipality agree that the Trail Connection will be available for the use and benefit of the general public subject to the rules and guidelines of the Forest Preserve relating to comparable pathway connections across Forest Preserve property.

8. **Ownership of Trail.** The Municipality and the Forest Preserve agree that the Trail Connection will be the property of the Forest Preserve. Forest Preserve rules and regulations shall be applicable with respect to the Trail Connection.

9. **No Estate in Land.** This Agreement creates a license only for the Municipality to construct, maintain, and repair the Trail Connection described herein in accordance with the terms of this Agreement. The Municipality does not hold and shall not claim at any time any interest or estate of any kind or extent whatsoever in the Trail Connection or any Forest Preserve property by virtue of this Agreement. Further, the Forest Preserve does not grant the Municipality any right to install any additional improvements upon the Trail Connection or any Forest Preserve property, including but not limited to signage, placards, lighting, etc.

10. **Public Convenience and Safety.** In connection with any construction or repair work to be performed by or on behalf of the Municipality, the Municipality shall, or it shall require its contractor(s) to, at all times conduct any such repair work in such manner as to cause minimal inconvenience and provide appropriate protection to the general public. The Municipality and/or its contractor(s) shall furnish and maintain barricades, temporary fencing and warning signs, as may be necessary to protect the construction or repair area and safeguard the public, at the Municipality's or contractor's expense.

11. **Indemnification.** To the extent permitted by law, the Municipality agrees to defend, indemnify, keep and save harmless, the Forest Preserve, its commissioners, agents, officials and employees, against all injuries, deaths, losses, damages, claims, suits, liabilities, judgments, cost or expenses, including reasonable attorneys' fees, which are the result of an error, omission, or willful or negligent act of the Municipality or any of its officers, employees, agents, contractors or subcontractors arising out of or resulting from the performance under this Agreement, excluding any such claims arising out of any acts of the Forest Preserve indemnitees or their respective contractors, consultants or agents. The Municipality expressly understands and agrees that any insurance protection required in this Agreement shall in no way limit its responsibility to indemnify, defend, keep and save the Forest Preserve, its commissioners, agents, officials and employees as herein provided. The Municipality's obligation to defend, indemnify, keep and save harmless the Forest Preserve, its commissioners, agents, officials and employees, as stated herein, shall survive the termination or expiration of this Agreement.

12. **Insurance and Casualty.** The Municipality shall require each contractor and subcontractor performing work on or to the Trail Connection as required hereunder to maintain, and if the Municipality is doing any of the construction work itself it shall also maintain, the insurance coverage described for "Consultant" on **Exhibit B** (Insurance Requirements).

13. **Term and Termination.**

- A. The Term of this Agreement shall be from the Effective Date of this Agreement ("Initial Term") through the useful life of the Trail Connection, which the parties agree shall be thirty (30) years from the Effective Date. At the end of the Initial Term, unless one Party delivers to the other Party a written notice of non-renewal and termination at least ninety (90) calendar days prior to the end of the Initial Term, this Agreement shall automatically renew for successive one (1) year periods

(each a “Renewal Term”) without additional notice, action or approval of the corporate authorities of the Parties, unless and until terminated in accordance with Subsection 13(B).

- B. During any Renewal Term, this Agreement may be terminated: (1) at any time by mutual written consent of the Parties; (2) for breach of any obligation under this Agreement after the Cure Period under Subsection 13(E) has expired; or, (3) by one Party who delivers to the other Party a written notice of non-renewal and termination at least ninety (90) calendar days prior to the end of the then-current Renewal Term. In the event of a termination based on a notice of non-renewal and termination, the operative effective date of the termination of this Agreement shall be the next following “Anniversary Date” of the Renewal Term, which shall be the day and month of the Effective Date.
- C.
- D. The Forest Preserve shall have the right to terminate this Agreement in the event the construction work contemplated herein is not completed within five (5) years subsequent to the date of full execution of this Agreement.
- E. If any party shall at any time be in default in the performance of any of the terms, conditions or provisions of this Agreement and the defaulting party shall fail to remedy such default within sixty (60) days after written notice thereof from the non-defaulting party, then the non-defaulting party may terminate this Agreement upon written notice to the defaulting party.
- F. Notwithstanding any termination or expiration of this Agreement, the Forest Preserve shall retain all ownership of the Trail Connection. This provision shall survive termination or expiration of this Agreement.

14. **Removal.** Notwithstanding any other term of this Agreement, and unless otherwise mutually agreed by the parties in writing, upon termination or expiration and nonrenewal of this Agreement for any reason, the Municipality shall remove the Trail Connection and restore the Forest Preserves’ property consistent with Section 6(H) of this Agreement. Removal and restoration under this Paragraph shall be performed by the Municipality to the Forest Preserves’ satisfaction, and at the Municipality’s sole cost and expense. The Municipality’s construction or demolition activities and recordkeeping related to removal shall be consistent with Section 5 of this Agreement. In the event the Municipality fails to perform its obligations under this Section (14), the Forest Preserves shall have the right, but not the obligation, to cause the same to be done, and it is understood and agreed that the Municipality shall promptly reimburse the Forest Preserves for the cost or expense of such remedy and for any attorney’s fees or other costs incurred by the Forest Preserves to enforce this provision. The Municipality’s obligations and the Forest Preserves’ rights under this Section (14) shall survive any termination or expiration of this Agreement.

15. **Interpretations.** The paragraph headings appearing in this Agreement have been inserted for the purpose of convenience and ready reference. They do not purport to and shall not be deemed to define, limit, or extend the scope of the intent of the paragraph to which they pertain. The parties have consulted legal counsel regarding the terms of this Agreement and this Agreement shall be interpreted without applying any rule of construction against the drafting party.

16. **Governing Law and Venue.** This Agreement is governed by and shall be construed according to the laws of the State of Illinois without regard to the principles of conflicts of law thereof. Venue shall be proper only in a court of competent jurisdiction located within the County of Cook, Illinois.

17. **Compliance with Laws.** The parties hereto shall at all times observe and comply with all applicable federal, state and local laws, statutes, ordinances, rules, regulations, codes and executive orders, now existing or hereinafter in effect, which may in any manner affect the performance of this Agreement.

18. **Severability.** In the event that any provision of this Agreement is determined to be legally invalid, the parties agree that particular provision shall be null and void, but the remainder of this Agreement shall remain in full force and effect.

19. **No Third-Party Beneficiaries.** The parties agree that this Agreement is solely for the benefit of the parties and nothing herein is intended to create any rights or remedies on any persons other than the parties.

20. **Transfers.** No party shall sell, assign or otherwise transfer its interest under this Agreement without the written approval of the other party. The provisions set forth in this Agreement shall be binding upon and inure to the benefit of the approved successors and assigns of the parties.

21. **Notices.** Unless otherwise specified, any notice, demand or request required hereunder shall be given in writing at the addresses set forth below, by any of the following means: (a) personal service during regular business hours; (b) e-mail or facsimile transmission during regular business hours; (c) overnight courier; or (d) first class mail properly addressed with postage prepaid and deposited in the U. S. Mail. Any notice, demand or request served personally or by e-mail or facsimile transmission as aforesaid shall be effective upon receipt. Any notice, demand or request served by overnight courier shall be deemed received on the business day immediately following deposit with the overnight courier. Any notice, demand or request served by U.S. mail shall be deemed received two (2) business days following deposit in the mail. Notices shall be served at the following addresses or at such other places as the parties may from time to time designate in writing by notice given hereunder.

EXHIBIT B**Cook County Forest Preserve District Insurance Requirements (Professional)
Waiver of Subrogation and Insurance Requirements****Subrogation and Waiver**

The Consultant shall require their insurers to waive their rights of recovery, under subrogation or otherwise, against the Forest Preserve District of Cook County (the "District"), District's Board of Commissioners and employees of the District.

The Consultant shall waive its rights of recovery against District, District's Board of Commissioners and employees of District which Consultant may have because of deductibles or inadequacy of limits of any policies of insurance that are in any way related to the work.

Insurance Requirements of the Consultant

Prior to the Effective Date of this Agreement, the Consultant, at its cost, shall secure and maintain at all times, unless specified otherwise, until completion of the term of this Agreement the insurance specified below.

Nothing contained in these insurance requirements is to be construed as limiting the extent of the Consultant's responsibility for payment of damages resulting from its operations under this Agreement. All policies required shall be on a primary and noncontributory basis with respect to any insurance or self-insurance programs carried or administered by the District.

The Consultant's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

The limits of liability shall be as stated below, unless, prior to the effective date of this Agreement, written approval is granted by the District's Purchasing Agent for variance from those limits.

Consultant shall require all Subconsultants to provide the insurance required in this Agreement, or Consultant may provide the coverage for them. All Subconsultants are subject to the same insurance requirements as Consultant.

Coverages**(a) Workers Compensation Insurance**

Workers' Compensation shall be in accordance with the laws of the State of Illinois or any other applicable jurisdiction.

The Workers Compensation policy shall also include the following provisions:

- (1) Employers' Liability coverage with a limit of
\$500,000 each Accident
\$500,000 each Employee
\$500,000 Policy Limit for Disease
- (2) Broad form all states coverage

(b) Commercial General Liability Insurance

The Commercial General Liability shall be on an occurrence form basis to cover bodily injury and property damage including loss of use.

General Liability limits shall not be less than \$1,000,000 per occurrence and \$2,000,000 aggregate combined single limit for bodily injury and property damage. The General Liability policy shall include, without limitation, the following coverages:

- (a) All premises and operations;
- (b) Independent Contractor's Protection Liability;
- (c) Contractual Liability;
- (d) Products/Completed Operations;
- (e) Broad Form Property Damage Liability;
- (f) Cross Liability.

(c) **Commercial Automobile Liability Insurance**

When any motor vehicles are used in connection with the work to be performed, Consultant shall secure Commercial Automobile Liability Insurance to cover all owned, non-owned and hired automobiles, trucks and trailers. The Commercial Automobile Liability Insurance limits shall not be less than the following:

- (a) Liability - All Autos: Bodily Injury & Property Damage - \$1,000,000 per Occurrence
- (b) Uninsured/Underinsured Motorists: Per Illinois Requirements

(d) **Umbrella/Excess Liability Insurance**

In addition to the limits specified above, Consultant shall secure and maintain additional limits in the amount necessary to increase the overall coverage to \$3,000,000 each occurrence for all liability.

(e) **Professional Errors & Omissions Insurance**

Consultant shall secure Professional Liability insurance covering any and all claims arising out of the performance or nonperformance of professional services for the District under this Agreement. This professional liability insurance shall remain in force for the life of the Consultant's obligations under this Agreement, and shall have a limit of liability of not less than \$2,000,000 with a deductible of not more than \$100,000. If any such policy is written on a claims made form, the retroactive date shall be prior to or coincident with the effective date of this Agreement. Claims made form coverage shall be maintained by the Consultant for a minimum of three years following the expiration or termination of this Agreement and the Consultant shall annually provide the District with proof of renewal.

Additional requirements

(a) **Additional Insured**

Cook County Forest Preserve District, its officials, employees and agents shall be named as additional insureds under the Commercial General Liability, Automobile and Umbrella/Excess insurance policies.

(b) **Qualification of Insurers**

All insurance companies providing coverage shall be licensed or approved by the Department of Insurance, State of Illinois, and shall have a financial rating no lower than (A-) VII as listed in A.M. Best's Key Rating Guide, current edition or interim report. Companies with ratings lower than (A-) VII will be acceptable only upon written consent of the District Purchasing Agent.

(c) **Insurance Notices**

All policies of insurance which may be required under terms of this Agreement shall be endorsed to provide that the insurance company shall notify the District's Purchasing Agent at least 30 days prior to the effective date of any cancellation or modification of such policies. Prior to the date on which Consultant commences performance of its part of the work, Consultant shall furnish to the District certificates of insurance maintained by Consultant. The receipt of any certificate of insurance does not constitute agreement by the District that the insurance requirements have been fully met or that the insurance policies indicated on the certificate of insurance are in compliance with insurance required above.

In no event shall any failure of the District to receive certificates of insurance required hereof or to demand receipt of such Certificates of Insurance be construed as a waiver of Consultant's obligations to obtain insurance pursuant to these insurance requirements.

The District maintains the right to modify, delete, alter or change these insurance requirements.

Consider a Motion to Approve an Intergovernmental Agreement with Cook County for Construction of the Smith Street Connector Path

BACKGROUND:

One of the few remaining components of the implementation of the Village's Bike Plan is the connection of the bikeway system to the Forest Preserve at the intersection of Smith Street and Dundee Road. The proposed path will connect the existing bike route on Smith Street to the path in the Deer Grove Forest Preserve. INTERGOVERNMENTAL AGREEMENT

COUNTY OF COOK

SMITH STREET CONNECTOR PATH

VILLAGE OF PALATINE

SECTION: 20-SMIST-00-BT

This **INTERGOVERNMENTAL AGREEMENT** (the "AGREEMENT") is entered into this ____ day of _____, 2021, by and between the COUNTY OF COOK, a body politic and corporate of the State of Illinois (the "COUNTY"), acting by and through its DEPARTMENT OF TRANSPORTATION AND HIGHWAYS (the "DEPARTMENT"), and the VILLAGE OF PALATINE, a municipal corporation of the State of Illinois (the "VILLAGE"). The COUNTY and VILLAGE are sometimes referred to herein individually as a "PARTY" and collectively as the "PARTIES."

RECITALS

WHEREAS, the COUNTY desires to establish an agreement with the VILLAGE to participate in the Smith Street Connector Path project (the "PROJECT"); and

WHEREAS, the scope of work for the PROJECT includes, but is not limited to, the installation of new pedestrian signals on the southern and western legs of Smith Street and Dundee Road and construction of a ten (10)-foot wide bituminous path; and

WHEREAS, the PROJECT improvements will enhance safety for pedestrians and bicyclists and result in improved transit access and better traffic flow; and

WHEREAS, this AGREEMENT shall define the rights, responsibilities, financial obligations and future maintenance responsibilities of the PROJECT as hereinafter set forth; and

WHEREAS, the COUNTY, by virtue of its powers as set forth in the Counties Code, 55 ILCS 5/1-1 et seq., and the Illinois Highway Code, 605 ILCS 5/1-101 et seq., is authorized to enter into this AGREEMENT; and

WHEREAS, the VILLAGE, by virtue of its powers as set forth in the Illinois Municipal Code, 65 ILCS 5/1-1-1 et seq., is authorized to enter into this AGREEMENT; and

WHEREAS, this AGREEMENT is further authorized under Article VII, Section 10 of the Illinois Constitution and by the provisions of the Intergovernmental Cooperation Act, 5 ILCS 220/1 et seq.

NOW, THEREFORE, in consideration of the aforementioned recitals and the mutual covenants contained herein, the PARTIES hereto agree as follows:

I. CONSTRUCTION

- A. **Construction Contract.** Construction of the PROJECT shall be performed by a qualified contractor(s) under contract with the VILLAGE. In awarding and administering the contract, the VILLAGE shall comply with all applicable state and federal laws and

regulations. The VILLAGE shall forward a copy of the construction contract to the COUNTY upon execution.

- B. **Pre-Construction Notices.** The VILLAGE shall provide no less than fourteen (14) calendar days' advance written notice to the COUNTY prior to any pre-construction meetings and no less than seven (7) calendar days' advance written notice prior to the start of any construction work on the PROJECT.
- C. **Insurance.** The VILLAGE shall require its construction contractor(s) to name the COUNTY as an additional insured under the contractor's general liability insurance policy.
- D. **Rights of Inspection.** The COUNTY and its authorized agents shall have reasonable rights of inspection (including pre-final and final inspection) during construction of the PROJECT. The VILLAGE shall work cooperatively with the COUNTY to address and resolve any concerns raised by the COUNTY with respect to construction of the PROJECT.
- E. **Final Inspection Notice.** The VILLAGE shall provide no less than fourteen (14) calendar days' advance written notice to the COUNTY prior to final inspection of the PROJECT.
- F. **Submittals.** All submittals and notices required of the VILLAGE under this section of the AGREEMENT shall be directed by electronic mail to the DEPARTMENT's Bureau Chief of Construction at holly.cichy@cookcountyl.gov.

II. CONSTRUCTION ENGINEERING

- A. **Construction Engineering Contract.** Construction engineering services for the PROJECT shall be performed by a qualified consultant(s) under contract with the VILLAGE and selected through a competitive procurement process. The VILLAGE shall forward a copy of the construction engineering contract to the COUNTY upon execution.
- B. **County Monitoring.** The COUNTY may periodically visit the construction site(s) to confirm that construction engineering services are being performed in a satisfactory manner. The VILLAGE shall work cooperatively with the COUNTY to address and resolve any concerns raised by the COUNTY with respect to the performance of construction engineering services.
- C. **Lead Agency.** The VILLAGE agrees to assume overall responsibility for the PROJECT, including ensuring that all required permits and joint participation and/or force account agreements are secured.
- D. **County Permits.** The COUNTY shall grant and consent to any and all permits for right of access (ingress or egress) and/or temporary use of its property within the PROJECT limits to the VILLAGE and/or its agents, without charge of permit fees to the VILLAGE. Any permit(s) for right of access and/or temporary use of any of the COUNTY's property shall not be unreasonably withheld by the COUNTY.

- E. **Village Resources and Staff.** The VILLAGE may elect to perform construction engineering services for the PROJECT using its own resources and staff. Notwithstanding the foregoing, the provisions of Section V (F) (iii) remain in effect and the COUNTY will not reimburse the VILLAGE for any administrative costs expended by the VILLAGE, including, but not limited to, staff salaries and wages.
- F. **Submittals.** All submittals required of the VILLAGE under this section of the AGREEMENT shall be directed by electronic mail to the DEPARTMENT's Bureau Chief of Construction at holly.cichy@cookcountyil.gov.

III. MAINTENANCE

- A. **Definition.** As used herein, the terms "maintain" and "maintained" mean keeping the facility being maintained in good and sufficient repair and appearance, and in compliance with the requirements of the Americans with Disabilities Act. Such maintenance includes the full responsibility for the construction, removal and replacement of the maintained facility when needed.
- B. **Duty to Maintain.** The VILLAGE shall maintain, or cause to be maintained, those portions of the PROJECT under its established jurisdictional authority. This duty to maintain shall survive termination or expiration of this AGREEMENT.

IV. SUSPENSION AND TERMINATION

- A. **Suspension or Early Termination.** Subject to Section VI (J) below, the VILLAGE agrees that, if the COUNTY determines that the VILLAGE has not complied with or is not complying with, has failed to perform or is failing to perform, has not met or is not meeting significant PROJECT milestones or objectives, or is in default under any of the provisions of this AGREEMENT, whether due to failure or inability to perform or any other cause whatsoever, the COUNTY, after written notification to the VILLAGE of said non-compliance or default and failure by the VILLAGE to correct said violations within sixty (60) calendar days, may:
- i. suspend or terminate this AGREEMENT in whole or in part by written notice, and/or;
 - ii. demand refund of any funds disbursed to the VILLAGE;
 - iii. deduct any refunds or repayments from any funds obligated to, but not expended by the VILLAGE, whether from this or any other project;
 - iv. temporarily withhold cash payments pending correction of deficiencies by the VILLAGE or more severe enforcement action by the COUNTY;
 - v. disallow all or part of the cost of the activity or action not in compliance;

- vi. take other remedies legally available; or
- vii. take appropriate legal action.

B. **Termination of Agreement.** Unless extended by the Superintendent of the DEPARTMENT or his or her designee in writing, this AGREEMENT terminates upon completion of the PROJECT and final reimbursement by the COUNTY, or December 31, 2023, whichever date is earlier.

V. FINANCIAL

- A. **Village Cost Participation.** The VILLAGE agrees to pay all actual construction and construction engineering costs for the PROJECT, subject to reimbursement by the COUNTY as hereinafter stipulated.
- B. **County Cost Participation.** The COUNTY agrees to reimburse the VILLAGE up to One Hundred and Fifteen Thousand Dollars (\$115,000) toward actual construction and construction engineering costs for the PROJECT.
- C. **Progressive Reimbursement.** The COUNTY will reimburse the VILLAGE as funds are expended by the VILLAGE. The VILLAGE shall seek reimbursement from the COUNTY on a monthly basis.
- D. **Required Documentation.** In order to receive reimbursement from the COUNTY, the VILLAGE must provide the COUNTY with the following:
 - i. a cover letter addressed to the Bureau Chief of Construction;
 - ii. an invoice requesting payment, which includes the name of the PROJECT and its associated section number;
 - iii. a copy of the cancelled check(s) paid to the consultant(s) and/or contractor(s) (or a copy of the associated bank ledger(s) reflecting the payment(s)), or a letter from the consultant(s) and/or contractor(s) confirming payment was received for the service(s) rendered; and
 - iv. a copy of the associated invoice(s) submitted to the VILLAGE by the consultant(s) and/or contractor(s) for the service(s) rendered.
- E. **Insufficient Documentation.** If the documentation submitted by the VILLAGE for reimbursement is reasonably deemed by the COUNTY as not sufficiently documenting the work completed, the COUNTY may require further records and supporting documentation to verify the amounts, recipients and uses of all funds invoiced pursuant to this AGREEMENT.

- F. **Ineligible Expenditures.** It is understood and agreed to by the PARTIES that the COUNTY will not reimburse the VILLAGE for any expenditures that are:
- i. contrary to the provisions of this AGREEMENT;
 - ii. not directly related to carrying out construction or construction engineering services for the PROJECT;
 - iii. of a regular and continuing nature, including, but not limited to, administrative costs, staff and overhead costs, rent, utilities and maintenance costs;
 - iv. incurred without the consent of the COUNTY after written notice of suspension or termination of any or all of the COUNTY's obligations under Section IV (A) of this AGREEMENT;
 - v. in excess of the amount set forth in Section V (B) of this AGREEMENT.
- G. **Supplemental or Substitute Work.** Either PARTY may request, after the construction contract is awarded by the VILLAGE, that supplemental or costlier substitute work be added to the contract's scope of work. The VILLAGE will cause said supplemental or substitute work to be added to the contract, provided that said work will not unreasonably delay the PROJECT schedule. Whichever PARTY requested or caused said supplemental or costlier substitute work shall pay for the cost increases of said work in full.
- H. **Funding Breakdown.** A funding breakdown is incorporated into and made a part of this AGREEMENT and is attached hereto as EXHIBIT A.
- I. **Submittals.** All submittals required of the VILLAGE under this section of the AGREEMENT shall be directed by electronic mail to the DEPARTMENT's Bureau Chief of Construction at holly.cichy@cookcountyil.gov.

VI. GENERAL PROVISIONS

- A. **Authority to Execute.** Each PARTY hereto represents and warrants that the individuals signing this AGREEMENT on behalf of such party are duly authorized to sign this AGREEMENT.
- B. **Binding Successors.** This AGREEMENT shall be binding upon and inure to the benefit of the PARTIES hereto and their respective successors and approved assigns. Neither PARTY may assign its rights or obligations hereunder without the written consent of the other PARTY.

- C. **Compliance with Laws, Rules and Regulations.** The PARTIES shall at all times observe and comply with all federal, state and local laws and regulations, as amended from time to time, in carrying out the terms and conditions of this AGREEMENT.
- D. **Conflicts of Interest.** The VILLAGE understands and agrees that no director, officer, agent or employee of the VILLAGE may have an interest, whether directly or indirectly, in any contract or agreement or the performance of any work pertaining to this AGREEMENT; represent, either as an agent or otherwise, any person, trust or corporation, with respect to any application or bid for any contract or agreement or work pertaining to this AGREEMENT; or take, accept or solicit, either directly or indirectly, any money or thing of value as a gift or bribe or means of influencing his or her vote or actions. Any contract or agreement made and procured in violation of this provision is void and no funds under this AGREEMENT may be used to pay any cost under such a contract or agreement.
- E. **Conflict with Exhibits.** In the event of a conflict between any exhibit attached hereto and the text of this AGREEMENT, the text of this AGREEMENT shall control.
- F. **Counterparts.** This AGREEMENT may be executed in two (2) or more counterparts, each of which shall be deemed an original and all of which shall be deemed one (1) and the same instrument.
- G. **County Section Number.** The PROJECT is hereby designated COUNTY section number 20-SMIST-00-BT. The VILLAGE shall include COUNTY section number 20-SMIST-00-BT on all PROJECT-related submittals, including, but not limited to, correspondence and invoices.
- H. **Effective Date.** The Effective Date of this AGREEMENT shall be the date that the last authorized signatory signs and dates this AGREEMENT, which date shall be inserted on the first page of this AGREEMENT. This AGREEMENT shall become effective only in the event that the corporate authorities of each PARTY approve this AGREEMENT.
- I. **Entire Agreement.** This AGREEMENT constitutes the entire agreement of the PARTIES concerning all matters specifically covered by this AGREEMENT and supersedes all prior written or oral agreements, commitments and understandings among the PARTIES. There are no representations, covenants, promises or obligations not contained in this AGREEMENT that form any part of this AGREEMENT or upon which any of the PARTIES is relying upon in entering into this AGREEMENT.
- J. **Force Majeure.** Neither PARTY shall be liable for any delay or non-performance of its obligations caused by any contingency beyond its control, including, but not limited to, acts of God, war, civil unrest, labor strikes or walkouts, fires and/or natural disasters.
- K. **Governing Law and Venue.** All questions of interpretation, construction and enforcement, and all controversies with respect to this AGREEMENT, will be governed

by the applicable constitutional, statutory and common law of the State of Illinois. The PARTIES agree that, for the purposes of any litigation relative to this AGREEMENT and its enforcement, venue will be in the Circuit Court of Cook County, Illinois or the Northern District, Eastern Division of the United States District Court, Chicago, Illinois, and the PARTIES consent to the *in personam* jurisdiction of said Courts for any such action.

- L. **Indemnification.** The VILLAGE shall indemnify, defend and hold harmless the COUNTY and its commissioners, officers, directors, employees and agents, from and against any and all claims, liabilities, damages, losses, and expenses, including, but not limited to, legal defense costs, attorneys' fees, settlements or judgments, caused by the negligent acts, omissions or willful misconduct of the VILLAGE, its officers, directors, employees, agents, consultants, contractors, subcontractors or suppliers in connection with or arising out of the performance of this AGREEMENT.
- M. **Modification.** Unless otherwise specified, this AGREEMENT may only be modified by a written instrument executed by duly authorized representatives of both PARTIES.
- N. **No Individual or Personal Liability.** No official, employee, or agent of either PARTY to this AGREEMENT shall be charged personally by the other PARTY with any liability or expenses of defense incurred as a result of the exercise of any rights, privileges, or authority granted herein, nor shall he or she be held personally liable under any term or provision of this AGREEMENT, or because of a PARTY's execution or attempted execution of this AGREEMENT, or because of any breach of this AGREEMENT. This provision shall survive termination or expiration of this AGREEMENT.
- O. **No Third-Party Beneficiaries.** This AGREEMENT is not intended to confer any rights or remedies upon any person, entity, or municipality other than the PARTIES hereto.
- P. **Notices.** Unless otherwise specified, all written reports, notices and other communications related to this AGREEMENT shall be in writing and shall be personally delivered or mailed via first class, certified or registered U.S. Mail or electronic mail delivery to the following persons at the following addresses:

To the COUNTY:

Jennifer "Sis" Killen, P.E., PTOE
 Superintendent
 Cook County Department of Transportation and Highways

- Q. **Recitals.** The introductory recitals included at the beginning of this AGREEMENT are agreed to and incorporated into and made a part of this AGREEMENT.
- R. **Records Maintenance.** The VILLAGE shall maintain during the term of this AGREEMENT and for a period of three (3) years thereafter complete and adequate financial records, accounts and other records to support all PROJECT expenditures. These records and accounts shall include, but not be limited to, records providing a full description of each activity being assisted with COUNTY funds; a general ledger that supports the costs being charged to the COUNTY; records documenting procurement of goods and services; contracts for goods and services; invoices; billing statements; cancelled checks; bank statements; schedules containing comparisons of budgeted amounts and actual expenditures; and construction progress schedules.
- S. **Reviews and Audits.** The VILLAGE will give the COUNTY access to all books, accounts, records, reports, files, and other papers pertaining to the administration, receipt and use of COUNTY funds under this AGREEMENT to necessitate any reviews or audits.
- T. **Section Headings.** The descriptive section and subsection headings used in this AGREEMENT are for convenience only and shall not control or affect the meaning or construction of any of the provisions thereof.
- U. **Severability.** If any term of this AGREEMENT is to any extent illegal, otherwise invalid, or incapable of being enforced, such term shall be excluded to the extent of such invalidity, or unenforceability; all other terms hereof shall remain in full force and effect; and, to the extent permitted and possible, the invalid or unenforceable term shall be deemed replaced by a term that is valid and enforceable and that comes closest to expressing the intention of such invalid or unenforceable term.
- V. **Waiver of Default.** The failure by the COUNTY or the VILLAGE to seek redress for violation of or to insist upon strict performance of any condition or covenant of this AGREEMENT shall not constitute a waiver of any such breach or subsequent breach of such covenants, terms, conditions, rights and remedies. No provision of this AGREEMENT shall be deemed waived by the COUNTY or the VILLAGE unless such provision is waived in writing.

Consider a Motion Granting Approvals, Including Waiver of the Sound Amplification Ordinance and Traffic Controls, for the St. Nectarios Greek Orthodox Church 'Greek Fest' Event on June 24 -26, 2022 at 133 S. Roselle Road

BACKGROUND:

St. Nectarios Greek Orthodox Church, 133 S. Roselle Road, wishes to hold their 2022 Greek Fest on June 24 - 26, 2022.

KEY ISSUES:

- The proposed festival hours are as follows:

Friday, June 24: 4 - 11 PM (Drive thru 4 - 9 PM)

Saturday, June 25: Noon - 11 PM (Drive thru Noon - 9 PM)

Sunday, June 26: Noon - 10 PM (Drive thru Noon - 9 PM)

- The organizers are requesting a waiver of the Sound Amplification Ordinance as follows:

Friday, June 24: 4 - 11 PM

Saturday, June 25: Noon - 11 PM

Sunday, June 26: Noon - 10 PM

- The proposed event and sound amplification hours are the same as the 2019 festival. Also, the sound stage has been repositioned to the SE corner, closer to the building, with the sound facing away from residential areas and toward the golf course.
- Signage for Greek Fest will be on or near their properties on both south corners of Palatine Road and Roselle Road. No additional signage will be placed in the right-of-way in the community.
- Staff will be working with the event organizers on the traffic management and parking plans, drive-through configuration, and required Police services. Part of the traffic control will again include using the eastern exit of the property for bus traffic only. The buses that are shuttling patrons would proceed out the east exit and turn left on Clyde to proceed back to Palatine Road. This significantly improved traffic flow on Roselle Road in 2018 and 2019. It should be noted they have also eliminated the games area and added a second drive-thru lane to help move traffic more smoothly. Similar to their drive-thru “only” event from 2021.
- To improve vehicular/pedestrian traffic related to the event, the Petitioner is proposing to utilize only Holy Family for off-site parking. The Petitioner and Village will work together on signage indicating that parking at Marion Jordan Elementary School for Greek Fest will not be permitted this year.

ALTERNATIVES:

1. Approve the Annual St. Nectarios Greek Orthodox Church's Greek Fest.
2. Do not approve the Annual St. Nectarios Greek Orthodox Church's Greek Fest.

RECOMMENDATION:

Staff recommends approval of Greek Fest including the waiver of the sound application ordinance and the traffic management plan.

ACTION REQUIRED:

A motion to approve the waiver of the sound amplification ordinance related to the annual St. Nectarios Greek Orthodox Church's Greek Fest and other related matters subject to the conditions outlined above.

Consider an Ordinance Amending Article 15 - Adult Use Recreational Cannabis of Appendix A of the Village of Palatine Code of Ordinances

BACKGROUND:

In June, 2019, the State of Illinois approved the Cannabis Regulation and Tax Act ("Cannabis Act"), creating the regulations permitting the legal sale and consumption of cannabis for adults at least 21 years old. The Village of Palatine approved the Adult Use Cannabis Dispensary regulations within the Zoning Ordinance in December 2019. In reviewing the existing Ordinance requirements, Staff is recommending the following text amendments to Article 15:

- 1) **Amending Section 15.02 to include Planned Development Districts, subject to the B-5 or Manufacturing District Use lists, as eligible zoning districts for a Special Use for an adult-use cannabis dispensing establishment; and**
- 2) **Eliminating the Section 15.04 (a) requirement, that a dispensing establishment must currently be licensed by the Illinois Department of Financial and Professional Regulation to operate a medical cannabis dispensing organization.**

KEY ISSUES:

- When the Village Council adopted the adult use cannabis dispensary ordinance, the eligible zoning districts for Special Use review included the B-5 district (Rand Road) and the Manufacturing District. While the initial text amendments focused upon only these zoning districts, Staff believes that there may also be appropriate locations, within properties zoned Planned Development, subject to the B-5 and Manufacturing districts.
- The Zoning Ordinance also requires adult dispensaries to have a current medical cannabis dispensing license (Medical Cannabis Pilot Program Act). Over the approximately three years of administering the State Cannabis Act, including 85 separate security protocol limitations, Staff believes that the medical cannabis dispensary requirement is no longer necessary. It was originally included as there was not enough history as to how the State would review non-medical operators.

ALTERNATIVES:

1. Approve the text amendments to Article 15 of the Palatine Zoning Ordinance.
2. Do not approve the text amendments to the Palatine Zoning Ordinance.

RECOMMENDATION:

Public Hearing: Plan Commission - April 19, 2022
Residents testifying: None

Vote: The Plan Commission voted unanimously to recommend approval of the Article 15 text amendments and Staff concurs with this recommendation.

ACTION REQUIRED:

A motion to approve the Text Amendments to Article 15 of the Village of Palatine Zoning Ordinance.

Consider Ordinances Approving a Planned Development Amendment for the Patrick Hyundai Phase 2 Planned Development and a Special Use for an Adult Use Dispensary for the Vacant Lot East of 325 E. Lake Cook Road

BACKGROUND:

The Subject Property, Lot 3 of the Patrick Hyundai Phase 2 Planned Development, is currently a vacant lot. The Petitioners are requesting a Planned Development Amendment to align the Planned Development uses to the B-5 district and to open an adult use cannabis dispensary on Lot 3. Therefore, the Petitioners are requesting:

Planned Development Amendment to Planned Development Ordinance #O-6-16 to align the underlying use lists to the B-5 district (Keystone Ventures LLC - Palatine Lake Cook Road LLC); and

Special Use for an adult use cannabis dispensing establishment (Botavi Wellness LLC)

KEY ISSUES:

- The property owner is requesting an amendment to align the Planned Development use lists to the B-5 district. As part of its approval, the Planned Development maintains full access extending from Rand Road through to Lake Cook Road for the Subject Property. Although Lot 3 remains undeveloped, the infrastructure improvements were completed with the Starbucks' drive-through in 2017. Prior to development of Patrick Hyundai, many of the underlying lots were zoned B-5.
- The Illinois Department of Financial and Professional Regulation awarded 75 Conditional Adult Use Dispensing Organization licenses in August 2021. Botavi Wellness LLC ("Botavi") was awarded a license (1 of 47 in the Chicago Naperville Elgin BLS region).
- The dispensary would be approximately 3,500 square feet and requires 12 parking spaces, with the Starbucks requiring seven spaces. There are 37 total spaces provided, leaving an excess of 18 spaces.
- Botavi presently operates under the store name "Bloc". Bloc presently operates eight dispensaries in Missouri and Pennsylvania. They also operate two pharmacies in Utah.
- The business plan indicates that a National Security Director oversees the dispensary operations. The store would also comply with all of the State's security directives and have 30-50 high definition cameras located throughout the building and outside the dispensary. The cameras will be equipped with facial

recognition/license plate readability. The Palatine Police Department would have access to a direct feed into all cameras at the dispensary. There will also be two armed security guards on-site, during all business hours. The proposed hours of operation are 8 AM - 8 PM, but the plan indicates that there will likely be fewer hours varying by day.

- The Subject Property complies with all of the spacing and separation requirements (1,500 feet) from any school, nursery, day care, pre-school or secondary school. It is also more than 500 ft. from the property line of any Park District property.
- Public comments were submitted to the Village indicating both opposition and support for adult use dispensaries. While those comments were included with the review materials, Staff notes that the comments are general in nature and not specific to either the proposed Special Use location or operator. No public testimony was provided at the Public Hearing.

ALTERNATIVES:

1. Approve the Planned Development Amendment and Special Use.
2. Do not approved the Planned Development Amendment and Special Use.

RECOMMENDATION:

Public Hearing:	Plan Commission - April 19, 2022
Residents testifying:	None
Vote:	The Plan Commission voted unanimously to recommend approval of the Planned Development Amendment to the Patrick Hyundai Phase 2 Planned Development and a Special Use for an adult use cannabis dispensary for the vacant lot east of 325 E. Lake Cook Road. Staff concurs with this recommendation.

ACTION REQUIRED:

A motion to approve the ordinances for a Planned Development Amendment to Patrick Hyundai Phase 2 Planned Development and a Special Use for an adult use cannabis dispensary for the vacant lot east of 325 E. Lake Cook Road.

Consider an Ordinance Declaring Surplus Revenue in the Village of Palatine Rand/Lake Cook TIF District Special Tax Allocation Fund

BACKGROUND:

The Village established the Rand/Lake Cook TIF District in 2012.

KEY ISSUES:

The CY 2022 Budget included the provision for a TIF Surplus Rebate from the Rand/Lake Cook TIF Fund. As of December 31, 2021, the Finance Department determined that a \$2,100,000 “surplus” was available. Staff is recommending the declaration of surplus for distribution to the affected taxing districts.

Upon formal approval, these funds will be sent to Cook County, which will then distribute the funds to the appropriate taxing agencies based on their pro rata share of the total tax rate. After receiving the surplus funds, the County’s distribution process is estimated to take approximately 30-60 days. The estimated distribution by agency is as follows:

Agency	Amount
District 15	\$ 738,360
District 211	596,190
Village of Palatine	254,940
Park District	133,980
Cook County	113,820
Harper College	86,730
Library	56,280
Township	29,190
Other Agencies	90,510
TOTAL	\$ 2,100,000

RECOMMENDATION:

Staff recommends approval of an Ordinance Declaring Surplus Revenue in the Village of Palatine Rand/Lake Cook TIF District Special Tax Allocation Fund

BUDGET IMPACT:

Provision for a Surplus was included in the CY 2022 Adopted Budget.

ACTION REQUIRED:

Motion to approve An Ordinance Declaring Surplus Revenue in the Village of Palatine Rand/Lake Cook TIF District Special Tax Allocation Fund.

Consider an Ordinance Declaring Surplus Revenue in the Village of Palatine Rand Corridor TIF District Special Tax Allocation Fund

BACKGROUND:

The Village established the Rand Road Corridor TIF District in 2003.

KEY ISSUES:

The CY 2022 Budget included the provision for a TIF Surplus Rebate from the Rand Road Corridor TIF Fund. As of December 31, 2021, the Finance Department determined that a \$1,500,000 “surplus” was available. Staff is recommending the declaration of surplus for distribution to the affected taxing districts.

Upon formal approval, these funds will be sent to Cook County, which will then distribute the funds to the appropriate taxing agencies based on their pro rata share of the total tax rate. After receiving the surplus funds, the County’s distribution process is estimated to take approximately 30-60 days. The estimated distribution by agency is as follows:

Agency	Amount
District 15	\$ 527,400
District 211	425,850
Village of Palatine	182,100
Park District	95,700
Cook County	81,300
Harper College	61,950
Library	40,200
Township	20,850
Other Agencies	64,650
TOTAL	\$ 1,500,000

RECOMMENDATION:

Staff recommends approval of an Ordinance Declaring Surplus Revenue in the Village of Palatine Rand Corridor TIF District Special Tax Allocation Fund

BUDGET IMPACT:

Provision for a Surplus was included in the CY 2022 Adopted Budget.

ACTION REQUIRED:

Motion to approve an Ordinance Declaring Surplus Revenue in the Village of Palatine Rand Corridor TIF District Special Tax Allocation Fund.

Consider a Motion to Approve an Intergovernmental Agreement with the Forest Preserve District of Cook County for the Smith Street Connector Path

BACKGROUND:

One of the few remaining components of the implementation of the Village's Bike Plan is the connection of the bikeway system to the Forest Preserve at the intersection of Smith Street and Dundee Road. The proposed path will connect the existing bike route on Smith Street to the path in the Deer Grove Forest Preserve. In addition, Smith Street will be signed as a bike route between Dundee Road and Cunningham Drive. Phase I and II engineering has been completed by Christopher B. Burke Engineering, Ltd.

KEY ISSUES:

- The agreement proposes that the Village will prepare the plans, award a contract, and act as the lead agency in the construction and construction engineering.
- In order to maintain the path, the Village will accept ownership and maintenance of select portions of the path to the Forest Preserve after construction.
- A temporary easement is required for the Village to construct the new path and a perpetual easement is required to confirm ownership of portions of the new path and allow access for future maintenance.
- A tree mitigation fee of \$5,305.29 is required.
- Plans have been also submitted to the Illinois Department of Transportation. Comments have been received, addressed, and resubmitted this month placing the project in a position to go out to bid in May or June.

ALTERNATIVES:

1. Approve the intergovernmental agreement with the Forest Preserve District of Cook County for the Smith Street Connector Path.
2. Refer back to Staff with comments.

RECOMMENDATION:

Staff recommends approval of the intergovernmental agreement.

BUDGET IMPACT:

The cost of this intergovernmental agreement has been budgeted in the Capital Improvement Plan to accommodate this work.

ACTION REQUIRED:

Motion to approve the intergovernmental agreement between the Village of Palatine and the Forest Preserve District of Cook County for the Smith Street Connector Path.

Consider a Motion to Approve an Intergovernmental Agreement with Cook County for Construction of the Smith Street Connector Path

BACKGROUND:

One of the few remaining components of the implementation of the Village's Bike Plan is the connection of the bikeway system to the Forest Preserve at the intersection of Smith Street and Dundee Road. The proposed path will connect the existing bike route on Smith Street to the path in the Deer Grove Forest Preserve. In addition, Smith Street will be signed as a bike route between Dundee Road and Cunningham Drive. Phase I and II engineering has been completed by Christopher B. Burke Engineering, Ltd.

KEY ISSUES:

- The agreement proposes that the Village will prepare the plans, award a contract, and act as the lead agency in the construction and construction engineering with Cook County reimbursing the Village \$115,000.
- The Village's cost estimate for this improvement is \$210,000.
- The Palatine Park District has agreed to share all costs for the improvement above \$115,000 equally with the Village in the form of a reimbursement after the project is complete.

ALTERNATIVES:

1. Approve the intergovernmental agreement with Cook County for the Smith Street Connector Path.
2. Refer back to Staff with comments.

RECOMMENDATION:

Staff recommends approval of the intergovernmental agreement.

BUDGET IMPACT:

The cost of this intergovernmental agreement has been budgeted in the Capital Improvement Plan to accommodate this work.

ACTION REQUIRED:

Motion to approve the intergovernmental agreement between the Village of Palatine and Cook County for the Smith Street Connector Path.

Consider a Resolution Approving a Reduction in the Louise Lane Subdivision Security Deposit Reduction

BACKGROUND:

On December 11, 2020, the Village Council accepted a public improvements security deposit in the amount of \$104,000 to insure the completion of the public improvements for the Louise Lane Subdivision. The initial security deposit was subsequently reduced to its current amount of \$13,400.06. The Developer has completed the required Public Improvements, which were inspected and approved by the Village's Engineering Department. Therefore, the Petitioner is seeking approval of the following:

Authorization to reduce the public improvements security deposit, as indicated

KEY ISSUES:

- The Petitioner has completed the remaining public improvements, as outlined in their Subdivision Improvement Agreement and Final Engineering Plans, for the Louise Lane Subdivision.
- The Petitioner has requested a letter of credit reduction of \$3,000.
- The public improvements security deposit could be reduced by \$3,000 to a remaining total of \$10,400.06 and still cover the remaining required one-year maintenance period, which began on January 24, 2022.

ALTERNATIVES:

1. Authorize the reduction in the public improvements security deposit.
2. Do not authorize the reduction in the public improvements security deposit.

RECOMMENDATION:

Staff recommends that the public improvements security deposit is reduced as indicated.

ACTION REQUIRED:

A motion to approve a resolution granting a reduction in the Public Improvements security deposit.

RESOLUTION NO. _____

**RESOLUTION AUTHORIZING A REDUCTION OF THE SECURITY DEPOSIT
FOR LOUISE LANE SUBDIVISION**

WHEREAS, on the 11 day of December, 2020, TDC Holdings LLC for good and valuable consideration agreed to install certain public improvements in the Louise Lane Subdivision; and

WHEREAS, pursuant to Section 9.02 of Appendix B of the Palatine Municipal Code, an owner or developer of a subdivision is required to deposit certain security or evidence thereof with the Village of Palatine to guarantee the installation of such public improvements; and

WHEREAS, in the matter of the Louise Lane Subdivision located at 501 W. Dundee Road, a letter of credit - #0348 (Cornerstone Bank), in the amount of \$104,000 was deposited with the Village of Palatine on the 11 day of December, 2020 to ensure the completion of the project improvements; and reduced down to its current amount of \$13,400.06 on January 24, 2022, which commenced the one-year maintenance period; and

WHEREAS, TDC Holdings LLC has made application for a reduction of the letter of credit in the amount of \$3,000, which is the cost for the installation of the required subdivision monuments; and

WHEREAS, an inspector with the Village's Engineering Department has inspected the public improvements and has found these improvements to have been satisfactorily completed.

NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of the Village of Palatine that:

SECTION 1: Approval pursuant to the Palatine Municipal Code, Appendix B Section 9.02 be and is hereby granted for the public improvements having a value of \$3,000 (monuments installed).

SECTION 2: The letter of credit is hereby reduced to \$10,400.06.

Consider a Resolution Regarding the Review of Closed Session Minutes

8.10

BACKGROUND:

Pursuant to the requirements of the Open Meetings Act, public bodies are to periodically review Closed Session minutes and release any that are no longer considered to be confidential. On April 18, 2022 the Village Council met in Closed Session to review the Closed Session Minutes and determined that a need for confidentiality still exists for all minutes on file.

ALTERNATIVES:

- 1) Approve the Resolution regarding review of Closed Session Minutes.
- 2) Refer back to Staff.

RECOMMENDATION:

The attached Resolution indicates that a need for confidentiality still exists for all unreleased Closed Session minutes, therefore no Closed Session Minutes will be released at this time.

ACTION REQUIRED:

Motion to approve the resolution regarding the review of Closed Session Minutes.

Consider an Ordinance Granting a Special Use for a Unique Use to Permit a Short-Term Rental at 26 N. Rohlwing Road

BACKGROUND:

The Petitioners are requesting to utilize one unit of their duplex as a short-term rental property. Short-term rentals are not contemplated as either a permitted or special use in the Village's residential districts. Accessory unique uses are identified as Special Uses, within the residential districts and defined as follows:

Accessory unique use. A subordinate use which is clearly and customarily incidental to the principal use of a building or premises and which is located on the same lot as the principal building or use which is not otherwise listed as a permitted use or a special use within any zoning district, except for such accessory parking facilities as are specifically authorized to locate elsewhere. (Ord. No. 0-115-12, §1, 8/6/12)

Therefore, the Petitioners are requesting approval of the following:

Special Use for an accessory unique use to allow one unit of a two unit home to be used as a short-term rental property.

KEY ISSUES:

- The Subject Property is zoned R-2 Single-Family Residential. The lot is 11,322 square feet and currently functions as 2-unit multi-family dwelling. The property was constructed as a duplex in the 1950's and received a Special Use for a duplex in the R-2 District in 1997 (Ordinance #O-35-97).
- The business plan indicates that the owners would use rental platforms (e.g. VRBO/Airbnb) to assist in scheduling and screening of guests. It further indicates that the unit's short-term rental would be dependent upon the owner residing in their unit and that if they are out of town, the other unit would not be rented. Also, the submitted materials indicate that "...pets, smoking, drugs, and loud music would not be allowed."
- Per the business plan, rentals are not anticipated to be less than one weekend and rentals for temporary work assignments may be considered, but do not anticipate multiple month rental situations.
- The specific furnishing of the units are listed below:
 - Unit #1: Main floor - 2,400 square feet, with a basement and two bedrooms, one full bathroom, and one $\frac{3}{4}$ bathroom. This unit also includes a full kitchen (with range and refrigerator), family room, living room, and a home office, with laundry facilities. The business plan indicates that the occupancy for this unit would be limited to five individuals (four adult maximum).
 - Unit #2: Second floor apartment - 1,000 square feet, including 2 bedrooms, 1 full bathroom, and eat -in kitchen (range, refrigerator, and microwave). The business plan indicates that this unit will be the focus for rental use.
- The Petitioners reside in unit #1, but the business plan indicates that they would like the flexibility to transition into unit #2 in order to rent unit #1, when circumstances are

warranted. In either situation, they would continually reside in one of the units.

- The Subject Property shares a driveway with 32 N. Rohlwing Road (directly north of subject property). Parking is provided with an existing two-car garage and attached car-port (1 parking space). The Petitioners indicate that the carport space and one driveway space will be available for the short-term rental. With the Petitioners having two cars, the additional parking needs, number of guest trips, and the existing shared driveway are additional Staff concerns for the proposed use. Public parking is also not allowed overnight on public streets.
- Staff does not think the introduction of short-term rentals into residential neighborhoods is an appropriate land use. In review of this Petition, Staff also polled the Northwest Municipal Conference to determine how other municipalities regulate their use. The results indicate that short-term rentals are also typically not permitted uses in other communities. If the Village Council agrees that short-term rentals should not be contemplated in the Village's residential districts, Staff would also recommend a specific text amendment to the Village Code to further clarify these restrictions.

ALTERNATIVES:

1. Approve the Special Use to Permit a Short-Term Rental as an Accessory Unique Use.
2. Do not approve the Special Use to Permit a Short-Term Rental as an Accessory Unique Use.

RECOMMENDATION:

Public Hearing: ZBA meeting on April 12, 2022

Residents testifying: One. The neighbor directly west of the Subject Property testified against the Special Use request and noted the impacts to the surrounding properties.

Vote: The ZBA voted 4-1 to approve the Special Use to Permit a Short-Term Rental as an Accessory Unique Use, Staff recommends denial.

ACTION REQUIRED:

A motion to approve the ordinance granting Special Use to Permit a Short-Term Rental as an Accessory Unique Use at 26 N. Rohlwing Road.
