VILLAGE COUNCIL & COMMITTEE OF THE WHOLE

MINUTES

APRIL 4, 2022

Regular Meeting **7:00 PM**

I. ROLL CALL – Time: 7:00 PM

Attendee Name	Title	Status	Arrived
Jim Schwantz	Mayor	Present	
Tim Millar	District 1 Councilman	Absent	
Scott Lamerand	District 2 Councilman	Present	
Doug Myslinski	District 3 Councilman	Present	
Greg Solberg	District 4 Councilman	Present	
Kollin Kozlowski	District 5 Councilman	Late	7:04 PM
Brad Helms	District 6 Councilman	Present	

Also Present:
Village Clerk Marg Duer, Village Manager Reid Ottesen, Deputy Village Manager Hadley Skeffington-Vos, Village Attorney Nicholas Standiford, Director of Community Development Mike Jacobs, Director of Public Works Matt Barry, Police Chief Dave Daigle, Fire Chief Patrick Gratzianna, IT Director Larry Schroth, Director of Finance Paul Mehring, and Director of Human Resources Pam Jackson

II. PLEDGE TO THE FLAG – Time: 7:00 PM

Mayor Schwantz invited everyone to stand and join him in the Pledge to the Flag.

III. APPROVAL OF MINUTES – Time: 7:00 PM

1. Village Council & Committee of the Whole - Regular Meeting - March 14, 2022 - **Accepted**

RESULT:	**ACCEPTED [UNANIMOUS]**
MOVER:	Doug Myslinski, District 3 Councilman
SECONDER:	Greg Solberg, District 4 Councilman
AYES:	Lamerand, Myslinski, Solberg, Kozlowski, Helms
ABSENT:	Millar

IV. MAYOR'S REPORT

1. As Submitted **-**

Mayor Schwantz announced upcoming events:

Wednesday, April 6: 8AM-9AM
State of the Village 2022
Palatine Village Hall – Council Chambers

Thursday, April 7: 5-6:30PM
Community Meal Drive-Thru
Immanuel Lutheran Church

Friday, April 8: 6:30PM
Fremd Music Association Trivia Night
Fremd High School

Saturday, April 9: 8AM-12PM
Free Textile Recycling Event
Palatine Township

Saturday, April 9: 9:30AM-12PM
Hound Egg Hunt
Fred P. Hall Amphitheater

Saturday, April 9: 10AM-12PM
Eggstravaganza – Crafts, Games, Egg Hunt
Harvest Bible Chapel

Saturday, April 9: 3PM-5:30PM
FUMC Easter Jam
First United Methodist Church

Saturday, April 9: 3PM-5:30PM
Easter Jam – Free Family Event
First United Methodist Church

V. RECESS TO THE COMMITTEE OF THE WHOLE – Time: 7:01 PM

Recess to Committee of the Whole **- Motion Carried by Voice Vote**

RESULT:	**MOTION CARRIED BY VOICE VOTE [UNANIMOUS]**
MOVER:	Brad Helms, District 6 Councilman
SECONDER:	Scott Lamerand, District 2 Councilman
AYES:	Lamerand, Myslinski, Solberg, Kozlowski, Helms
ABSENT:	Millar

VI. COMMITTEE OF THE WHOLE

A. ADMINISTRATION, TECHNOLOGY & COMMUNITY HEALTH COMMITTEE – Time: 7:02 PM

DOUG MYSLINSKI, CHAIRMAN

1. Authorize the Village Manager to Execute a Contract for Replacement Microwave Data Radio **- Approved by Voice Vote**

   IT Director Larry Schroth recommended replacing the antiquated Cambrium microwave data radios at Station 83 and awarding a contract to Orbis Solutions equipment for $44,292.04.

RESULT:	**APPROVED BY VOICE VOTE [UNANIMOUS]**
MOVER:	Scott Lamerand, District 2 Councilman
SECONDER:	Greg Solberg, District 4 Councilman
AYES:	Schwantz, Lamerand, Myslinski, Solberg, Helms
ABSENT:	Millar, Kozlowski

2. As Submitted **-**

   Nothing was submitted.

B. POLICE POLICY & CODE SERVICES COMMITTEE – Time: 7:03 PM

KOLLIN KOZLOWSKI, CHAIRMAN

1. Consider an Ordinance Decreasing the Number of Class G (Beer-Wine) Liquor Licenses by One and Increasing the Number of Class D (Restaurant) Liquor Licenses by One for Pink's Shrimp at 773 N. Quentin Road **- Motion Carried by Voice Vote** (Council District: One)

   Councilman Kozlowski arrived at 7:04 PM.

   Village Manager Reid Ottesen reported Pink's Shrimp, granted a Class G

Liquor License December 6, 2021, is requesting to replace it with a Class D Liquor License.

RESULT:	**MOTION CARRIED BY VOICE VOTE [UNANIMOUS]**
MOVER:	Scott Lamerand, District 2 Councilman

VI. COMMITTEE OF THE WHOLE

A. POLICE POLICY & CODE SERVICES COMMITTEE – Time: 7:05 PM

KOLLIN KOZLOWSKI, CHAIRMAN

1. 44 W. Palatine Road (Council District: Six)

The motion was to approve Items A. and B.

Planning & Zoning Director Ben Vyverberg presented Giovanni Labbate's request for a Special Use to permit Tievoli Restaurant to operate with a local liquor license at 44 W. Palatine Road and a request to apply for a Class G (Restaurant - Beer & Wine) Liquor License.

Minutes Acceptance: Minutes of Mar 14, 2022 7:00 PM (APPROVAL OF MINUTES)

RESULT:	**ADOPTED BY VOICE VOTE [UNANIMOUS]**
MOVER:	Brad Helms, District 6 Councilman
SECONDER:	Doug Myslinski, District 3 Councilman
AYES:	Schwantz, Millar, Lamerand, Myslinski, Solberg, Kozlowski, Helms

A. Consider an Ordinance Granting a Special Use to Permit a Restaurant (Tievoli Pizza Bar) with a Local Liquor License at 44 W. Palatine Road **- Approved** (Council District: Six)

B. Consider an Ordinance Increasing the Number of Class G (Restaurant - Beer & Wine) Liquor Licenses by One for TPB Palatine, LLC D/B/A as Tievoli Pizza Bar at 44 W. Palatine Road **- Approved** (Council District: Six)

2. 154 W. Northwest Highway (Council District: Six)

The motion was to approve Items A. and B.

Planning & Zoning Director Ben Vyverberg presented Annie Basa's request for a Special Use to permit alcohol service at Annie's Restaurant and Pancake House. Vyverberg also presented Annie Basa's request for a Class D (Restaurant) Liquor License for an existing restaurant.

RESULT:	**ADOPTED BY VOICE VOTE [UNANIMOUS]**
MOVER:	Doug Myslinski, District 3 Councilman
SECONDER:	Greg Solberg, District 4 Councilman
AYES:	Schwantz, Millar, Lamerand, Myslinski, Solberg, Kozlowski, Helms

A. Consider an Ordinance Granting a Special Use to Permit a Restaurant to Operate with a Local Liquor License at 154 W. Northwest Highway **- Approved** (Council District: Six)

B. Consider an Ordinance Increasing the Number of Class D (Restaurant) Liquor Licenses by One for Annie's Restaurant & Pancake House at 154 W. Northwest Highway **- Motion Carried by Voice Vote** (Council District: Six)

3. Consider an Ordinance Granting Variations for Residential Driveway Width to Permit a Driveway Expansion at 1028 W. Austin Lane **- Motion Carried by Voice Vote** (Council District: One)

Planning & Zoning Director Ben Vyverberg presented the petitioner's request for Variations to permit a residential driveway to be a total of 48 feet wide (max. is 30), and to permit a residential driveway to be 35 feet in width within 5 feet of the lot line (required 25 feet to side lot line). Vyverberg noted that commercial parking is prohibited.

Minutes Acceptance: Minutes of Mar 14, 2022 7:00 PM (APPROVAL OF MINUTES)

RESULT:	**MOTION CARRIED BY VOICE VOTE [UNANIMOUS]**
MOVER:	Tim Millar, District 1 Councilman
SECONDER:	Jim Schwantz, Mayor
AYES:	Schwantz, Millar, Lamerand, Myslinski, Solberg, Kozlowski, Helms

4. Discussion on Liquor License Classifications -

Village Manager Reid Ottesen presented the background of police staffing and liquor licenses for discussion and possible amendment, if deemed necessary. Palatine has 24 Liquor License Classifications, two that close as late as 4 AM (D1 with a LC). Palatine hours are longer than surrounding communities except Rolling Meadows. We are more focused on D-1 and Late Close licenses.

Graphs illustrated police incidents during hours of operation, increasing with migration into the center of town after other locations close.

Ottesen did not fault local establishments, but the customers who have reached an intolerable state by the time they arrive. Three additional officers will be needed to maintain proper police coverage throughout all neighborhoods with additional surveillance during the late hours if late close licenses are continued. He offered various scenarios to provide coverage. Ottesen noted Cook County is limiting liquor establishments from 3 or 4 AM close to 2 AM close time.

Ottesen suggested the D License with current closing times of 12 AM weekdays and 1 AM weekends could change to close at 1 AM weekdays and 2 AM weekends, eliminating the 3 and 4 AM close. Village would maintain the current cost of the D License.

Ottesen linked this discussion with that on Video Gaming (VG). The State is allowing Fraternal establishments (American Legion) gaming as of July, 2022, without local oversight. He projected a graph showing revenue from video gaming and the extent of local control with suggestions:

- 1 year successful business operation
- Liquor License
- 1 AM VG stop time
- minimum 4-foot separation wall
- sound control
- limit number of VG establishments
- allow or limit VG cafe's
- locations in Village
- prohibit exterior signage
- fee structure
- sunset provision

Minutes Acceptance: Minutes of Mar 14, 2022 7:00 PM (APPROVAL OF MINUTES)

Council discussion:

Chief Daigle confirmed Police have good relationships with establishments. Issues in 2019 were challenging. We didn't have staff to handle incidents. We would need 7 officers and 1 supervisor for late close; 2 AM close is reasonable with current staffing. 57% of incidents occur after 2 AM. For policing, 3 AM is challenging, 4 AM is impossible.

Councilman Kozlowski favors the proposed 1 AM weekday and 2 AM weekend close hours.

Councilman Helms suggested beginning weekend on Thursday night. The Late Close (LC) could be referred back to staff and the 2 businesses with LC license: Nellies and Gators, with consideration of a gradual shortening of hours. D License holders are the winners with additional hours at no additional cost.

Ottesen stated Nellies is not currently taking advantage of Late Close hours. Downtown is where the real problem is. Gators is a completely different business model for late-shift customers.

During COVID all establishments closed at the same time and problems were eliminated, Ottesen said.

In response to Mayor Schwantz, Ottesen stated Cook County has limited liquor establishments to 2 AM close, eliminating late close. There are two County establishments on the edge of Palatine. Ottesen added the American Legion is a private establishment and has all that is necessary for video gaming.

Councilman Myslinski noted that the areas of Palatine that need surveillance would have the attention they need if liquor hours are restricted. Since Gators is outside the downtown entertainment area, it could be given at least a 3:00 AM close to avoid unwarranted sacrifice. Chief Daigle responded, if we have a late close, it will draw negative activity. Extending the 2 AM close on Thursday would not greatly impact policing.

Councilmen Lamerand and Millar favor granting Gators later close, but shorter hours downtown to eliminate late migration.

In response to Councilman Solberg, Daigle said providing police presence for the hour from 1-2 AM, Thursday-Saturday would not be a problem.

Ottesen stated that alcohol consumption must stop at close time.

Attorney Brankin stated it is a "consumption on premises" license --therefore, you cannot be serving or consuming after 2:00 AM. Customers are asked to leave at 2 AM.

Minutes Acceptance: Minutes of Mar 14, 2022 7:00 PM (APPROVAL OF MINUTES)

Lamplighters sent a letter, which is attached.

Dave Gagner, JL's, stated that people are moving from establishment to establishment, not coming in from other communities.

Neil Jolcover from Gators, appreciated the distinction between Gators and the downtown establishments. His business would be hurt by shorter hours. To change to 3 AM close would be OK. From Wednesday on people will stay out later. Thursday begins the weekend. Sundays are slow and close early by 9 PM.

The sense of the Council: Sunday - Wednesday, 1 AM close; Thursday - Saturday, 2 AM close in downtown entertainment district, eliminating the D-1 License. Late Close License would be reconsidered for Rand Road separately.

5. Discussion on Video Gaming -

Village Manager Reid Ottesen opened discussion on Video Gaming (VG), allowed by the State in fraternal organizations. The State establishes the local municipality as the governing body for video gaming in liquor establishments. He noted the revenue of 33% to bar owner, 33% to terminal operator, 29% to State and 5% to the local municipality.

Local government controls the type of liquor license that would qualify and the hours of operation to end before liquor service stops.

Terminals are regulated locally; the state allows 6 terminals with 4 foot wall separation. A 40 square-foot area per terminal is suggested, which could be configured in various ways, with a locally approved floor plan.

Regarding tenure, Ottesen said a video gaming license is a privilege, with local review. The Village can restrict video gaming cafes--establishments must be operating in good standing to qualify for video gaming.

Surveillance is required by state law. Signage is locally controlled.

Village will receive a VG terminal fee proposed at $1,000 per terminal.

Sunset provision is clearly stated up front.

There is a comfort level with current establishments, but Ottesen hesitates with outside operators who we don't know, and lack an established relationship.

Council comments:

Councilman Kozlowski would give staff leeway to establish the VG area

Minutes Acceptance: Minutes of Mar 14, 2022 7:00 PM (APPROVAL OF MINUTES)

based on available space. Surveillance is required, video surveillance is allowed.

Ottesen wants guidelines to begin the process, which will have to be adjusted for the individual needs. Part of issuing a license will be approval of the floor plan.

Councilmen Myslinski and Solberg recommended separation of the gaming area should depend on the individual establishment's floor plan, whether a 4 foot wall or stanchion is best.

Councilman Kozlowski supported the requirement of one year of operation with a liquor license/hospitality industry in good standing as necessary to apply for a gaming license.

Cafe gaming:

Ottesen asked Council to defer for a year the discussion on cafe gaming, to allow staff time to prepare. Ottesen stated that cafe business is for gaming primarily, not much for food and drink.

Councilman Millar said cafes would bring tax revenue from vacant spaces. Signage will let customers know recording is taking place in establishments with video surveillance.

Council supports no signage on windows or building exterior, and that video machines would not be visible from outside the establishment. Ottesen noted flexibility at time of approval, based on floor plan. Having the language gives guidelines. Relief can be granted based on the application.

Ottesen defined the "Sunset" provision with an expiration of 2 years from July 2022. Proceeds from VG is to go into capital investment. Defer Cafe discussion to next year.

Councilman Helms suggested a 2-year hold on cafes until gaming establishments are considered--after the review.

Councilman Millar repeated that cafes provide more revenue.

Councilman Lamerand noted that food and liquor license is required for a cafe and it may not fit in small vacant spaces.

Fee structure: $1,000 per machine was suggested.
Liquor license-Class VG is recommended at $5,142.

Zoning exists for existing liquor establishments. Cafes may require zoning.

Councilman Helms suggested state highways and distance between cafes.

Minutes Acceptance: Minutes of Mar 14, 2022 7:00 PM (APPROVAL OF MINUTES)

Requirements are not established yet by Council. Staff would appreciate time to prepare.

Councilman Myslinski asked why stop gaming at 1AM when establishment is oven until 2 AM? Ottesen stated a patron's heavy investment in the machine at close and potential need for police are two things supporting shut off time a little earlier at 1:30 AM-- 30 minutes before close.

Councilman Millar: Seven years ago, in the 2015 referendum, 60/40 opposed video gaming. Since then the state has allowed video gaming in all municipalities. Councilman Millar asked if another referendum should be posed or if the Village can require a minimum pay out?

Village Attorney Brankin said State law regulates pay out, but whether municipality can set it is uncertain. Attorney is checking. Somewhere the payout could be posted, suggested Ottesen. Staff will bring Cafe Gaming back for further discussion.

The American Legion can begin July 1, 2022. Village wants the license to be available when new liquor licenses go out. Ottesen will try to bring back a Gaming Ordinance by the second meeting in April.

Lisa Bellanca, Lamplighters, noted stanchions are required if anyone under 21 is in the area. In a bar, it is not required. Ottesen did say home rule has the right to consider local restrictions and to be more restrictive than the state. Bellanca also noted the square footage required per machine and the establishment's final floor plan will be the guide.

Dave Gagner, JLPizza, hopes to offset costs with gaming. Opposes early game stop.

Cha Chi, Alley 64, asked about payout regulations. He asked if a shade would be OK for blocking view. Ottesen reiterated that the floor plan will be flexible based on the establishment.

Councilman Millar stated having less leeway is better.

Dave Gagner, JL's, noted that the state official comes out to determine floorplan first. Ottesen stated it is best to go through the Village

Scott Malach, J&J Gaming, on the sunset part of the ordinance, it will take time for the state website changes to get site inspection, and licensing. You may want to begin the sunset time to begin when the business goes live.

Ottesen stated the Council would have flexibility.

J&J Gaming clarified, the Municipality cannot set payout. Percentages are set at 91 and 93% payout. Attorney Brankin quoted the State Code that

Minutes Acceptance: Minutes of Mar 14, 2022 7:00 PM (APPROVAL OF MINUTES)

there is a regulatory process established to set standards.

Ottesen said staff will bring these topics back to the Council tentatively on April 11.

6. As Submitted -

Nothing was submitted.

B. INFRASTRUCTURE & ENVIRONMENT COMMITTEE

TIM MILLAR, CHAIRMAN

1. Consider a Motion to Award a Contract for the 2022 Sewer Rehabilitation Program **- Approved by Voice Vote**

To eliminate excess infiltration/inflow, eliminate root intrusion into the sanitary sewers, and eliminate sewer blockages, Public Works Director Matt Barry recommended awarding the contract for the 2022 Sewer Rehabilitation Program (CIPP) to the low responsive bidder, Hoerr Construction in the amount of $198,264.50.

SUBMITTED BY:

Margaret R. Duer
Village Clerk

Minutes Acceptance: Minutes of Mar 14, 2022 7:00 PM (APPROVAL OF MINUTES)

Authorize the Village Manager to Execute a Contract for Replacement Microwave Data Radio

BACKGROUND: The Cambium microwave data radios that provide primary data / voice connections to Fire Station 83 and Winston water tank are now ten (10) years old and are no longer supported by the vendor. The equipment has had failures in the past and future repairs may not be possible.

This proposal provides replacement for both links with updated Cambium equipment and provides higher-speed connections to the sites.

An RFP was published, and seven bids were received for the replacement project, with Orbis Solutions providing the lowest compliant bid of $44,292.04, which is under the $50,000 budgeted amount by $5,707.96.

KEY ISSUES:

- Older equipment has failed in the past and is no longer supported.
- Higher data speed connections are needed to the Fire Station 83.

ALTERNATIVES:

1. Approve awarding replacement of microwave data radios to Orbis Solutions.
2. Refer back to staff.

RECOMMENDATION:

Staff recommends award of the contract to Orbis Solutions.

ACTION REQUIRED:

A motion to authorize the Village Manager to execute a contract with Orbis Solutions for the replacement of data radios in the amount of $44,292.04.

RE: Village of Palatine Point-to-Point Wireless Network

Mr. Schroth,

Thank you for the opportunity to provide the Village of Palatine with a comprehensive proposal for a Wireless Point-to-Point Network.

Please see the enclosed proposal. We hope to have the opportunity to continue to work with you on your wireless network. Please contact me at any time with any questions or items you'd like to discuss in more detail.

Regards,

Brad Miller

Section 1 - Executive Summary

Orbis Solutions is a leading provider of information technology solutions and equipment specializing in design, implementation and support for municipalities, local businesses, & schools in the Chicagoland area.

Orbis Solutions is a local company with headquarters located at ***1585 Beverly Court, Suite 123, Aurora, IL***. The company was founded in 2003 and has been in business for 19 years.

We have partnered with many other municipalities and businesses to install and support various IT projects over the past 19 years. Just a few of these clients include The Village of Burr Ridge, The Village of Hinsdale, The Village of Prairie Grove, Resurrection University (Chicago, IL), The City of Geneva, and Phillips Chevrolet (Frankfort, Lansing, & Bradley, IL). We recommend contacting our references so you can hear firsthand from several of our clients.

Orbis Solutions is uniquely qualified to support the Village of Palatine as follows:

- ***Municipal Experience:*** We have experience working with a number of local municipalities including the Village of Palatine. As you likely know, in 2021 we designed and completed an upgrade on the Village of Palatine's 500 Mb point-to-point fixed wireless system. Orbis completed the decommissioning of existing equipment and cabling while minimizing downtime to finish on time and on budget.

- ***Industry & Marketplace Knowledge:*** In an industry with rapid changes in the marketplace, it is imperative that we stay on top of trends, new technologies & products, and security threats. Orbis constantly invests in continuing education and training for all our technical staff. We review, partner, and curate best of breed vendors and products in industry categories to help us provide you with the best selection of services and products to meet your goals.

- ***Local Support:*** Orbis Solutions' headquarters in Aurora, IL is home to a staff of high-level technicians & engineers with qualifications and experience in a range of areas. We also have exposure to multiple businesses outside of your organization, so we gain real world experience amongst your peer group as well as across industries.

Attachment: Orbis (Award of contract for Replacement Microwave Data Radio)

Section 2 - Technical Specifications

List the technical specifications of the hardware and associated costs. Provide delivery projections with order date of March 22nd, 2022.

- **Technical Specifications:** Our technical proposal is comprehensive including expected noise level measurements, coverage range, planned utilized frequencies, projected annual uptime. Please see **Exhibit A.**

- **Pricing:** We have prepared pricing based on the scope of work provided in the RFP.

  The total project price for the sale, engineering, sales support, installation, certification of 500+ Mb Licensed Wireless Data network at the locations listed in the RFP, decommissioning of old equipment, and training for administration and configuration of the equipment, is **$44,292.04.**

  The included Bill of Materials is outlined in Exhibit A.

  The price is firm and that there will be no escalation at time of delivery / installation.

- **Reoccurring Fees:** There are no reoccurring fees. Licensing is valid for 10 years.

- **Delivery Projection:** The project is estimated to be completed within 30 days of an order date of 3/22/22.

- **Optional Encryption:** AES Encryption is available after June 2022. We can add encryption at that time, if desired, for an additional cost of $6,000.

References

We have partnered with many other municipalities and businesses to install and support various IT projects over the past 19 years.

Orbis Solutions has regularly been awarded the Kane County Chronicle's "Best of the Fox" recognition in the Computer/IT category.

We recommend contacting our references so you can hear firsthand from several of our clients.

Reference #1:

Client: Village of Burr Ridge
Location: Burr Ridge, IL
Contact: Evan Walter, Village Administrator
Phone: (630) 654-8181 ext. 2000
Email: ewalter@burr-ridge.gov
Length of Services: 16 years

Scope of Services:
Orbis Solutions has provided the Village of Burr Ridge with comprehensive, on-demand IT support for 16 years.

We have built and managed a point-to-point wireless network for the Village of Burr Ridge. We have also helped them develop and integrate a Neighborhood Surveillance Program, which includes the installation of 70 cameras as well as the wireless network that links the cameras to a Village Hall server. The program involves partnership with the Village of Burr Ridge and a dozen local home-owner associations.

Orbis also provides help desk support, day-to-day troubleshooting, management of the Village's network and servers, comprehensive cyber security measures, and management of all peripheral devices including printers, switches, phones, mobile devices, and local cable channel broadcast support. We have built wired and wireless networks in the Village's municipal buildings to support hundreds of devices.

Reference #2:

Client: Burr Ridge Police Dept
Location: Burr Ridge, IL
Contact: John Madden, Chief of Police
Phone: 630-654-8181
Email: jmadden@burr-ridge.gov
Length of Services: 16 years

Scope of Services:
IT support for Burr Ridge Police Dept has been comprehensive from desktop support and network design to video surveillance, implementation & support for Computer Aided Dispatch (CAD) and Records Management System (RMS).

The Village's network includes an Orbis designed point-to-point microwave as the backbone supporting the neighborhood surveillance project as well as all interbuilding network communications. The below case study highlights the success of this project that resulted in several arrests of career criminals.

Reference #3:

Client: Village of Hinsdale
Location: Hinsdale, IL
Contact: Bradley Bloom, Assistant Village Manager/Director of Public Safety
Phone: 630-789-7007
Email: bbloom@villageofhinsdale.org
Length of Services: 3 years

Scope of Services:
In 2021, we installed a point-to-point wireless network connection from the Village Hall to a new parking deck for emergency communications and a surveillance system.

In addition to the wireless network design build, we have supported the Village of Hinsdale with managed IT services since 2019. We provide dedicated onsite IT support that is comprehensive in scope including: General IT Support; Email & System Security, Network & Server Administration, Phone & Voicemail systems, Village website, Local Cable Channel & Broadcast production, Village Cell Phones, and Strategic IT Planning.

What Our Customers Have To Say...

This Solution Prevents us from Experiencing Costly Downtime

I am in an industry that highly values uptime. Before coming to Orbis, we experienced an issue during tax season that prompted us to look for a more stable and reliable solution. Orbis designed and installed a highly available system that has prevented us from experiencing incredibly costly downtime. Potential downtime is no longer something I lose sleep over.

- ***Mark Geoffrey, Owner of Geoffrey Johns & Associates*** *– a full service accounting firm serving the Kankakee, IL area.*

Our Critical Needs are Taken Care Of

The single biggest benefit we have realized since partnering with Orbis is their fast response time – especially when we have critical needs. The service, support and expertise of Brad and his team is superior to other firms we've worked with in the past. If you are on the fence about selecting Orbis, I can assure you they will take good care of you!

- ***Gary Thrun, Vice President of Anchor Products Co*** *– a leading manufacturer of innovative surgical products headquartered in Addison, IL.*

We Love the Streamlined Support & Fast Service

Since the implementation of our first project a few years ago, we have been a satisfied customer of Orbis Solutions. The single biggest benefit is the automated services available with our Orbis partnership! We love their streamlined support for all of our needs. Since our partnership with Orbis, we have never had any major issues. When we do need support, their help desk is quick to respond and complete the project.

- ***Dawn Moticik, Office Manager at Central DuPage Foot & Ankle Associates*** *-- a podiatry practice located in Winfield, IL.*

Orbis Steers You in the Right Direction with your Bottom Line in Mind

IROQUOIS Mental Health Center

In our industry, we can't afford to have hours of downtime when we experience a problem. Brad and his staff are always very knowledgeable about the IT issues affecting our organization and provide quick resolutions. The Orbis team is always thinking about ways that making a change could **make a positive impact on our performance** and providing solutions that continually help improve our business process.

- ***Cherie Goselin, Associate Executive Director at Iroquois Mental Health Center*** – *a nonprofit community mental health center with 10 clinics throughout Iroquois County, Illinois.*

Conscientious of Time Critical Issues & Flexible with Time Constraints

While working with the Orbis team, I found all individuals a pleasure to work with. They were extremely professional and knowledgeable in their area of expertise. Unlike past IT companies that I've worked with, Brad and his team were very conscientious of time critical issues and were flexible when time constraints required the change of our established timeline. I look forward to working with the members of Orbis again in the near future!

- ***Matthew Hertzog, Assistant Vice President of Technology & CIO of Resurrection University*** – *a private, Catholic university located in Chicago*

Orbis Prioritizes Customer Satisfaction Even After the Sale

The single biggest benefit of working with Orbis is finally having a properly operating Wi-Fi/A-V environment in our home. They outperformed our previous provider by proving these three essential attributes of a good tech provider:

1. Communicating highly technical processes in a manner that was clear and understandable to the customer
2. Delivering on-time, professional technical support by well-groomed, polite and highly competent technicians
3. Maintaining an ethical, ongoing interest in the satisfaction of the customer after the sale was made

If someone is on the fence about choosing Orbis I would be happy to relate our experience and would urge them to give great regard for the company.

- ***Mike Weible, Homeowner in St Charles, IL***

Well-Rounded Tech Expertise

The professionals at Orbis Solutions are prompt and responsive to our not for profit organization's tech needs. Their trusted expertise and willingness to work with us to meet our unique needs are greatly appreciated.

Deanna Tyrpak, Co-Founder & Executive Director of Soaring Eagle Academy *-- a special education school in Lombard, IL.*

---

360 Degrees of Support: Design, Installation, & Management

Orbis is more than just a "trusted IT partner" for the Village. They are our IT Department! We have been outsourcing the IT Department with them for the past 15 years. Orbis Solutions continues to support the Village on a variety of projects. The design and installation of the Village's wireless network met our goals and was on budget. Their team's knowledge and experience was critical in helping us find the right solutions to fit the Village's needs. Most importantly, it works! Orbis stands behind their installs and provides ongoing management, support/maintenance, and training as needed.

Jerry Sapp, Finance Director *for the Village of Burr Ridge, Illinois*

Responsive, Cost-Effective, & Trustworthy Provider

Since we have partnered with Orbis Solutions for IT managed services, we have found them to offer a responsive and cost-effective solution for all our needs. The Orbis representatives always communicate in straight forward and understandable terms that everyone on our team can understand. Additionally, Orbis doesn't try and oversell us on products and services we don't need. If you're tasked with selecting an IT firm and are not sure whether to move forward with Orbis, consider speaking directly with a few customers to get their unbiased feedback on performance and responsiveness.

Bradley Bloom, Assistant Village Manager/Director of Public Safety *for the Village of Hinsdale, Illinois*

1585 Beverly Ct, Suite 123, Aurora, IL 60502

Customer Success Stories:
Point-to-Point Wireless Networking

Point-to-point wireless networks have been the connectivity choice for telecom carriers, corporate organizations, and government authorities for many years. Where line-of-sight exists between two points, a point-to-point wireless bridge can be set-up and installed with minimum disruption.

These networks offer high speed, high availability over large connection distances, and can be relied upon to carry voice and data traffic in a number of bandwidth-intensive applications.

A point-to-point network is often used at the municipal level for the wireless backhaul for CCTV connectivity and allows police, fire departments, and other city employees to do certain aspects of their jobs remotely.

Orbis Solutions has a team of wireless networking technicians with experience designing and installing large projects while also taking care of upgrades, maintenance, and break-fix emergencies.

Customer Success Stories:
Point-to-Point Wireless Networking

Parking Deck Design Build for the Village of Hinsdale

In the summer of 2020, the Village of Hinsdale, Illinois erected a two-level, 319 space parking deck adjacent to their central business district. The parking deck helped solve parking issues in downtown Hinsdale – it's location was just in front of Village Hall and just a short walk from downtown shops and restaurants.

To finish the project, the Village wanted a point-to-point wireless network connection from Village Hall to the new parking deck for emergency communications and for their surveillance system.

The Design: Orbis' wireless team worked with the Village's middle school, the parking deck contractors, and the Village to come up with a fixed wireless solution that met the needs of the Village while respecting the wishes of the middle school to remain independent of any middle school network infrastructure.

The Execution: The point-to-point wireless connection was installed from an attic window at Village Hall to the roof of the middle school, extending from there to the network closet in the basement via fiber.

The connection provides 1 Gbs service and 99.999% availability, also known as "five-nines", which is a highly desirable availability rate equating to less than 6 minutes of downtime per year.

Orbis SOLUTIONS

Customer Success Stories: Point-to-Point Wireless Networking

Emergency Support for The Village of Burr Ridge

Orbis Solutions has provided the Village of Burr Ridge, Illinois with IT support for over 15 years, managing many aspects of IT from help desk support and day-to-day troubleshooting to servers and cyber security.

Orbis also designed and actively maintains the Village's point-to-point network that is used for the wireless backhaul for their Neighborhood Surveillance Program. This project connects over 70 surveillance cameras installed by local homeowners associations to a server at Village Hall. From there, police officers utilize the network to get instant access to camera footage in every squad car and every computer in the police station.

The Problem: After a direct hit by a tornado, the Village's point-to-point network backbone between water towers was down. Orbis Solutions was dispatched to determine the problem and find a solution. Unfortunately, they discovered key equipment at the top of the tower was catastrophically damaged.

The Resolution: Orbis worked with the Village and the third-party carriers that shared space on the tower to coordinate the decommission of the old equipment. Orbis also worked with a fabricator to manufacture new mounts.

The replacement infrastructure and equipment was installed and tested. Orbis also upgraded the endpoints connecting back to the point to multipoint wireless supporting the Village's HOA camera system.

Extreme weather can be disruptive and damaging to a point-to-point wireless network. Every network needs a regular maintenance schedule as well as a plan for emergency repair and support.

Orbis SOLUTIONS

Neighborhood Surveillance Program Increases Safety, Reduces Crime

13 subdivisions. 70 cameras. Thousands of residents with peace of mind.

Thanks to a partnership between the Village of Burr Ridge, homeowner associations, and Orbis Solutions, many of the neighborhoods in this Chicago suburb are enjoying greater safety and security.

How? Through the Neighborhood Video Surveillance Program. This effective system uses cameras at the subdivisions' entrances to monitor residential streets.

How It Works

Overview cameras capture the make, model and color of all vehicles traveling in and out of the neighborhood as well as anyone entering or exiting on foot. Targeted license-plate recognition cameras capture all license plates entering and leaving the subdivision. Video is transmitted via an Orbis Solutions designed and maintained wireless microwave backhaul to the Village Hall server, where the Police Department can access the footage.

"This is a great tool for the police department to access," reports Jerry Sapp, Village of Burr Ridge Finance Director. "It's a real partnership between the homeowner associations, the village, and the police department. We've already had several successes at helping to solve crimes."

Orbis Solutions, the technology company who installed the cameras and microwave connectivity to the dispatch center, helps ensure the reliability of the surveillance.

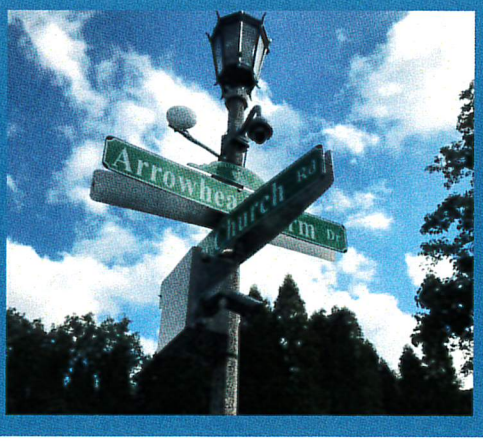

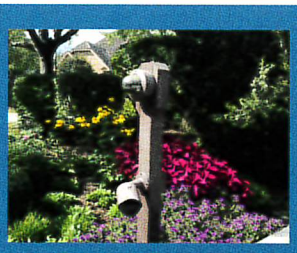

Thirteen Burr Ridge subdivisions have integrated video surveillance and several local businesses are next in line.

Orbis monitors the connectivity and functionality of the cameras on a real-time basis from their network operations center in Aurora, IL. The constant footage is made available for the police to quickly review if an incident occurs in one of the neighborhoods.

Who It Benefits

With these cameras in place, the subdivisions enjoy a visual deterrent for criminal activities. The system provides security for residents and a valuable tool for police investigators and court officials. Police officers can also access the video feed to monitor multiple locations from a single squad car or the police station. The program makes a strong overall public safety statement that the Burr Ridge neighborhoods are being monitored for crime.

Orbis Solutions collaborated with each HOA and the city to utilize existing infrastructure for camera placement and, when necessary, place new mounts.

Attachment: Orbis (Award of contract for Replacement Microwave Data Radio)

Neighborhood Surveillance Program Increases Safety, Reduces Crime

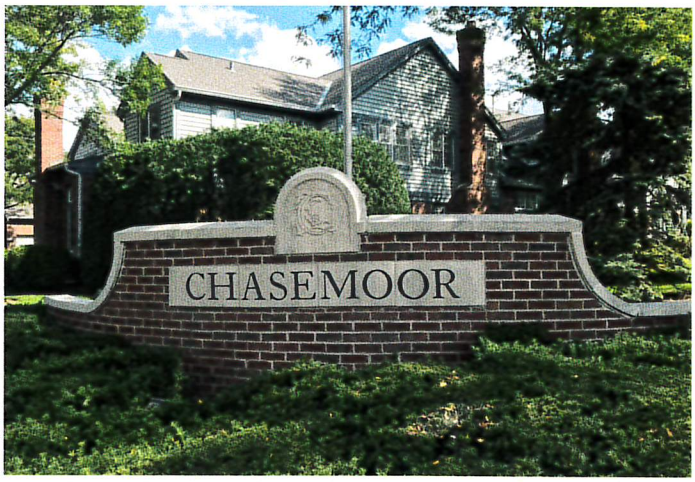

Due to the increased security, participating HOAs enjoy additional appeal to residents. This isn't something every subdivision in Chicagoland offers, so it's a nice perk to attract buyers to the neighborhood.

HOA boards are taking advantage of this great partnership to provide a low-cost, low-maintenance, and high-return security feature for their neighborhoods. Each Burr Ridge HOA covers the cost of the cameras for their neighborhood, and the village provides the network for the video feed.

Randy Grant, HOA board member for Chasemoor subdivision in Burr Ridge, explains, "It's is an extremely affordable criminal deterrent solution given that the HOA shares the investment with the Village. Our HOA's out-of-pocket camera hardware has been prorated for ten years (based on the manufacturer's rated lifespan). For our populace, this adds less than $1/month over ten years, to a homeowner's existing assessment. Compare the small financial outlay of such a system to that of a security gate weighed down by the expense of having it manned. The value is obvious if the technology is supported by a Village like ours."

For HOAs in other villages looking to increase neighborhood security, self-contained systems are also an option. The HOA simply needs a central building to house the recording device.

Grant adds that his experience with this system has been "excellent." He reports, "Some homeowners initially had mixed emotions about privacy concerns; however today, it's hard to argue against the news of our time, and the fact that there have been no break-ins, as there had been in our development before implementation of the program. Doubt-sayers will argue about clever ways to subvert the technology, and nothing can ever be foolproof, but at the end of the day there are easier targets for the bad guys to go after.

Chasemoor's HOA determined the surveillance program cost less than $1 per month for their homeowners.

As more and more developments get onboard, the protection perimeter will enlarge and solidify the reputation of the town's criminal-deterrence strength, which hopefully should reflect positively on the value of all homeowners' properties."

Why It Works

Sapp notes that a key to the success of this program is the partnership between the Village of Burr Ridge and Orbis Solutions. "Orbis can take a video surveillance project from concept to completion. They do all the planning, installation, and monitoring. That's why we partner with Orbis, because they can take it from start to finish – from idea to operation, and all the steps in between."

To date, thirteen neighborhoods across Burr Ridge have joined the many HOAs that Orbis Solutions has supported throughout the country. Some local businesses have also expressed interest at getting involved with the program, and the village continues to promote the system to its HOAs. As the partnership between HOAs, Orbis Solutions, and the Village of Burr Ridge continues to grow, so does the security of this dynamic city.

Career Criminals Stopped in Their Tracks by Neighborhood Surveillance System

The Burr Ridge, Illinois Police Department is cutting criminal careers short. How? Through a partnership with homeowner associations, the Village Hall, and technology leader Orbis Solutions (Aurora, Illinois).

These organizations have come together to implement the Neighborhood Video Surveillance Program. This crime-reducing initiative relies on technology provided by Orbis Solutions to monitor neighborhoods across the city. To date, the company has installed 70 cameras at the entrances to 13 subdivisions in the Village of Burr Ridge.

All vehicles traveling in and out of these subdivisions are captured on overview cameras and targeted license-plate recognition cameras. Video from these devices is transmitted via an Orbis-designed and maintained wireless system that networks the cameras to the Village Hall server, where the Police Department can access the footage.

Burr Ridge Deputy Chief Marc Loftus reported this program has been a benefit to the community as a whole. He explained, "As this program has been implemented in more subdivisions, the officers in the department are able to search more areas for incidents as minor as a car striking a sign, to auto thefts and burglaries. A lot of these incidents would be unsolvable in the past. The residents, I think, are more apt to report incidents that they normally wouldn't, knowing there's a chance that it was caught on video."

Surveillance Success

The system is generating specific results, too. Loftus shared some of the recent success stories: "The first subdivision camera system was set-up in an area near Plainfield Road and County Line Road. Shortly after install, there was an attempted break-in at a home where the cameras were installed. Our detectives were able to view that video, get a license plate from the offender's vehicle, and a very clear picture of the offender. The information developed from this case resulted in a nation-wide investigation and resulted in several arrests of career criminals."

Burr Ridge Police Department patrol cars have remote access to neighborhood surveillance cameras

"On a smaller scale, and more in line with one of the many concerns reported by residents: We received a complaint of a speeding auto in a subdivision. Based on the description given by the resident, we were able to identify the vehicle and the owner. We also saw the driver of the vehicle looked much younger than the registered owner. We were able to contact the registered owner and determined that his 16-year-old son was driving the car. We allowed the parents of the young driver to address the situation with him, and the residents of the subdivision were pleased with the outcome."

Key to Success

What has made these wins possible? A key component is the reliable service provided by Orbis Solutions. Loftus noted, "Orbis is great to work with because they've delivered a system that 'just works.' We cannot monitor the systems on a 24/7 basis. We only view the systems when there is an incident requiring investigation. When our officers, who all have differing levels of technological expertise, log on to the system, it works as it should. If there ever is a question, Orbis responds immediately via phone to walk an officer through the system, or in rare instances, responds to the station to help."

And if more neighborhoods want to take advantage of this effective system? "I know the turn-around from Orbis is quick," said Loftus. "When a homeowners' association finally makes the decision to implement a camera system, it is up and ready in a very short time."

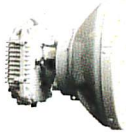

Ongoing successes are expected, as the police department plans to continue working with the Village of Burr Ridge and Orbis Solutions to enhance the security of their city and their service to its residents.

Orbis Solutions Staff Bios

Company personnel are listed below along with highlights of their qualifications and experience.

Brad Miller

Title: President
Education: BS in Computer Science, CCNA, CCDA, CCNP CCDP, MSCE
Summary of Experience:

- 20 years in IT, 13 years running Orbis Solutions
- 10 years managing the network / IT Systems of a municipality
- Enterprise Network design and implementation
- Enterprise Wireless design and implementation, indoor and outdoor
- Design and Installation of IP phone systems, specifically Cisco
- Move, adds, and changes to traditional phone systems and related wiring
- Support and install Sensus meter reading software
- Support and install Laserfiche
- GIS systems installation and support
- Filemaker
- Supporting many of the State and County Police systems such as LEADS 2000, CJIS, Live Scan Etc.
- Supporting Police MDC's and their CAD programs.
- Implementing and supporting E-Ticket
- Working with State and County agencies to resolve interagency IT issues related to interagency systems
- Skilled in dealing with decision makes and effectively communication technical issues in easy to understand language
- Install, configure and troubleshoot Windows Server 2003, 2008, 2012
- Install, configure, and troubleshoot Exchange Servers
- Active Directory configuration
- Group Policy Management
- Virtualization using Hyper-V
- Virtualization using VMWare
- Mobile device support for Android/Apple
- Troubleshooting Windows XP/ Vista/ 7 / 8
- Install and configure Microsoft Office 2007, 2010, 2013
- Experience working with Google Apps, IIS, SQL, VoIP
- Configuring network services (DHCP/DNS/SMTP/IPSEC/QoS/WiFi/NAT/etc)
- Installing and configuring routers and firewalls
- Skilled with virus removal and network security
- Regulatory Compliance Issues

Attachment: Orbis (Award of contract for Replacement Microwave Data Radio)

- Manage user accounts in Active Directory and within other business applications
- Maintain and configure networking systems (HP switches, Cisco Pix and Juniper SRX firewalls)
- Experience with Acronis and Symantec Backup Exec daily/weekly backups.
- Administer SIP based phone system using FreePBX
- Consulted with CEO's/Managers on hardware/software solutions for their business needs
- Installed Domain Controllers, Virtual Servers, Exchange Servers, SQL Servers
- Installed Cisco/Fortinet firewalls, Cisco/Fortinet routers
- Set up DHCP, DNS, WIFI, network security
- Desktop, Tablet and Mobile Device support for Windows, Android and Apple
- Experience managing implementation projects
- Installation of cabling and network infrastructure
- Board room technology design and implementation
- Audio / Video technologies implementation
- Security / surveillance systems installation and support
- Entry and control systems installation and support

Chris Wolf

Title: Senior Help Desk Technician
Education: BS, Illinois State University
Summary of Experience:

- 20 years experience in IT
- Ten years hands-on experience configuring desktops, laptops, mobile devices, servers, routers, switches, and rack & stack
- Experience managing deployment projects encompassing all major hardware technologies: end-user compute, mobile, server, storage network.
- A+ Certified
- IT and technical skills – including research, project and records management
- Mobile device support for Android/Apple
- Troubleshooting Windows XP/ Vista/ 7 / 8
- Install and configure Microsoft Office 2007, 2010, 2013
- Installing and configuring routers and firewalls
- Skilled with virus removal and network security
- Manage user accounts in Active Directory and within other business applications
- Maintain and configure PC/Server operating systems (Windows Server, Linux Distros)
- Maintain and configure networking systems (HP switches, Cisco Pix and Juniper SRX firewalls)
- Experience with Acronis and Symantec Backup Exec daily/weekly backups.
- Desktop, Tablet and Mobile Device support for Windows, Android and Apple
- Experience managing implementation projects

Attachment: Orbis (Award of contract for Replacement Microwave Data Radio)

Clay Henry

Title: Field Technician & Lead Climber

Summary of Experience:

- Proficient in Microwave Pathing, Alignment, IP Addressing, Wireless Networking, Configuration and Configuring Equipment, Tower Climbing, Rigging, Rooftop Installations
- Over 22 years of microwave PTP and fixed wireless experience
- Owned and operated Wireless Integrated Networks, Inc. in St. Louis for five years. Primary trade included installation, support, and maintenance of Cisco point-to-point networks for various customers in Kansas and Missouri.
- Pivotal role in a large network build-out for a Chicagoland WISP consisting of 38 licensed and unlicensed microwave links.
- Lead Technician for the survey, installation, support, and maintenance of a large national auction network with approximately 150 locations across the United States and Canada. Systems include Wi-Fi, audio, video, and broadcast equipment.
- Worked in six Clear Wire markets on aligning teams and aligning hundreds of links.
- Worked with AirCell to complete microwave links throughout the Rockies for connectivity to their BTS locations.
- Part of the team that designed and installed an 85 mile Motorola PTP400 link in Arizona that crossed over the Grand Canyon. This link was part of a network that spanned over 225 miles long.
- Designed, install and maintaining fixed wireless and camera networks for multiple Municipalities in the Chicagoland area.
- Designed and Deployed a fixed wireless network in Oklahoma that ultimately covered the entire state.
- Designed fixed networks in Miami and Atlanta.
- Currently managing multiple markets in design, modernization, and implementation of microwave links.
- System Experience: Motorola PTP Series, Motorola Canopy/Cambium PMP Series PMP430 PMP450 & ePMP, Dragon Wave, Ligowave, Exalt, Ceragon, Redline, Cisco Aironet, Alvarion, Lucent, Proxim,Trango, Alcatel, Apex 9, Aerohive, Memory Link

Attachment: Orbis (Award of contract for Replacement Microwave Data Radio)

Jeff Modjeski

Title: Help Desk Technician
Education: BS, Northern Illinois University
Summary of Experience:

- 10 years of IT experience improving customer satisfaction and driving overall operational improvements
- Skills: Windows 10/8/7/Vista/XP, Microsoft Office Suite, Microsoft Exchange, Troubleshooting & Diagnostics, Hardware Knowledge, Network Installations
- Experience removing malware, ransomware and other threats from laptops and desktop systems.

John Hedley

Title: Network Administrator
Education: BA, Hillsdale College
Summary of Experience:

- 20 years experience in IT
- Desktop/Server OS: Windows 7/8/10, Windows Server 2008, 2012, MacOS, Linux (Debian/Wheezy Ubuntu MATE)
- Mobile Devices: Window 10 Mobile, iOS, Android
- Mobile Device Management: Meraki, CasperSuite/JAMF, Apple Configurator, C2DM,
- Programming: Scripting: Visual Basic & Python, Java, HTML, Crystal Reports/SQL
- Server/Software/Technologies: Active Directory, Microsoft SMS/SCCM, MS Exchange, MS Terminal Server, Citrix, VMware, HyperV, SQL Server, MongoDB, Apache, Tomcat, Adobe Creative Suite, Microsoft Office, Office 365, Google Apps for Business, Google Classroom, Papercut, Atrium, iCloud, OneDrive, Google Drive, MyCloud, Azure, VPN, PowerShell
- Administrator for CRM, ERP, Accounting and LMS systems
- Hardware Platforms: Barracuda, HP/Hewlet Packard, 3Com, Ecessa, Unifi, SonicWall, Areohive, Netgear, Ruckus, Cisco, Brocade, D-Link, TRENDnet, APC, Tripp Lite, Apple, Dell, Samsung, Microsoft Surface, Chromebook
- Certifications
    - Microsoft – Microsoft Certified Professional, MCSA
    - ABYC - Marine Electrical, Marine Diesel Engines
    - Virtus/Protecting God's Children (Dioceses of Chicago and Rockford, 2004,2013)
    - Catechesis of the Good Shepard – Level 1
    - IL Dept of Education – CTE Career Technical Educator license (in process Fall 2018)
    - PMI – PMP Project Management Professional (in process Fall 2018

Attachment: Orbis (Award of contract for Replacement Microwave Data Radio)

Jon Rentfrow

Title: Help Desk Technician

Education: IT Technical Training, IT Career Labs

Summary of Experience:

- Two years experience providing dedicated IT support to the Village of Hinsdale
- Six years hands-on experience providing technical support and expertise, resolving clients' IT related issues
- Certifications: CCNA Route & Switch, Microsoft 365 Certified Modern Desktop Administrator Associate
- Skills: Office 365, It Glue, ConnectWise, Duo, Webroot, Datto, Druva, Networking
- Overhauled 26 school networks bringing them up to a standardized state for ease of troubleshooting; implemented network segmentations to firewall configurations in addition to Chromebook management and protection software.
- Integrated user security training program, KnowBe4

Justin Tamm

Title: Field Manager

Education: Associates in Business, MSCE

Summary of Experience:

- 8 years in IT
- Install, configure and troubleshoot Windows Server 2003, 2008, 2012
- Active Directory configuration
- Group Policy Management
- Virtualization using Hyper-V
- Mobile device support for Android/Apple
- Troubleshooting Apple Mac products
- Troubleshooting Windows XP/ Vista/ 7 / 8
- Install and configure Microsoft Office 2007, 2010, 2013
- Install and configure Cisco VoIP systems
- Installation of WiFi Devices, Motorola, Camdium
- Configuring network services (DHCP/DNS/SMTP/IPSEC/QoS/WiFi/NAT/etc)
- Installing and configuring routers and firewalls
- Skilled with virus removal and network security
- Manage user accounts in Active Directory and within other business applications
- Maintain and configure networking systems Cisco switches, Cisco Pix and Fortinet firewalls)
- Experience with Acronis daily/weekly backups.
- Installed Domain Controllers, Virtual Servers, Exchange Servers, SQL Servers
- Experience with setting up enterprise WiFi, specifically Ubiquity and Pakedge
- Desktop, Tablet and Mobile Device support for Windows, Android and Apple
- Experience managing implementation projects

- Network troubleshooting experience
- Experience with Laserfiche
- Move, adds, and changes to traditional phone systems and related wiring

Martin Rielage

Title: Wireless Architect

Education: BS, Telecommunications Management, Devry University

Summary of Experience:

- Director of 5 Construction Managers serving 27 Markets and more than 270 sites with more than 1000 customers served in the 27 markets.
- Surveyed, designed, and deployed more than 10 Wireless Internet Service Providers. This includes purchasing, scheduling, installation and testing. I am especially skilled at managing sub-contractors to ensure committed schedules are met and financial considerations are achieved.
- Led up to 12 field technicians, 4 support personnel, and 7 business development and account managers.
- ComTrain - Certified Tower Safety and Rescue Certified since 2005
- 25+ years in Microwave PTP design and deployment.
- Managed more than 12 technicians across the US, as well as up to 5 outsourced agencies for deployments
- Surveyed more than 40 outdoor venues, from 5 acres and up to 150 acres.
- Surveyed more than 20 warehouses for handheld devices.
- Designed more than 200 WIFI networks using various encryption methods including WEP, WPA, WPA2, WPA-Mixed, as well as Authentication Option like Shared, 802.1x EAP, MAC Address, and EAP and MAC together, as well as LDAP, AD, and Radius.
- Successfully deployed more than 250 WIFI networks.
- Familiar of RF technologies like Beam Steering (Focusing), MIMO, and Diversity.
- Familiar with Survey Software like Airmagnet, Ekahau, Ruckus Heat Mapping.
- Understanding of Airtime fairness to clients
- Held Certifications in Cisco, Symbol, Motorola, Ruckus, Ceragon, DragonWave, BridgeWave, Redline, Cambium Networks, Siklu and other WIFI and Radio Manufacturers
- Successfully Designed, Planned, and deployed the first Digital Microwave Network for the Marine Corps.

Miguel Ortega

Title: Field Technician

Summary of Experience:

- 7 years experience in low voltage installations
- Conduit Bending
- Electronic Troubleshooting
- Electric Outlet & Wire Installation
- Wire Management
- TV Repair, TV mounting, Home Theater Install and Repair
- Installed and Managed Network Routers and Printers
- Low Voltage Installations Residential, Commercial, Industrial
- Mechanical Troubleshooting
- Structured Wiring Such as CAT6, CAT5, RG6 wires
- Antenna Installations
- New Construction, Retrofit, Trim out Installations
- Managed and Service all Video, Data, and Phone Systems
- Troubleshoot & Resolved Service Tickets
- Setup and Configured End Users Devices and Workstations
- SBCA Certified, Authorized Cable Contractor Certified, EPA 608 Universal Certification

Ryan Walker

Title: Help Desk Technician

Education: College of DuPage, General Studies

Summary of Experience:

- Thirteen years hands-on experience providing technical support and expertise, resolving clients' IT related issues.
- Technical Skills:
    - **Operating Systems:** Android, Apple, Chrome, Windows XP, 7, 8, 8.1,10
    - **Software:** Adobe, Carbonite, Datto, Google Suites, Internet Browsers, iTunes, Labtech, Microsoft Office programs, ShadowControl, StorageCraft, Webroot, Windows Media Player/VLC, Skype,
    - **Devices/Hardware:** PC diagnostics, Some Routers/Servers, Cabling including installation and troubleshooting diagnostics, Dell/HP/Lenovo Printers & Desktops/Laptops, Chromebooks, iPad, Mac Laptop, iPhone/Android Phones, Amazon Fire/Samsung Tablets, Mitsubishi/Epson Projectors
    - **Network:** Active Directory, Applying monthly Microsoft updates, Computer Reimaging, WatchGuard Firewall

NOTICE TO Propose
VILLAGE OF PALATINE
Wireless Point-to-Point Network

The Village Manager's Office is seeking proposals for the purchase and installation of a Point-to-Point wireless network.

Submittal Requirements: To be considered, your proposal must be received by March 10th, 2022 at 11:00AM. The original proposal and two (2) copies must be submitted together in a sealed envelope or container, to the attention of Office of the Village Manager, Village of Palatine, 200 E. Wood St., Palatine, 60067 stating on the outside:

Contractor's name
Address
Telephone number
Due date
Proposal title "Wireless Point-to-Point Network"

A technical / site review meeting will be held at 10AM on February 24th, 2022 at the Palatine Village Hall, 200 E. Wood Street, Palatine, Il 60067.

Acceptance of Proposal and Award of Contract, if one is to be made, is tentatively scheduled by the Village Council at their regular meeting to be held at 7:00 p.m., March 21st, 2022.

The Village of Palatine reserves the right to reject any or all proposals, to waive any informality, and to accept any proposal which the Village Council deems most favorable to the interest of the Village.

Copies of the proposal details may be picked up Monday through Friday, 8:00am to 4:00pm at the Village of Palatine Information Technology office, 200 E. Wood Street, Palatine, IL.

Questions and/or comments should be directed Monday – Friday, 8:00 – 4:00, to Larry Schroth, Director of Information Technology, (847)963-6270.

Date Published: February 15th, 2022

Margaret R. Duer
Village Clerk

- **Proposals are due March 10th, 2022 at 11:00AM**

- **The Village of Palatine reserves the right to reject any or all proposals. Any objections to the specifications/requirements as set forth must be filed in writing prior to the proposal deadline.**

Attachment: Orbis (Award of contract for Replacement Microwave Data Radio)

A. Introduction

The Village of Palatine is accepting proposals for engineering, procurement, and installation of a Point-to-Point wireless network within the Village of Palatine.

Award of the proposal will be based on price, quality, and installation timeframe. The delivery time quoted on the proposal form shall be firm and the Village retains the right to cancel all orders not delivered within the quoted time allotment. Extensions of time allowed for delivery & installation may be obtained from the Village if there is just cause, but this should be done well in advance.

In the event that a proposer wishes to withdraw a submitted proposal for any reason, it may be withdrawn without penalty until 8:00 a.m. on the last day of the proposal acceptance. After that time, the proposer, should the proposal have been deemed accepted, will be held in default and therefore liable for any and all additional costs to the Village for obtaining the equipment / services in question. The same shall be true should a successful proposer be unable to provide the equipment in accordance with the awarded proposal and/or the proposed delivery time regardless of cause or reason whether natural, man-made, or labor-related.

The successful proposal shall warrant and guarantee that the proposal price will be firm and that there will be no escalation at time of delivery / installation. All manufacturer warranties must be in effect and commence on the date that the operational unit is delivered to the Village. The proposal execution of the proposal forms and submission of same constitutes acknowledgment and acceptance of terms and conditions of the proposal documents. The awarded contract itself shall become the binding contract between the Village and the successful proposal upon award by the Village Council.

Payment for the equipment and installation shall be made by the Village through its normal payment process. The successful proposal shall receive such payment thirty days after the acceptance of the solution with an original invoice, and all other documentation required including certificate of origin and warranty statement.

Acceptance of proposal, if one is to be made, is tentatively scheduled by the Village Council at their regular meeting to be held at 7:00 p.m., March 21st, 2022.

The Village of Palatine reserves the right to reject any or all proposals, to waive any informalities in proposal, and to accept any proposal which the Village Council deems most favorable to the interests of the Village.

Attachment: Orbis (Award of contract for Replacement Microwave Data Radio)

B. Scope of Work

A. Scope:

Provide sales, engineering, sales support, installation, and certification of a ~500+ Mb Licensed Wireless Data network, between the following locations:

595 N Hicks Rd (PD) to 1231 Kenilworth Ave (Winston Tank)
1231 Kenilworth Ave (Winston Tank) to 987 E Palatine Rd (Station 83)

Encryption on all wireless links is preferred. If your proposal includes equipment capable of encryption, please include any costs and requirements to implement the encryption as an option on th proposal.

Decommissioning of existing equipment and cabling while minimizing downtime should be included in the cost of the project.

Attachment: Orbis (Award of contract for Replacement Microwave Data Radio)

B. Current Environment

A point to point wireless system is currently operational in the Village Of Palatine providing connectivity to key facilities utilizing Cambium PtP800 and PtP850s equipment.

At 595 N. Hicks Rd., and 1231 Kenilworth Ave; existing radio tower / water tower may be utilized to provide the necessary height. Each location may contain the necessary power & equipment enclosures, depending on the size of equipment provided. Any modifications required to the towers must be approved before acceptance and costs included in the proposals.

987 E Palatine Rd is a roof top installation with clear line of sight to the tower at 1231 Kenilworth Ave. This location may contain the necessary power & equipment enclosures, depending on the size of equipment provided.

C. Equipment

All equipment must be new and un-used. No demo, refurbished or returned equipment will be accepted. All equipment must be licensed for use in the United States by the FCC.

All equipment must provide a minimum throughput of ~500+ Mb as specified in the Scope of Work and allow standard simple network management protocol interface, allowing management integration for monitoring.

Pictures showing the equipment size and expected locations will be required as part of the proposals.

Proposals must include expected Fade Margin and annual uptime statistics for each link taking into account historic local weather patterns.

D. Training

Training for administration and configuration of the equipment for Village of Palatine employees will be provided as part of proposals costs.

E. Costs

All costs associated to the licensing, equipment, and installation must be included. Any reoccurring license fees or costs must be identified as part of the proposal.

All contractors must adhere to the Illinois prevailing wage statutes and provide necessary documentation.

Any costs for outfitting towers at 595 N. Hicks Rd., or 1231 Kenilworth Ave must be included.

F. Timeline

Work may begin immediately with the installation of equipment at all affected locations.

Attachment: Orbis (Award of contract for Replacement Microwave Data Radio)

G. Warrantee

All equipment must provide at least a one-year warrantee for all hardware, installation & software maintenance.

H. Validation of Operation

The system will be in operation providing the designed throughput for 30 days before acceptance and final payment are made. During this time, a continuous throughput test will be run to validate the operations and average throughput.

C. Requirements for Proposal

Village of Palatine prefers proposals to be concise and easy to understand. Do not include unnecessary or extraneous information. Please format the proposal with the following sections. Include all information requested.

Section I – Executive Summary

This section must include a brief overview of the key elements of your proposal. Highlight any features or areas that differentiate your services and products from competitors.

Section II – Technical Specifications

List the technical specifications of the hardware and associated costs. Provide delivery projections with order date of March 22nd, 2022.

Provide expected noise level measurement / ratio, coverage range, planned utilized frequencies, projected annual uptime taking into account historic local weather patterns, and any other factors relevant to the design of the solution.

Attachment: Orbis (Award of contract for Replacement Microwave Data Radio)

D. Terms and Conditions

1) Village of Palatine reserves the right to accept or reject any proposal.

2) The Village reserves the right to award the contract to the next qualified firm
   i. if the successful firm does not begin contracted services within the prescribed days stated in the contract.

3) The contracted firm will correct any and all errors and omissions that they make, at their own expense.

4) Payment of the installation for each link will be made after all identified issues are resolved and after 30 days of operations meeting expected throughput.

5) A performance bond covering 100% of the projects costs will be required on acceptance of the proposal.

6) All contractors must adhere to the Illinois prevailing wage statutes and provide necessary documentation.

7) All contractors must provide proof of insurance to the Village of Palatine.

8) Upon receipt of this proposals by potential proposers, contact with any elected or appointed official, authority or board member, or employee of Village of Palatine, other than the contact listed, initiated by a firm representative to promote the firm(s) selection may result in disqualification. Timely information to all interested parties with regard to progress in the selection process and its results will be provided.

E. Procedures for Submitting proposals

Questions about the proposals must be directed to:

Contact:	Larry Schroth
	Director of IT
E-mail:	lschroth@palatine.il.us
Phone:	(847)963-6270
Mailing Address:	200 E. Wood Street, Palatine, IL 60067

Proposals will be received at:

Office of the Village Manager
Village of Palatine
200 E. Wood Street
Palatine, Il 60067

Attachment: Orbis (Award of contract for Replacement Microwave Data Radio)

1) Proposals must arrive at the above listed address no later than March 10th, 2022 at 11:00AM to be considered. Responses received after this time will be marked "LATE" and will remain unopened. No faxed / email responses will be received.

2) A technical / site review meeting will be held at 10AM on February 24th, 2022 at Palatine Village Hall, 200 E. Wood Street, Palatine, Il 60067.

3) No questions will be accepted after March 9th, 2022 at 4PM.

4) Three copies of the proposals must be furnished on or before the deadline. Responses will be retained as property of Village of Palatine.

5) The original and two copies must be submitted together in a sealed envelope or container, to the attention of Office of the Village Manager, stating on the outside:

   Contractor's name
   Address
   Telephone number
   Due date
   Proposal title **"Wireless Point-to-Point Network"**

6) **Proposals must contain a manual signature of an authorized representative of the responding firm(s).**

7) **Village of Palatine is not liable for any costs incurred by proposers prior to the issuance of a written Notice to Proceed.**

8) The contents of the Proposal of the successful firm may become part of any subsequent contractual obligation.

Attachment: Orbis (Award of contract for Replacement Microwave Data Radio)

F. Vendor Signature

By submission of this proposal, the offered certifies that he/she has arrived at costs independently, without consultation, communication, or agreement for the purpose of restricting competition.

DATA SHEET

PTP 850S Millimeter Wave Radio

QUICK LOOK:

PTP 850S, single core radio with All Outdoor core radio capable of 4096 QAM with ACM

- **Support 6-38 GHz**
- **Support L1 Link Aggregation**
- **Support 1+0, 2+0 (non-XPIC) configuration**

Radio

11-18 GHz

1+0, 2+0 (non-XPIC)

Ability to upgrade existing links for additional capacity with a single cable via Layer 1 Link Aggregation

Radio Features

Protection: 1+1 HSB

High spectral utilization: BPSK to 4096 QAM w/ACM

Channel bandwidth: 14 to 224 MHz

Multiband (with PTP-820E or PTP-850E)

Ethernet

Ethernet Interfaces

Port 1:

Electric: 10/100/1000Base-T RJ-45

Management and Traffic

Port 2:

SFP cage which supports – Regular and CSFP standards

Regular SFP provides Eth2

CSFP (Dual BiDir SFP) provides Eth2 and Eth3

Port 3:

SFP+ cage supporting a 10G single ETH interface.

Note: SFP+ and QSFP+ devices must be of industrial grade (-40°C to +85°C)

Ethernet Features

MTU – 9612 Bytes

Quality of Service

Multiple Classification criteria (VLAN ID, p-bits, IPv4 DSCP, IPv6 TC, MPLS EXP)

8 CoS queues per port

Deep buffering (configurable up to 64 Mbit per queue)

WRED

P-bit marking/remarking

4K VLANs

VLAN add/remove/translate

MSTP, ERP(ITU-T G.8032)

Y.1731 Ethernet OAM

Y.1731 Ethernet Bandwidth Notification (ETH-BN)

ABOUT CAMBIUM NETWORKS

Cambium Networks empowers millions of people with wireless connectivity worldwide. Its wireless portfolio is used by commercial and government network operators as well as broadband service providers to connect people, places and things. With a single network architecture spanning fixed wireless and Wi-Fi, Cambium Networks enables operators to achieve maximum performance with minimal spectrum. End-to-end cloud management transforms networks into dynamic environments that evolve to meet changing needs with minimal physical human intervention. Cambium Networks empowers a growing ecosystem of partners who design and deliver gigabit wireless solutions that just work.

VHLPX1-18-2WH/F

0.3 m | 1 ft ValuLine® High Performance Low Profile Antenna, dual-polarized, 17.700 – 19.700 GHz, PBR220 flange, white antenna, gray radome without flash, standard pack—o ne-piece reflector

Product Classification

Product Type	Microwave antenna
Product Brand	ValuLine®

General Specifications

Antenna Type	VHLPX - ValuLine® High Performance Low Profile Antenna, dual-polarized
Polarization	Dual
Antenna Input	PBR220
Antenna Color	White
Reflector Construction	One-piece reflector
Radome Color	Gray
Radome Material	Composite Broadband
Flash Included	No
Side Struts, Included	0
Side Struts, Optional	0

Dimensions

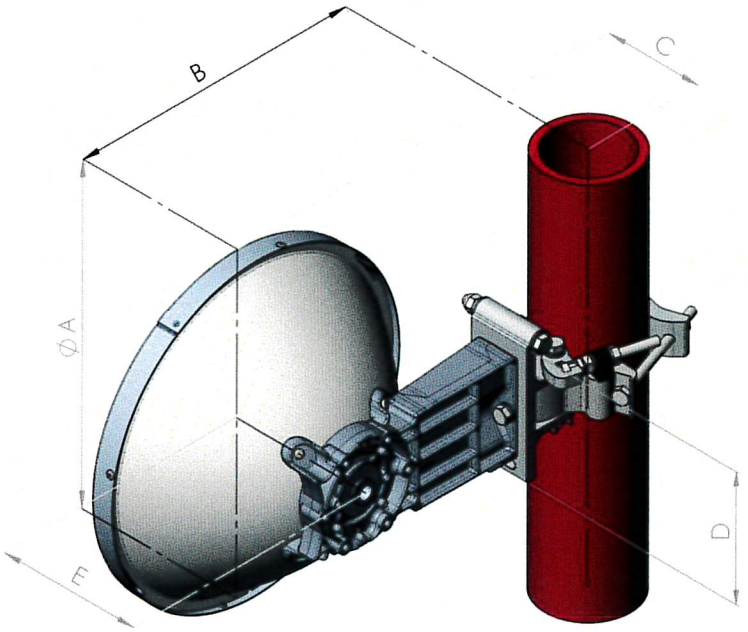

Diameter, nominal	0.3 m | 1 ft

Attachment: Orbis (Award of contract for Replacement Microwave Data Radio)

ISO 9001:2015	Designed, manufactured and/or distributed under this quality management system
REACH-SVHC	Compliant as per SVHC revision on www.commscope.com/ProductCompliance
ROHS	Compliant

* Footnotes

Axial Force (FA)
Maximum forces exerted on a supporting structure as a result of wind from the most critical direction for this parameter. The individual maximums specified may not occur simultaneously. All forces are referenced to the mounting pipe.

Boresite Cross Polarization Discrimination (XPD)
The difference between the peak of the co-polarized main beam and the maximum cross-polarized signal over an angle twice the 3 dB beamwidth of the co-polarized main beam.

Front-to-Back Ratio
Denotes highest radiation relative to the main beam, at 180° ±40°, across the band. Production antennas do not exceed rated values by more than 2 dB unless stated otherwise.

Gain, Mid Band
For a given frequency band, gain is primarily a function of antenna size. The gain of Andrew antennas is determined by either gain by comparison or by computer integration of the measured antenna patterns.

Operating Frequency Band
Bands correspond with CCIR recommendations or common allocations used throughout the world. Other ranges can be accommodated on special order.

Packaging Type
Andrew standard packing is suitable for export. Antennas are shipped as standard in totally recyclable cardboard or wire-bound crates (dependent on product). For your convenience, Andrew offers heavy duty export packing options.

Radiation Pattern Envelope Reference (RPE)
Radiation patterns define an antenna's ability to discriminate against unwanted signals. Under still dry conditions, production antennas will not have any peak exceeding the current RPE by more than 3dB, maintaining an angular accuracy of +/-1° throughout

Return Loss
The figure that indicates the proportion of radio waves incident upon the antenna that are rejected as a ratio of those that are accepted.

Side Force (FS)
Maximum side force exerted on the mounting pipe as a result of wind from the most critical direction for this parameter. The individual maximums specified may not occur simultaneously. All forces are referenced to the mounting pipe.

Twisting Moment (MT)
Maximum forces exerted on a supporting structure as a result of wind from the most critical direction for this parameter. The individual maximums specified may not occur simultaneously. All forces are referenced to the mounting pipe.

VHLPX1-18-2WH/F

VSWR	Maximum; is the guaranteed Peak Voltage-Standing-Wave-Ratio within the operating band.
Wind Speed, operational	For VHLP(X), SHP(X), HX and USX antennas, the wind speed where the maximum antenna deflection is 0.3 x the 3 dB beam width of the antenna. For other antennas, it is defined as a deflection is equal to or less than 0.1 degrees.
Wind Speed, survival	The maximum wind speed the antenna, including mounts and radomes, where applicable, will withstand without permanent deformation. Realignment may be required. This wind speed is applicable to antenna with the specified amount of radial ice.

Consider an Ordinance Decreasing the Number of Class G (Beer-Wine) Liquor Licenses by One and Increasing the Number of Class D (Restaurant) Liquor Licenses by One for Pink's Shrimp at 773 N. Quentin Road

BACKGROUND:
On December 6, 2021, Village Council approved an Ordinance increasing the number of Class G (Beer & Wine) Liquor Licenses by one for SW2 LLC (d/b/a Pink's Shrimp) located at 773 N. Quentin Road. The Petitioner, Kristina Gaardbo, is now requesting a Class D (Restaurant) License to replace the Class G License for Pink's Shrimp. There are no changes to the operation of the business other than serving full liquor rather than just beer and wine.

KEY ISSUES:

- Decrease Class G (Restaurant-Beer & Wine Only) Liquor License by one.
- Increase Class D (Restaurant) Liquor License by one.

ALTERNATIVES:

1. Approve the Ordinance decreasing the number of Class G Liquor Licenses by one and increasing the number of Class D Liquor Licenses by one.
2. Do not approve the Ordinance decreasing the number of Class G Liquor Licenses by one and increasing the number of Class D Liquor Licenses by one.

RECOMMENDATION: Staff recommends approval of the change in license classifications.

ACTION REQUIRED: Approve the Ordinance decreasing the number of Class G Liquor Licenses by one and increasing the number of Class D Liquor Licenses by one.

ABSENT:	Tim Millar

ORDINANCE NO._____

AN ORDINANCE DECREASING THE NUMBER OF CLASS G (BEER & WINE) LIQUOR LICENSES BY ONE AND INCREASING THE NUMBER OF CLASS D (RESTAURANT) LIQUOR LICENSES BY ONE PURSUANT TO CHAPTER 3, SECTION 3-37 OF THE VILLAGE OF PALATINE CODE OF ORDINANCES FOR PINK'S SHRIMP AT 773 N. QUENTIN ROAD

BE IT ORDAINED, by the Mayor and Village Council of the Village of Palatine, Cook County, Illinois, acting in the exercise of their home rule power:

SECTION 1: That the number of Class G (Beer & Wine) Liquor Licenses shall be decreased by one for Pink's Shrimp, located at 773 N. Quentin Road for a total of 8 Class G Liquor Licenses.

SECTION 2: That the number of Class D (Restaurant) Liquor Licenses shall be increased by one for Pink's Shrimp located at 773 N. Quentin Road for a total of 25 Class D Liquor Licenses.

SECTION 3: That all ordinances or parts of ordinances in conflict herewith are hereby repealed.

SECTION 4: That this ordinance shall be in full force and effect from and after its passage and approval as provided by law.

Attachment: Floor Plan, Menu, Business Plan (2022-25 : 773 N. Quentin Rd. Decrease Class G/Increase Class D Liq Lic. Pink's Shrimp)

I. EXECUTIVE SUMMARY

SW2 LLC Kitchen was established as a Limited Liability Company using the dba *Rockin Rodizio*, a churrasco catering company, and the dba *Chicago Culinary Kitchen*, a Texas BBQ and Craft beer restaurant at 773 N Quentin Rd, Palatine, Illinois 60067 with the expectation of rapid expansion in the food, education, entertainment industry in 2016. In July 2021, due to success and much needed expansion, Chicago Culinary Kitchen was relocated to 2391 N. Hicks Rd. in Palatine, Illinois 60074.

Business Description
Pink's Shrimp. Serving seafood specialties alongside supporting inspired sides in a unique and fun environment. Counter service.
Hours of operation: Monday through Sunday 10am – 10pm dine in and carry out.
Liquor Licensing: Maintain the previous Class G Liquor License for beer and wine.

SW2 LLC - Management Team
Chicago Culinary Kitchen has an experienced management team who have together propelled its growth and success.
Owner and Personal Chef – Kristina Gaardbo, *7+ years as personal chef, Certified Cicerone (as of May 2019) and 9 years of experience as business manager at Shockwaves Promotional Apparel, RN, Long-time Palatine Resident.*
Personal Chef - Greg Gaardbo, *7+ years as personal chef and 29+ years of experience as business owner of Shockwaves Promotional Apparel, Combat Marine Corp/Veteran.*
Kitchen Manager – Sal Fasano, *Le Cordon Bleu graduate (2002), 19+ years of experience in restaurants and catering, including Marriott hotel supervisor and Executive Chef of Biaggis Ristorante Italiano and Kona Grill, and 6+ years as a Sales Representative for Supreme Lobster & Seafood*
Operations Manager – Jay Goldberg, *20+ years in the restaurant industry (fast, casual, & fine dining) with 10+ years in restaurant management, involved in 4 new restaurant openings and expansions. Proficient in operations & marketing, holds a BS in Consumer & Family Sciences from Purdue University*

II. BUSINESS SUMMARY

Business History
The founding company, SW2 LLC, was formed on 02/12/2014 as Limited Liability Company under Illinois state laws and headed by Kristina Gaardbo and Greg Gaardbo.
Kristina and Greg Gaardbo are both personal chefs and Kristina is a Certified Cicerone.
SW2 LLC started out in 2014 with a churrasco style catering company, dba Rockin Rodizio, utilizing 773 N. Quentin Rd. as a commissary to cater both private and corporate events, festivals, and weddings.
In 2016, Kristina and Greg Gaardbo opened Chicago Culinary Kitchen as an event space, doing BBQ classes paired with beer and wine.
In March 2017, Kristina and Greg Gaardbo expanded Chicago Culinary Kitchen as a restaurant, limited to weekends only with a small standard BBQ menu as well as rotating specials of various cuisines.
In July 2021, Chicago Culinary Kitchen expanded once again to a larger location at 2391 N. Hicks Rd. in Palatine, IL 60074 to offer more space and seating to their customers. The hours of operation were also expanded to lunch and dinner five days a week, as well as ongoing culinary classes and events weekly.
In October 2021, plans for a commissary and bakery at 2383 N. Hicks Rd. were submitted in order to expand and keep up with demand at the new location as well as enable the addition of assorted bakery items, flatbreads, and pizzas.

Attachment: Floor Plan, Menu, Business Plan (2022-25 : 773 N. Quentin Rd. Decrease Class G/Increase Class D Liq Lic. Pink's Shrimp)

Business Goals and Objectives
To continue to substantially increase our customers and sales through the restaurant, catering, and events. Keep food cost under 35% revenue. Keep employee labor cost between 24-29% revenue. Maintain friendly and efficient employees. Always serve excellent food by starting with quality ingredients. Maintain exceptional service in a unique and intriguing atmosphere. Market creatively and successfully to the entire Chicago land area and its suburbs.

III. MARKETING SUMMARY

Target Markets
Over the last seven years, we have found our target market to be "everyone." Everyone loves amazing food. Food is what brings people together, no matter what the occasion. We will continue to market to everyone using social media, signage, delicious food and word of mouth.

Pricing Strategy
SW2 LLC has completed a thorough analysis of its competitors' pricing. We will keep in mind our competition's pricing and the costs of customer acquisition.

Promotional Strategy
We plan to market through online services, social media: Facebook & Instagram, public publications and our own website.

Situation Analysis
Strengths
Kristina and Greg Gaardbo have proven their culinary and business abilities in making a small start-up catering company a successful event space and restaurant. They have a strong following of both old and new customers who have been asking for a secondary concept and as they have done before, they are focusing the growth of the restaurants to fulfill the demand as seen fit. Pinks will reap the benefits of Chicago Culinary Kitchen as a sister-restaurant both by notoriety and quality, as well as draw upon the amazing team they have built to support it.

Weaknesses
Kristina and Greg Gaardbo will need to manage multiple restaurant locations, but they have a strong team to help support them.

Opportunities
To be able to offer a different cuisine at a new location and fill a culinary need that is lacking in the area.

V. FINANCIAL PLAN

No outside funding will be necessary. Any and all monies needed will be personally provided for by Kristina and Greg Gaardbo.

Attachment: Floor Plan, Menu, Business Plan (2022-25 : 773 N. Quentin Rd. Decrease Class G/Increase Class D Liq Lic. Pink's Shrimp)

Authorize the Village Manager to Execute a Contract for Replacement Microwave Data Radio

BACKGROUND: The Cambium microwave data radios that provide primary data / voice connections to Fire Station 83 and Winston water tank are now ten (10) years old and are no longer supported by the vendor. The equipment has had failures in the past and future repairs may not be possible.

This proposal provides replacement for both links with updated Cambium equipment and provides higher-speed connections to the sites.

An RFP was published, and seven bids were received for the replacement project, with Orbis Solutions providing the lowest compliant bid of $44,292.04, which is under the $50,000 budgeted amount by $5,707.96.

KEY ISSUES:

- Older equipment has failed in the past and is no longer supported.
- Higher data speed connections are needed to the Fire Station 83.

ALTERNATIVES:

1. Approve awarding replacement of microwave data radios to Orbis Solutions.
2. Refer back to staff.

RECOMMENDATION:

Staff recommends award of the contract to Orbis Solutions.

ACTION REQUIRED:

A motion to authorize the Village Manager to execute a contract with Orbis Solutions for the replacement of data radios in the amount of $44,292.04.

RESULT:	**APPROVED BY CONSENT VOTE [UNANIMOUS]**
MOVER:	Scott Lamerand, District 2 Councilman
SECONDER:	Doug Myslinski, District 3 Councilman
AYES:	Schwantz, Millar, Lamerand, Myslinski, Solberg, Kozlowski, Helms

Consider an Ordinance Decreasing the Number of Class G (Beer-Wine) Liquor Licenses by One and Increasing the Number of Class D (Restaurant) Liquor Licenses by One for Pink's Shrimp at 773 N. Quentin Road

BACKGROUND:
On December 6, 2021, Village Council approved an Ordinance increasing the number of Class G (Beer & Wine) Liquor Licenses by one for SW2 LLC (d/b/a Pink's Shrimp) located at 773 N. Quentin Road. The Petitioner, Kristina Gaardbo, is now requesting a Class D (Restaurant) License to replace the Class G License for Pink's Shrimp. There are no changes to the operation of the business other than serving full liquor rather than just beer and wine.

KEY ISSUES:

- Decrease Class G (Restaurant-Beer & Wine Only) Liquor License by one.
- Increase Class D (Restaurant) Liquor License by one.

ALTERNATIVES:

1. Approve the Ordinance decreasing the number of Class G Liquor Licenses by one and increasing the number of Class D Liquor Licenses by one.
2. Do not approve the Ordinance decreasing the number of Class G Liquor Licenses by one and increasing the number of Class D Liquor Licenses by one.

RECOMMENDATION: Staff recommends approval of the change in license classifications.

ACTION REQUIRED: Approve the Ordinance decreasing the number of Class G Liquor Licenses by one and increasing the number of Class D Liquor Licenses by one.

RESULT:	**APPROVED BY CONSENT VOTE [UNANIMOUS]**
MOVER:	Scott Lamerand, District 2 Councilman
SECONDER:	Doug Myslinski, District 3 Councilman
AYES:	Schwantz, Millar, Lamerand, Myslinski, Solberg, Kozlowski, Helms

Consider a Motion Granting a Waiver of the Village's Sound Amplification Ordinance to Permit a 'Church Picnic' Sponsored by the American Ukrainian Youth Association and the Immaculate Conception Church on June 11 - 12, 2022 at 136 E. Illinois Avenue

BACKGROUND: The American Ukrainian Youth Association of Palatine and the Immaculate Conception Church wish to hold their 5th annual Chervona Ruta Ukrainian Festival at 136 E. Illinois Avenue on June 11 - 12, 2022. The event will be private, limited to members of the two host organizations, and will include services and performances by the Church's choir, singers, and children's dance ensembles. The event will include a beer tent and additional tents to accommodate the planned activities. To proceed with the proposed event, the Petitioners are requesting approval of the following:

> Waiver of the Village's Sound Amplification Ordinance for the proposed services and performances to be held on Saturday, June 11 (4 - 11 PM) and Sunday, June 12 (Noon to 10 PM)

KEY ISSUES:

- The proposed event hours are: **Saturday, June 11: 4 - 11 PM and Sunday, June 12: Noon - 10 PM**

- The event will be similar to those held in the past and would be primarily located in the Church parking lot and the adjacent vacant land near the northeast corner of Illinois Avenue and Benton Street.

- The American Ukrainian Youth Association holds a Class C Liquor License (Club). The event will include a beer tent, with all servers complying with the Village's requirements. As the event is occurring on the Youth Association property, there is no need to amend their licensed premises.

- The requested waiver of the Village's Sound Amplification Ordinance is to allow for a PA system that will be used during the planned liturgy services and performances (Church choir/singers and the children's dance ensemble). The hours in which the sound waiver would be granted are 4 - 11 PM on June 11, and Noon to 10 PM on June 12.

- To address potential parking issues, the event hosts have arranged parking agreements with adjacent properties/businesses along Vermont Street. In addition, they have again reached an agreement with Northrup (on Hicks Road) to allow attendees to park there with shuttle service to run continuously between the Church and Northrup picking up and dropping off guests. To further address any potential parking/traffic issues, the Village will post parking restrictions/prohibitions along portions of Illinois Avenue, Benton Street, and Michigan Avenue to ensure access is maintained for emergency vehicles and the surrounding neighborhood, while promoting the use of the event's designated parking areas. The Police Department

will be working closely with the Church on parking restrictions/ prohibitions.

ALTERNATIVES:

1. Approve the waiver of the Village's Sound Amplification Ordinance.
2. Do not approve the waiver of the Village's Sound Amplification Ordinance.

RECOMMENDATION: Staff recommends action at the Village Council's discretion for the waiver of the Village's Sound Amplification Ordinance for the 'Church Picnic' event to be held on June 11 and 12, 2022.

ACTION REQUIRED: A motion to approve a waiver of the Village's Sound Amplification Ordinance for the 'Church Picnic' event to be held on June 11 and 12, 2022.

Червона рута Palatine Ukrainian FESTIVAL

March 14, 2022

Ms. Susan Storelli
Communication & Events Coordinator
Village of Palatine

Dear Mr. Ottesen:

On behalf of the organizing committee for the 2022 "Chervona Ruta Palatine Ukrainian Festival", I write to you to provide required details as to this year's event as a supplement to the attached Special Event Permit Application and Outdoor Special Event Permit Application that are being submitted today. Based on our recent communications and correspondence, we understand that we will also need to submit a Temporary Tent Application online but that we will not need to submit a Temporary Event Liquor License Application or a Sound Amplifier Permit Application as we have in the past. *Please advise immediately if that is not the case, or if we need to submit any other Applications online or otherwise*.

This is now our fifth annual event for our community, after a two year absence from doing so due to local and state restrictions on such events in 2020 and 2021, and we hope to follow up on the successes of the past with another successful event this year. As you already know, our event is the result of a joint venture between the Immaculate Conception Ukrainian Byzantine Catholic Church and the American Ukrainian Youth Association of Palatine, Inc. Both our organizations have been upstanding and responsible members of the Palatine community and serving its members for over fifty years now. This year's event will be similar in scope and size and footprint to what we offered last in 2019.

Today we are submitting the following applications which we understand are necessary in order for us to hold our event again this year: 1) Special Event Permit Application, including a Certificate of Insurance naming the Village of Palatine as an additional insured for and during the event and a site plan; and 2) Outdoor Special Event Emergency Action Plan.

Please note that all the tents used at the event will be staked down and not simply weighted down with water barrels, and that with respect to the main entertainment tent, the center poles will also be staked down as required. We will also have the required fire extinguishers present, marked and easily accessible. "No Smoking" signs will be posted throughout the tents and grounds. All the tables used in the tent will be standard eight-foot tables with seating for 8 to 10 chairs per table and no more than 350 people total. I will be present at all times during the event and will act as the designated crowd manager. I will be constantly checking for weather developments and will be prepared to suspend the event and evacuate the grounds as needed and as circumstances develop and warrant. We will post signs indicating that "In the event of

Attachment: Ukrainian Festival (Ukrainian Festival June 11-12, 2022 (CA))

severe weather. evacuate tent. seek shelter" and we will have all volunteers trained to know where to direct people in the adjacent buildings (church and community center) for safety.

We will be renting a 50KW generator from one of our equipment vendors – Arlington Rental Company, Inc. of Schaumburg. The generator will be used to supply the power needed for the lights, refrigeration needs of the beer truck, and sound/music amplifying system for the event. The generator will be housed in a trailer that will be appropriately roped off by a fence and all electrical power cords will be protected from foot traffic by approved cord protection devices/covers, and each structure will be able to be easily disconnected. The distribution of power is reflected on the site plan.

We are also submitting additional information regarding our parking plan. As in the past, we have reached an agreement with neighboring businesses along Vermont, including Clearbrook Center and Luna Carpeting, to allow us to have our volunteers utilize their parking facilities during our event. We are also finalizing the renewal of our standing agreement with Northrop Grumman on Hicks Road to use their parking lots for our guests to park and be shuttled over to our facility by our contracted limo/shuttle service – Trans Chicago Limousine. Finally, we are happy to comply with and welcome any temporary parking restrictions that the Village would like to invoke along Benton, Illinois, California and other neighboring streets, and would ask that the Village consider completely prohibiting parking along both the north and south sides of Illinois between Benton and California for the safety of our guests.

Sincerely,

Myron Wasiunec – Co-Chairperson, Chervona Ruta Festival and Vice President. AUYA of Palatine, Inc. – 847/722-3449- Wasiunec@comcast.net; Myron.Wasiunec@gmail.com.

Date(s) of Event

SATURDAY, JUNE 11 2022 AND SUNDAY, JUNE 12, 2022

To the fullest extent permitted by law, the Organization hereby agrees to defend, indemnify and hold harmless the Village of Palatine, its officials, agents and employees, against all injuries, deaths, loss, damages, claims, patent claims, suits, liabilities, judgments, cost and expenses, which may in any way accrue against the Village of Palatine, its officials, agents and employees, arising in whole or in part or in consequence of the Event, and/or its employees, and or subcontractors' participation in Event, or which may in any way result therefore. The Organization shall, at its own expense, appear, defend and pay all charges of attorneys and all costs and other expenses arising therefore or incurred in connection therewith, and, if any judgment shall be rendered against the Village of Palatine, its officials, agents and employees, in any such action, the Organization shall, at its own expense, satisfy and discharge the same.

The Organization expressly understands and agrees that any performance bond or insurance policies required by the Village of Palatine, or otherwise provided by the Organization shall in no way limit the responsibility to indemnify, keep and save harmless and defend the Village of Palatine, its officials, agents and employees as herein provided.

The Organization expressly understands and agrees that the Village shall be named as an additional insured party on the insurance policy and that the Organization shall have no permission or authority to engage in the Event until evidence deemed acceptable to the Village has been provided to establish that the Village has been named as an additional insured party on the insurance policy .

Consider a Resolution Releasing the Planned Development Security Deposit for Dagan Park Estates at Northwest Highway, Maple Avenue, and Franklin Avenue

BACKGROUND:

On October 09, 2012, the Village Council accepted a Planned Development Security Deposit in the amount of $100,000 to ensure the completion of the 16 townhouse units within the Dagan Park Estates. Therefore, the Petitioner is seeking approval of the following:

Authorization to release the Dagan Park Estates Planned Development Letter of Credit

ANALYSIS:

- As December 2021, all the units are complete and have received final Certificates of Occupancy. The Public Improvement Security Deposit is still active within the required one-year maintenance period and will remain in place through May 3, 2022.
- All of the required Village Planned Development inspections are now complete.

ALTERNATIVES:

1. Approve the resolution authorizing the release of the Planned Development Security Deposit for Dagan Park Estates.
2. Do not approve the resolution authorizing the release of the Planned Development Security Deposit for Dagan Park Estates.

RECOMMENDATION:

Staff recommends approving the release of the Planned Development Letter of Credit for the Dagan Park Estates Planned Development.

ACTION REQUIRED:

Motion to approve a resolution granting the release of the Public Planned Development Security Deposit for the Dagan Park Planned Development.
