VI. COMMITTEE OF THE WHOLE

A. POLICE POLICY & CODE SERVICES COMMITTEE – Time: 7:02 PM

BRAD HELMS, CHAIRMAN

1. Consider Ordinances Granting a Vacation of a Portion of the Olive Street Right-of-Way, a Setback Reduction and Variations for Permitted Obstructions, and a Resolution Consolidating Five Existing Lots and the Vacated Olive Street Right-of-Way at 530 S. Williams Avenue - **Continued** (Council District: Five)

Planning & Zoning Director Ben Vyverberg presented Salt Creek Rural Park District's request for a Special Use for a setback reduction, Vacation of Olive St. right-of-way, and a Variation to permit a parking lot, drop off lane, and parking spaces in the right of way to be managed through a license agreement with the Village. This is in conjunction with the construction of a new 8,532 square foot multipurpose building and park which meet MWRD requirements for drainage. Landscaping will be part of the building approval. The Plan Commission voted unanimously to recommend approval of the request and staff concurs.

Bart Hickman, 626 S. Williams, resident adjacent to the subject property, expressed concern for the runoff contaminating his well with salt, lead contaminates as mentioned by Cook County. Hickman asked that Village water connection be provided by the Salt Creek Park District.

Village Manager Reid Ottesen stated when the Village water line was extended along Williams, some residents hooked in, some did not. Hickman asked the park district to pay for his hook up. Ottesen said the Village would not pay for his hook up, and could not mandate the park district to do so, but the resident could work with the park district. The landscaping has been addressed.

Frank Parisi, Williams Architects, said civil engineering created a plan for 100 feet to the property line, and the resident is another 50 feet away. Water is self-contained in a slow release tank which will go directly into the storm water system, not into a French drain.

Hickman understood at the last meeting that it was a French drain, slowly leaching into the ground.

Councilman Helms said he would seek specifics.

Vyverberg stated there was a drain and the overflow would be slow released into the ground.

Ottesen stated that this item meets codes but could be continued to determine if it is a closed system or not.

Councilman Millar preferred clear answers.

Hickman stated that the connection to the Village cost has increased, it may be over \$10,000.

Councilman Helms recommended a closed system or find a way to help this resident.

Substitute Motion to continue to March 20, 2023:

Councilman Lamerand, seconded by Councilman Solberg, moved to continue this item to March 20, 2023.

VI. COMMITTEE OF THE WHOLE

A. COMMUNITY & ECONOMIC DEVELOPMENT COMMITTEE

KOLLIN KOZLOWSKI, CHAIRMAN

1. 1400 & 1520 E. Dundee Road (Council District: Five)

The motion was to approve Items A. and B.

Community Development Director Mike Jacobs presented McGrath's site plan proposal to remodel and expand the existing Kia facility. A completely new showroom and an accessory detail center will be constructed on the pad of the former building at 1520 E. Dundee. The remodel and expansion of the Kia dealership facility will comply with the B-2 General Business District. Staff recommends the Site Plan Approval Ordinance. Jacobs presented McGrath Kia's request for Resolutions of support for filing a 7c Cook County Tax Classification for the properties to help offset their redevelopment costs and investment of approximately \$8,800,000 (not including land acquisition costs). Staff recommends approval.

RESULT:	ADOPTED BY VOICE VOTE [UNANIMOUS]
MOVER:	Greg Solberg, District 4 Councilman
SECONDER:	Tim Millar, District 1 Councilman
AYES:	Schwartz, Millar, Lamerand, Myslinski, Solberg, Kozlowski
ABSENT:	Helms

- A. Consider an Ordinance Granting Site Plan Approval for the Proposed Redevelopment of the Property at 1400 & 1520 E. Dundee Road - **Motion Carried by Voice Vote** (Council District: Five)
- B. Consider Resolutions of Support for the Filing of a 7C Cook County Tax Classification for the Benefit of the Properties Located at 1400 & 1520 E. Dundee Road - **Adopted by Voice Vote** (Council District: Five)
2. Consider an Ordinance Establishing a Downtown TIF District Facade and Interior Improvement Grant Program - **Motion Carried by Voice Vote** (Council District: Six)

With comments and input from the February 6th Council meeting, Village Manager Reid Ottesen and Community Development Director Mike Jacobs presented the proposed Downtown TIF District Facade & Interior Improvement Grant Program's Scope, Project Eligibility, Application Process, and Program Terms which have been revised to include:

- Buildings constructed prior to 1/1/2000, with a majority of 1st floor being non-residential.
- Eligible Interior Improvement Costs (capped at a maximum of \$50,000):
- ADA accessibility improvements
- Significant energy conservation enhancements (consistent with LEED

- standards)
- Electrical service upgrades
- Water service upgrades
- Required fire alarm/fire suppression system improvements
- Other extraordinary expenses required by the applicable codes and regulations
- Reimbursement limitations:
- Sales Tax Generating Use: 50% of the total eligible expenses (except 25% for costs associated with signage, awnings, or exterior lighting)
- Non-Sales Tax Generating Use: 25% of the total eligible expenses

Staff recommends approval of the ordinance.

Ottesen reiterated that this focuses on life-safety issues, ADA compliance, not HVAC expenses. Bathroom fixtures (cosmetic features) would not be covered, new piping would be.

Mayor Schwantz recommended delaying acceptance of the video gaming establishments for a year, letting the other businesses who have not received additional income from gaming benefit first.

Ottesen noted the non-sales tax generating businesses will benefit 25% for costs.

B. ADMINISTRATION, TECHNOLOGY & COMMUNITY HEALTH COMMITTEE – Time:

7:12 PM

GREG SOLBERG, CHAIRMAN

1. Consider an Ordinance Amending Chapter 5 Animals of the Code of Ordinances of the Village of Palatine - **Motion Carried by Roll Call**

Deputy Village Manager, Hadley Skeffington-Voss presented three proposed amendments within Chapter 5 Animals: backyard chickens, vicious dogs and pet registration. Staff is recommending amendments to strengthen language restricting vicious dogs in Palatine. At the August 1, 2022 Council Meeting, a mid-year financial review included the discontinuation of the Village vehicle sticker program and pet licenses. Staff is recommending replacing a pet license with a pet registration.

At the November 21, 2022 Council Meeting, the backyard chicken discussion was broken into two areas: the appropriate zoning process if backward hens are allowed, and the minimum criteria to be considered. Staff has prepared an Ordinance that keeps the process for application as it is currently, requiring a Special Use for a Unique Use, and establishing a minimum set of criteria that must be met before applying for consideration. Licenses will only be issued to single family residences (owner occupied) zoned R-1, R-1A, R1-B, R-1C, R-2 or otherwise meet the standards of those zoning standards. The Village will send consent forms to abutting owners to provide consistent information. "Abutting" properties will be determined solely at the discretion of the Village Manager and Director of Community Development. Staff recommends approval of the Text Amendments to Chapter 5 related to vicious dogs, animal registration and general matters. As it relates to backyard chickens, staff reserves the policy decision to Village Council discretion but recommend the following criteria:

- Chicken Keeping License (\$75 1st year / \$50 years thereafter)
- IL Dept. Ag Livestock Premises Registration
- Maximum of six (6) chickens
- No roosters
- Solid 6 ft. fenced rear yard
- Fenced chicken "run" required; chickens confined to coop or enclosed "run" at all times
- Single family residential zoned R-1, R-1A, R-1B, R-1C, R-2 and owner occupied
- Coop set back min. 15 ft. side yard and 15 ft. rear yard
- Minimum 10 ft. from any primary structure and not abut primary structure
- Coop located in rear yard
- Coop not located in easement
- Building permits for henhouse/coop (as applicable)
- 2x per year inspection 1st year (reduces thereafter)

Councilman Solberg noted of the abutting neighbors, if one does not respond, it would receive a second notice, and then would be considered a yes, giving permission on the prevailing side. Councilman Solberg felt it should be considered an objection.

Ottesen felt it should be considered a consent, and not stop the process from moving forward. This neighbor would still be able to come forward to object at the public hearing.

Councilman Solberg clarified that currently the code prohibits chickens, but this action would allow hens as a unique accessory use.

Skeffington-Voss clarified that 4 square feet is required for each chicken in the living area, being the coop and run.

Mayor Schwantz recognized staff for the work that went into this proposed ordinance. It is an all or nothing proposal in the Mayor's estimation.

Councilman Millar noted staff is in charge of ushering a proposal forward to Council and staff is the enforcer.

Ottesen stated pets are to be registered, and some language addresses vicious dogs for enforcement.

Ottesen stated chickens are prohibited, but this is establishing a zoning process to apply for a Special Use as a Unique Use.

Councilman Kozlowski expressed hesitation regarding the process, expecting residents to go ahead, get chickens, then ask for forgiveness.

Ottesen stated that 3 weeks is plenty of time for mail to be forwarded to any out of town neighbors. The Village will be the entity responsible for sending and receiving the consent responses from abutting neighbors.

Councilman Kozlowski voiced concern regarding potentially attracting coyotes and other predators, seeing the introduction of chickens as a public safety issue.

Councilman Solberg noted the alternative is a straight out prohibition.

Ottesen and Village Attorney Brankin stated this was an effort to establish minimum standards for consideration for approval. This presents the gate-keeping criteria to let the residents know if they meet the minimum requirements.

Councilman Lamerand noted the difficulty in that the lack of response is potentially considered approval.

Ottesen and Brankin stated change in the code is necessary, this states chickens are prohibited, if you want to have chickens, these are the minimum criteria to begin the process of requesting consideration for a Unique Use in a Special Use. If this is voted down, staff will have to revise the Zoning Code and the Code of Ordinances to be in agreement.

Councilman Lamerand stated this gives residents a better idea of what we are looking for to allow chickens in Palatine.

Inde Mazza, 717 Middleton Court, spoke in favor of raising chickens in Palatine, listing the benefits.

Mallory Miller, Inde's mother, stated she appreciates the rules and guidelines for the compromise offered by the Council and the staff and based the

process on democratic principles and personal rights. She cited a Lisle court case, objecting to the neighbors' right to deny chicken ownership. Believing neighbor consent is an infringement on individual rights, citing John Locke and Thomas Jefferson.

In response to Councilman Solberg, she stated that Rolling Meadows has 7 chicken owners of 25 permits are available. Des Plains has 100 permit limit. The fear of mass chicken population is not valid.

Mary Stuben, Palatine, encouraged the Council to pass this Ordinance, noting the benefits of eggs and chicken companionship, the diversity of size and varieties. She noted the desirability of freedom in the fenced yard and the nature of chickens is to stay near the coop. She opposes the neighbor consent requirement, while following public safety standards.

Jewel Kern, 124 W. Pleasant Hill Blvd., Palatine, noted chickens were the answer to eradicate ticks. Chickens are safe from predators in the coop.

Melissa Bixby, 917 N. Coolidge, on a 1/2 acre, does not want chickens but supports those who do. She opposes special requirements.

Julie Picchiotti, 939 N. Franklin Ave., reported area limits in effect: 46 licenses in Naperville, 28 in Evanston, 19 in Highland Park, 2 in Rolling Meadows, and other communities. She appreciates the consideration of staff and the Council.

Councilman Kozlowski clarified that hens cannot run free in the yard. He noted the discrepancies in the code noting prohibition, but how chickens can be allowed.

Ottesen stated Zoning Codes and the Code of Ordinances would be corrected if passed.

Councilman Solberg noted this action would codify what is already being done in Palatine.

Ottesen noted conditions A-S. Due process is necessary for both sides to protect everyone's rights. Ottesen stated it is unlawful for a dog to be running at large in the Village. Any dog off owner's property must be on a leash held by the owner.

Ottesen clarified voting this down tonight will prohibit chickens in Palatine. A yes vote clarifies minimum criteria for anyone wanting chickens and will have to come before the Council for a Special Use as a Unique Use. Staff did not consider a cap on the number of licenses. It would be something to amend if this item passes.

Village Manager Reid Ottesen recommended changes to Chapter 3 to ensure the Alcoholic Beverage licensing process is efficient and effective. He introduced Officer Michael Dibble as the officer who will be assigned to this area:

- transition the Alcoholic Beverage Server Seller (ABSS) permit online into Energov
- conduct a background check (via fingerprinting) on owners, servers, and sellers of liquor establishments every three (3) years, in conjunction with their BASSET and ABSS renewal, except for B-1 (Grocery store), B-2 (General Merchandise store) and B-3 (Drug Store) liquor establishments, exempted based on being part of a large corporation.

Staff recommends approval. Gaming licenses will be addressed in the future.

1. Consider a Motion Authorizing the Village Manager to Execute a Contract for Architectural and Engineering Services for the Remodeling of Fire Stations 82 and 85 - **Approved by Voice Vote**

Public Works Director Matt Barry reported as part of the 2022 Capital Improvement Program, American Rescue Plan Act (ARPA) funding was appropriated to begin the process to design an addition and remodel Fire Station 82 and Fire Station 85.

The administrative functions are proposed to relocate to Station 82, requiring

a single-story addition to accommodate the new offices, vacate the administrative offices in Station 85 and repurpose into workout and training spaces to support the remaining staff.

Architects, Incorporated of Oak Brook, Illinois, was selected based upon their ability to comprehensively address the project scope. Schematic design is the first phase and recommended for approval at \$57,000, plus reimbursables up to \$200. Staff recommends approval.

1. Consider a Motion Authorizing the Village Manger to Execute an Agreement for Lead and Galvanized Steel Water Service Line Replacement Design Engineering Services - **Approved by Voice Vote**

Public works Director Matt Barry reported in 2022, the Village adopted a voluntary lead service line replacement program, which is considered one of the most inviting programs in the region as it covers the majority cost of those who voluntarily replace their lead service line. Fewer than ten of over 600 eligible have applied. The replacements to date have been funded by a grant the Village received from the Northwest Water Commission. The State is offering grant resources up to \$4M per community through their revolving loan program for municipalities who choose to accelerate the replacement of lead service lines ahead of their mandatory replacement deadline (replacements to start in 2027). We can be more competitive and be better positioned for a state grant by preparing a design now. A qualification-based selection process was followed to select Robinson Engineering for this project which will be fully funded by the Northwest Water Commission Grant, using only 20% of the available grant. Staff recommends approval.

In response to Councilman Kozlowski, Barry explained the survey of residents to identify lead supply lines.

Consider Ordinances Granting a Vacation of a Portion of the Olive Street Right-of-Way, a Setback Reduction and Variations for Permitted Obstructions, and a Resolution Consolidating Five Existing Lots and the Vacated Olive Street Right-of-Way at 530 S. Williams Avenue

BACKGROUND:

The Subject Property includes the Salt Creek Rural Park District building and park. It consists of multiple lots and a section of the Olive Street right-of-way. The Petitioner is proposing to demolish the existing structure and construct a new building, which encroaches into the minimum required rear yard setback and a new parking lot, with a portion located in the required front yard. Therefore, the Petitioner is requesting:

- **Special Use to permit a rear yard setback to be 16 feet from the rear lot line, instead of the minimum required 40 feet;**
- **Variation to permit a portion of the parking lot and canopy in the required front yard;**
- **Vacation of a portion (approximately 127 feet) of the Olive Street right-of-way, directly west of Williams Avenue and surrounded by the Subject Property; and**
- **Plat of Consolidation of the existing lots and vacated E. Olive Street into one lot.**

KEY ISSUES:

- The Subject Property is 2.2 acres and is zoned R-2 Single Family Residential, with public parks and uses being permitted. The site plan includes a new 8,532 square foot building, activity field, parking lot, existing playground, and an athletic field. The existing uses (administrative offices, preschool, day camps, general programs and rental facilities) would all continue on the property.
- The existing building is non-conforming, with a front yard setback of approximately 15 feet (30 feet is required). The rear yard setback requires relief for 16 feet, instead of the minimum required 40 feet. The rear yard abuts the rear yards of the commercial building along S. Consumers Avenue and aligns with the rear portion of Soccer City.
- The proposed lot and building coverage meet code. A variation for a parking lot is required as parking lots are not permitted obstructions in the required front yard.

Required	Lot Coverage* (Max 45%)	Building Coverage* (Max 35%)	Front Yard Setback (Min 30')	Rear Yard Setback (Min 40')
Proposed	32.7%	7.9%	31.5'	16.7'

** This includes vacated Olive Street (8,439 square feet)*

- The plans originally included a canopy encroaching into the required front yard; however, the plans were revised to remove the encroachment. Per the requested relief, a canopy could be constructed in the front yard, if reviewed and approved by the Director of Planning and Zoning to allow some flexibility with the final canopy design.
- The proposed parking lot, drop off lane, and parking spaces are in the right of

way and would be managed through a license agreement with Village. A section of the Olive Street right-of-way would be vacated and ultimately consolidated into one lot. The vacation requires both utility consent and an easement on the northern 33 feet.

- In preparation for the redevelopment of the Rose Park building, the Park District held informational neighborhood meetings to discuss the proposed plans in the fall of 2022. In response to the questions at the Public Hearing, the Petitioner's engineer submitted a response memo articulating how the proposed site was designed to meet the minimum required MWRD 100-foot separation from any adjacent wells and also contains emergency run-off area to prevent contamination to the well. Staff contacted the residents and shared this information after the Plan Commission meeting.

ALTERNATIVES:

1. Approve the Vacation of a portion of the Olive Street Right-of-Way, Plat of Consolidation, Special Use and Variations to permit a new Salt Creek Park District Facility.
2. Do not approve the Vacation of a portion of the Olive Street Right-of-Way, Plat of Consolidation, Special Use and Variations to permit a new Salt Creek Park District Facility.

RECOMMENDATION:

Public Hearing:	Plan Commission meeting - February 21, 2023
Residents testifying:	Two property owners directly the south - concerns about runoff affecting their well through the parking lot construction and underground volume control; parking lot safety, directly adjacent door to their residence.
Vote:	The Plan Commission voted unanimously to recommend approval of the request and Staff concurs.

ACTION REQUIRED:

A motion to approve the Vacation of a portion of the Olive Street Right-of-Way, Plat of Consolidation, Special Use and Variations to permit a new Salt Creek Park District Facility at 530 S. Williams Avenue.

MEMORANDUM

DATE: February 28, 2023

TO: Diane Hilgers, Park District Director
Frank Parisi, Williams Architects

FROM: Ryan Lindeman, CBBEL Project Manager

SUBJECT: Rose Park Community Center Development
Salt Creek Rural Park District
Resident Concern Response Memo

This memo addresses concerns raised at the Village of Palatine Plan Commission Meeting held February 21, 2023. The concerns communicated by the property owners immediately south of the development site area as follows (*concern in italics; response in bold*).

1. *Stormwater site run off concerns regarding impact to existing wells adjacent to the property.*

In accordance with the MWRD Technical Guidance Manual (TGM), volume control facilities must be offset a minimum of 100 feet from any potable water wells. Because the residence located immediately south of Rose Park contains a well, the volume control facility (infiltration trench with underdrain/drywell system) will be situated in the northern portion of the parking lot providing 100+ foot offset from the shared property line.

Additionally, from the borings that were completed for this development, it appears that the seasonally high groundwater level (SHGWL) for the site is approximately 706.7 ft. As shown on the boring log for Boring B-6, the transition from brown clay to grey clay, which typically indicates the long-term location of groundwater, was measured at an elevation of 706.7 ft. The WMO requires at least a 2-ft offset between the SHGWL and the bottom of the volume control facility. Since the bottom of the proposed infiltration trench is 712.5 ft, the proposed design significantly exceeds the required offset. A copy of the geotechnical investigation is provided in Appendix 3 of the Stormwater Management Report prepared for this development.

In the event that the capacity of the volume control system is exceeded, emergency overflow routes are provided along the west and east low points of the proposed parking lot that connect to the existing storm sewer system on Williams Avenue.

2. *Proximity of the parking lot, specifically the bus parking stalls, to the property.*

The majority of the proposed parking lot is offset 61' from the shared property line, with the two bus parking stalls being offset 33' from the shared property line. This area between the back of curb of the parking lot and the shared property line will have sight screening landscaping and/or fencing installed as required by Village Code for off-street parking areas. It should also be noted here, that the bus parking stalls are in-line with the detached garage of the property owner to the south, which should provide additional "sight screening".

LICENSE AGREEMENT BETWEEN THE VILLAGE OF PALATINE AND THE SALT
CREEK PARK DISTRICT

This License Agreement ("Agreement") is made as of this day of _____, 2020, by and between **Village Of Palatine**, an Illinois municipal home rule corporation ("Village") and **the Salt Creek Park District (SCPD), 530 S. Williams Drive, Palatine, Illinois** ("Licensee").

The following recitals of fact are a material part of this Agreement.

A. Village is a home rule unit of government in accordance with Article VII, Section 6, of the Constitution of the State of Illinois, 1970;

B. Village is the owner of a certain right of way in the Village of Palatine, County of Cook and State of Illinois, graphically depicted on Exhibit A attached hereto and made a part hereof (the "Right of Way").

C. Licensee is the owner of **530 S. Williams Drive, commonly known as 530 S. Williams Avenue (tax identification #s - 02-24-402-006-0000, 02-24-402-008-0000, 02-24-402-010-0000, 02-24-402-011-0000 & 02-24-402-012-0000) and registered as an Illinois Park District in Palatine, Illinois**, whose park district building, parking lot and recreational fields are directly adjacent to the S. Williams Drive and E. Olive Street right of Way (the portion of which bisects the SCPD parking lot is to be vacated in conjunction with the redevelopment of the Rose Park pre-school and administrative building), and would include parking spaces, a drive aisle, and a new turn-around being constructed in the right of way in conjunction with the proposed new building.

D. Village wishes to grant, and Licensee wishes to receive, a non-exclusive license to access and utilize the parking spaces, a drive aisle and turn-around within Right of Way for the purpose set forth herein, all as more fully set forth below.

E. Said E. Olive Street Right of Way was annexed into the Village in upon its development in 1960, as part of the Robert Crest Arlington Crest Subdivision, with the S. Williams Avenue and E. Olive Street right of ways.

NOW, THEREFORE, in consideration of the foregoing, the mutual agreement of the parties hereto and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

1. Grant of License. Village hereby grants to Licensee, a non-exclusive license to utilize the parking spaces, drive aisle and turn-around to be constructed in the Right of Way in conjunction with the proposed improvements to the subject property and Rose Park. It is expressly understood and agreed by the Licensee that no other temporary or permanent structures shall be allowed to be placed within the Right of Way. Violation of these terms shall be grounds for immediate termination of this Agreement. The Licensee and its park district participants may utilize said parking, drive

aisles and turn around in conjunction with the times permissible to the SCPD. The license approval also extends to any required traffic directional signage required by the Village Engineer, for the drive aisle, turnaround, and parking spaces in the right of way, to be installed at the cost of the licensee.

2. Term of License. The license granted hereunder shall commence on the date hereof and shall terminate (the "Termination Date") upon the earlier of: (a) upon thirty (30) days notice from the Village or (b) upon a breach of the terms hereof. Upon the occurrence of any of the events described in the preceding sentence, this License shall immediately expire and Licensees shall remove any non-permitted improvements and any other items in the Right of Way placed by Licensee, within fourteen (14) days after receipt of written notice from the Village.

3. License Only. This Agreement creates a license only with respect to Paragraphs 1 and 2 hereof and Licensees acknowledges that Licensee does not and shall not claim at any time any interest or estate of any kind or extent whatsoever in the Right of Way by virtue of such licenses or Licensees' use of the Right of Way, pursuant hereto.

4. Return of the Right of Way. At the termination of this Agreement, Licensee shall repair and restore the Right of Way and shall remove any unpermitted improvements; prior to the Licensed activities.

5. Maintenance of pavement overlay in the Right of Way. During the term of this Agreement, Licensee shall maintain the parking spaces, drive aisles, and turnaround in good condition and repair at its sole cost and expense. Licensee shall have sole responsibility for the condition and use of the parking spaces, including snow removal, and compliance with all applicable laws, statutes, ordinances, codes, rules, regulations, orders and decrees. Licensees at its sole cost and expense, shall obtain any required permits in connection therewith.

6. Reservation of Rights by Village. The right to use the Right of Way is expressly reserved by Village, its successors, grantees, invitees, employees, elected officials and assigns. In addition, and not by limitation, but by way of example, Village, its successors, grantees, invitees, employees, elected officials and assigns, reserve the right from time to time to grant additional licenses upon the Right of Way, provided that such licenses do not unreasonably interfere with Licensee's use of the Right of Way pursuant to the terms hereof

7. No Transfer by Licensee. Licensee shall not transfer any of its rights hereunder without the prior written consent of Village. Any such assignment made without the prior written consent of Village shall be null and void and of no further force or effect and shall entitle Village to terminate this Agreement.

8. Indemnity Except for damage caused by Village, Licensee for and on behalf of itself and each of them, all successors, grantees, invitees, family members and assigns, assumes sole and entire responsibility for any and all loss of life, injury to persons or damage to Right of Way that may be sustained directly or indirectly due to the installation of the pavement overlay, condition or presence of the pavement overlay or the activities, operations or use of the Right of Way by Licensee, and each of them, its successors, grantees, invitees, agents, family members and assigns or the general

public. Further, and except for damage caused by Village Licensee, for itself, and each of them, its successors, grantees, invitees, family member's and assigns, and for those claiming by, through or under any of them, hereby releases Village, its members, agents, and employees and elected officials (collectively, the "Indemnitees") from any and all claims or demands for loss, liability, expense, cost or damage (whether to person or Right of Way), including, without limitation, reasonable attorneys' fees and litigation costs incurred by the Indemnitees in connection therewith, that may arise from the installation, condition or presence of pavement overlay in the Right of Way by Licensee, and each of them, its agents, successors, grantees, invitees, family members and assigns, officers, directors, employees, representatives and agents. Except for damage caused by Village or its successors, Licensees hereby agrees to indemnify, defend and hold harmless the Indemnitees from and against any and all liability, loss, claim, demand, lien, damage, penalty, fine, interest, cost and expense (including without limitation, reasonable attorneys' fees and litigation costs) incurred by the Indemnitees for injuries to persons (including, without limitation, loss of life) and for damage, destruction or breach of the pavement overlay which is directly or indirectly due to the activity, work or thing done, permitted or suffered by Licensees on or about the pavement overlay, or for any act or omission of Licensees, or each of them, its agents, successors, grantees, invitees, family members and assigns and any of their officers, directors, employees, representatives and agents. Licensee shall cooperate with Village in the defense of any such claims, demands or action, including, without limitation, the employment, at the sole expense of Licensees, of legal counsel reasonably satisfactory to Village.

9. Insurance. Licensee at its sole cost and expense, shall purchase and keep in full force and effect during the term hereof, Commercial General Public Liability Insurance (including, but not limited to, contractual liability insurance covering, without limitation, Licensees' indemnification obligations hereunder) in an amount not less than Three Million and no /100 Dollars (\$3,000,000.00) on a combined single limit basis per occurrence and provided that same shall not be cancelled without thirty (30) days prior notice to Owner. Licensee, concurrently with execution hereof, or upon Licensee's commencement of use of the Right of Way as permitted hereunder, whichever is earlier, shall deposit with Village, insurance certificates and endorsements evidencing the foregoing coverages, together with satisfactory evidence of payment of the premiums thereon. All such insurance shall name the Village and Indemnitees as additional insureds on the policy. Licensee shall deliver said insurance certificates to Village at 200 East Wood Street, Palatine, Illinois, 60067, or as otherwise directed by Village from time to time.

10. No Liens. Licensee shall not permit any lien to be filed against any portion of the Right of Way or any improvements thereon for any labor or materials in connection with work of any character performed or claimed to have been performed on the Right of Way at the direction or sufferance of Licensee.

In the event any such lien is filed against any portion of the Right of Way, Licensee shall in good faith diligently attempt to remove or cause to be removed such lien within thirty (30) days of written notice from Village, or immediately upon receiving notice of any lien. In the event Licensee does not remove or cause to be removed such lien within sixty (60) days, Village shall have the right, but not the obligation, to cause such lien to be released and Licensee shall pay on demand all of Village's costs in connection therewith, together with interest thereon at the interest rate set forth in

Paragraph 12 hereof, accruing from and after the date of such demand until Village's receipt of full payment thereof.

11. Code Violation. Licensee shall not permit any code violation related to the pavement overlay or Right of Way to be filed against the Right of Way or any improvements. In the event Licensees receive notice of such a code violation, either from the Village or its successors, Licensees shall remove or cause to be removed such violation within the time specified in said code violation notice. In the event Licensee do not remove or cause to be removed such code violation within said time period, Village shall have the right, but not the obligation, to cause such violation removed and Licensee shall pay on demand all of Village's costs in connection therewith, together with interest thereon at the interest rate set forth in Paragraph 12 hereof, accruing from and after the date of such demand until Village's receipt of full payment thereof.

12. Breach by Licensee. If Licensee breach any provision in this Agreement and fails to cure any such breach within ten (10) days after written notice thereof, in addition to any other right or remedy available at law or in equity, Village shall have the right, but not the obligation, to cure any such breach and Licensee agrees to reimburse Village for the cost thereof upon demand, together with interest accruing thereon at an annual rate of interest equal to twelve percent (12%) from and after the date of Village's demand therefore until Village's receipt of full payment therefore.

13. No Warranty; Integration. Village hereby makes and has made no representations, statements, warranties or agreements to Licensee in or in connection with this Agreement or the Right of Way. This Agreement embodies the entire understanding of the parties hereto, and there are no further or other agreements or understanding, written or oral, in effect between the parties relating to the subject matter hereof.

14. Notices. All notices and other communications given pursuant to this Agreement shall be in writing and shall be deemed properly served if delivered in person to the party to whom it is addressed or on the third (3rd) day after deposit in the U.S. mail as registered or certified mail, return receipt requested, postage prepaid or sent by facsimile transmission (followed by a nationally recognized overnight courier), as follows:

15. Prevailing Party. In the event either party shall use legal counsel to enforce this Agreement, the non - prevailing party shall pay the legal fees of the prevailing party.

16. Assignment. No party shall delegate or assign this Agreement or any rights or duties hereunder (including by the merger or consolidation of a party with any third person) without the prior, written consent of the other. This Agreement shall be binding upon and shall inure to the benefit of the Village and the Licensee and the respective successors and permitted assigns of each upon execution hereof by the Village and the Licensee. Two (2) duly executed duplicate originals of this Agreement shall be provided to each party. This Agreement creates no rights as a third party beneficiary or otherwise in any person not a party.

17. Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed to be an original and all of which shall together constitute one and the same instrument.

18. Hold Harmless. Nothing contained in this Agreement shall constitute a waiver by the Village of any right, privilege or defense available to the Village under statutory or common law, including, but not limited to, the Illinois Local Governmental and Governmental Employees Tort Immunity Act, 745 ILCS 10/1-101 et seq., as amended.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the day and year first above written.

CASE STAFF STATEMENT (ID # 8105)

530 S Williams Avenue

CASE NUMBER: SU-000002-2022

PETITIONER: Diane Hilgers (Salt Creek Park District)

LOCATION: 530 S. Williams Avenue

PROPOSAL:

Special Use to permit a rear yard setback to be 16 feet from the rear lot line instead of the minimum required 40 feet;

Variation to permit a parking lot and canopy in the required front yard, and;

Vacation of a portion (approximately 127 feet) of E. Olive Street directly west of S. Williams Avenue and surrounded by the Subject Property; and

Plat of Consolidation to allow for the consolidation of five (5) existing lots and vacated E. Olive Street into one lot.

ZONING AND LAND USE: R-2 Single Family Residential, Institutional Use

SURROUNDING CONDITIONS:

North:	R-2 Single Family Residential
South:	R-2 Single Family Residential
East:	R-2 Single Family Residential
West:	B-2 General Business District

COMPREHENSIVE PLAN: Single Family Residential

BACKGROUND:

The property currently houses the Salt Creek Park District Facility, which includes multiple lots and straddles a section of the Olive Street Right of Way. The Petitioner is proposing to demolish the existing building on site and construct both a new building that encroaches into the required rear yard setback and a parking lot in the required front yard. A section of E. Olive Street would be vacated and then consolidated into one lot. Therefore, the Petitioner is requesting:

- Special Use to permit a rear yard setback to be 16 feet from the rear lot line, instead of the minimum required 40 feet;
- Variation to permit a parking lot and canopy in the required front yard; and,
- Vacation of a portion (approximately 127 feet) of E. Olive Street directly west of S. Williams Avenue and surrounded by the Subject Property; and
- Plat of Consolidation to allow for the consolidation of five (5) existing lots and vacated E. Olive Street into one lot.

ANALYSIS:

- The property is zoned R-2 Single Family Residential. Per code, Institutional uses are permitted.
- The subject property is 96,659 square feet or approximately 2.2 acres. The site plan shows a new 8,532 square foot building, activity field, parking lot, existing playground and athletic field.
- The existing building is currently non-conforming with a front yard setback of approximately 15'. The proposed building requires a special use for a rear yard setback of 16' instead of the required 40'. The proposed lot and building coverage meet code. In addition, a variation for a parking lot is required as parking lots are not permitted obstructions in the required front yard.

Required	Lot Coverage* (Max 45%)	Building Coverage* (Max 35%)	Front Yard Setback (Min 30')	Rear Yard Setback (Min 40')
Proposed	32.7%	7.9%	31.5'	16.7'

* This includes the proposed vacated Olive Street (8,439 square feet)

- The subject property is directly adjacent to a rear of building on a commercial property, Soccer City. The 24-foot rear yard encroachment should not have a negative impact on the commercial property as the encroachment aligns with the rear portion of both buildings (Soccer City and proposed Salt Creek Park District Facility).
- The Petitioner originally showed a canopy the encroached into the required front yard, however, the plans have been revised and no longer encroaches into the required front yard. Per the requested relief, a canopy could be constructed in front yard if reviewed and approved by the Director of Planning and Zoning.
- The proposed parking lot, drop off lane, and parking spaces are located in the right of way, therefore a license agreement with Village of Palatine is required. The Village Engineer reviewed the plans and has not identified any issues.
- The uses on the subject properties will include administrative offices, preschool, day camps, general programs as well as rental facilities for both indoor gatherings and outdoor youth sports. The existing site currently has all of these activities. The Park District did hold an informational meeting for the neighborhood on the proposed plans in the F.

STANDARDS FOR SPECIAL USE: Since this Petition is not for a use publicly operated or traditionally affected with the public interest, those standards under Section 14.05 D (2) and (3) are applicable. Specifically, the Petitioners must show that the Special Use, if granted, is so designed, located, and proposed to be operated that the public health, safety, and welfare will be protected and will not cause substantial injury to the value of other property in the neighborhood in which it is located. The Petitioners have attempted to address the required standards.

STANDARDS FOR A VARIATION: Standards for a Variation are found in Section 14.03 D (1) and (2) of the Zoning Code. Specifically, the Petitioners must show that the property in question cannot yield a reasonable return if permitted to be used only under the conditions allowed by the regulations governing the district in which it is located; that the plight of the owner is due to unique circumstances; and that the variation, if granted, will not alter the essential character of the locality. The Petition for Variation is attached, and the Petitioners have attempted to address the required standards.

RECOMMENDATIONS:

The subject properties currently house the Salt Creek Park District Facility. The

Case Staff Statement (ID # 8105)
Meeting of February 21, 2023

Petitioner is proposing to demolish the existing building and construct a new building and parking lot. The existing building currently encroaches in the required front yard and the proposed will encroach into the rear yard. The Petitioner is adding landscaping behind the building to buffer the rear yard encroachment thus should not have a negative effect to neighboring property.

The proposed parking lot encroaches into the required front yard and approximately 3 feet into the right of way. The right of way encroachment, which also include some existing conditions (drop-off lane and parking spaces), were reviewed by the Village Engineer with no objections. The right of way between the proposed parking lot and E. Olive Street curb is approximately 17 feet therefore should not change the essential character of the neighborhood. If the final canopy design encroaches into the required front yard a review and approval by the Director of Planning and Zoning is required.

The Plat of Vacation and Plat of Consolidation have been reviewed by the Village Engineer. The proposed plat of vacation will require sign off from the utility companies and is a condition of approval.

Therefore, Staff recommends approval of the Special Use and Variations along with the Olive Street Right of Way Vacation and Plat of Consolidation, subject to the following conditions:

1. The Special Use and Variations shall substantially conform to the site plan dated 1/20/23 and the elevation plans dated 1/18/23 submitted by Williams Architects, except as such plans may be changed to conform to Village Codes and Ordinances.
2. The Plat of Vacation shall be submitted in a manner acceptable to the Director of Planning and Zoning and the Village Engineer. Letters from all Utilities accepting the vacation of the north 33 feet of the ROW shall be required
3. The Plat of Consolidation shall be submitted in a manner acceptable to the Director of Planning and Zoning and the Village Engineer.
4. The Final Landscaping shall be revised in a manner acceptable to the Director of Planning and Zoning.
5. Recording fees in the amount of \$300 shall be submitted.
6. A License Agreement outlining the encroachments into the S. Williams Avenue right of way shall be submitted in a manner acceptable to the Village Engineer and Village Attorney.
7. A construction management plan shall be submitted in a manner acceptable to the Director of Planning and Zoning and the Village Engineer, and shall outline

the proposed development schedule and identify the material delivery routes and proposed parking areas for the contractors, in conjunction with the building permit application submission.

Attachment: Plan Commission materials - 2-21-23 (2023-17 : 530 S Williams Ave. - SU-VAC-CON-VAR Salt Creek Park District)

SPECIAL USE

Required Materials

- Filing Fee of \$ _____
- Application Form
- Plat of Survey (must show all current improvements and be sealed by an Illinois certified surveyor)
- Site Plan & Floor plan (dimension, location, and setbacks of all existing and proposed buildings) – **one 11x17 copy each, electronic version preferred**
- Real Estate Interest Disclosure Form (see attached)
- Proof of Ownership or Lease (e.g. Title Insurance Policy, Deed, or Purchase Contract)
- Business Plan (if applicable; including, but not limited to nature of business, hours of operation, number of employees, and menu)

Additional Materials (as required by the Village)

- Elevation Plan (front, side, and rear elevations of a proposed building), and/or Floor Plan (proposed interior layout) – **one 11x17 copy of each plan, electronic versions preferred**
- Engineering Plans (must indicate existing conditions, topography, storm water management, tree preservation, utility connections, detention calculations, and a cost estimate)
- Photographs (e.g. ground-level or aerials)
- Other materials as deemed necessary by the Village

Petitioner Justification

The Petitioner is required to present specific evidence related to each of the following standards to justify the request (paraphrased from Section 14.05 of the Palatine Zoning Ordinance). Answer the items below and attach a separate sheet if necessary. ***If you are applying for a Variation only, you do not need to answer these items.***

1. The use is deemed necessary for the public convenience at that location

The existing Rose Park Administration Building is located within the property. The proposed new location for the Rose Park Administration building will provide additional park space for the public and ease of vehicular traffic. See attached site plan for details.

2. The use is designed, located, and proposed to be operated that the public health, safety and welfare will be protected

The use of the proposed Rose Park Administration Building will be designed to all current codes to protect the safety and welfare of the public.

3. The use will not cause substantial injury to nearby property values

The proposed Rose Park Administration building and park improvements provide valuable amenities to the community and will increase property values.

4. With respect to live entertainment uses, the use shall not:
- a. Produce noise levels so great as to constitute an unreasonable interference for persons outside the confines of the establishment
 - b. Impose undue health, sanitation or safety burdens on the village
 - c. Create excessive demands on the Village of Palatine Police Department
 - d. Be of a nature otherwise prohibited by law or village ordinance
5. For fence standards, see Section 14.05 of the Palatine Zoning Ordinance

VARIATION

Required Materials

- Filing Fee of \$ _____
- Application Form
- Plat of Survey (must show all current improvements and be sealed by an Illinois certified surveyor)
- Site Plan & Floor plan (dimension, location, and setbacks of all existing and proposed buildings) – **one 11x17 copy each, electronic version preferred**
- Real Estate Interest Disclosure Form (see attached)
- Proof of Ownership or Lease (e.g. Title Insurance Policy, Deed, or Purchase Contract)

Additional Materials (as required by the Village)

- ☐ Elevation Plan (front, side, and rear elevations of a proposed building), and/or Floor Plan (proposed interior layout) – **one 11x17 copy of each plan, electronic versions preferred**
- ☐ Engineering Plans (must indicate existing conditions, topography, storm water management, tree preservation, utility connections, detention calculations, and a cost estimate)
- ☐ Photographs (e.g. ground-level or aerials)
- ☐ Other materials as deemed necessary by the Village

Petitioner Justification

The Petitioner is required to present specific evidence related to each of the following standards to justify the request (paraphrased from Section 14.03 of the Palatine Zoning Ordinance). Answer the items below and attach a separate sheet if necessary. ***If you are applying for a Special Use only, you do not need to answer these items.***

1. That the property cannot yield a reasonable return if used only under the conditions allowed by the regulations governing the zoning district in which it is located

The existing site dimensions and proportions limit the use of the site and building.

2. That the plight of the owner is due to unique circumstances

N/A

3. That the variation, if granted, will not alter the essential character of the locality

The variation, if granted, will be an improvement to the site.

4. In order to supplement the above standards, the Zoning Board of Appeals may also consider the following:
 - a. The particular surroundings, shape, or topographical conditions of the property
 - b. A unique hardship for the property not generally applicable to other properties in the same zoning district
 - c. The request is not based on a desire to make more money out of the property
 - d. The petitioner has not created the alleged hardship for the property
 - e. The request will not be detrimental to the public welfare or other properties in the neighborhood
 - f. The request will not impair the supply of light and air to adjacent properties, substantially increase the danger of fire, endanger the public safety, or substantially diminish or impair neighboring property values

The proposed variation for the rear set back is requested due to the particular shape of the property. The proposed variation is not detrimental to public welfare or surrounding properties. The adjacent commercial property to the west will not be effected because the building does not have public access or views to the rear exterior side of the building. The proposed design of the Rose Administration Building is sensitive to the surrounding buildings and will not block light and air to adjacent properties.

PUBLIC NOTICE
A Public Hearing will be held before the Village of Palatine Plan Commission on Tuesday, February 21, 2023 at 7 PM, in the Village Council Chambers in Palatine Village Hall, 200 E. Wood Street, relative to a request for the following:

Special Use to permit a rear yard setback to be 16 feet from the rear lot line instead of the minimum required 40 feet; and, Variation to permit a parking lot and canopy in the front yard; and, Vacation of a portion (approximately 127 feet) of E. Olive Street directly west of S. Williams Avenue and surrounded by the Subject Property; and, Plat of Consolidation to allow for the consolidation of five (5) existing lots and vacated E. Olive Street into one lot.

The property is commonly known as 530 S. Williams Avenue.

The Petitioner is requesting to demolish the existing Salt Creek Park District building and build a new Salt Creek Park District Facility that is set back 16 feet from the rear property line. In addition, the Petitioner is requesting the vacation of Olive Street west of Williams Avenue and the consolidation of the five (5) lots.

The above petition has been filed by Diane Hilgers (Salt Creek Park District), property owner and is available for examination in the office of the Village Clerk, 200 E. Wood Street. III. PUBLIC HEARING

File #SU-000002-2022

Chairman Dwyer read the notice of public hearing that was published in the Daily Herald on February 6th, 2023 and mailed to the owners of the surrounding properties.

The following petitioner's exhibits were introduced:

1. Application
2. Plat of Survey
3. Site Plan
4. Plat of Vacation
5. Plat of Consolidation
6. Landscape Plan
7. Floor Plan
8. Elevations
9. Elevation Renderings
10. Business Plan
11. Public Notice

**Sworn in Petitioner: Diane Hilgers, Director of Parks & Recreation
Frank Parisi, Williams Architects, Itasca, IL**

Sworn in staff: Lyn Bremanis

Mr. Parisi gives an overview of the project and presents the site plan. He states the plan is to demolish the existing building and build a new administrative building along with program rooms and additional parking. The parking lot plan includes a turn-a-round for the preschool. He states that the existing park would stay as is. Mr. Parisi states they are requesting a setback reduction to 16.7' vs the 40'; allow parking in the front yard and a license agreement to include parking on the north side inclusive of the drop off for the preschool.

He discusses the landscape plan and states that plans would be refined once permits are submitted.

He reviews the architectural plan and states it's a single story building with a preschool function and administrative area. He provides renderings and design features of the proposed building.

Mr. Parisi shows existing conditions of the area and explains that they are requesting the village to grant a vacation of a portion of E. Olive St. to have a continuous property along with a plat of consolidation to unify all of the

properties.

Mr. Friedman questions the site design traffic pattern and asks about the turnaround on Williams Ave. - what is the intended function.

Mr. Parisi explains that the turnaround allows a car to make the turn and there is room for 6-8 cars in the drop off lane. It would be utilized twice a day for drop off and pick up. The turning radius is larger than anticipated for bus pick up and drop off.

Mr. Friedman questions illumination and refers to the village ordinance regarding light spillage beyond property lines. He states that glare is a concern and asks if there is any consideration for building lighting at exist doors and parking lot to ensure low glare.

Mr. Parisi states that there are no lights along the drop off and most lighting is emergency lighting that is required by code. There is one pole for lighting in the open field. Stated they could work with the electrical engineer to provide cut off valance so that glare would be minimized. Parking lot would be to industry standards. Photometric would be submitted to staff.

Chairman Dwyer questions deliveries to building.

Mr. Parisi states there is no loading dock and deliveries would either come through front door or through the service entrance.

Chairman Dwyer asks how trash is handled.

Mr. Parisi points out the Garbage Enclosure on the site plan.

Mr. Friedman asks about the restrooms that are only accessible from the exterior.

Mr. Parisi states that is correct and they are used for camp programs and would be secured when not in use.

Mr. Fedota asks about plans for the demolition and new build. Will it be linear?

Mr. Parisi explains the sequence of construction. Construction area would be fenced and controlled by the construction manager.

Mr. Bettenhausen asks if the parking lot driveway to the south will be an exit only. Mr. Parisi states that it would be.

Mr. Fedota asks further questions regarding the lighting at the front of the building and light spill.

Mr. Parisi doesn't see an issue with light glare or spillage.

Mr. Friedman questions the vacation of Olive St. - does it need approval from the adjacent land owner.

Mr. Parisi states that the commercial property does not use the gate but the park district does use the gate for the camp to access the sports area.

Ms. Bremanis states this is zoned R2 Single Family Residential. Per code, institutional uses are permitted.

She talks about the canopy at the front entrance and a relief has been requested. The village engineer reviewed the plans and has not identified any issues.

Ms. Bremanis states that the Vacation request was reviewed by engineer and all utilities would have to be signed off by the utility companies.

Mr. Parisi talks about MWRD storm water control. Control would happen under the pavement and stored into the sub aggregate of the parking lot. There will be no detention pond and plans would be submitted to the Village Engineer as part of the Plan of Consolidation.

Ms. Bremanis states a landscape plan will be required.

Mr. Friedman asks if there are any challenges with the drainage since there is no curb and gutter and there is an existing ditch.

Mr. Parisi states that the Civil Engineer will show how the water will be shed off the property to the manhole that collect storm water just south of E. Olive St.

Objectors: Bart & Jen Hickman - 626 S Williams Ave

Ms. Hickman states that they have resided at their residence for 10 years and has concerns regarding the proximity of the parking lot adjacent to our home.

States the bus parking is about 33' from their garage structure and is closer than their current neighbor and their new neighbor will be bus storage. Ms. Hickman is concerned about contamination to their well and water runoff contaminating the ground water. She states that she talked with Cook County Health Department and stated they advised that the parking lot application could increase the heavy metals to the water supply and water should be tested for lead. Mr. Hickman states they've had their water tested as certified drinkable and salting the parking lot 30' from the house and the application of the new asphalt parking lot causes concerns regarding well be contamination.

Ms. Hickman also has concerns regarding the property value decreasing due to the new construction. Prior to moving in 10 years ago, they questioned the intent of the current green space adjacent to their property. They inquired what future plans were intended for the space and were told it was meant to be kept as greenspace for the park district and camps. The new construction has their property now surrounded by commercial/institution buildings. She states that they are also concerned about safety as dark parking lots may bring dangerous conditions to their home. She also states that the glare from the parking lot lights would filter into the 2 bedrooms that face the parking lot. Mr. Hickman states that plow trucks, salt, diesel fuel and bus storage are an issue.

Mr. Dwyer states that the institutional uses are permitted uses in the R2 district. The meeting is for variations to the building code. The parking lot is not a variation because it is permissible. Institutional & Churches are permitted in the R2 Zoning. He states that maybe the parking lot can be accommodated to pitch toward their building to ensure runoff is not directed toward their property. Discussion regarding the water drainage.

Ms. Hickman asks if glare or injury to property value can be addressed at this meeting. Chairman Dwyer states that the photo metrics should be approved by the village engineer and should not create an issue. You can talk with the village if there is a problem and have it corrected. He states the issue regarding the dry well is valid.

Mr. Hickman points out that the original plan showed a detention pond which also would have been close to his well. The new proposed plan that was communicated to them today is to provide a dry well under the parking lot which would be covered up by asphalt. He is concerned that the asphalt application that involves oil and tar and that heavy metals would seep down through the water table into the water causing contamination to the water that they shower and brush their teeth with.

Chairman Dwyer questions run off requirements and believes it should be added as a condition.

Mr. Parisi states the storm water volume containment area does comply with MWRD requirements and exceeds the 100' distance from the well. The Park District would not compromise any code issues as it relates to that.

Mr. Fedota asks if the subject property is on well.

Mr. Parisi states that it is on city water.

Chairman Dwyer states it would be an option to change to city water and maybe there could be a price break but it would be a different conversation.

Mr. Bettenhausen questions if buses are parked and stored on site.

Mr. Friedman asks if the buses are stored permanently.

Mr. Parisi clarifies that buses would be stored overnight.

STAFF RECOMMENDATION:

The subject properties currently house the Salt Creek Park District Facility. The Petitioner is proposing to demolish the existing building and construct a new building and parking lot. The existing building currently encroaches in the required front yard and the proposed will encroach into the rear yard. The Petitioner is adding landscaping behind the building to buffer the rear yard encroachment thus should not have a negative effect to neighboring property.

The proposed parking lot encroaches into the required front yard and approximately 3 feet into the right of way. The right of way encroachment, which also include some existing conditions (drop-off lane and parking spaces), were reviewed by the Village Engineer with no objections. The right of way between the proposed parking lot and E. Olive Street curb is approximately 17 feet therefore should not change the essential character of the neighborhood. If the final canopy design encroaches into the required front yard a review and

approval by the Director of Planning and Zoning is required.

The Plat of Vacation and Plat of Consolidation have been reviewed by the Village Engineer. The proposed plat of vacation will require sign off from the utility companies and is a condition of approval.

Therefore, Staff recommends approval of the Special Use and Variations along with the Olive Street Right of Way Vacation and Plat of Consolidation, subject to the following conditions:

1. The Special Use and Variations shall substantially conform to the site plan dated 1/20/23 and the elevation plans dated 1/18/23 submitted by Williams Architects, except as such plans may be changed to conform to Village Codes and Ordinances.
2. The Plat of Vacation shall be submitted in a manner acceptable to the Director of Planning and Zoning and the Village Engineer. Letters from all Utilities accepting the vacation of the north 33 feet of the ROW shall be required
3. The Plat of Consolidation shall be submitted in a manner acceptable to the Director of Planning and Zoning and the Village Engineer.
4. The Final Landscaping shall be revised in a manner acceptable to the Director of Planning and Zoning.
5. Recording fees in the amount of \$300 shall be submitted.
6. A License Agreement outlining the encroachments into the S. Williams Avenue right of way shall be submitted in a manner acceptable to the Village Engineer and Village Attorney.
7. A construction management plan shall be submitted in a manner acceptable to the Director of Planning and Zoning and the Village Engineer, and shall outline the proposed development schedule and identify the material delivery routes and proposed parking areas for the contractors, in conjunction with the building permit application submission.

Chairman Dwyer adds that a condition should be added for parking lot run off.

Chairman Dwyer, Ms. Bremanis and commissioners discuss the specifics of the condition to be added.

Condition should read:

The storm water run-off design management plan shall be re reviewed and approved by Village Engineer with regard to local regulations.

Chairman Dwyer made a motion to close the public hearing.

DISCUSSION:

Mr. Fedota states that the primary issue set back does not seem to be an issue.

Chairman Dwyer states there has been no communication from the commercial property owner at the back of the property.

Mr. Friedman states the storm water/quality issue is an impact to the property owners well. Adding a shared cost for converting the property to city water would be a neighborly thing to do. It cannot be added as a condition but it may want to

be considered.

Mr. Noonan made a motion to accept case # SU-000002-2022, 2nd by Mr. Fedota, Unanimously approved with (8) conditions as noted.

Chairman Dwyer summarized that this request has met the standards and was unanimously approved by a vote of 5-0 with the (8) Conditions. This item will tentatively go to the Village Council on Monday March 6, 2023

Communications:

Ms. Bremanis states that the 2-lot sub-division on Wilson was approved by Village council.

There will be one item on the scheduled for March 7th meeting - 780 W Dundee Rd for a Final Planned Development..

Chairman Dwyer questions the new numbering system and Ms. Bremanis clarifies that a new program is being utilized to track projects.

Consider an Ordinance Granting a Special Use for a Unique Use to Permit a Live Room Escape Adventure Business at 254 N. Northwest Highway

BACKGROUND:

The Petitioner is proposing to open a live room escape adventure business, Panic Escape Room, within a vacant tenant space at 254 N. Northwest Highway. Therefore, the Petitioner is requesting approval of the following:

Special Use for a Unique Use to permit a live room escape adventure.

KEY ISSUES:

- A Special Use for Unique Use to permit a live room escape adventure was granted at the Subject Property in 2016, which subsequently closed in February 2022. The current Petitioner's proposal is to revive the same use at this location.
- Per the submitted business plan, the hours of operation would be Sunday - Thursday 3:30 PM - 10:30 PM, Friday - Saturday 12 PM - 11:30 PM. This is an appointment-based business, all bookings are made online or via telephone.
- There are ten parking spaces provided for the building. A variation was granted in 2016 permitting ten parking spaces, instead of the required 14 parking spaces. As the Petitioner's proposed floor plan does not indicate any expansion or significant change to the tenant space, the parking variation remains valid.
- There is an existing cross access/parking agreement between the Subject Property and the adjacent Starbucks to the south at 234 N. Northwest Highway. The recorded agreement was a previous Special Use condition (#O-60-16) and applies to future successors.
- Per Fire Prevention's review, as the proposed floor plan differs from the previous, the addition of walls, doors, door releases, and fire alarm changes will be addressed as part of a building permit.

ALTERNATIVES:

1. Approve the Special Use for a Unique Use to permit a live room escape adventure.
2. Do not approve the Special Use for a Unique Use to permit a live room escape adventure.

RECOMMENDATION:

Public Hearing: ZBA meeting on February 14, 2023.

Residents testifying: None.

Vote: The ZBA voted unanimously to recommend approval of the Special Use for a Unique Use to permit a live room escape adventure and Staff concurs.

ACTION REQUIRED:

A motion to approve the ordinance granting Special Use for a Unique Use to permit a live room escape adventure business.

Hi Ernesto –

I hope all is well. I was able to review your submittal through our online portal, and it appears that there are a couple things that still need to be submitted prior to moving forward to the internal Staff review. Please include (1) a proposed **floor plan** for the entire space and (2) a **business plan** including hours of operation, number of employees, overview of products/services sold, and any other information pertinent to the operation of the business.

These two additional documents can be submitted through the online CSS portal, or feel free to send them to me and I will get them uploaded to your case.

Contact me with questions.

III. PUBLIC HEARING

1. 254 N. Northwest Highway

Notice was published in the Daily Herald on January 30, 2023 and mailed to the owners of the surrounding properties.

Petitioner's Exhibits:

1. Application for Special Use
2. Proof of Ownership
3. Plat of Survey
4. Floor Plan
5. Business Plan
6. Public Notice

Sworn in staff: Mr. Ben Vyverberg and Mr. Alex Bradshaw

Sworn in the petitioner: Mr. Ernesto Ayala 254 N. Northwest Hwy

Mr. Ayala stated they have three locations and are currently looking for Special Use approval at this location. He stated it was the same business for several years but during Covid closed. He explained they opened their first location in 2017 and looking to expand and keep all locations within a 20-25 minute travel. He stated each location has its own themes and puzzles which makes people travel between locations. Mr. Ayala stated they have enthusiasts in the area looking for the location to reopen. He stated they keep the games family friendly and educational and is great for team building. He stated it is a small operation and will be manned by 2 fulltime and 1 part time employees. He stated the hours will be consistent with other locations.

Ms. Wood asked if more than one game go at the same time.

Mr. Ayala answered no explaining the games are staggered and appointment based only to ensure staffing, and parking is not overwhelmed.

Discussion on staggering times.

Ms. Wood asked what maximum capacity for each room is.

Mr. Ayala explained it depends on the size of room, but 2-8 is usual.

Ms. Roth-Wurster asked about themes.

Mr. Ayala stated they have spy thrillers, family friendly, and educational and try to get a mix at each location.

Mr. Bradshaw gave a brief overview stating the subject property is zoned B2 general business with a tenant space of approx. 1600 sqft. He stated a Special Use was granted in 2016 for the same type of business. He stated the petitioner's proposal is to revive the same use at the location. Mr. Bradshaw spoke to the business plan being appointment based and lasting approx. one hour each time slot. He spoke to variation for parking that remains valid and the

cross action parking agreement with Starbucks that was condition for previous Special Use. Mr. Bradshaw stated Fire Prevention reviewed and has indicated any additions to walls, doors, door releases, and fire alarm changes will be reviewed in a building permit. He stated Community Services also reviewed and had no issues.

Ms. Wood asked staff if there are any records with parking problems with the previous tenant.

Mr. Bradshaw answered no, not that staff is aware.

STAFF RECOMMENDATION:

Panic Escape Room would occupy a vacant tenant space in an existing building with one tenant. The previous tenant at this location was also an escape room business, and had built out the space in a way that fits the current Petitioner's needs. Additionally, Staff has no parking concerns as there is an existing parking Variation in place, along with a shared parking and cross access agreement between the Subject Property and the adjacent Starbucks. Ultimately, the proposed use should not cause any injury to the value of the surrounding neighborhood. Therefore, Staff recommends approval of the Special Use, subject to the following conditions:

1. The Special Use shall substantially conform to the Floor Plan and Business Plan submitted by the Petitioner, Ernesto Ayala, except as such plans may be changed to conform to Village Codes and Ordinances.
2. All interior locks for games rooms shall be tied to the fire alarm for automatic release upon activation of the fire alarm.
3. The final emergency/exit lighting and fire alarm plan shall be submitted in a manner acceptable to the Fire Marshal.

There were no further questions. The public hearing was closed.

Mr. Cavanaugh made a motion to approve subject staff's conditions; seconded by Ms. Roth-Wurster.

DELIBERATIONS:

Mr. Cavanaugh stated it meets the standards being the same type of business as what was there.

Ms. Roth-Wurster agreed with Mr. Cavanaugh stating it is similar business and they have experience.

Ms. Wood stated it is great someone is taking over the business. She stated she was concerned with releases and parking but staff has reviewed. She state she thinks it will compliment Starbucks with the operation hours.

Ms. Wood summarized that this request has met the standards and was unanimously approved by a vote of 5-0. This item will tentatively go to Village Council on March 6, 2023.

PETITIONER: Ernesto Ayala

CASE NUMBER: SU-000011-2023

ADDRESS: 254 N. Northwest Highway #100

PROPOSAL:
Special Use for a Unique Use to permit a live room escape adventure.

<u>LOCATION:</u>	254 N. Northwest Hwy District 6 (Helms)	<u>CURRENT ZONING:</u>	B-2 General Business District
-------------------------	--	-------------------------------	----------------------------------

SURROUNDING CONDITIONS:

<u>North:</u>	B-2 General Business (Café Fourteen)
<u>South</u>	B-2 General Business (Starbucks)
<u>East:</u>	B-2 General Business (Autozone)
<u>West:</u>	R-2 Single Family Residential

BACKGROUND:

The Petitioner is proposing to open a live room escape adventure business, Panic Escape Room, within a vacant tenant space at 254 N. Northwest Highway. Therefore, the Petitioner is requesting:

Special Use for a Unique Use to permit a live room escape adventure.

SITE ANALYSIS:

- The Subject Property is zoned B-2 General Business, and the subject tenant space is approximately 1,660 square feet. The building is a combination of 1 and 2 story with a total of approximately 6,000 square feet with 2,700 square feet being warehouse.
- The Petitioner is proposing to operate a live room escape adventure, which locks guests in a room. In order for the guests to escape, they must solve puzzles to discover clues. The clues will eventually lead to a key that allows them to escape.

Attachment: February 14, 2023 ZBA Materials (2023-18 : 254 N. Northwest Highway - SU Escape Room)

Case Staff Statement (ID # 8087)
Meeting of February 14, 2023

- A Special Use for Unique Use to permit a “live room escape adventure” was granted at the Subject Property in 2016. The current Petitioner’s proposal is to revive the same use at this location.
- The Petitioner operates other escape room businesses in the greater Chicago area. The name of the existing business is *Panic Escape Room*.
- Per the submitted business plan, the hours of operation would be Sunday - Thursday 3:30 PM - 10:30 PM, Friday - Saturday 12 PM - 11:30 PM. This is an appointment-based business, all bookings are made online or via phone call.
- The submitted floor plan and business plan indicate that there will be 3 “themes”/“experiences”, which are split between several different rooms for the games. Each room would accommodate up to 8 people per each appointment/experience. All experiences are 1 hour long. There is also a reception area at the main entrance, and restroom that is shared with the upstairs offices.
- Per the business plan, there will be 3 total employees working at any given time.
- There are currently 10 parking spaces provided for the building. A Variation was granted in 2016 permitting 10 parking spaces instead of the required 14 parking spaces. As the Petitioner’s proposed floor plan does not indicate any expansion or major change to the existing tenant space, the parking variation will remain valid.
- There is an existing cross access/parking agreement between the Subject Property and the Starbucks to the south at 234 N. Northwest Highway. The agreement was a condition of approval for the Special Use (O-60-16) that was granted to the previous escape room tenant, *Escapeocity*.
- No food or drink will be sold or stored on the property.

STANDARDS FOR SPECIAL USE: Since this Petition is not for a use publicly operated or traditionally affected with the public interest, those standards under Section 14.05 D (2) and (3) are applicable. Specifically, the Petitioners must show that the Special Use, if granted, is so designed, located, and proposed to be operated that the public health,

safety, and welfare will be protected and will not cause substantial injury to the value of other property in the neighborhood in which it is located. The Petitioners have attempted to address the required standards.

STAFF RECOMMENDATION:

Panic Escape Room would occupy a vacant tenant space in an existing building with one tenant. The previous tenant at this location was also an escape room business, and had built out the space in a way that fits the current Petitioner's needs. Additionally, Staff has no parking concerns as there is an existing parking Variation in place, along with a shared parking and cross access agreement between the Subject Property and the adjacent Starbucks. Ultimately, the proposed use should not cause any injury to the value of the surrounding neighborhood. Therefore, Staff recommends approval of the Special Use, subject to the following conditions:

1. The Special Use shall substantially conform to the Floor Plan and Business Plan submitted by the Petitioner, Ernesto Ayala, except as such plans may be changed to conform to Village Codes and Ordinances.
2. All interior locks for games rooms shall be tied to the fire alarm for automatic release upon activation of the fire alarm.
3. The final emergency/exit lighting and fire alarm plan shall be submitted in a manner acceptable to the Fire Marshal.

Please provide a description of your proposed request:

Looking for a Special Use Permit to open and operate the same business that was in the same space for 5 years prior. Originally known as "Escapeocity Escape Room" we are looking to reopen same business as "Panic Escape Room Games"

Escape Room Games & Team Building

Petitioner Justification

Special Uses shall not be granted except on findings based upon the evidence in each specific case. Please address the following standards as these will be used in considering the specific relief you are seeking.

That use deemed necessary for the public convenience at that location. Explain:

Escape rooms can boost skills in communication, project management, problem solving, and dealing with complex challenges. They are also commonly used to strengthen relationships within a team. And excellent alternative for recreation amusement and team building.

The use is designed, located, and proposed to be operated that the public health, safety, welfare will be protected. Explain:

Escape Rooms are limited in size for participants, and done by appointment only, group sizes can range from 2- 6 at a time and total time limit of 1 hour. We do not serve or offer food or beverage, this experience is solely for the experience and service provided for either team building or entertainment purposes.

The use will not cause substantial injury to nearby property values. Explain:

Escape Rooms are set in standard office spaces, with a theme and objective to solve within the 60 min time period. The experiences are booked online or by phone as appointments only. This is also why this type of business works best in office or medical building due to the size and appointment based business model.

In order to supplement the above standards, the Zoning Board of may also consider the following:

With respect to front yard fencing and fencing in a rear yard/side yard abutting a street, the following additional standards must be met:

a. Will meet the following aesthetic criteria:

- i. Will not destroy existing vistas in the area;
- ii. Will enhance the appearance of the homes and the streets in the area; and
- iii. Will not detract from the overall appearance of the community; or

b. The fencing is found to be necessary to protect private property or the safety of the inhabitants of the property.

Hi Ernesto –

I hope all is well. I was able to review your submittal through our online portal, and it appears that there are a couple things that still need to be submitted prior to moving forward to the internal Staff review. Please include (1) a proposed **floor plan** for the entire space and (2) a **business plan** including hours of operation, number of employees, overview of products/services sold, and any other information pertinent to the operation of the business.

These two additional documents can be submitted through the online CSS portal, or feel free to send them to me and I will get them uploaded to your case.

Contact me with questions.

Consider a Motion to Approve a Waiver of the Village's Sound Amplification Ordinance for a St. Paddy's Party at 180 N. Smith Street on Saturday, March 17, 2023

BACKGROUND:

The Petitioners, Durty Nellies, wish to host a St. Patrick's Day event, in their parking lot, on Friday, March 17, 2023.

KEY ISSUES:

- *Durty Nellies (located at 180 N. Smith Street) previously received approval for a tent event and sound waiver for Saturday, March 11, 2023. They now are requesting approval to leave the tent up for a week and again have live music on Friday, March 17, 2023. The music will occur from Noon to 10:00 PM, with the tent remaining open until Midnight. Therefore, they are requesting a waiver of the Village's Sound Amplification Ordinance from Noon to 10:00 PM on March 17, 2023.*

ALTERNATIVES:

1. Approve a waiver of the Village's Sound Amplification Ordinance for March 17, 2023.
2. Refer back to Staff with comments.

RECOMMENDATION:

Action is at the discretion of the Committee.

Hello Susan,

Just following up with per our conversation with Mike Jacobs.

Looking to for a sound waiver extension for 3/17/2023

same details as the 3/11/2023

looking to keep the tent up for the week from 3/11/2023 through 3/17/2023, the tent will be used only for the 3/11 and 3/17 but it would be easier to just keep it up instead of breaking down and setting it up again

date 3/17/2023

time 12 pm to 10 pm acoustic Irish music (sound waiver needed)

Consider a Motion Authorizing the Village Manager to Approve Reimbursements to the Palatine Park District for Contractual Grass Mowing Services

BACKGROUND:

Over the years, the Village has identified 61 locations (approximately 52 acres) where regular grass mowing is required. Many of these locations are within residential neighborhoods or along major thoroughfares serving Palatine. The Village worked with the Palatine Park District in 2022 to coordinate a joint-bid for contractual mowing services. The Park District awarded the contract to Gilio Landscape Contractors of Arlington Heights, Illinois, with renewal options for up to two additional one-year periods. The Village Manager was given the ability to approve reimbursements to the Park District for the Village's areas.

KEY ISSUES:

- Gilio Landscape Contractors has agreed to an extension for the 2023 season with a 3% increase in rates.
- The 2022 season was the first year of the contract. This would be the first one-year renewal period.
- In past years, the effort made by Gilio Landscape Contractors was outstanding, in that few, if any, real complaints were received from the public.
- The estimated cost for this program is \$62,129.20 to \$68,710.90.

ALTERNATIVES:

1. Authorize the Village Manager to approve reimbursements to the Palatine Park District for Contractual Grass Mowing Services.
2. Refer back to Staff with comments.

RECOMMENDATION:

Staff recommends authorizing the Village Manager to approve reimbursements to the Palatine Park District for Contractual Grass Mowing Services for the 2023 mowing season.

BUDGET IMPACT:

Funds in the amount needed to accommodate the estimated cost have been appropriated in the Public Works Operating Budget to accommodate these services.

ACTION REQUIRED:

Motion to authorize the Village Manager to approve reimbursements to the Palatine Park District for Contractual Grass Mowing Services for the 2023 mowing season.

Re: Mowing Services

Dear Gerald Gilio:

This letter is to inform you that it is the intention of the Palatine Park District to extend our current contract for Mowing Services through 2023. This contract extension is in accordance with the conditions set forth as the Renewal Terms in the bid specification for 2022 Mowing Services and will be for the SECOND Term commencing March 1, 2023 and expiring December 31, 2023.

Your proposal under Alternate A: Optional Renewal Terms for the Second Term is:

Item 1 (Parks)	3% (Three percent)
Item 2 (Schools/Church)	3% (Three percent)
Item 3 (Trails bi-weekly)	3% (Three percent)
Item 4 (Village of Palatine)	3% (Three percent)
Item 5 (VOP one time mow)	0% (zero percent)

2023 Totals:

Item 1 (Parks)	\$54,320.00	X 3% (\$1,629.60)	= \$55,946.60
Item 2 (Schools/Church)	\$40,740.00	X 3% (\$1,222.20)	= \$41,962.20
Item 3 (Trails bi-weekly)	\$10,360.00	X 3% (\$310.00)	= \$10,670.80
Item 4 (Village of Palatine)	\$59,640.00	X 3% (\$1,789.20)	= \$61,429.20
Item 5 (VOP one time mow)	<u>\$ 700.00</u>	X 0% (\$ 0.00)	= <u>\$ 700.00</u>
	\$166,460.00		\$170,711.80

Your base bid proposal in 2022 totaled \$166,460.00. The total for the Second Term will be \$170,711.80 with a per item cost as indicated in Attachment A.

If you have any questions regarding this contract extension, please contact me at 847-705-5131 or by email at jholder@palatineparks.org.

Consider a Motion to Approve the 2023 Summer Farmers' Market and 2023-2024 Winter Farmers' Market

BACKGROUND:

Since 2001, the Farmers' Market has operated in the Train Station parking lot every Saturday, May through October. In addition to fresh produce and food products, the Market employs ten residents and encourages participation by civic groups and local musicians.

KEY ISSUES:

- The Palatine Farmers' Market requests approval for the 2023 Summer Market dates every Saturday (May 6 - October 28) from 7 AM to 1 PM in the Palatine Train Station Parking Lot (B). The Market's layout will be consistent with last year's. The Market includes over 30 vendors with increased organic products, a wider variety of local products, a knife sharpener, and University of Illinois Master Gardeners for yard and garden solutions.
- The Farmers' Market requests approval of the following 2023-2024 Winter Market dates: November 4 and 18, December 2 and 16 of 2023 and January 6 and 20, February 3 and 17, March 2 and 16, April 6 and 20 of 2024. The Winter Market, held from 10 AM to noon, will include two vendors in Parking Lot B and 10-12 vendors inside the Train Station. Katich Breads will be allowed in the lot to deliver customer pre-orders every Saturday for one hour from 10 -11 AM.
- The Farmers' Market is also seeking approval to place five (real estate size) signs at key intersections on Saturdays between 6 AM and 2 PM.
- To ensure that the Village collects all Sales and Food and Beverage Tax, vendors will be provided with all applicable State and Village forms for remittance.
- The Farmers' Market will follow any applicable Covid-19 or other health guidelines that are in place during the requested 2023 Summer and 2023-2024 Winter Market dates.

ALTERNATIVES:

Village Manager Reid Ottesen and Village Council
200 East Wood Street
Palatine, IL 60067

February 11, 2023

Village Manager, Council and Staff:

Established in 1991, to attract customers to downtown Palatine, the Palatine Farmers' Market has become a part of the Palatine culture. Since 2001, the Farmers' Market has operated in the Train Station parking lot (B) every Saturday, May through October. In addition to fresh produce and food products, the Market employs 10 local residents and musicians and invites participation by civic groups. Our specific requests for Council approval include:

- **Summer Market:** every Saturday, May 6th through October 28th, 2023 from 7 AM to 1 PM, in the Train Station Parking Lot (B). We appreciate the current signage and ask that owners of cars parked in the Market area at 5 AM be contacted or towed. Since 2001, the Police have been excellent insuring that parked vehicles are removed from the Market area.
- For many years, the Market area included the 4 handicapped spaces on the northwest end of the lot. The Market has grown to over 30 vendors with increased organic products, and a wider variety of exceptional local products, a skilled knife sharpener and U of I Master Gardeners for yard and garden problem-solving thus increasing the need for additional space. (Map attached)

Specific 2023 dates are: May 6, 13, 20, 27, June 3, 10, 17, 24, July 1, 8, 15, 22, 29, August 5, 12, 19, 26, September 2, 9, 16, 23, 30, October 7, 14, 21, 28.

- **Winter Farmers' Market:** Based on the success of the 2021-22 Winter Drive-Thru/Walk-Up Markets on the 1st & 3rd Saturdays each month, the Farmers' Market Committee requests approval of the 2023-2024 Winter Drive-Thru Market from 10 AM to 12 PM. Since conceiving of the Drive-Thru format, to address COVID concerns in 2021, Public Works and Harvard employee Rigo have been instrumental in safely channeling traffic for contact-free drive-thru transactions and walk-up customers. As granted for the past few years, we ask that one vendor, Katich Breads, be allowed in the lot to deliver customer pre-orders every Saturday for one hour from 10-11:00.

Specific 2023-24 Dates: November 4 and 18, December 2 and 16 of 2023, and January 6 and 20, February 3 and 17, March 2 and 16, April 6 and 20, for 2024, located in Parking Lot B. Hours: 10 a.m. to noon. (Map attached)

- **Publicity:** The Farmers' Market seeks approval to place 5 (real estate size) signs at key intersections on Saturdays between 6 a.m. and 2 p.m.

Sincerely,

Marg Duer and the Market Committee

Consider a Motion to Extend the Contract for the 2023 Sidewalk Saw Cutting Program

BACKGROUND:

In 2022, the Municipal Partnering Initiative (MPI) solicited bids for sidewalk saw cutting services for 2022. MPI is a group of local municipalities that have coordinated similar projects to benefit from bulk purchasing, the sharing of best practices, and the sharing of workloads. The contract was awarded to Hard Rock Concrete Cutters, Incorporated of Wheeling, Illinois. A renewal option is available for up to three additional one-year periods.

The area targeted for sidewalk improvements in 2023 is roughly from Baldwin Road and Palatine Road south to Northwest Highway and from Hicks Road east to Wilke Road.

KEY ISSUES:

- Hard Rock Concrete has agreed to an extension for 2023 with a 2% increase in unit prices. In 2022, one cut was \$39.75 per sidewalk square. The increase would adjust the price to \$40.55 per sidewalk square.
- 2022 was the first term of the contract. This would be the first renewal for 2023.
- Based upon anticipated maintenance needs in the 2023 maintenance area and the unit cost per sidewalk square which would qualify for cutting (instead of replacement), an estimated \$72,000 in sidewalk cuts are anticipated.
- Work performed by Hard Rock Concrete Cutters during 2022 was satisfactory.

ALTERNATIVES:

1. Extend the contract with Hard Rock Concrete Cutters through 2023 for the Sidewalk Saw Cutting Program.
2. Refer back to Staff with comments.

RECOMMENDATION:

Staff recommends that the contract with Hard Rock Concrete Cutters be extended through 2023 for the Sidewalk Saw Cutting Program in an amount not-to-exceed \$72,000.

BUDGET IMPACT:

Funds have been appropriated in the 2023 Capital Improvement Program to accommodate this work.

ACTION REQUIRED:

Motion to extend the contract with Hard Rock Concrete Cutters, Incorporated of Wheeling, Illinois through 2023 for the Sidewalk Saw Cutting Program in an amount not-to-exceed \$72,000.

Palatine Public Works

Palatine, IL 60067

To whom it may concern,

Hard Rock has appreciated working with the Village of Palatine. We have worked with the public works department since 2021 assisting with the Village to reduce their trip hazards and decreasing their liability. This work provides safer sidewalks for all who visit Palatine, especially its citizens, one of them being myself. Hard Rock looks forward to continuing this positive working relationship through the 2023 year.

Hard Rock Concrete Cutters Inc. only requests a 2% increase on the per cut unit price of \$39.75 for this year's work on the 2023 Sidewalk Saw Cutting Program. This will bring the unit cost per cut to \$40.55. This increase is less than the inflation rate than we are currently experiencing.

Thank you for this consideration,

Lisa Crilly

Hard Rock Concrete Cutters, Inc.

Consider Ordinances Granting a Vacation of a Portion of the Olive Street Right-of-Way, a Setback Reduction and Variations for Permitted Obstructions, and a Resolution Consolidating Five Existing Lots and the Vacated Olive Street Right-of-Way at 530 S. Williams Avenue

BACKGROUND:

The Subject Property includes the Salt Creek Rural Park District building and park. It consists of multiple lots and a section of the Olive Street right-of-way. The Petitioner is proposing to demolish the existing structure and construct a new building, which encroaches into the minimum required rear yard setback and a new parking lot, with a portion located in the required front yard. Therefore, the Petitioner is requesting:

- **Special Use to permit a rear yard setback to be 16 feet from the rear lot line, instead of the minimum required 40 feet;**
- **Variation to permit a portion of the parking lot and canopy in the required front yard;**
- **Vacation of a portion (approximately 127 feet) of the Olive Street right-of-way, directly west of Williams Avenue and surrounded by the Subject Property; and**
- **Plat of Consolidation of the existing lots and vacated E. Olive Street into one lot.**

KEY ISSUES:

- The Subject Property is 2.2 acres and is zoned R-2 Single Family Residential, with public parks and uses being permitted. The site plan includes a new 8,532 square foot building, activity field, parking lot, existing playground, and an athletic field. The existing uses (administrative offices, preschool, day camps, general programs and rental facilities) would all continue on the property.
- The existing building is non-conforming, with a front yard setback of approximately 15 feet (30 feet is required). The rear yard setback requires relief for 16 feet, instead of the minimum required 40 feet. The rear yard abuts the rear yards of the commercial building along S. Consumers Avenue and aligns with the rear portion of Soccer City.
- The proposed lot and building coverage meet code. A variation for a parking lot is required as parking lots are not permitted obstructions in the required front yard.

Required	Lot Coverage* (Max 45%)	Building Coverage* (Max 35%)	Front Yard Setback (Min 30')	Rear Yard Setback (Min 40')
Proposed	32.7%	7.9%	31.5'	16.7'

** This includes vacated Olive Street (8,439 square feet)*

- The plans originally included a canopy encroaching into the required front yard; however, the plans were revised to remove the encroachment. Per the requested relief, a canopy could be constructed in the front yard, if reviewed and approved by the Director of Planning and Zoning to allow some flexibility with the final canopy design.
- The proposed parking lot, drop off lane, and parking spaces are in the right of

way and would be managed through a license agreement with Village. A section of the Olive Street right-of-way would be vacated and ultimately consolidated into one lot. The vacation requires both utility consent and an easement on the northern 33 feet.

- In preparation for the redevelopment of the Rose Park building, the Park District held informational neighborhood meetings to discuss the proposed plans in the fall of 2022. In response to the questions at the Public Hearing, the Petitioner's engineer submitted a response memo articulating how the proposed site was designed to meet the minimum required MWRD 100-foot separation from any adjacent wells and also contains emergency run-off area to prevent contamination to the well. Staff contacted the residents and shared this information after the Plan Commission meeting.

ALTERNATIVES:

1. Approve the Vacation of a portion of the Olive Street Right-of-Way, Plat of Consolidation, Special Use and Variations to permit a new Salt Creek Park District Facility.
2. Do not approve the Vacation of a portion of the Olive Street Right-of-Way, Plat of Consolidation, Special Use and Variations to permit a new Salt Creek Park District Facility.

RECOMMENDATION:

Public Hearing:	Plan Commission meeting - February 21, 2023
Residents testifying:	Two property owners directly the south - concerns about runoff affecting their well through the parking lot construction and underground volume control; parking lot safety, directly adjacent door to their residence.
Vote:	The Plan Commission voted unanimously to recommend approval of the request and Staff concurs.

ACTION REQUIRED:

A motion to approve the Vacation of a portion of the Olive Street Right-of-Way, Plat of Consolidation, Special Use and Variations to permit a new Salt Creek Park District Facility at 530 S. Williams Avenue.

RESULT:	APPROVED BY CONSENT VOTE [UNANIMOUS]

Consider an Ordinance Granting a Special Use for a Unique Use to Permit a Live Room Escape Adventure Business at 254 N. Northwest Highway

BACKGROUND:

The Petitioner is proposing to open a live room escape adventure business, Panic Escape Room, within a vacant tenant space at 254 N. Northwest Highway. Therefore, the Petitioner is requesting approval of the following:

Special Use for a Unique Use to permit a live room escape adventure.

KEY ISSUES:

- A Special Use for Unique Use to permit a live room escape adventure was granted at the Subject Property in 2016, which subsequently closed in February 2022. The current Petitioner's proposal is to revive the same use at this location.
- Per the submitted business plan, the hours of operation would be Sunday - Thursday 3:30 PM - 10:30 PM, Friday - Saturday 12 PM - 11:30 PM. This is an appointment-based business, all bookings are made online or via telephone.
- There are ten parking spaces provided for the building. A variation was granted in 2016 permitting ten parking spaces, instead of the required 14 parking spaces. As the Petitioner's proposed floor plan does not indicate any expansion or significant change to the tenant space, the parking variation remains valid.
- There is an existing cross access/parking agreement between the Subject Property and the adjacent Starbucks to the south at 234 N. Northwest Highway. The recorded agreement was a previous Special Use condition (#O-60-16) and applies to future successors.
- Per Fire Prevention's review, as the proposed floor plan differs from the previous, the addition of walls, doors, door releases, and fire alarm changes will be addressed as part of a building permit.

ALTERNATIVES:

1. Approve the Special Use for a Unique Use to permit a live room escape adventure.
2. Do not approve the Special Use for a Unique Use to permit a live room escape adventure.

RECOMMENDATION:

Public Hearing: ZBA meeting on February 14, 2023.

Residents testifying: None.

Vote: The ZBA voted unanimously to recommend approval of the Special Use for a Unique Use to permit a live room escape adventure and Staff concurs.

ACTION REQUIRED:

A motion to approve the ordinance granting Special Use for a Unique Use to permit a live room escape adventure business.

Consider a Motion to Approve a Waiver of the Village's Sound Amplification Ordinance for a St. Paddy's Party at 180 N. Smith Street on Saturday, March 17, 2023

BACKGROUND:

The Petitioners, Durty Nellies, wish to host a St. Patrick's Day event, in their parking lot, on Friday, March 17, 2023.

KEY ISSUES:

- *Durty Nellies (located at 180 N. Smith Street) previously received approval for a tent event and sound waiver for Saturday, March 11, 2023. They now are requesting approval to leave the tent up for a week and again have live music on Friday, March 17, 2023. The music will occur from Noon to 10:00 PM, with the tent remaining open until Midnight. Therefore, they are requesting a waiver of the Village's Sound Amplification Ordinance from Noon to 10:00 PM on March 17, 2023.*

ALTERNATIVES:

1. Approve a waiver of the Village's Sound Amplification Ordinance for March 17, 2023.
2. Refer back to Staff with comments.

RECOMMENDATION:

Action is at the discretion of the Committee.

ACTION REQUIRED:

Consider a Motion Authorizing the Village Manager to Approve Reimbursements to the Palatine Park District for Contractual Grass Mowing Services

BACKGROUND:

Over the years, the Village has identified 61 locations (approximately 52 acres) where regular grass mowing is required. Many of these locations are within residential neighborhoods or along major thoroughfares serving Palatine. The Village worked with the Palatine Park District in 2022 to coordinate a joint-bid for contractual mowing services. The Park District awarded the contract to Gilio Landscape Contractors of Arlington Heights, Illinois, with renewal options for up to two additional one-year periods. The Village Manager was given the ability to approve reimbursements to the Park District for the Village's areas.

KEY ISSUES:

- Gilio Landscape Contractors has agreed to an extension for the 2023 season with a 3% increase in rates.
- The 2022 season was the first year of the contract. This would be the first one-year renewal period.
- In past years, the effort made by Gilio Landscape Contractors was outstanding, in that few, if any, real complaints were received from the public.
- The estimated cost for this program is \$62,129.20 to \$68,710.90.

ALTERNATIVES:

1. Authorize the Village Manager to approve reimbursements to the Palatine Park District for Contractual Grass Mowing Services.
2. Refer back to Staff with comments.

RECOMMENDATION:

Staff recommends authorizing the Village Manager to approve reimbursements to the Palatine Park District for Contractual Grass Mowing Services for the 2023 mowing season.

BUDGET IMPACT:

Funds in the amount needed to accommodate the estimated cost have been appropriated in the Public Works Operating Budget to accommodate these services.

ACTION REQUIRED:

Motion to authorize the Village Manager to approve reimbursements to the Palatine Park District for Contractual Grass Mowing Services for the 2023 mowing season.

RESULT:	APPROVED BY CONSENT VOTE [UNANIMOUS]

Consider a Motion to Approve the 2023 Summer Farmers' Market and 2023-2024 Winter Farmers' Market

BACKGROUND:

Since 2001, the Farmers' Market has operated in the Train Station parking lot every Saturday, May through October. In addition to fresh produce and food products, the Market employs ten residents and encourages participation by civic groups and local musicians.

KEY ISSUES:

- The Palatine Farmers' Market requests approval for the 2023 Summer Market dates every Saturday (May 6 - October 28) from 7 AM to 1 PM in the Palatine Train Station Parking Lot (B). The Market's layout will be consistent with last year's. The Market includes over 30 vendors with increased organic products, a wider variety of local products, a knife sharpener, and University of Illinois Master Gardeners for yard and garden solutions.
- The Farmers' Market requests approval of the following 2023-2024 Winter Market dates: November 4 and 18, December 2 and 16 of 2023 and January 6 and 20, February 3 and 17, March 2 and 16, April 6 and 20 of 2024. The Winter Market, held from 10 AM to noon, will include two vendors in Parking Lot B and 10-12 vendors inside the Train Station. Katich Breads will be allowed in the lot to deliver customer pre-orders every Saturday for one hour from 10 -11 AM.
- The Farmers' Market is also seeking approval to place five (real estate size) signs at key intersections on Saturdays between 6 AM and 2 PM.
- To ensure that the Village collects all Sales and Food and Beverage Tax, vendors will be provided with all applicable State and Village forms for remittance.
- The Farmers' Market will follow any applicable Covid-19 or other health guidelines that are in place during the requested 2023 Summer and 2023-2024 Winter Market dates.

ALTERNATIVES:

1. Approve the proposed 2023 Summer Farmers' Market and 2023-2024 Winter Market dates.
2. Refer back to Staff with comments.

Consider a Motion to Extend the Contract for the 2023 Sidewalk Saw Cutting Program

BACKGROUND:

In 2022, the Municipal Partnering Initiative (MPI) solicited bids for sidewalk saw cutting services for 2022. MPI is a group of local municipalities that have coordinated similar projects to benefit from bulk purchasing, the sharing of best practices, and the sharing of workloads. The contract was awarded to Hard Rock Concrete Cutters, Incorporated of Wheeling, Illinois. A renewal option is available for up to three additional one-year periods.

The area targeted for sidewalk improvements in 2023 is roughly from Baldwin Road and Palatine Road south to Northwest Highway and from Hicks Road east to Wilke Road.

KEY ISSUES:

- Hard Rock Concrete has agreed to an extension for 2023 with a 2% increase in unit prices. In 2022, one cut was \$39.75 per sidewalk square. The increase would adjust the price to \$40.55 per sidewalk square.
- 2022 was the first term of the contract. This would be the first renewal for 2023.
- Based upon anticipated maintenance needs in the 2023 maintenance area and the unit cost per sidewalk square which would qualify for cutting (instead of replacement), an estimated \$72,000 in sidewalk cuts are anticipated.
- Work performed by Hard Rock Concrete Cutters during 2022 was satisfactory.

ALTERNATIVES:

1. Extend the contract with Hard Rock Concrete Cutters through 2023 for the Sidewalk Saw Cutting Program.
2. Refer back to Staff with comments.

RECOMMENDATION:

Staff recommends that the contract with Hard Rock Concrete Cutters be extended through 2023 for the Sidewalk Saw Cutting Program in an amount not-to-exceed \$72,000.

BUDGET IMPACT:

Funds have been appropriated in the 2023 Capital Improvement Program to accommodate this work.

ACTION REQUIRED:

Consider an Ordinance Decreasing the Number of Class G (Restaurant - Beer & Wine) Liquor Licenses by One for Los Takitos, LLC (d/b/a Taco Shop) at 809 N. Quentin Road

BACKGROUND:

Owner, Sanaa Yazbek of Los Takitos, Inc. d/b/a (Taco Shop) at 809 N. Quentin Road did not renew their State Liquor License, which expired January 31, 2022. Ms. Yazbek indicated they are no longer serving alcohol and surrendered the Class G (Beer and Wine) Liquor License; all alcohol has been removed from the premise.

KEY ISSUES:

- Decrease Class G (Beer & Wine) Liquor License by one.

Consider an Ordinance Approving a Special Use Transfer to Permit the Continued Operation of a Restaurant at 44 W. Palatine Road

BACKGROUND:

The Special Use for a restaurant, with liquor service, was originally approved in March 2022. Adrianna Labbate, Tievoli Pizza Bar is acquiring the business and is therefore requesting approval of the following:

Transfer of Special Use #O-24-22 to permit the continued operation of a restaurant at 44 W. Palatine Road.

KEY ISSUES:

- The Subject Property, zoned B-2 General Business District, and contains the existing Tievoli restaurant. The Special Use was initially approved in March 2022 (Ordinance #O-24-22).
- Although the originally approved special use included liquor service, a liquor license was never issued due to the eligibility status based upon the corporate structure of the applicant. As the eligibility status remains an issue, this special use transfer does not include the liquor service component. If the restaurant owner becomes eligible for a liquor license at a later date, the liquor service component of the special use will be handled administratively by the Village Council.
- Other than the ownership change, the Petitioner is not proposing any other changes to the current operation.
- Any changes to the floor plan or business operations would require additional Village review.

ALTERNATIVES:

1. Recommend approval of the Special Use Transfer.
2. Do not recommend approval of the Special Use Transfer.

RECOMMENDATION:

Staff recommends approval of the Special Use Transfer at 44 W. Palatine Road.

Business Description

Structure

Tievoli Pizza Bar will be owned and managed by Adrianna Labbate.

Concept

We are fast casual pizza concept and will operate with one goal in mind making the best pizza with the best ingredients at an affordable price.

Mission Statement

I Love It!

Short & Long-Term Goals

We are committed to running a profitable restaurant while providing high quality products.

In our first year of business our goal is to build a loyal customer base through local marketing, local schools & third party applications such as Ubereats, Grubhub, Foodsby & Ezcater. Our first year projection for Tievoli Pizza Bar location is gross sales \$700,000 with a 10-20% increase year to year.

Long term, we see our successful business expanding into 3 locations around Chicagoland suburbs.

Location

Downtown Palatine. Tievoli Pizza Bar 44 W Palatine Rd, Palatine IL.

We have secured our location 44 W Palatine Rd, Palatine, IL 60067. This is a vanilla box that we will transform into our new concept.

Based on the demographics of Palatine area this is the kind of niche area Tievoli Pizza Bar will do well in.

Visuals

Our Palatine location will be fully remodeled to represent the Tievoli Pizza Bar concept and outfitted with the top of the line pizza equipment "Pizza Master Pizza Oven"

For our shop interior, we have an in house architect to help us relayout this new project.

For packaging and takeout containers we will be using the branded bags and boxes from our local distributor Greco & Sons.

Summary

Our mission is to create a family friendly atmosphere and to be a staple restaurant in the Palatine area for years to come.

Our warm atmosphere, delicious food, and fast service will make Tievoli a go-to choice for pizza lovers in our area.

The Marketplace

Market Segment

The market segment Tievoli Pizza Bar is focusing on families in the Palatine area. Downtown Palatine on any day or night is bustling with activity and features a myriad of dining, shopping and entertainment.

Customers

Tievoli Pizza Bar target market is young adults, urban professionals, & families. When speaking to people in this area, we discovered that a large percentage of people are interested in our business.

Market Trends

Tievoli Pizza Bar is bringing a new style of pizza to Palatine area with its New York and Sicilian Style pizzas which is the market trend across the whole US right now.

In 2020-2021, the average household ordered out 60% more than previously due to covid. We are ready to serve the rising demand for delivery and carryout.

Competition

In the Palatine area there is no fast casual New York style pizzeria, this will give us the edge over the other pizza competition in the immediate and surrounding areas.

Marketplace Summary

Now is the perfect time for us to launch Tievoli Pizza Bar since the new year is coming and we can open before peak season. We've found an area that needs our business and have spoken to people who are excited to become customers.

Marketing

Positioning

Our down-to-earth message will be communicated through the look and feel of our shop, menu, music, lighting, uniforms, and packaging.

Pricing

Tievoli Pizza Bar will be priced competitively to other fast casual restaurants in the city. We'll aim to run our food costs at an average of 28%.

Promotion/Online Promotion

Tievoli Pizza Bar has an engaged following on Instagram and Facebook, as well as a email list in the 100,000's . We currently have a website that generates traffic and lists important details like our menu, contact info, about, philosophy, and location. We will use social media to generate interest and document the process of opening, and update our website with our new menu and location once we open.

Traditional Promotion

We will continue with our customer loyalty program and printed menus. As well, we'll be working with the city to get press attention about our concept and our pizza truck. We'll also encourage our customers to spread the word about us, so will rely on some word of mouth.

Marketing Summary

Much of our marketing has been set up already because of our other locations and pizza truck. While growing the business, we'll be amping up our presence online and in person, aiming for new customers through press, word of mouth, and social media.

Business Operations

The Team

Adrianna Labbate— Owner/Restaurant Manager

Adrianna Labbate will manage the day to day operations of Tievoli until she will train and appoint a manger to do so.

Currently our team consists only of the two of us, but we will hire five-ten staff members: 3-5 front of house to take orders and payment, and 3-5 back of house to work in the kitchen.

Supplier Relationships

- **Produce/Food:** Greco & Son
- **Meats:** Boars Head
- **Beverages:** Pepsi
- **Paper Products:** Shultz
- **Beer:** Windy City & Euclid
- **Wine:** Southern Wine & Glazers

Technology

Tievoli Pizza Bar will use Revention point of sale to take orders and payments, and run daily reports.

We will also be registered with GrubHub, DoorDash and UberEats, both food delivery apps that are popular in our area.

Insurance

To be confident that we are fully insured for liability, business, and property.

Licenses

Tievoli Pizza Bar will start process with these when loan is acquired :

- Business License
- Tax ID number or EIN
- Certificate of Occupancy
- Food Service License
- Liquor License
- Music License
- Sign Permit

Operations Summary

Tievoli Pizza Bar will operate on a day-to-day basis for the first couple of months with an additional 5 staff members. Managing our staff, supplier relationships, customers, inventory and daily tasks will require team effort and hard work.

Our personal experiences have given us qualities that we can draw on to manage and run the business and grow it steadily. We aim to run a tight ship and empower our staff to be the best and deliver the best customer service experience.

With *Reventoion* POS, Ubereats Grubhub, DoorDash & Ezcater for food delivery and pick up, we are confident that we can accept and handle a high volume at peak times.

Executive Summary

My goal is to open and operate **Tievoli Pizza Bar**, a small fast casual restaurant, at 44 W Palatine Rd Palatine, IL. Our pizzeria concept is new but we have been doing business has been around for over 5 years now with 1 locations and 2 pizza trucks in the Mount Prospect, IL.

Our pizza are made the same way they make them in Naples Italy; fresh dough, San Marzano tomatoes & fresh mozzarella. Of course we have the shredded mozzarella, pepperoni and Italian sausage everyone loves as well. Our pizzas only take 90 seconds to cook so customers will not have to wait long.

Giovanni Labbate is a chef and master pizzaiolo with numerous awards from competing in competitions around the world as a member of the US Pizza Team. Giovanni is currently the Director of Operations and franchisee of Billy Bricks Corporate. He began his career 33 years ago at the age of 10 in his fathers pizzeria. By the time he was 17 he had made his way to second-in-command. He has opened up numerous successful restaurants on his own and found his home at Billy Bricks 6 years ago.

Customers

We plan on servicing 100-200 customers per day with majority bring served through delivery and third party apps. We will have seating for 40 people and will also accommodate pickup and carry out orders.

Business Description

Structure

Tievoli Pizza Bar will be owned and managed by Giovanni Labbate.

Concept

We are fast casual pizza concept and will operate with one goal in mind making the best pizza with the best ingredients at an affordable price.

Mission Statement

I Love It!

Short & Long-Term Goals

We are committed to running a profitable restaurant while providing high quality products.

In our first year of business our goal is to build a loyal customer base through local marketing, local schools & third party applications such as Ubereats, Grubhub, Foodsby & Ezcater. Our first year projection for Tievoli Pizza Bar location is gross sales \$700,000 with a 10-20% increase year to year.

Long term, we see our successful business expanding into 3 locations around Chicagoland suburbs.

Location

Downtown Palatine. Tievoli Pizza Bar 44 W Palatine Rd, Palatine IL.

We have secured our location 44 W Palatine Rd, Palatine, IL 60067. This is a vanilla box that we will transform into our new concept.

Based on the demographics of Palatine area this is the kind of niche area Tievoli Pizza Bar will do well in.

Visuals

Our Palatine location will be fully remodeled to represent the Tievoli Pizza Bar concept and outfitted with the top of the line pizza equipment "Pizza Master Pizza Oven"

For our shop interior, we have an in house architect to help us relayout this new project.

For packaging and takeout containers we will be using the branded bags and boxes from our local distributor Greco & Sons.

Summary

Our mission is to create a family friendly atmosphere and to be a staple restaurant in the Palatine area for years to come.

Our warm atmosphere, delicious food, and fast service will make Billy Bricks a go-to choice for pizza lovers in our area.

The Marketplace

Market Segment

The market segment Tievoli Pizza Bar is focusing on families in the Palatine area. Downtown Palatine on any day or night is bustling with activity and features a myriad of dining, shopping and entertainment.

Customers

Tievoli Pizza Bar target market is young adults, urban professionals, & families. When speaking to people in this area, we discovered that a large percentage of people interested in our business.

Market Trends

Tievoli Pizza Bar is bringing a new style of pizza to Palatine area with its New York and Sicilian Style pizzas which is the market trend across the whole US right now.

In 2020-2021, the average household ordered out 60% more than previously due to covid. We are ready to serve the rising demand for delivery and carryout.

Competition

In the La Grange area there is no fast casual Neapolitan pizza, this will give us the edge over the other pizza competition in the immediate area.

Marketplace Summary

Now is the perfect time for us to launch Tievoli Pizza Bar since the new year is coming and we can open before peak season. We've found an area that needs our business and have spoken to people who are excited to become customers.

Marketing

Positioning

Our down-to-earth message will be communicated through the look and feel of our shop, menu, music, lighting, uniforms, and packaging.

Pricing

Tievoli Pizza Bar will be priced competitively to other fast casual restaurants in the city. We'll aim to run our food costs at an average of 28%.

Promotion/Online Promotion

Tievoli Pizza Bar has an engaged following on Instagram and Facebook, as well as a email list in the 100,000's . We currently have a website that generates traffic and lists important details like our menu, contact, about, philosophy, and location. We will use social media to generate interest and document the process of opening, and update our website with our new menu and location once we open.

Traditional Promotion

We will continue with our customer loyalty program and printed menus. As well, we'll be working with the city to get press attention about our concept and our pizza truck. We'll also encourage our customers to spread the word about us, so will rely on some word of mouth.

Marketing Summary

Much of our marketing has been set up already because of our other locations and pizza truck. While growing the business, we'll be amping up our presence online and in person, aiming for new customers through press, word of mouth, and social media.

Business Operations

The Team

Giovanni Labbate— Chef/Owner/Restaurant Manager

Giovanni Labbate is a chef/pizzaiolo, a word pizza champion and master who is currently the owner of Billy Bricks presently and is the first mobile franchisee. He began his career 33 years ago at the age of 10 in his fathers pizzeria. By the time he was 17 he had made his way to second-in-command. He has opened up numerous successful restaurants on his own and found his home at Billy Bricks 9 years ago.

Currently our team consists only of the two of us, but we will hire five-ten staff members: 3-5 front of house to take orders and payment, and 3-5 back of house to work in the kitchen.

Supplier Relationships

- **Produce/Food:** Greco & Sons
- **Meats:** Boars Head
- **Beverages:** Pepsi
- **Paper Products:** Shultz
- **Beer:** Windy City & Euclid
- **Wine:** Southern Wine & Glazers

Technology

Tievoli Pizza Bar will use Revention point of sale to take orders and payments, and run reports. We will use the customer-facing display and the kitchen printers.

We will also be registered with GrubHub, DoorDash and UberEATS, both food delivery apps that are popular in our area.

Insurance

To be confident that we are fully insured for liability, business, and property.

Licenses

Tievoli Pizza Bar will start process with these when loan is acquired :

- Business License
- Tax ID number or EIN
- Certificate of Occupancy
- Food Service License
- Liquor License
- Music License
- Sign Permit

Operations Summary

Tievoli Pizza Bar will operate on a day-to-day basis for the first couple of months with an additional 5 staff members. Managing our staff, supplier relationships, customers, inventory and daily tasks will require team effort and hard work.

Our personal experiences have given us qualities that we can draw on to manage and run the business and grow it steadily. We aim to run a tight ship and empower our staff to be the best and deliver the best customer service experience.

With *Square* as a POS, Ubereats Grubhub, DoorDash & Ezcater for food delivery and pick up, we are confident that we can accept and handle a high volume at peak times.
