Planning & Zoning Director Ben Vyverberg presented the petitioner's proposal to construct a new front porch and second story addition to the existing home (which includes a first-floor addition and new screened porch) maintaining the existing non-conforming 7.8 foot side yard setback. The proposed open-style front porch is to be set back 24 feet (minimum required 30 feet). The Planning & Zoning Commission voted unanimously to approve the Special Uses to permit the proposed home additions at the subject property and staff concurs.

The Planning & Zoning Commission voted unanimously to approve and staff concurs.

3. Consider an Ordinance Granting a Special Use for a Preschool/Day Care Facility at 1377 N. Rand Road - **Motion Carried by Voice Vote** (Council District: Four)

Planning & Zoning Director Ben Vyverberg presented the petitioner's request for a Special Use to open a new preschool/daycare facility in the Park Place Shopping Center, occupying several tenant spaces totaling approximately 7,700 square feet, for 7 classrooms, a screening room, and a centrally located indoor play area to accommodate children from infant to school age children. They will comply with all DCFS licensing requirements. Since 1999, Advance Preschool has operated several daycare facilities in the area. Proposed hours of operation are 6:30 AM to 6 PM with occasional evening and weekend events. The proposed added crosswalk to link the parking area to the front entrance would be reviewed with the building permit application if the proposed Special Use is approved. The Planning & Zoning Commission voted 5-2 to approve the Special Use and staff concurs with this recommendation.

Councilmen Millar, Myslinski, and Helms expressed concern for children's safety walking from car to the door with other traffic in the area, especially during the evening rush hour and anticipating the opening of a grocery store. Councilman Myslinski suggested bollards to demark the cross area.

In response to Councilman Helms' request for outdoor play area, Village Manager Reid Ottesen stated semi-trucks will be delivering in the back area and stated his reluctance to have bollards, but suggested flashing lights.

Kimberly Bianchini, owner, Advanced Preschool, Inc, stated that she and staff have tried to address all concerns expressed. Their history in childcare stands as their strength. Parents are walking children in and out and a child will never be unattended. Drop off time is from 6:30 - 8:00 am. Childcare is needed in this particular area. They are working closely with the Palatine Opportunity Center.

Referencing Councilman Millar's concern for safety, Bianchini stated in 25 years they have never had an issue, even in similar locations. They are installing an entry door in the safest location.

Mayor Schwantz noted the increased car and foot traffic when the grocery store opens, hopefully vehicles will be more cautious and proceed slower.

Councilman Lamerand suggested conflicts be addressed after the grocery

store opens.

Bianchini stated parents will sign a contract agreeing to the procedure for drop off and pick up. Reminders go out to parents 3 times a year.

Ottesen recommended a 4th condition for the Ordinance: The Village reserves the right to require the petitioner to install a rectangular rapid flashing beacon should the Village determine it is necessary for the enhancement of public safety.

The motion maker and seconder agreed to add Condition 4.

In response to various safety suggestions, Bianchini said, if deemed necessary by the Village, the school will provide a crossing guard to assist children and parents to cross to their cars in the evening. This will be memorialized as part of the Business License process.

Kathy Millin POC Executive Director, who has worked closely with Ms. Bianchini, appreciated the time the Village has devoted to this project.

Minutes Acceptance: Minutes of Feb 5, 2024 7:00 PM (APPROVAL OF MINUTES)

Consider a Motion to Approve the 2024 Summer Farmers' Market and 2024-2025 Winter Farmers' Market

BACKGROUND:

Since 2001, the Farmers' Market has operated in the Train Station parking lot every Saturday, May through October. In addition to fresh produce and food products, the Market employs ten residents and encourages participation by civic groups and local musicians.

KEY ISSUES:

- The Palatine Farmers' Market requests approval for the 2024 Summer Market dates every Saturday (May 4 - October 26) from 7 AM to 1 PM in the Palatine Train Station Parking Lot (B). The Market's layout will be consistent with last year's. The Market includes over 30 vendors with increased organic products, a wider variety of local products, and a knife sharpener.
- The Farmers' Market requests approval of the following 2024-2025 Winter Market dates: November 2 and 16, December 7 and 21 of 2024 and January 4 and 18, February 1 and 15, March 1 and 15, April 5 and 19 of 2025. The Winter Market, held from 10 AM to noon, will include two vendors in Parking Lot B and 10-12 vendors inside the Train Station. Katich Breads will be allowed in the lot to deliver customer pre-orders every Saturday November through April for one hour from 10 -11 AM.
- The Farmers' Market is also seeking approval to place five (real estate size) signs at key intersections on Saturdays between 6 AM and 2 PM.
- To ensure that the Village collects all Sales and Food and Beverage Tax, vendors will be provided with all applicable State and Village forms for remittance. Village staff will periodically check to confirm payments are being made.

ALTERNATIVES:

1. Approve the proposed 2024 Summer Farmers' Market and 2024-2025 Winter Market dates.
2. Refer back to Staff with comments.

RECOMMENDATION:

Staff recommends approval.

ACTION REQUIRED:

Motion to approve the proposed 2024 Summer Farmers' Market and 2024-2025 Winter Market dates.

Village Manager Reid Ottesen and Village Council
200 East Wood Street
Palatine, IL 60067

January 15, 2024

Village Manager, Council and Staff:

Established in 1991, to attract customers to downtown Palatine, the Palatine Farmers' Market has become a part of the Palatine culture. Since 2001, the Farmers' Market has operated in the Train Station parking lot (B) every Saturday, May through October. In addition to fresh produce and food products, the Market employs 10 local residents and local musicians and encourages participation by civic groups. Our specific requests for Council approval include:

- **Summer Market:** every Saturday, May 4th through October 26th, 2024 from 7 AM to 1 PM, in the Train Station Parking Lot (B). We appreciate the current signage and ask that owners of cars parked in the Market area at 4:30 AM be contacted or towed. The Police, under Commander Brandwein, have been excellent insuring that parked vehicles are removed from the Market area.
- The Summer Market area included the 4 handicapped spaces on the northwest end of the lot and again request those handicapped spaces. With over 30 vendors, increased organic products, a wider variety of exceptional local products, and a skilled knife sharpener we fill the additional space. (Map attached)

Last summer, 2023, two Van Go vans were parked (never used) in the handicapped area on the southwest end of the grass area, blocking the view of musicians on the steps to the platform. That location is very popular with people enjoying the four granite tables under the trees and sitting around the stone circle. We respectfully ask that the vans be parked in the parking deck on Saturdays during Market hours. For our planning, please let us know if this is possible.

Specific 2024 Summer dates are: May 4, 11, 18, 25, June 1, 8, 15, 22, 29, July 6, 13, 20, 27, August 3, 10, 17, 24, 31, September 7, 14, 21, 28, October 5, 12, 19, 26.

- **Winter Farmers' Market:** Based on the success of the Winter Drive-Thru 1st & 3rd Saturday Market, the Farmers' Market Committee requests approval of the 2024-25 Winter Drive-Thru & Walk-Up Market from 10 AM to 12 PM. Since implementing the Drive-Thru format, Harvard employee Rigo has been instrumental in safely channeling vehicle traffic and pedestrian customers.

Specific 2024-25 Dates: November 2 and 16, December 7 and 21 of 2024, and January 4 and 18, February 1 and 15, March 1 and 15, April 5 and 19 for 2025 located in Parking Lot B. Hours: 10 a.m. to noon. (Map attached)

- **Publicity:** The Farmers' Market seeks approval to place 5 (real estate size) signs at key intersections on Saturdays between 6 a.m. and 2 p.m.

Sincerely,

Marg Duer

Consider a Motion to Award a Contract for the 2023 Water Main Replacement Contract 1 Phase 2 Project

BACKGROUND:

The Rand Road water main from Lilly Lane to Dundee Road and the Dundee Road water main from Aspen Court to Quentin Road are recommended for replacement due to their age and the number of breaks that have occurred over the last several years. These facilities were planned for replacement in 2023 but the Illinois Department of Transportation delayed issuing permits until just recently. After the required permits were secured, the project was competitively bid.

KEY ISSUES:

- On Tuesday, February 6, 2024, 5 bids were received, ranging from a high of \$1,234,568 to a low of \$700,500.
- The low responsive and responsible bidder was Trine Construction Corporation of Saint Charles, Illinois in the amount of \$700,500.
- The Engineer's estimate was \$1,229,485.

ALTERNATIVES:

1. Award the contract for the 2023 Water Main Replacement Contract 1 Phase 2 to Trine Construction Corporation.
2. Refer back to Staff with comments.

RECOMMENDATION:

It is recommended that the contract for the 2023 Water Main Replacement Contract 1 Phase 2 Project be awarded to Trine Construction Corporation of Saint Charles, Illinois in the amount of \$700,550.

BUDGET IMPACT:

Funding is available in the water fund of the 2023 Capital Improvement Program to accommodate this work.

ACTION REQUIRED:

Motion to award the contract for the 2023 Water Main Replacement Contract 1 Phase 2 Project to Trine Construction Corporation of Saint Charles, Illinois in the amount of \$700,550.

Consider a Motion to Award a Contract for the 2024 Street Resurfacing Program

BACKGROUND:

On a yearly basis, the Village of Palatine undertakes a street resurfacing program designed to achieve the Village's stated goal of having all streets at the "good" level as defined by the COE-APWA Micro Paver Program.

Forty-two sections of streets were identified for resurfacing, totaling approximately 38,087 feet or 7.21 miles. In addition, the proposed work includes inlet repairs, sidewalk replacement for ADA accessible ramps, curb/gutter replacement, installation of new concrete edging on non-curbed streets, along with base course repairs.

KEY ISSUES:

- The street resurfacing program's major funding source is State Motor Fuel Tax (MFT) fund, thus bidding and contract awards must be in accordance with IDOT procedures.
- On Tuesday, January 30, 2024, six bids were received that were properly prepared, with affidavits completed and signatures executed, and therefore found to be compliant.
- The 2024 program budget is \$3,362,027. The low bid is 1.3% under the 2024 Adopted Budget.
- Builders Paving of Hillside, Illinois submitted the lowest compliant bid in the amount of \$3,318,638.

ALTERNATIVES:

1. Award the contract for the 2024 Street Resurfacing Program to Builders Paving.
2. Refer back to Staff with comments.

RECOMMENDATION:

It is recommended that the contract for the 2024 Street Resurfacing Program be awarded to Builders Paving of Hillside, Illinois in the amount of \$3,318,638.

BUDGET IMPACT:

Funds have been budgeted in the 2024 Capital Improvement Program. The low compliant bid will result in a savings of approximately \$43,389.

ACTION REQUIRED:

Motion to award the contract for the 2024 Street Resurfacing Program to Builders Paving, LLC of Hillside, Illinois in the amount of \$3,318,638.

Consider an Ordinance Amending Chapter 12 Offenses and Miscellaneous Provisions of the Palatine Code of Ordinances

BACKGROUND:

Due to end-of-life false alarm permitting software and a review of the program, the Police Department and Village Manager's Office are recommending changes to Article XXI. Burglary or Robbery Alarm Systems in Chapter 12 - Offenses and Miscellaneous Provisions.

KEY ISSUES:

The following outlines the significant revisions included within the proposed amendments:

- Updated false alarm and permitting sections to remove a required alarm permit and replace with an optional and free registration;
- Update the false alarm fee structure to assess a \$50 penalty for the third and fourth false alarm and increase that penalty to \$100 for the sixth and subsequent false alarms;
- General grammatical, spelling, punctuation and general errors and updates throughout.

ALTERNATIVES:

1. Approve ordinance amending Chapter 12.
2. Do not approve ordinance amending Chapter 12.

RECOMMENDATION:

Staff recommends approval of the ordinance amending Chapter 12- Offenses and Miscellaneous Provisions of the Code of Ordinances.

ACTION REQUIRED:

Motion to approve the ordinance amending Chapter 12- Offenses and Miscellaneous Provisions of the Code of Ordinances.

Sec. 12-293. Assessment of liens for the costs of nuisance abatement.

Cross reference(s)--Streets and sidewalks, Ch. 16; street lighting requirements in subdivisions, App. B, §8.09.

Sec. 12-310. Definitions.

The following definitions shall apply in the interpretation and enforcement of this article:

Flood light. A luminaire designed so that at least ninety (90) percent of the emitted light is within an angle of thirty (30) degrees to the centerline of the light beam.

Foot lambert. One (1) foot lambert is the brightness of a perfectly diffusing surface uniformly emitting or reflecting one (1) lumen per square foot of surface.

Footcandle. One (1) footcandle is the amount of illumination provided by a light source of one (1) international candle at a distance of one (1) foot from the light source.

International candle or candle power. One (1) international candle is the unit of luminous intensity as established by standard light sources as maintained by the U.S. Bureau of Standards. This is more commonly called one (1) candle power.

Lumen. One (1) lumen is that quantity of luminous energy included in one (1) steradian unit solid angle from a uniform point source of one (1) candle power. It is also defined as the luminous flux intercepted by a surface of one (1) square foot, all points of which are one (1) foot from a uniform point source of one (1) candle power.

Luminaire. A device or fixture containing a light source and means for directing and controlling the distribution of light emitted therefrom. (Ord. No. O-109-89, §1 (12-300), 8-14-89)

Sec. 12-311. Regulations of intensity of light.

It is unlawful for any person, association or other legal entity owning, occupying or controlling any property within the Village of Palatine to exceed the following light intensity regulations:

- (1) No lighting source shall cause more than one-tenth (0.1) footcandle of illumination to fall on adjoining R1, R1A, R1B, R1C and R2 residentially zoned property and any property zoned P or PUD which is improved with one (1) or more single-family detached dwellings.
- (2) No lighting source shall cause more than two-tenths (0.2) footcandle of illumination to fall on adjoining R3 or R3A residential property and any property zoned P or PUD which is improved multifamily property.
- (3) No lighting source shall cause more than two (2) footcandles of illumination to fall on any adjoining commercially zoned property and any property zoned P or PUD which is improved commercial property.
- (4) No lighting source shall cause more than five (5) footcandles of illumination to fall on any public way in commercially zoned property. (Ord. No. O-109-89, §1 (12-301), 8-14-89)

**PALATINE CODE OF ORDINANCES – CHAPTER 12
OFFENSES AND MISCELLANEOUS PROVISIONS**

Sec. 12-312. Regulations on glare.

Regulations on glare shall be as follows:

- (1) No floodlight shall be mounted higher than twenty-five (25) feet above the ground nor shall any part of any floodlight's beam strike the ground at any angle of more than forty-five (45) degrees from vertical.
- (2) No light source shall present a surface brightness when viewed between horizontal and an angle of forty-five (45) degrees above horizontal from adjoining property in accordance with the following:
 - a. 750 foot lamberts from R1, R1A, R1B, R1C and R2 zoned property.
 - b. 1,500 foot lamberts from R3 and R3A zoned property.
 - c. 2,200 foot lamberts from any commercially zoned property.
 - d. 10,000 foot lamberts from any public way.

(Ord. No. O-109-89, §1 (12-302), 8-14-89)

Sec. 12-313. Standards of measurement.

(a) Light intensity shall be measured in foot-candles with a direct reading portable low range light meter having a range of zero to twenty (0--20) foot-candles. Values set forth in this article are maximum values measured at ninety (90) degrees to the incidence of light from the source.

(b) Measurement methods and techniques shall be those recommended by the Illuminating Engineering Society in their "Standard Methods for Measuring and Reporting Horizontal Foot-candle."

(c) Brightness measurement based on foot lambert must be governed by the definition of the foot lambert and lumen. Calculated values for source brightness may be obtained by using comparable measurement techniques. Calculations shall be in accordance with the following:

- (1) *Spherical bare sources (incandescent lamps).* The brightness shall be calculated as total lumens divided by one-tenth the square of the diameter of the source measured in inches.
- (2) *Cylindrical bare sources (fluorescent lamps).* The brightness shall be calculated as total lumens divided by one-fiftieth the product of length and diameter of the source in inches.
- (3) *Floodlight sources.* The brightness of floodlight sources shall be calculated as the eight-tenths of the total lumens divided by the area of the face of the floodlight in square feet.

If the light source is mounted in a diffuse luminaire, seven-tenths of the above values shall be used.

The values of lumens to be used shall be based on the following efficiencies:

Incandescent Filament Lamps	Gaseous Discharge Lamps
25 watt-- 250 lumens	40 watts-- 1,200 lumens
40 watt-- 500 lumens	100 watts-- 3,000 lumens
60 watt-- 800 lumens	250 watts--11,000 lumens
100 watt-- 1,600 lumens	400 watts--25,000 lumens
200 watt-- 3,300 lumens	1,000 watts--65,000 lumens
300 watt-- 5,000 lumens

Foot lambert. One (1) foot lambert is the brightness of a perfectly diffusing surface uniformly emitting or reflecting one (1) lumen per square foot of surface.

Footcandle. One (1) footcandle is the amount of illumination provided by a light source of one (1) international candle at a distance of one (1) foot from the light source.

It is also defined as the luminous flux intercepted by a surface of one (1) square foot, all points of which are one (1) foot from a uniform point source of one (1) candle power.

Luminare. A device or fixture containing a light source and means for directing and controlling the distribution of light emitted therefrom. (Ord. No. O-109-89, §1 (12-300), 8-14-89)

- (2) No lighting source shall cause more than two-tenths (0.2) footcandle of illumination to fall on adjoining R3 or R3A residential property and any property zoned P or PUD which is improved multifamily property.
- (3) No lighting source shall cause more than two (2) footcandles of illumination to fall on any adjoining commercially zoned property and any property zoned P or PUD which is improved commercial property.
- (4) No lighting source shall cause more than five (5) footcandles of illumination to fall on any public way in commercially zoned property. (Ord. No. O-109-89, §1 (12-301), 8-14-89)

Sec. 12-312. Regulations on glare.

Regulations on glare shall be as follows:

- (2) No light source shall present a surface brightness when viewed between horizontal and an angle of forty-five (45) degrees above horizontal from adjoining property in accordance with the following:
 - a. 750 foot lamberts from R1, R1A, R1B, R1C and R2 zoned property.
 - b. 1,500 foot lamberts from R3 and R3A zoned property.
 - c. 2,200 foot lamberts from any commercially zoned property.

(b) Measurement methods and techniques shall be those recommended by the Illuminating Engineering Society in their "Standard Methods for Measuring and Reporting Horizontal Foot-candle."

(c) Brightness measurement based on foot lambert must be governed by the definition of the foot lambert and lumen. Calculated values for source brightness may be obtained by using comparable

**PALATINE CODE OF ORDINANCES – CHAPTER 12

measurement techniques. Calculations shall be in accordance with the following:

- (1) *Spherical bare sources (incandescent lamps).* The brightness shall be calculated as total lumens divided by one-tenth the square of the diameter of the source measured in inches.
- (2) *Cylindrical bare sources (fluorescent lamps).* The brightness shall be calculated as total lumens divided by one-fiftieth the product of length and diameter of the source in inches.
- (3) *Floodlight sources.* The brightness of floodlight sources shall be calculated as the eight-tenths of the total lumens divided by the area of the face of the floodlight in square feet.

If the light source is mounted in a diffuse luminaire, seven-tenths of the above values shall be used.

The values of lumens to be used shall be based on the following efficiencies:

Incandescent Filament Lamps	Gaseous Discharge Lamps
25 watt-- 250 lumens	40 watts-- 1,200 lumens
40 watt-- 500 lumens	100 watts-- 3,000 lumens
